## MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying consolidated financial statements of the Wikwemikong Unceded Indian Reserve are the responsibility of management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 2 to these consolidated financial statements. The preparation of the consolidated financial statements necessarily involves the use of estimates based on management's judgement, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Wikwemikong Unceded Indian Reserve's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Chief and Council meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by Freelandt Caldwell Reilly LLP, independent external auditors appointed by the Wikwemikong Unceded Indian Reserve. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Wikwemikong Unceded Indian Reserve's consolidated financial statements.

## INDEPENDENT AUDITORS' REPORT

To: Chief and Council of  
**Wikwemikong Unceded Indian Reserve**

### *Report on the Consolidated Financial Statements*

We have audited the accompanying consolidated financial statements of the **Wikwemikong Unceded Indian Reserve**, which comprise the consolidated statement of financial position as at **March 31, 2015**, and the consolidated statements of operations, accumulated surplus, change in net debt, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITORS' REPORT, continued

### *Opinion*

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Wikwemikong Unceded Indian Reserve as at March 31, 2015 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Other Matter*

Our examination was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplementary information included in Schedules 1 through 25 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

## Notes to Consolidated Financial Statements

March 31, 2015

---

### 1. Nature of operations:

The Wikwemikong Unceded Indian Reserve is a First Nation located at the eastern end of Manitoulin Island in the Province of Ontario. The First Nation, under the direction of its Chief and Council and management, operate various programs for the benefit of its members, including municipal services, health services, economic development, housing, education and other services. The Wikwemikong Unceded Indian Reserve is a not-for-profit entity and is not taxable under the Canadian Income Tax Act.

### 2. Basis of presentation and significant accounting policies:

These consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards for local government entities established by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. The significant accounting policies are summarized as follows:

#### (a) Reporting entity and basis of consolidation:

These consolidated financial statements include the assets, liabilities, accumulated surplus, revenues and expenses of the First Nation government functions that have been determined to be accountable to the Wikwemikong Unceded Indian Reserve, ("the First Nation") and are either owned or under the control of the First Nation through its' Chief and Council. They include the Wikwemikong Board of Education, Wikwemikong Development Commission, the Wikwemikong Tribal Police Service, the Wikwemikong Nursing Home, the Wikwemikong Property Management Company Limited (operating as Rainbow Ridge Golf Course) and FirstTEL Communications Corporation.

The following entity has been accounted for in the First Nation's consolidated financial statements using the modified equity method: 2404383 Ontario Ltd. (operating as Your Dollar Store With More) and Great Lakes Hospitality Group Limited Partnership.

All inter-entity balances have been eliminated on consolidation, but in order to present the results of the operations for specific functional areas, transactions amongst functional areas have not necessarily been eliminated on the individual supplementary schedules.

Other investments in non-controlled entities are recorded at the lower of cost or net realizable value.

## Notes to Consolidated Financial Statements

---

### 2. Basis of presentation and significant accounting policies, continued:

#### (b) Basis of accounting:

Revenues and expenditures are reported using the accrual basis of accounting. Revenues are recognized as they are earned and measurable. Expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

#### (c) Cash and cash equivalents:

Cash and cash equivalents consist of unrestricted cash on hand and balances held by major financial institutions.

#### (d) Short-term investments:

Short-term investments are recorded at the lower of cost and fair market value. The investments are held for short-term unspecified purposes and are generally comprised of monthly interest paying investments accounts, term deposits and guaranteed investment certificates with major financial institutions, and have maturities within one year.

#### (e) Tangible capital assets:

Tangible capital assets are recorded at cost. The First Nation provides for amortization using the straight-line method designed to amortize the cost, less any residual value, of the tangible capital asset over the estimated useful life of the asset. The annual amortization rates are as follows:

Asset	Basis	Rate
Buildings and building additions	straight-line	10-40 years
Water and electrical systems	straight-line	10 & 50 years
Roads	straight-line	10-40 years
Vehicles	straight-line	3-10 years
Furniture, equipment and other	straight-line	1-10 years
Computer hardware and software	straight-line	2-5 years
Infrastructure projects	straight-line	10 years

### 2. Basis of presentation and significant accounting policies, continued:

#### (f) Financial instruments:

##### *Measurement of financial instruments*

The First Nation initially measures its financial assets and financial liabilities at fair value adjusted by, in the case of a financial instrument that will not be measured subsequently at fair value, the amount of transaction costs directly attributable to the instrument. Amounts due to and from related parties are measured at the exchange amount, being the amount agreed upon by the related parties.

