MANAGEMENT'S RESPONSIBILITY FOR CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements of the Ojibways of Onigaming First Nation are the responsibility of management and have been approved by the Chief and Councillors.

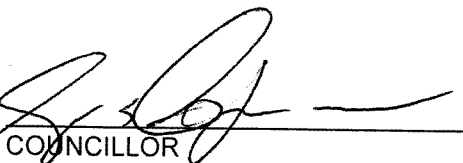

Management is responsible for the integrity and objectivity of the consolidated financial statements. Estimates are necessary in the preparation of these consolidated financial statements and, based on careful judgments, have been properly reflected. Management has established systems of internal control, which are designed to provide reasonable assurance that assets are safeguarded from loss or unauthorized use and to produce reliable accounting records for the preparation of financial information.

The First Nations Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the consolidated financial statements.

The consolidated financial statements have been audited by Holukoff Chiarella in accordance with Canadian generally accepted auditing standards on behalf of the members. Holukoff Chiarella have full and free access to Council.

INDEPENDENT AUDITORS' REPORT

To the Chief, Councillors and Members of
Ojibways of Onigaming First Nation

We have audited the accompanying financial statements of Ojibways of Onigaming First Nation, which comprise the consolidated statement of financial position as at March 31, 2016 and the consolidated statements of accumulated surplus (deficit), operations, change in net financial assets/net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The First Nation has incurred costs in the negotiation process regarding their flood and highway claims and has recorded deferred expenses of \$1,427,621 on the statement of financial position as at March 31, 2016. As the valuation of the claims is based on future settlements, we were unable to obtain appropriate audit evidence to verify the carrying value. Accordingly, we were not able to determine whether any adjustments might be necessary to the deferred expenses and its effect on the annual surplus for the year and the accumulated surplus.

INDEPENDENT AUDITORS' REPORT, continued

Basis for Qualified Opinion, continued

The First Nation has undertaken to identify the total cost of tangible capital assets not previously recorded and any impairment or related amortization attributed to each of those assets. The full extent of these unrecorded assets and their appropriate amortization is not determinable as at the date of this audit report. As a result, we were unable to determine what further adjustments, if any, might be necessary to tangible capital assets, annual surplus and accumulated surplus.

Qualified Opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraphs, the consolidated financial statements present fairly, in all material respects, the financial position of Ojibways of Onigaming First Nation as at March 31, 2016, and its financial performance and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

OJIBWAYS OF ONIGAMING FIRST NATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2016

1. BASIS OF PRESENTATION

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles for local government entities, as defined in the Public Sector Accounting and Auditing Handbook of the Institute of Chartered Professional Accountants.

a) Nature and Purpose of Organization

The First Nation manages and administers all aspects of the Ojibways of Onigaming First Nation. The First Nation operates with a Chief and Council, who are ultimately responsible for the establishment and administration of all programs of the First Nation.

b) Fund Accounting

The Ojibways of Onigaming First Nation uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual or voluntary actions. The various funds have been amalgamated for the purpose of presentation in the consolidated financial statements. Details of the operations of each fund are set out in the supplementary schedules. The Ojibways of Onigaming First Nation maintains the following funds:

- The Operations Fund which reports the general activities of the First Nation.
- The CMHC Housing Operating Fund which reports the CMHC subsidy assisted assets of the First Nation, together with related activities.
- The Trust Fund which reports the Ojibways Development Trust assets, Kiitakiinaan Trust assets and AANDC Ottawa trust funds owned by the First Nation held by third parties.

c) Reporting Entity and Principles of Financial Reporting

Ojibways of Onigaming First Nation reporting entity includes the Ojibways of Onigaming First Nation Government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation.

These financial statements consolidate the assets, liabilities and results of operations for these entities, which all use accounting principles which lend themselves to consolidations.

All inter-entity balances have been eliminated on consolidation, but in order to present the results of operations for each specific fund, transactions amongst funds have not necessarily been eliminated on the individual statements.

Incorporated and unincorporated business entities, which are owned or controlled by the Ojibways of Onigaming First Nation Council and which are not dependent on the First Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method.

