## **Management's Responsibility for the Financial Statements**

The accompanying consolidated financial statements of Beausoleil First Nation are the responsibility of management and have been approved by Chief and Council.

These consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board. Management is responsible for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

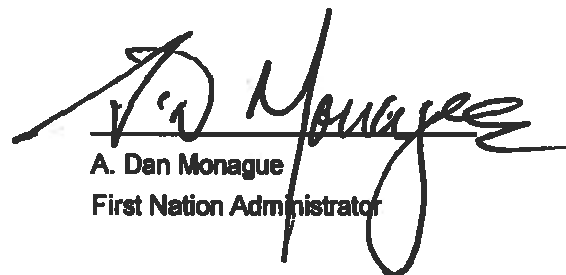

Chief and Council are responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The external auditors, BDO Canada LLP, conduct an audit, in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. The external auditors have access to financial management of Beausoleil First Nation and meet when required.

On behalf of Beausoleil First Nation:

Guy Monague  
Chief

A. Dan Monague  
First Nation Administrator

December 9, 2020

## Independent Auditor's Report

---

To Chief and Council of Beausoleil First Nation

### Opinion

We have audited the consolidated financial statements of Beausoleil First Nation (the "First Nation"), which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations and accumulated surplus, change in net financial assets, and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the First Nation as at March 31, 2020, and its results of operations, its change in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

## **Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Beausoleil First Nation Notes to Consolidated Financial Statements

March 31, 2020

---

### 1. Summary of Significant Accounting Policies

#### a) Nature of Organization

Beausoleil First Nation (the "First Nation") provides government type services such as education, health and social services, economic development, emergency services, transportation, housing, lands and other general government services.

The First Nation is exempt from income tax.

#### b) Basis of Accounting

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of Chartered Professional Accountants of Canada (CPA Canada).

#### c) Reporting Entity

The reporting entity includes the First Nation and all entities that are controlled by the First Nation. All controlled entities are consolidated in the First Nation's financial statements according to the First Nation's percentage ownership. Inter-organizational balances and transactions are eliminated upon consolidation. Entities fully consolidated in the First Nation's financial statements include:

Williams Treaty Settlement Trust	- 100%
----------------------------------	--------

#### d) Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, bank balances and guaranteed investment certificates having a maturity of less than three months from the date of acquisition which are held for the purpose of meeting short-term cash commitments.

#### e) Portfolio Investments

Portfolio investments are recorded at cost. Portfolio investments are written down where there has been a loss in value that is other than a temporary decline.

#### f) Tangible Capital Assets

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:

Land improvements	10 to 30 years
Buildings	30 to 50 years
Infrastructure	25 to 60 years
Machinery and equipment	4 to 25 years
Furniture, computers and fixtures	3 to 20 years
Assets under construction	-

---

## **Beausoleil First Nation**

### **Notes to Consolidated Financial Statements**

**March 31, 2020**

---

#### **1. Summary of Significant Accounting Policies (continued)**

##### **Tangible Capital Assets (continued)**

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the statement of operations.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets.

Assets under construction are not amortized until the asset is available to be put into service.

##### **g) Landfill Closure and Post-Closure Accrual**

The estimated costs to close and maintain solid waste landfill sites are based on estimated future expenses in current dollars, discounted, adjusted for estimated inflation, and are charged to expense as the landfill site's capacity is used.

##### **h) Pension Plan**

The First Nation is an employer member of The Canada Life Insurance Company, which is a defined contribution pension plan. The Pension Committee, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of the benefits. The First Nation records as pension expense the current service cost.

##### **i) Revenue Recognition**

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulated liabilities are settled.

Contributions, other than government transfers, are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

## Beausoleil First Nation Notes to Consolidated Financial Statements

**March 31, 2020**

### 2. Comparative Information

Certain figures in the prior year have been reclassified for comparative purposes.

### 3. Cash and Cash Equivalents

Cash and cash equivalents are comprised of the following:

	2020	(Note 2) 2019
Externally restricted		
CMHC replacement and operating reserves	\$ 318,062	\$ 175,938
Internally restricted		
OFNLP	2,623,305	3,048,503
Per capita distributions	3,083,916	19,510,914
Nookmis Trust	6,798,414	14,910,011
Williams Treaty Settlement Trust	42,839,228	99,308,140
Unrestricted		
Operating	2,987,728	12,006,091
Other	17,020,381	903,308
Total cash	<b>\$ 75,671,034</b>	<b>\$ 149,862,905</b>

Under the terms of an agreement with Canada Mortgage and Housing Corporation, Beausoleil First Nation must set aside funds annually for the repair, maintenance and replacement of assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Replacement Reserve Fund.

