Management's Responsibility

To the Chief and Council and Members of Long Lake #58 First Nation:

The accompanying consolidated financial statements of Long Lake #58 First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Long Lake #58 First Nation Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP is appointed by the Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and Council and management to discuss their audit findings.

Independent Auditor's Report

To the Chief and Council and Members of Long Lake #58 First Nation:

Qualified Opinion

We have audited the consolidated financial statements of Long Lake #58 First Nation and its subsidiaries (the "First Nation"), which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations, accumulated surplus, changes in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2019, and the results of its consolidated operations, changes in its consolidated net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

Long Lake #58 First Nation is a joint venturer in Anishinaabeg Gikinoo A'magoziwin Education Authority, an incorporated entity formed to provide education facilities and services. We were unable to obtain sufficient appropriate audit evidence regarding the carrying values of the proportionate share of the financial assets of \$865,998, liabilities of \$148,153, non-financial assets of \$1,555,464, revenue of \$Nil, expenses of \$Nil, and annual surplus (deficit) of \$Nil, of the joint venture included in these consolidated financial statements. Consequently, we were unable to determine whether any adjustments to these amounts were necessary. The audit opinion on the consolidated financial statements for the year ended March 31, 2018 was qualified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Long Lake #58 First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2019

1. Operations

The Long Lake #58 First Nation (the "First Nation") is located in the province of Ontario, and provides various services to its members. Long Lake #58 First Nation includes the First Nation's members, government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

Basis of accounting

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

Principles of consolidation

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of a government business enterprise, which are included in the consolidated financial statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Investments in First Nation partnerships are accounted for using the proportionate consolidation method whereby the First Nation's pro-rata share of the assets, liabilities, revenue, and expenses of the First Nation partnership are combined on a line-by-line basis with similar items of the First Nation. Partnerships which meet the definition of a government business partnership are included in the consolidated financial statements on a modified equity basis.

Under the modified equity method of accounting, only the First Nation's investment in the government business enterprise/partnership and the enterprises'/partnership's net income and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprise that are different from the First Nation.

Organizations consolidated in the First Nation's financial statements include:

- Azaadi-Wag Economic Development Corporation
- Long Lake Timber Reclamations Limited Partnership
- Long Lake FN Properties Inc.
- 2384815 Ontario Inc.
- 2322430 Ontario Inc.
- 2322440 Ontario Inc.

Organizations proportionately consolidated in the First Nation's financial statements include:

- Anishinaabeg Gikino A'Maagoziwin Education Authority

Organizations accounted for on a modified equity basis include:

- 2311090 Ontario Inc.
- Long Lake FN Properties Limited Partnership

Long Lake #58 First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2019

2. Significant accounting policies (Continued from previous page)

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations.

Cash and cash equivalents

Cash and cash equivalents include balances with banks and short-term investments with maturities of three months or less.

Portfolio investments

Portfolio investments in entities that are not owned, controlled or influenced by the First Nation reporting entity are accounted for using the cost method. They are recorded at cost, less any provision for other than temporary impairment.

Tangible capital assets

Tangible capital assets are initially recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded as revenue at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets.

Assets under construction are not amortized until the asset is available to be put into service.

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	Method	Rate
Buildings	straight-line	30 years
Housing	straight-line	30 years
Infrastructure	straight-line	40 years
Office equipment and furniture	straight-line	3 years
Heavy and other equipment	straight-line	5 years
Paving	straight-line	10 years
Automobiles	straight-line	3 years
Sports facilities	straight-line	30 years

Long Lake #58 First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2019

2. Significant accounting policies (Continued from previous page)

Long-lived assets and discontinued operations

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. The carrying amount of a long-lived asset is not recoverable if the carrying amount exceeds the sum of the undiscounted future cash flows from its use and disposal. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using discounted future cash flows. Any impairment is included in surplus for the year.

Loan guarantees

The First Nation records a provision for losses on loan guarantees when it determines that a loss is likely.

The provision is determined based on the current circumstances of the individual borrowers and is reviewed on an ongoing basis as new events occur, as more experience is acquired, or as additional information is obtained. Any changes in the provision is charged or credited to expenses. A provision for loss on a loan guarantee is removed from the First Nation's consolidated statement of financial position when the guaranteed loan has been discharged or the term of the loan guarantee has expired.

Revenue recognition

Funding

Revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.

Government Transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Trust funds held by federal government

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the consolidated statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Other

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Rental income is recognized on the accrual basis over the passage of time according to the terms of occupancy.

Interest and investment income is recognized as revenue when earned.

Management and administration fees are recognized when services are provided, the amount is measurable and collectability is reasonably assured.

Long Lake #58 First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2019

2. Significant accounting policies *(Continued from previous page)*

Administration fees

It is the First Nation's policy to allocate certain administrative costs to the various programs. Such allocations are recorded as program administration fees revenue on the Administration Program schedule of revenue and expense.

