Management's Responsibility

To the Chief and Council and Members of Shawanaga First Nation:

The accompanying consolidated financial statements of Shawanaga First Nation for the year ended March 31, 2019 are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Shawanaga First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of Shawanaga First Nation's external auditors.

Grant Thornton LLP is appointed by the Chief and Council and Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and the Council and management to discuss their audit findings.

Independent auditor's report

To the Members of Shawanaga First Nation

Qualified Opinion

We have audited the consolidated financial statements of Shawanaga First Nation ("the First Nation"), which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations, change in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Shawanaga First Nation as at March 31, 2019, and its results of operations, changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

The First Nation has interests in government business partnerships which participate in Feed-in-Tariff (FiT) hydro-electric projects and which are accounted for under the modified equity method. These government business partnerships are carried at \$nil on the statement of financial position as at March 31, 2019 and the First Nation's share of distributions from these partnerships totalling \$nil is reported in the First Nation's operations for the year then ended. We were unable to obtain sufficient appropriate audit evidence about the carrying amount of the First Nation's interests in these government business partnerships as at March 31, 2019 and the First Nation's share of partnership income for the year because partnership financial statements prepared by the partners were not available as at September 24, 2019. Consequently we were unable to determine whether any adjustments to those amounts were necessary.

Other Matter

The financial statements for the year ended March 31, 2018, excluding the adjustments that were applied to restate certain comparative information as described in Note 19, were audited by another auditor who expressed a qualified opinion on those financial statements on August 24, 2018 for the reasons described in the Basis for Qualified Opinion section. As part of our audit of the financial statements for the year ended March 31, 2019, we also audited the adjustments applied to restate the comparative information described in Note 19. In our opinion, such adjustments are appropriate and have been properly applied.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation and the organizations it controls to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Shawanaga First Nation

Notes to the Consolidated Financial Statements

March 31, 2019

1. Nature of operations

The Shawanaga First Nation ("the First Nation") is a local government entity whose principal purpose is to provide for the well-being of its band members. The First Nation operates under the Indian Act.

2. Summary of significant accounting policies

Management responsibility

The consolidated financial statements of the First Nation are the representations of management. They have been prepared in accordance with Canadian generally accepted accounting principles for local governments, as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada.

Basis of consolidation

These consolidated financial statements reflect the assets, liabilities, revenues, expenses and accumulated surplus of the reporting entity. The reporting entity is comprised of all programs administered by the First Nation and all organizations controlled by the First Nation. These consolidated financial statements include the following organizations:

Shawanaga Retail GP Inc.
Shawanaga Retail LP
1582787 Ontario Ltd. (inactive)

Inter-organizational transactions and balances between these organizations are eliminated.

Revenue recognition

Gas and variety store sales are recognized when goods are sold. Interest and other income are recognized when earned.

Government transfers

Government transfers received are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred contributions when transfer stipulations give rise to a liability. Transfer revenue is recognized in the Consolidated Statement of Operations as the stipulation liabilities are settled.

Government transfers paid are recognized as an expense in the period the transfer is authorized and all eligible criteria have been met by the recipient.

Shawanaga First Nation

Notes to the Consolidated Financial Statements

March 31, 2019

2. Summary of significant accounting policies (continued)

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances with banks and short term deposits with original maturities of three months or less. Bank borrowings are considered to be financing activities.

Inventories

Inventories are measured at the lower of cost and net realizable value, with cost being determined on the first-in, first-out basis. Cost includes all acquisition costs incurred in bringing inventory to its present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

Tangible capital assets

Tangible capital assets are capitalized at acquisition cost and are amortized over their expected useful life using the straight line method at the following rates:

Buildings	25 years
Water supply/distribution system	40 years
Equipment and furniture	5 years
Machinery and vehicles	5 years
Roads	20 years
School bus	5 years
Solar system	12 years

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statements of operations.

Contributed capital assets are recorded as revenue at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets.

Shawanaga First Nation

Notes to the Consolidated Financial Statements

March 31, 2019

2. Summary of significant accounting policies (continued)

Investments in government business enterprises

Government business enterprises are accounted for using the modified equity method. Under this method, the government business enterprise's accounting policies are not adjusted to conform with those of the First Nation and inter-organizational transactions and balances are not eliminated. The following government business enterprise is included in these financial statements:

Shwe Miikaan Limited Partnership

Interests in government business partnerships

Government business enterprises are accounted for using the modified equity method. Under this method, the government business enterprise's accounting policies are not adjusted to conform with those of the First Nation and inter-organizational transactions and balances are not eliminated.

Use of estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates and assumptions are based on management's historical experience, best knowledge of current events and actions that the First Nation may undertake in the future. Significant accounting estimates include allowance for doubtful accounts and uncollectible loans, current year subsidy settlements payable and estimated useful lives of tangible capital assets. Actual results could differ from those estimates.

