**ANNEX B**

This checklist is to be used identify First Nation documents required by the FNFTA to be published on AANDC's internet site (Audited Consolidated Financial Statements (ACFS) and its Schedule of Remuneration and Expenses for Chiefs and Councilors (Annex B). This requirement applies to First Nations that are Indian Act bands, but not to First Nations that are party to a comprehensive self-government agreement.

First Nation: Tahigwe

No.: 0016

**INITIAL EACH COMPONENT WHEN THE REQUIREMENT IS MET<sup>1</sup>:**

**Submission in 2 separate packages from an authorized representative of the First Nation:**

**1<sup>st</sup> Package to be published online**

**2<sup>nd</sup> Package – not to be published online**

*AANDC's Reporting Guide requires the submission of the financial reporting package in two files because the FNFTA requires AANDC to publish only part of the financial reporting the First Nation must provide to AANDC. The FNFTA does not authorize publication of other reports such as the Schedule of Remuneration and Expenses - Unelected Senior Officials. If the package is not received in two files, the First Nation should be notified to advise them that the FNFTA documents are required to be separated. Written instruction from an authorized representative of the First Nation must be received with respect to the separation of documentation; or a revised package submitted. A note should be made in the acknowledgement letter.*

## INDEPENDENT AUDITOR'S REPORT

To the Chief and Band Councillors of Maliseet Nation at Tobique

We have audited the accompanying consolidated financial statements of Maliseet Nation at Tobique, which comprise the statements of financial position as at March 31, 2015 and the statements of operations and, changes in net debt and cash flows for the year then ended March 31, 2015, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards and the reporting provisions of the Aboriginal Affairs and Northern Development Canada Year End Reporting Handbook (fiscal year 2014-2015), and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Maliseet Nation at Tobique as at March 31, 2015 and the results of its operations and its cash flows for the years then ended in accordance with the Aboriginal Affairs and Northern Development Canada Year End Reporting Handbook (fiscal year 2014-2015).

**1. DESCRIPTION OF ENTITY**

The Maliseet Nation at Tobique operates a First Nation Band in Tobique, New Brunswick for the benefit of its members.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of preparation**

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

**Reporting entity and principals of consolidation**

The consolidated financial statements include the accounts of the Maliseet Nation at Tobique government, and its wholly-owned subsidiaries, Maliseet Gar Bar Ltd. and Tobique High Stakes V.T. Interdivisional and inter-organizational balances and transactions are eliminated on consolidation.

**Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets and prepaid expenses.

**Cash and cash equivalents**

Cash and cash equivalents consist of cash on hand and balances with banks net of bank overdrafts.

**Inventories for resale**

Inventories of supplies and goods available for resale are recorded at the lower of cost and net realizable value.

**Revenue recognition**

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service is performed.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)***

**Tangible capital assets**

Tangible capital assets include acquired, built, developed and improved tangible capital assets, whose useful life extends beyond one year and which are intended to be used on an ongoing basis for producing goods or delivering services.

Tangible capital assets are reported at net book value. Opening net book values of residential and commercial buildings and other infrastructure as at April 1, 2012 have been determined by an appraisal report prepared by an independent engineering consulting firm. Contributions received to assist in the acquisition of tangible capital assets are reported as current revenue.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

Items inherited by right of the Crown, such as lands, forests, water and mineral resources, are not recognized in these financial statements.

Amortization is provided annually, at rates calculated to write-off the assets over their estimated useful lives as follows:

Commercial buildings	30 and 40 years	straight-line method
Residential buildings	40 and 50 years	straight-line method
Boats	15%	declining balance method
Vehicles	30%	declining balance method
Shoreline erosion	40 years	straight-line method
Computer equipment	55%	declining balance method
Other equipment	8, 10 and 20%	declining balance method
Roads	4%	declining balance method
Infrastructure	4 and 20%	declining balance method

Amortization of Section 95.1 Housing is provided on buildings and equipment purchased on loans insured by CMHC at a rate equal to the annual principal reduction of the mortgage.

The Maliseet Nation at Tobique regularly reviews its property and equipment to eliminate obsolete items.

**Income taxes**

The Maliseet Nation at Tobique is an Indian Band and is not subject to income tax. Accordingly, no provision has been made for income taxes.

**Accounts receivable**

Accounts receivable arise from trade receivables, loans and advances, and federal and provincial government receivables. An allowance for bad debts has been calculated, through discussions with management, assessment of other circumstances influencing the collectability of amounts, and using historical loss experience. Amounts deemed uncollectable are written off and deducted from the carrying value of the receivable. Amounts subsequently recovered from accounts previously written off are credited to the allowance account in the period of recovery.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Net debt**

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its liabilities less its financial assets. Net debt is comprised of two components, non-financial assets and accumulated surplus (deficit).

**Measurement uncertainty**

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

Significant estimates pertaining to these financial statements include the following:

- determination of amortization rates and residual values of tangible capital assets

**Financial instruments policy**

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealized gains and losses reported in income. All other financial instruments are reported at amortized cost, and tested for impairment at each reporting date. Transaction costs on the acquisition, sale, or issue of financial instruments are expensed when incurred.

**3. CASH**

Cash is comprised of the following.

	<b>2015</b>	<b>2014</b>
Externally restricted		
CMHC - Replacement reserve (Note 11)	\$ 142,259	\$ 102,980
Unrestricted		
Operating	<u>784,447</u>	<u>1,154,083</u>
	<u><b>\$ 926,706</b></u>	<u><b>\$ 1,257,063</b></u>

**4. TRUST FUNDS HELD BY FEDERAL GOVERNMENT**

	<b>March 31, 2014</b>	<b>Additions</b>	<b>Withdrawals</b>	<b>March 31, 2015</b>
Revenue	\$ 25,393	\$ 1,209	\$ -	\$ 26,602

	<u><b>\$ 30,818</b></u>	<u><b>\$ 1,209</b></u>	<u><b>\$ -</b></u>	<u><b>\$ 32,027</b></u>

The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

**16. CONTINGENCIES**

Maliseet Nation at Tobique has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, Maliseet Nation at Tobique may become involved in legal actions. Some other potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on Maliseet Nation at Tobique's consolidated financial statements.

The Band is defending various legal actions. Counsel is unable to form an opinion at this date in regard to the amount and merits of these claims.