Expense allocation

Certain expenses which pertain to the operations as a whole have been allocated to various programs at the discretion of Chief and Council.

Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

Amortization is based on the estimated useful lives of tangible capital assets.

Accounts payable and accruals are estimated based on historical charges for unbilled goods and services at year-end.

Deferred revenue is estimated based on management's review of revenue received, but unspent at year-end.

Foreign currency translation

These consolidated financial statements have been presented in Canadian dollars, the principal currency of the First Nation's operations.

Transaction amounts denominated in foreign currencies are translated into their Canadian dollar equivalents at exchange rates prevailing at the transaction dates. Carrying values of monetary assets and liabilities reflect the exchange rates at the consolidated statement of financial position date. Translation gains and losses are included in current year surplus.

Segments

The First Nation conducts its business through nine reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 2 the *Significant accounting policies*.

Employee future benefits

The First Nation's employee future benefit programs consists of a defined contribution plan. The First Nation contributions to the defined contribution plan are expensed as incurred.

Long Lake #58 First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2019

3. Cash and cash equivalents

Under the terms of an agreement with Canada Mortgage and Housing Corporation, the First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue. The CMHC Replacement Reserve bank balance is externally restricted under the terms of this agreement.

	<hr/>	<hr/>	<hr/>
	2,315,111	676,459	2,991,570
	<hr/>	<hr/>	<hr/>
Thereafter	3,085,552	445,794	3,531,346

Interest on long-term debt amounted to \$214,056 (2018 - \$207,729).

Long Lake #58 First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2019

14. Contingent liabilities

The First Nation has entered into contribution agreements with various federal and provincial government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of operations, the First Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded in the First Nation's consolidated financial statements. As of March 31, 2019, no contingent liabilities have been recorded in the consolidated financial statements.

15. Tangible capital assets

The consolidated schedule of tangible capital assets (Schedule 1) presents all balances and charges in the year relating to the tangible capital assets owned by the First Nation. Tangible capital assets acquired after March 31, 1997 are recorded at acquisition cost less amortization on the consolidated statement of financial position. Tangible capital assets acquired prior to April 1, 1997 are deemed to have been fully amortized and are recorded at a nominal value.

16. Line of credit

The First Nation has an operating line of credit with TD Canada Trust with a total credit limit of \$100,000 bearing interest at the bank's prime rate plus 1.25% (5.20% at year end). The line of credit is secured by a general security agreement covering the assets of the First Nation and a Band Council Resolution authorizing the First Nation to borrow up to \$100,000. The balance outstanding at year-end was \$Nil (2018 - \$Nil).

17. Segments

The First Nation has nine reportable segments. These segments are differentiated by the major activities or services they provide. The First Nation's segments are as follows:

First Nation Government - includes administration, governance activities and band operations.

Community Infrastructure - includes activities for the operation and maintenance of the First Nation's infrastructure.

Education - includes the operations of education programs.

Social Development - activities include delivering social programs.

Health - activities include delivering health programs.

Economic Development - includes activities to increase economic opportunities for the First Nation.

Housing - includes activities relating to the operation of the First Nation's CMHC housing programs.

Casino Rama - reports on the First Nation's Ontario First Nations Limited Partnership funding.

Business Enterprises - includes the operations of significantly influenced business enterprises for consolidation and other business ventures.

Inter-segment transfers are recorded at their exchange amount. The accounting policies are the same as those described in Note 2.

Long Lake #58 First Nation

	8,737,298	343,051	9,080,349	10,295,950

19. Defined contribution plans

Defined contribution pension plan

The First Nation has a defined contribution pension plan covering substantially all full-time employees. Members are required to contribute 5% of their basic salary. The First Nation contributes 5% which is directed to the members' contribution account. The amount of retirement benefit to be received by the employees will be the amount of retirement annuity that could be purchased based on the member's share of the pension plan at the time of the members' withdrawal from the plan. The First Nation contributions and corresponding expense totalled \$129,311 (2018 - \$123,228). Indigenous Services Canada provides funding to the First Nation for its share of pension contributions for full-time employees.

20. Loan guarantee

As at March 31, 2019, the First Nation has guaranteed the outstanding balance of \$512,914 (2018 - \$540,573) credit facility term loan of Saturn Solar LP 1, a limited partnership indirectly controlled by the First Nation, up to a maximum amount of \$567,000 (2018 - \$567,000) that bears interest at 4.85% and is collateralized by a promissory note co-signed by the First Nation. As at March 31, 2019, no liability has been recorded associated with this guarantee. The guarantee is provided without recourse.

21. Budget information

The disclosed budget information has been approved by the Chief and Council of the Long Lake #58 First Nation at the Chief and Council meeting held on June 11, 2018. The budget was prepared on a cash basis while Public Sector Accounting Standards require a full accrual basis. As a result, the budget figures presented in the consolidated statement of operations and changes in net financial assets were adjusted to add amortization of \$1,139,986 and prepaid expenses of \$147,848.

22. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.