The First Nation subsequently measures its financial assets and financial liabilities at amortized cost, except for investments in equity securities that are quoted in an active market, which are subsequently measured at fair value. Changes in fair value are recognized in annual surplus.

Financial assets measured at amortized cost include cash, restricted cash, short-term investments, restricted funds held in trust in Ottawa, resident funds held in trust (Nursing Home residents), accounts receivable, due from Aboriginal Affairs and Northern Development Canada, note receivable and economic development loans receivable.

Financial liabilities measured at amortized cost include accounts payable and accrued liabilities, resident funds held in trust (Nursing Home residents), promissory note payable to Aboriginal Affairs and Northern Development Canada, payable to Ontario Ministry of Health and Long-term Care and long-term debt.

##### *Impairment*

Financial assets measured at other than fair value are tested for impairment when there are indicators of possible impairments. When a significant adverse change has occurred during the period in the expected timing or amount of future cash flows from the financial asset or group of assets, a write-down is recognized in the annual surplus. The write down reflects the difference between the carrying amount and the higher of:

- the present value of the cash flows expected to be generated by the asset or group of assets;
- the amount that could be realized by selling the assets or group of assets;
- the net realizable value of any collateral held to secure repayment of the assets or group of assets.

When the events occurring after the impairment confirm that a reversal is necessary, the reversal is recognized in the annual surplus up to the amount of the previously recognized impairment.

### 2. Basis of presentation and significant accounting policies, continued:

#### (g) Revenue recognition and deferred contributions:

Revenue from government grants and contributions are recognized in the period that the events giving rise to the government transfer have occurred as long as the transfer is authorized, the eligibility criteria, if any, have been met, and the amount can reasonably be estimated. Funding received under the funding arrangement, which relates to a subsequent fiscal period and the unexpended portions of contributions received for specific purposes are reflected as deferred contributions in the year of receipt and are recognized as revenue in the period in which all the recognition criteria have been met.

Other revenues including certain user fees, rents and interest are recorded on the accrual basis when earned and the amounts can be reasonably estimated and collection is reasonably assured.

#### (h) Retirement and Post-Employment Benefits:

The First Nation provides retirement and post-employment benefits to certain employee groups. These benefits include pension, health and dental benefits. The First Nation has adopted the following policies with respect to accounting for these employee benefits:

- i) The costs of post-employment benefits are determined using management's best estimate of health care costs, employee turnover rates and discount rates. Adjustments to these costs arising from plan amendments and changes in estimates are accounted for in the period of the amendment or change.
- ii) The expense related to the multi-employer defined benefit pension plan is the employer's contributions to the plan in the year.
- iii) The discount rate used in the determination of post-employment benefits is equal to the First Nation's internal rate of borrowing.

### Notes to Consolidated Financial Statements

March 31, 2015

---

#### 2. Basis of presentation and significant accounting policies, continued:

##### (i) Use of estimates:

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities at the date of the consolidated financial statements and reported amounts of certain revenues and expenditures during the reporting period. By their nature, these estimates are subject to measurement uncertainty. The effect of changes in such estimates on the consolidated financial statements in future periods could be significant. Accounts specifically affected by estimates in these consolidated financial statements are certain accounts receivable, allowance for doubtful accounts, certain deferred contributions, amounts repayable to certain funders, certain long-term investments, and estimated useful lives and impairment of tangible capital assets.