### 4. Trust Funds held by Federal Government

	Balance March 31, 2019	2020 Additions	2020 Withdrawals	Balance March 31, 2020
Revenue	\$ 61,450	\$ 1,717	\$ 61,450	\$ 1,717
Capital	2,844	-	2,844	-
	<b>\$ 64,294</b>	<b>\$ 1,717</b>	<b>\$ 64,294</b>	<b>\$ 1,717</b>

The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

#### **15. Solid Waste Closure and Post-Closure Liabilities**

Solid waste closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, removal of ground water and leachates, and ongoing environmental monitoring, site inspection and maintenance. The present value of the First Nation's estimated future liability for this expense is recognized as the landfill site's capacity is used. The liability and annual expense is calculated based on the ratio of utilization to total capacity of the landfill site and the discounted estimated cash flows associated with closure and post-closure activities. The reported liability as at year end was \$2,454,329 (2019 - \$2,397,493) and reflects a discount rate of 3.5% (2019 – 3.7%). The estimated total expenditures for landfill closure costs are approximately \$2,224,687 with annual post-closure care costs of approximately \$14,878 per year for 25 years.

The liability is based on estimates and assumptions related to events extending over the remaining life cycle of the landfill. The landfill had reached its capacity during 2008. As of March 31, 2020, the landfill has not been closed. There are no specific assets designated for these post-closure costs, though management believes that the current accumulated surplus will be sufficiently maintained to meet this liability. The estimated length of time needed for post-closure care is 25 years.

Management expects these future costs to be funded by ISC when incurred at a future date.

---

#### **16. Pension Plan**

The First Nation makes contributions to the Canada Life Insurance Company pension plan. This plan is a defined contribution plan. The First Nation matches employee contributions up to a maximum of 5% of the employees compensation. Employees have the choice of contributing up to 13% of their compensation to the plan. The retirement benefit for each employee is the amount that can be provided at retirement based on the accumulated contributions made on that individual's behalf and investment earnings on those contributions.

During the year, the First Nation contributed \$216,704 (2019 - \$197,826) to the defined contribution pension plan and is included in employee benefits in the statement of operations and accumulated surplus. There were no significant changes to the plan during the year.

## Beausoleil First Nation

### Notes to Consolidated Financial Statements

**March 31, 2020**

#### 18. Contingent Liabilities

- a) The First Nation has guaranteed the mortgages of certain members totaling a maximum of approximately \$271,000. If it is determined that a loss is likely, a provision for loss is recorded. The provision is determined using the best estimates available and taking into consideration all known circumstances. A provision for loan losses is reviewed by management on an annual basis.
- b) The First Nation receives funding for various programs subject to government approval. Where differences exist between the government agency's net approved expenses and their actual net expenses, the resolution of these variances will be negotiated between the agency and the First Nation. Any resultant adjustments will be recognized in the year in which the changes are confirmed by the agency.
- c) Various claims have been filed or are pending against the First Nation for incidents which arose in the ordinary course of business. In the opinion of management, the outcome of the claims, now pending, is not determinable. Should any loss result from the resolution of these claims, such loss will be charged to operations in the year of resolution.

#### 19. Government Transfers

#### 20. Trust Under Administration

On February 10, 2012, Her Majesty the Queen in Right of Canada ("Canada") signed the Coldwater-Narrows Settlement Agreement ("Settlement Agreement") with the Chippewas of Nawash Unceded First Nation and the Chippewa Tri-Council First Nations. Under the terms of the Settlement Agreement, Canada agreed to pay compensation to the Chippewas of Nawash Unceded First Nation and the Chippewa Tri-Council First Nations in respect of the surrender of the Coldwater-Narrows Reserve. As compensation for this settlement, Canada paid \$88,879,967 into a Trust Account governed by the Niigaaning Gchi Mnissing Trust Agreement ("Trust Agreement") established on December 14, 2012. Members of the Chippewa Tri-Council First Nations, which include the Beausoleil First Nation, gave assent and ratification to the terms of the Settlement Agreement and the Trust Agreement on April 14, 2012.

The Settlement Agreement required the Beausoleil First Nation to establish the Niigaaning Gchi Mnissing Trust ("the Trust") to hold the compensation and any income there from for the long term benefit of the Members of the Beausoleil First Nation as beneficiary.

The Trustees are required to administer the Trust in accordance with the Trust Agreement and the Investment Policy for the trust.

The year end of the Trust is December 31, 2019. Supplemental financial information is as follows:

	<u>2019</u>	<u>2018</u>
Financial assets	<b>\$ 81,664,128</b>	\$ 78,050,303
Financial liabilities	<b>3,070,087</b>	6,602,274
Trust equity	<b><u>\$ 78,594,041</u></b>	<u>\$ 71,448,029</u>
Revenue	<b>\$ 3,593,235</b>	\$ 7,184,511
Expenses	<b>534,806</b>	594,214
Surplus from operations	<b><u>\$ 3,058,429</u></b>	<u>\$ 6,590,297</u>

---

---

### Notes to Consolidated Financial Statements

**March 31, 2020**

---

#### 21. Budget

The Financial Plan (Budget) adopted by Chief and Council was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards require a full accrual basis. In addition, the budget expensed all tangible capital expenditures and mortgage payments rather than including amortization expense and interest expense respectively. As a result, the budget figures presented in the statements of operations and change in net financial assets represent the Financial Plan adopted by Chief and Council with adjustments as follows:

	<u>2020</u>
Financial Plan/Budget deficit for the year	\$ (3,167,775)
Add:	
Capital expenditures	40,237,566
Principal payments toward long-term debt	<u>167,449</u>
Budget surplus per statement of operations	<u>\$ 37,237,240</u>

---

#### 22. Commitments

The First Nation has committed to design and contract administrative services for the Wharf Reconstruction Project with a contract price of \$1,333,400 with expenditures of \$1,262,395 to date and has entered into a contract for the construction of the Wharf Reconstruction Project with a contract price of \$6,166,674 with expenditures of \$4,777,523 to date.

