To the Members of  
Chippewas of Georgina Island First Nation

## Opinion

We have audited the consolidated financial statements of Chippewas of Georgina Island First Nation ("the Entity"), which comprise the consolidated statement of financial position as at March 31, 2021, and the consolidated statements of operations, accumulated surplus, changes in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Chippewas of Georgina Island First Nation as at March 31, 2021, and its results of operations, accumulated surplus, changes in net financial assets, and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the consolidated Financial Statements* section of our report. We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if,

individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Entity and the organizations it controls to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes to the Consolidated Financial Statements

---

March 31, 2021

---

### 1. Summary of significant accounting policies

#### a) Basis of accounting

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

#### b) Financial statement preparation

The preparation of the consolidated financial statements of Chippewas of Georgina Island First Nation are the responsibility of management.

#### c) Reporting entity

The First Nation reporting entity includes the Chippewas of Georgina Island First Nation government and all related entities that are controlled by the First Nation.

#### d) Principles of consolidation

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of government business enterprise, which are included in the consolidated financial statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Organizations consolidated in the First Nation's financial statements include:

- Coldwater Narrows Trust – of which the First Nation controls and is the beneficiary of;
- Virgina Beach Marina;
- Nish Radio Inc.;
- 2458582 Ontario Limited.;
- 6832067 Canada Inc.;
- 2697365 Ontario Ltd.; and
- Williams Treaty Trust – of which the First Nation controls and is the beneficiary of.

#### e) Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies.

#### f) Portfolio investments

Portfolio investments are recorded at cost. Portfolio investments are written down where there has been a loss in value that is other than a temporary decline.

## Notes to the Consolidated Financial Statements

---

March 31, 2021

---

### 1. Summary of significant accounting policies (continued)

#### g) Inventories for resale

Inventories of supplies and goods available for resale are recorded at the lower of cost and net realizable value

#### h) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Amortization is provided for on a straight-line basis, over the expected useful life as follows:

Buildings	25 - 40 years
Equipment	10 years
Boats	25 years
Vehicles	5 years
Water system	10 years
Parking lot	20 years
Roads	15 years
Docks	5 years

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets.

Assets under construction are not amortized until the asset is available to be put into service.

## **Notes to the Consolidated Financial Statements**

March 31, 2021

---

### **1. Summary of significant accounting policies (continued)**

#### **i) Revenue recognition**

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis when the amounts involved can be reasonably estimated.

Funds, other than government transfers, received for specific purposes which are externally restricted by legislation, regulation or agreement are accounted for as deferred revenue. The revenue is recognized in the consolidated statement of operations in the year in which it is used for the specified purpose.

Ferry fares are recognized when services are rendered. Gas, marina and retail sales are recognized when goods are sold. Interest, gains and losses on sale of investments and other income are recognized when earned. Land sales are recognized when title passes. Leases and fees are recognized annually on the due date of the lease when reasonably measured.

#### **j) Measurement uncertainty**

In preparing the consolidated financial statements for Chippewas of Georgina Island First Nation, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the period. Items requiring the use of significant estimates include allowance for doubtful accounts, estimated useful lives of property and equipment, and the landfill closure and post-closure liability. Actual results could differ from those estimates.

#### **k) Government transfers**

Government transfers paid are recognized as an expense in the period the transfer is authorized and all eligibility criteria have been met by the recipient.

Government transfers received are recognized in the financial statements as revenue in the period the transfers are authorized and all eligibility criteria have been met except when there is a stipulation that gives rise to an obligation that meets the definition of a liability. In that case, the transfer is recorded as a liability and recognized as revenue as the stipulations are met.

3. Externally restricted cash	2021	2020
Externally restricted cash		
Trust funds held by federal government	\$ 12,905	\$ 12,905

Under the terms of an agreement with Canadian Mortgage and Housing Corporation, Chippewas of Georgina Island First Nation must set aside funds annually for the repair, maintenance, and replacement of worn out assets. These funds are externally restricted and are to be held in a separate bank account and invested in only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Apartment Replacement and Subsidy Fund.

The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the *Indian Act*. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the *Indian Act* and is therefore externally restricted.

### 12. Pension agreement

The First Nation provides defined contribution plan for eligible members of its staff. Members may contribute a range of 2.25% to 7.50% of their basic salary. The First Nation matches the members contributions which are directed to the members contribution account. The amount of retirement benefit to be received by the members will be the amount of retirement annuity that could be purchased based on the member's share of the pension plan at the time of the member's withdrawal from the plan. Chippewas of Georgina Island contributed during the year \$66,977 (2020 - \$61,934) for retirement benefits.