#### 3. Prior period adjustment:

In the prior year, the Wikwemikong Nursing Home, a controlled government not-for-profit organization, was not included in the government reporting entity of the First Nation. As a result, the assets, liabilities, revenues and expenses of Wikwemikong Nursing Home were not consolidated with those of the First Nation in prior years. In accordance with the requirements of PS 1300 - Government Reporting Entity, Wikwemikong Nursing Home is now being consolidated with the First Nation. This accounting treatment is being applied retrospectively resulting in a \$982,822 decrease in accumulated surplus at April 1, 2013 and a \$680,555 decrease in accumulated surplus at April 1, 2014. The accounting treatment being applied retrospectively also resulted in an increase in revenues of \$4,343,396 and expenses of \$4,041,129 for the year ended March 31, 2014 (increase in excess of revenues over expenditures for the year of \$302,267).

# WIKWEMIKONG UNCEDED INDIAN RESERVE

## Notes to Consolidated Financial Statements

March 31, 2015

---

### 4. Change in accounting treatment:

In prior periods, Wikwemikong Property Management Limited (operating as Rainbow Ridge Golf Course) and FirstTEL Communications Corporation were classified as government business enterprises and, accordingly, were accounted for in the First Nation's consolidated financial statements using the modified equity method. During the year, due to changing circumstances, these entities no longer meet the definition of government business enterprises and, in accordance with the requirements of PS 3070 – Investments In Government Business Enterprises and PS 2500 – Basic Principles of Consolidation and PS 2510 – Additional Areas of Consolidation, they will be consolidated in the First Nation's March 31, 2015 consolidated financial statements. This change in accounting treatment is being applied prospectively with no restatement of comparative figures, resulting in increases in the accumulated surplus at April 1, 2014 of \$208,679 for Wikwemikong Property Management Limited (operating as Rainbow Ridge Golf Course) and \$55,657 for FirstTEL Communications Corporation.

### 5. Restricted cash:

Restricted cash is comprised of bank account balances supporting Canada Mortgage and Housing Corporation (CMHC) replacement reserves, subsidy surplus reserves and operating reserves.

Under the terms of agreements with CMHC amounts are to be credited annually to replacement reserves and, where applicable, may be credited to the subsidy surplus and operating reserves. These funds must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by Canada Mortgage and Housing Corporation. Withdrawals are credited to interest first and then principal.

### 6. Short-term investments:

Short-term investments are presented at their cost value and consist of:

	Rate	2015	2014
TD interest bearing current account	Prime less 1.9%	\$7,141,615	\$6,535,992
Other		5,396	5,395
		<b>\$7,147,011</b>	<b>\$6,541,387</b>

The fair market values of the investments approximate their carrying value.

**7. Restricted funds held in trust in Ottawa:**

Funds held in trust are comprised of funds held in Ottawa trust accounts and arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

**8. Resident funds held in trust – nursing home residents:**

The resident funds held in trust are funds held by the Wikwemikong Nursing Home in trust for residents, for resident fees and for purchases made by the residents.

**9. Due from Aboriginal Affairs and Northern Development Canada:**

Due from Aboriginal Affairs and Northern Development Canada (AANDC) represents funding receivable from AANDC in accordance with funding arrangements between the First Nation and AANDC. The amounts are unsecured and non-interest bearing.

**10. Note receivable:**

The note receivable is from Great Lakes Hospitality Group Limited Partnership (GLHGLP), bears interest at prime plus 2% per annum and is due on demand. The note is secured by the First Nation's registered mortgage of the hotel property to a maximum \$1,000,000 (4<sup>th</sup> ranking). See note 13 for additional details of the First Nation's investment in Great Lakes Hospitality Group Limited Partnership.

**11. Economic development loans receivable:**

The loans are unsecured, bear interest at 0% - 5% per annum, and contain repayment terms which vary between 1 and 10 years.

The loans are administered by the Wikwemikong Development Commission.

	\$ 24,076,942

Certain mortgage loans are due and are to be renegotiated within the next year. The full balances of these loans have been shown as repayable in 2016. Management has no reason to believe that the loans will not be renewed and that the creditor will demand repayment of these loans during the next fiscal year.

### 20. Non-financial assets:

Tangible capital assets and prepaid expenses are accounted for as assets by the First Nation because they can be used to provide services in future periods. These assets do not normally provide resources to discharge the liabilities of the First Nation unless they are sold.