The First Nation has entered into an agreement for the New Ferry Project Manager with a contract price of \$366,400 with expenditures of \$93,778 to date and has entered into a contract for the construction of the New Ferry Project with a contract price of \$18,788,288 with expenditures of \$4,509,189 to date.

The First Nation has entered into a contract for the renovations of the Social Services Building with a contract price of \$1,412,478 with expenditures of \$1,332,448 to date.

The First Nation has entered into a contract for the dry docking and repair of the Wasseyagmig vessel with a contract price of \$1,718,036 with expenditures of \$1,492,348 to date.

---

#### 23. Subsequent Event

Subsequent to year-end the First Nation has secured approximately \$5 million in additional borrowing from the First Nations Finance Authority in order to fund capital projects.

---

---

## **Beausoleil First Nation**

### **Notes to Consolidated Financial Statements**

**March 31, 2020**

---

#### **24. Uncertainty due to COVID-19**

Subsequent to year end, the impact of COVID-19 in Canada and on the global economy increased significantly. This has resulted in worldwide emergency measures to combat the spread of the virus. Due to the pandemic, the First Nation incurred additional expenses relating to COVID-19 prevention, however they also received additional one-time funding to offset these expenses. There was no interruption to regular funding received from ISC and they received approval in order to carry forward unspent funding for certain programs.

Around the time of year end, the financial markets experienced a significant increase in volatility as a result of the uncertainty related to the COVID-19 pandemic and portfolio investments experienced significant declines. However, of October 31, 2020, the investment portfolio with TD Waterhouse had experienced a market increase of approximately 10.2% recovering from a 1.3% decrease as of March 31, 2020. Similarly the Williams Treaty Settlement Trust investment portfolio had experienced a market increase of approximately 5.5% recovering from a 3.8% decrease as of March 31, 2020. However, the First Nation's portfolio investments could experience further volatility as the impacts continue.

Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the First Nation is not able to fully estimate the future effects of the COVID-19 outbreak on its operations.

#### **25. Segmented Information**

The First Nation is a diversified government institution that provides a wide range of services to its members such as education, health and social services, economic development, housing, police, fire, public works, planning, lands and trust, recreation and other general government services. Distinguishable functional segments have been separately disclosed in the segmented information.

For each reported segment, revenues and expenses include amounts that are directly attributable to the segment and amounts are allocated on a reasonable basis. Therefore certain allocation methodologies are employed in the preparation of segmented financial information, including transfers that have been apportioned based on a percentage of budgeted expenses.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in the summary of significant accounting policies.

The nature of the segments and the activities they encompass are as follows:

##### **Administration and Governance**

The administration and governance functional area oversees the delivery of all governmental services. The functional area is responsible for ensuring that there are adequate policies and procedures in place to safeguard assets and to properly report financial activities. In addition, this functional area includes the governance activities of chief and council and management, public infrastructure, employment and training, library services, social housing and assistance for computer and communications related projects and services.

##### **Education**

The education functional area provides education management services to the First Nation members as well as overseeing various small incentives, including operation of the library on behalf of the communities.

##### **Health Services**

The health services functional area provides a diverse bundle of services directed toward the well-being of the First Nation members including such activities as long-term care, health centres, diabetes, fetal alcohol syndrome, mental health, smoke free programs, traditional healing, and training designed to enhance the health of member communities.

##### **Social and Community Services**

The social and community services functional area provides services directed towards the well being of member's in need on non-health related services including such activities as income support, home support and provision of child welfare services.

---

**Beausoleil First Nation**  
**Notes to Consolidated Financial Statements**

**March 31, 2020**

---

**25. Segmented Information (continued)**

**Housing**

The housing functional area provides rental housing to qualifying members of the First Nation.

**Infrastructure and Community Property**

The infrastructure and community property functional area provides services for the longevity of the First Nation by the acquisition and maintenance and management of the physical assets of the First Nation, excluding housing.

**Employment and Economic Development**

The employment and economic development functional area provides services, employment and training opportunities to members along with encouraging economic development of the First Nation through direct and indirect economic development initiatives.

**Transportation**

The transportation functional area provides transportation services to and from the First Nation in the form of ferries, hovercraft, and air boats.

**Lands**

The lands functional area provides services for the First Nation to pursue various activities related to lands on behalf of the members.

**Emergency Services**

The emergency services functional area provides services for the First Nation relating to ambulance, fire, and emergency preparedness.

**Reserve and Other**

The reserve and other functional area includes the management and distribution of funds received from the Ontario First Nations Limited Partnership, and trust funds held by Indigenous Services Canada.