OJIBWAYS OF ONIGAMING FIRST NATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES

a) Revenue Recognition

The First Nation follows the deferral method of accounting for restricted revenues. Revenues restricted by legislation, regulation or agreement and not available for general government purposes are deferred on the consolidated balance sheet. The revenue is recognized in the year in which it is used for the specified purpose. Unrestricted revenues are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

b) Tangible Capital Assets

Tangible capital assets include acquired, built, developed and improved tangible capital assets, whose useful life extends beyond one year and which are intended to be used on an ongoing basis for producing goods and delivering services. The First Nation does not capitalize computer software.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artefacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

c) Amortization

Capital assets recorded in the capital fund are amortized annually with a corresponding reduction in equity in capital assets. Assets are amortized over their expected useful life using the straight line method at the following rates:

Infrastructure	4%
Buildings	4%
General equipment	20%
Vehicles	20%

Amortization commences in the following year after acquisition.

Social Housing Assets acquired under CMHC sponsored housing programs are amortized at a rate equivalent to the annual principal reduction in related long-term debt, which approximates its economic life.

OJIBWAYS OF ONIGAMING FIRST NATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES - continued

d) Financial Instruments

Initial and subsequent measurement

The First Nation initially measures its financial assets and liabilities at fair value, except for certain related party transactions that are measured at the carrying amount or exchange amount, as appropriate.

The First Nation subsequently measures all its financial assets and liabilities at cost or amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in the fair value of these financial instruments are recognized in net income in the period incurred.

Financial assets measured at amortized cost on a straight-line basis include cash and accounts receivable.

Financial liabilities measured at amortized cost on a straight-line basis include accounts payable and accrued liabilities.

Financial assets measured at fair value include quoted shares.

Transaction costs

Transactions costs related to financial instruments that will be subsequently measured at fair value are recognized in net income in the period incurred. Transaction costs related to financial instruments subsequently measured at amortized cost are included in the original cost of the asset or liability and recognized in net income over the life of the instrument using the straight-line method.

e) Net Debt/Net Financial Assets

The First Nation's financial statements are presented so as to highlight net debt/net financial assets as the measurement of financial position. The net debt/net financial assets of the First Nation are determined by its financial assets less its liabilities. Net debt is comprised of two components, non-financial assets and accumulated surplus.

f) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reported period. Actual results could differ from management's best estimates as additional information becomes available in the future.

3. SURPLUS (DEFICIT)

A portion of this balance includes surpluses and/or deficits from funds contributed by government agencies. Such surpluses/deficits may be subject to repayment or recovery by the contributing agencies, depending on the terms and conditions of the relevant agreements.

6. INVESTMENTS

The First Nation has entered into a limited partnership agreement with other first nations as limited partners in Miitigoog Limited Partnership.

Miitigoog General Partner Inc., a company incorporated under the laws of Ontario is the general partner and is solely responsible for all losses incurred by the limited partnership. The limited partnership liability is limited to the amount of capital contributed.

Miitigoog Limited Partnership was formed to carry on business of a forest manager.

ii) Onigaming Development Trust

The Onigaming First Nation Development Trust was established on May 30, 1994 pursuant to a settlement agreement with Ontario Hydro dated August 18, 1993. \$2,440,000 was placed with Royal Trust as Trustee to achieve a reasonable level of income and long term preservation of capital.

The market value of the Trust as at March 31, 2015 as reported by Royal Trust is \$2,611,101 (2015 - \$2,769,628)

iii) Kiitakiinaan Trust

The land claims were settled by the establishment of Kiitakiinaan Trust in partnership and jointly controlled by Onigaming First Nation and Big Grassy First Nation. The funds are managed by CIBC Trust Corporation under a Trust Agreement. This trust was settled with a deposit of \$5,345,520. In January 2007 the trust was split into three parts, General, Onigaming and Big Grassy. Only the Onigaming portion of these funds is reflected in the financial statements. The General Fund is set up to cover fees by RBC Trust Corporation for both the Onigaming and Big Grassy Funds. The balance in this fund at March 31, 2016 is \$NIL (2015 - \$NIL).