### 21. Accumulated surplus:

Accumulated surplus is comprised of the following:

### 29. Financial instruments:

Transactions in financial instruments may result in an organization assuming or transferring risks to another party. The First Nation is exposed to the following risks in respect of certain financial instruments and transactions it is a party to:

#### *Credit risk*

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The First Nation's main credit risk relate to its cash, restricted cash, resident funds held in trust (Nursing Home residents), short-term investments, accounts receivable, due from Aboriginal Affairs and Northern Development Canada, note receivable, economic development loans receivable and investment in and advances to Your Dollar Store With More.

Credit risk associated with cash, restricted cash, resident funds held in trust (Nursing Home residents), and short-term investments is minimized by ensuring these financial assets are placed with large reputable financial institutions with high credit ratings.

The First Nation is exposed to credit risk through its accounts receivable and due from Aboriginal Affairs and Northern Development Canada in a total amount of \$3,143,926 (2014 - \$3,257,680), of which the majority is comprised of amount due from governments, and government funded organizations, but also includes amounts due from First Nation members and other receivables. The First Nation measures its exposure to credit risk to accounts receivable based on how long the accounts have been outstanding and manages this risk through management's ongoing analysis and monitoring of the accounts. An allowance for bad debts is recorded when applicable.

Refer to note 2(f) "Impairment" regarding the First Nation's accounting policies for assessing impairment of financial instruments measured at other than fair value, which includes economic development loans receivable, and investment in and advances to Your Dollar Store With More.

#### *Liquidity risk*

Liquidity risk is the risk that the First Nation cannot repay its obligations when they become due to its creditors. The First Nation is exposed to this risk relating to its accounts payable and accrued liabilities of \$4,074,618 (2014 - \$4,104,960), its promissory note payable to Aboriginal Affairs and Northern Development Canada, payable to Ministry of Health and Long-Term Care and long-term debt.

The First Nation reduces its exposure to liquidity risk though it's ongoing program budgeting and expenditure monitoring processes, documenting when authorized payments become due, and maintaining an adequate line of credit to repay creditors as the liabilities become due.

### 30. Financial instruments, continued:

#### *Interest rate risk*

The First Nation is exposed to interest rate risk in respect of interest paid on its short-term investments which fluctuate from time to time due to a variety of financial market factors.

The First Nation is exposed to interest rate risk in respect of its operating lines of credit and certain long-term debts, the interest rates of which are variable based on bank prime rates, fluctuate from time to time due to a variety of financial market factors, and would result in changes in payments on account of interest.

The First Nation is exposed to interest rate risk in respect of certain long-term debt credit facilities which will mature and be renewed in future periods at interest rates that will be determined in future periods. Changes in interest rates would result in changes in payments on account of interest.

#### *Other risks*

The First Nation is exposed to the risk of not realizing the value of its investments in Wiky Property Management Company Ltd., and Great Lakes Hospitality Group Limited Partnership. Refer to note 2(f) "Impairment" regarding the First Nation's accounting policies for assessing impairment of financial instruments measured at other than fair value, which includes this investment. During the year a provision for impairment was recorded against the First Nation's investment in Great Lakes Hospitality Group Limited Partnership in the amount of \$599,771 (note 13).

#### **31. Economic dependence:**

The First Nation receives a major portion of its revenues pursuant to funding agreements with several agencies, including the Aboriginal Affairs and Northern Development Canada, Health Canada, Ministry of Community and Social Services and Human Resources Development Canada.

The Wikwemikong Nursing Home has contribution arrangements with the Ontario Ministry of Health and Long-term Care to provide funds to administer operations and provide services. The Wikwemikong Nursing Home is obligated to repay to the Ontario Ministry of Health and Long-Term Care contribution funding received in excess of eligible expenditures incurred. The repayment of these amounts could impede the nursing home's ability to continue operations.

As these contribution agreements provide the First Nation's major source of revenue, its ability to continue viable operations is dependent upon maintaining these funding arrangements.

#### **32. Comparative figures:**

The consolidated financial statements have been reclassified, where applicable, to conform to the presentation used in the current year. The changes do not affect prior year earnings except for the effect of the prior period adjustment, disclosed in note 3.