3. Restricted cash

Restricted cash of the Trust Fund relates to funds on deposit with Indigenous and Northern Affairs Canada generated from land that is leased to non-native parties and interest earned on the related lease rentals.

Restricted cash of the Casino Rama Fund consists of cash and term deposits and relates to funds received from the Ontario First Nations Limited Partnership that are unspent at year end.

Restricted cash of the Operating and Replacement Reserves consists of term deposits and is required to be maintained under the terms of an agreement with Canada Mortgage and Housing Corporation for the purpose of replacing items of a capital nature.

4. Defined contribution pension plan

The First Nation maintains a defined contribution pension plan for its employees. The assets of the plan are held separately from those of the First Nation in an independently administered fund. Contributions paid and expensed by the First Nation amounted to \$83,609 (2018 - \$80,055).

5. Investment in government business enterprise

The First Nation owns a 33.333% interest in Shwe Miikaan Limited Partnership.

8. Bank indebtedness

The First Nation has an operating line of credit with CIBC of \$100,000 (2018 - \$100,000), which is unused at March 31, 2019 (2018 - unused). As security, the First Nation has provided a general security agreement covering all assets of the First Nation. The line of credit bears interest at CIBC prime plus 1.5% per annum.

9. Contingencies

Where differences exist between the First Nation's net approved expenditures and their actual net expenditures, the resolution of these variances will be negotiated between the funding agency and the First Nation. Any resulting adjustment will be recognized in the year in which the changes are confirmed by the funding agency and will be recorded as a prior year settlement (recovery) on the Consolidated Statement of Operations.

Shawanaga First Nation

Notes to the Consolidated Financial Statements

10. Interests in government business partnerships

The First Nation has interests in the following government business partnerships:

	2019	2018
Feed-in-Tarriff (FiT) partnerships:		
Hanover Solar	\$ -	\$ -
5868 Orr Lake	-	-

Great West Energy	-	-
Great West Energy II	- \$ -	-

The Feed-in-Tariff partnerships are government business partnerships that participate in approved renewable energy projects to supply electricity generated to the electricity distribution system. These investments are carried at \$Nil since the partnerships' financial statements have not been provided by the partners' and thus the First Nation's share of equity or income cannot be determined. Any distributions received from these partnerships are reported as income when received. Condensed supplementary financial information is not available for disclosure in these financial statements.

11. Related party transactions

At year-end, mortgage receivables of \$126,753 are due from two Council members.

14. Accumulated surplus

The First Nation uses fund accounting to account for activity related to the following funds:

- (a) The Band Operating Fund reports the accountable program activities of the First Nation administration, as well as the activities of the First Nation administration for which no external funding is received.
- (b) The Trust Fund reports trust funds owned by the First Nation that are held in trust by third parties.
- (c) The Capital Fund reports capital assets owned by the First Nation and financing related thereto.
- (d) The Casino Rama Fund reports the distributions received from Ontario First Nations Limited Partnership as a result of gaming revenues received by the Province of Ontario and expenditure of those distributions.
- (e) The Infrastructure Project Fund reports funds internally restricted by Council related to future projects to be undertaken by the First Nation.

Accumulated surplus consists of individual surpluses (deficits) as follows:

21. Segment information

The First Nation provides a wide range of services to its members and these services are provided through various programs. The schedule of segment disclosure provides a breakdown of the annual surplus (deficit) reported on the Consolidated Statement of Operations by major reporting segment. The segments correspond to the major functional categories used by the First Nation, which include the following activities:

Capital:

This segment reports the major capital projects and activities occurring in the First Nation during the year.

Community operations:

This segment includes housing, road maintenance, water, solid waste management, and fire protection services.

Economic development:

This segment reports the economic development activities of the First Nation, including programs such as fish harvesting, bush clearing as well as youth employment and other training programs.

Education:

This segment includes general and special education. This segment also includes service contracts with provincially funded area school boards which are entered into for secondary students. In addition, this segment includes the reimbursement of tuition costs and living and other allowances to students who are attending post-secondary institutions.

First Nation Administration:

This segment includes finance, band support and membership, and the governance activities of Chief and Council. This area oversees the delivery of all government services, including ensuring that adequate policies and procedures are in place to safeguard assets and to properly report financial activities.

Health services:

This segment reports the diverse range of services provided by the First Nation directed towards the wellbeing of its members including the delivery of programming such as early childhood development, nutrition, diabetes, mental health, healthy babies, victim services, home and community care and many other programs designed to enhance the health of its members.

Other:

The segment includes all the other programs provided by the First Nation that are ancillary to the core services of the First Nation. Some of the more significant programs include the library and annual Pow Wow.

Social services:

This segment includes the delivery of a variety of programming including Ontario Works, employment support services and national child benefit programs.