The market value of the fund at March 31, 2016 as reported by CIBC Trust Corporation is \$2,636,477 (2015 - \$2,754,739).

10. NATIVE CLAIMS LOAN AGREEMENT

Flood Claim

The First Nation has entered into a loan agreement with AANDC for funds to pursue its flood claim against the Federal Government. The loan is secured by a promissory note made by the First Nation payable to the Receiver General for Canada in the amount of the loan. The loan is repayable on the earlier of March 31, 2015 or the date on which the claim is settled. If the claim is not settled by March 31, 2015 the loan repayment date will be extended by five years or a period deemed appropriate to coincide with the anticipated claim settlement date, whichever is sooner. Once the claim is settled, the proceeds received to repay the loan will be recognized as revenue and will be applied to the cumulative balance of the deferred expenses incurred to the time of settlement.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2016

16. DEFERRED EXPENSES, continued

The Government of Canada, in its letter dated June 11, 2013 to Ojibways of Onigaming First Nation, made available an amount of \$142,500 for the highway claim costs. Ojibways of Onigaming First Nation has officially filed a claim for these funds in its letter dated June 5, 2015.

17. FEDERAL ASSISTANCE PAYMENTS

The projects have received federal assistance through Canada Mortgage and Housing Corporation pursuant to Section 95 of the National Housing Act to enable the project to provide housing to low-income individuals. The amount of assistance received in 2016 was \$224,162 (2015 - \$232,004).

18. COMPARATIVE FIGURES

Prior year's comparative amounts have been reclassified where necessary to conform to the current period's presentation. Certain comparative figures for the previous period have not been shown as the information is considered not to be meaningful for comparison with the current period. The budget figures are unaudited.

19. FINANCIAL RISKS AND CONCENTRATION OF RISK

a) Credit risk

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. The accounts receivable are due from government agencies. There has been no change to the risk exposures from 2015.

b) Liquidity risk

Liquidity risk is the risk that the First Nation will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The First Nation's exposure to liquidity risk is dependent on the collection of funding, collection of accounts receivable, purchasing commitments and obligations or raising of funds to meet commitments and sustain operations. Cash flow from operations provides a substantial portion of the Company's cash requirements. Additional cash requirements are provided by operating lines of credit. Management is of the opinion that liquidity risk is not a significant risk and there has been no change to the risk exposures from 2015.

The First Nation's debt is structured with regularly recurring payments, secured by assets. Regularly recurring payments are required to service this debt, limiting the requirement to extinguish the debt in the short term.

OJIBWAYS OF ONIGAMING FIRST NATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2016

19. FINANCIAL RISKS AND CONCENTRATION OF RISK, continued

c) Currency risk

The First Nation is not exposed to financial risks as a result of exchange rate fluctuations and the volatility of these rates. In the normal course of business, the First Nation does not normally have purchases and sales denominated in U.S. dollars. There has been no change to the risk exposure from 2015.

d) Interest Rate risk

The First Nation has long-term fixed rate debts. A change in the variable rate does not impact cash flows to service the debt when such debt is outstanding. The First Nation does have operating lines of credit that are impacted by changes in the interest rates. There has been no change to the risk exposure from 2015 and there is expected to be no substantive change in the next fiscal period.

20. ECONOMIC DEPENDENCE

Ojibways of Onigaming First Nation receives 44% (2015 - 44%) of its revenues from Aboriginal Affairs and Northern Development Canada (AANDC) and First Nations and Inuit Health (FNIH) as a result of Treaties entered into with the Government of Canada. These treaties are administered by AANDC and FNIH under the terms and conditions of the Indian Act. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

21. PENSION LIABILITIES

The First Nation remits its pension liabilities on a monthly basis and remittances were current at year end. Pension liabilities are not maintained in a separate bank account.

22. FIRST NATIONS FINANCIAL TRANSPARENCY AND ACCOUNTABILITY ACT

The First Nation is required by the First Nations Financial Transparency and Accountability Act to post its consolidated financial statements on a website and submit the consolidated financial statements to AANDC by July 29, 2016. As the audit report is dated after this date, the First Nation is not in compliance with this requirement. The possible effect of this non-compliance has not yet been determined.