### 13. Landfill closure and post closure liability

Solid waste landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, management of ground water and leachates, and on-going environmental monitoring, site inspection and maintenance.

The liability for the landfill site is recorded at \$105,300 (2020 - \$105,300) and represents the present value of closure and post-closure costs, using an estimated long term borrowing rate of 4.25% (2020 - 4.25%) and inflation rate of 1.5% (2020 - 1.5%). The liability is recorded based on the capacity of the landfill used to date. The total estimated future expenditures representing the sum of the discounted future cash flows for closure and post-closure care are \$1,380,475 (2020 - \$1,380,475) leaving an amount to be recognized of \$1,275,475 (2020 - \$1,275,475). The estimated remaining capacity of the site is approximately 13,413 cubic meters (2020 – 13,868) and the estimated remaining landfill life is 25 years. Post-closure care is estimated to continue for a period of 25 years.

Management expects these future costs to be funded by ISC when incurred at a future date.

### 15. Contingencies

- a) Where differences exist between the First Nation's net approved expenditures and their actual net expenditures, the resolution of these variances will be negotiated between funding agencies and the First Nation. Any resulting adjustment will be recognized in the year in which the changes are confirmed by the funding agency and will be recorded at that time on the statement of revenue and expenditures for the applicable program.
  - b) The First Nation has entered into contribution agreements with various government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.
  - c) The First Nation, in the course of its operations, is subject to claims, lawsuits and contingencies. The outcome of all outstanding claims has been assessed as not determinable as of year end. Once the outcome has been determined, the effect will be recorded in operations in that period.

### 16. Impact of COVID-19

The outbreak of a novel strain of coronavirus ("COVID-19") was declared a global pandemic by the World Health Organization in March 2020. COVID-19 has severely impacted many economies around the globe. In many countries, including Canada, businesses were forced to cease or limit operations for long periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closure of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Global stock markets have also experienced great volatility and a significant weakening. Governments and central banks have responded with monetary and fiscal interventions to stabilize economic conditions.

The First Nation has continued to provide services throughout the pandemic, including the period subsequent to March 31, 2021. Funders continue to support programming and the ongoing COVID-19 relief measures that the First Nation provides to members. Funding and programming have continued throughout the pandemic and the First Nation is committed to provide members with services and support on an ongoing basis as demand for these services remains strong. Program delivery has been modified where necessary in order to comply with ongoing social distancing requirements. Management's assessment is that there will be no significant financial impact on the First Nation.

While governments and central banks have reacted with monetary and fiscal interventions designed to stabilize economic conditions, the duration and extent of the impact of the COVID-19 outbreak, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of the consequences of COVID-19, as well as the impact on the consolidated financial position and results of the Organization for future periods.

### 16. Segmented reporting

The First Nation provides a range of services to its members. For management reporting purposes, operations and activities are organized and reported by function.

For each segment separately reported, the segment's revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

#### **General government**

This segment includes a wide variety of departments and functions within the First Nation that facilitate the general operations of the Band.

#### **Health**

Health services are comprised of public health services which work to improve the overall health of the population and overcome health inequalities by providing services to members of the First Nation.

#### **Education**

Education is comprised of education services which work to improve the overall education of the population and provide educational support and benefits to members of the First Nation.

#### **Social programs**

This segment includes a wide variety of departments and functions within the First Nation that provide social support to the community.

#### **Public infrastructure**

This segment provides a number of services including community planning, maintenance of infrastructure and review of property and equipment purchases.

#### **Social housing**

This segment includes housing developments that were built with the aid of Canadian Mortgage and Housing Corporation to provide affordable housing to members of the First Nation.

#### **Marina**

The Marina segment operates and provides services relating to the selling of fuel and marine related activities.

#### **Lands**

This segment administers and collects lease revenue and fees from residents on First Nation land and oversees current and future land treaty claims.

#### **Trust activities**

This segment includes the investment activities of the Coldwater Narrows Trust and Williams Treaty Trust, payment of per capita distributions and other trust revenue distributions as approved by the First Nation.

### 19. Budgeted figures

Public Sector Accounting Standards (PSAS) require a comparison of the results for the period with those originally planned on the same basis as that used for actual results. The fiscal plan in the statement of operations reconciled to be on a PSAS basis is as follows:

	Approved Fiscal Plan	Amortization	Fiscal Plan on a PSAS Basis
Revenue	\$ 38,567,805	\$ -	\$ 38,567,805
Expenditures	35,717,679	1,704,908	37,422,587
Annual (deficiency) surplus	\$ 2,850,126	\$ (1,704,908)	\$ 1,145,218
