# Independent Auditor's Report

To the Chief, Council and Members of  
Marten Falls First Nation

We have audited the accompanying financial statements of Marten Falls First Nation which comprise the statement of financial position as at March 31, 2018, and the statements of operations and surplus, changes in net debt, changes in fund balances and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

## **Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the First Nation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

**Basis for qualified opinion**

Due to the inability of the First Nation to locate certain invoices or other supporting documentation we were unable to verify the existence and accuracy of certain amounts included in expenses. Additionally, we could not obtain sufficient audit evidence surrounding the completeness of expenditures and conversely payables at year-end. Consequently, we were not able to determine whether any adjustments to these amounts were necessary.

During our audit engagement, we were unable to obtain sufficient audit evidence supporting expenses being distributed accurately for the year ended March 31, 2018. Consequently, we were not able to determine whether any adjustments to these amounts were necessary.

During our audit engagement, we were unable to obtain sufficient audit evidence supporting payroll expenses being distributed accurately for the year ended March 31, 2018. Consequently, we were not able to determine whether any adjustments to these amounts were necessary.

Canadian Public Sector Accounting Standards require that entities present information about the complete stock of their tangible capital assets and amortization in the financial statements. As described in note 15, the First Nation has not recorded tangible capital assets acquired prior to April 1, 1997, and we have been unable to determine whether any adjustments might be necessary in respect to unrecorded tangible capital assets and the elements making up the statements of operations and surplus, changes in fund balances and cash flows. As a result, we have been unable to obtain satisfactory evidence as to the completeness of the tangible capital assets owned by the First Nation.

Canadian Public Sector Accounting Standards require that the First Nation present a comparison of the actual results for the accounting period with those originally planned in both the statement of operations and surplus (deficit) and the statement of changes in net debt. As no budget figures have been presented, the First Nation has not met this requirement.

**Qualified opinion**

In our opinion, except for the possible effects of the matters described in the Basis for qualified opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Marten Falls First Nation as at March 31, 2018 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

**Other matters**

Our audit of Marten Falls First Nation for the year ended March 31, 2018 was conducted for the purposes of forming an opinion on the financial statements taken as a whole. The schedules to the financial statements are presented for the purposes of additional information and are not a required part of the audited financial statements. The schedules have been prepared to assist various funding agencies/government departments. Such information has been subjected to the auditing procedures only to the extent necessary to express an opinion on the financial statements of Marten Falls First Nation for the year ended March 31, 2018. Our opinion, dated August 20, 2019, was qualified as a result of the inability to satisfy ourselves as to the completeness of tangible capital assets. In our opinion, except for the effects of the matter described above, the schedules are fairly presented in all material respects in relation to the audited financial statements taken as a whole.

## MARTEN FALLS FIRST NATION

### MANAGEMENT'S REPORT

The accompanying financial statements of Marten Falls First Nation are the responsibility of management and have been approved by the Chief and Council of the First Nation.

These financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants and as such include amounts that are the best estimates and judgments of management.

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Chief and Council are responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and are ultimately responsible for reviewing and approving the financial statements.

The Chief and Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the financial statements and the external auditor's report.

The external auditors, Grant Thornton LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of Marten Falls First Nation and meet when required.

 <b>Increase in cash for the year</b>	<b>3,156,218</b>	982,305
Bank indebtedness, beginning of year	<u>728,131</u>	<u>(254,174)</u>
<b>Cash (bank indebtedness), end of year</b>	<u><u>\$ 3,884,349</u></u>	<u><u>\$ 728,131</u></u>

\* Interest received during the year was \$53 (2017 - \$23). Interest paid during the year was \$159,626 (2017 - \$194,706). Interest received is made up of interest income from the Statement of Operations and Surplus in the amount of \$53 (2017 - \$23). Interest paid is made up of interest expense from the Statement of Operations and Surplus in the amount of \$144,378 (2017 - \$189,548) (less) the change in accrued interest payable in the amount of \$3,688 (2017 - increase \$5,158)

**Notes to the Financial Statements**

March 31, 2018

**General**

Marten Falls First Nation ("the First Nation"), a "band" as defined in the Indian Act, is located north-east of Nakina, Ontario. It conducts its operations guided by the provisions of federal and provincial statutes.

**1. Significant Accounting Policies****(a) Basis of Accounting:**

These financial statements have been prepared in accordance with accounting policies generally accepted for the public sector as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants.

**(b) Reporting Entity:**

Marten Falls First Nation reporting entity includes the Marten Falls First Nation government only since there are no other related entities that are controlled by the First Nation. Consolidated financial statements are therefore not applicable.

**(c) Asset Classification:**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets and prepaid expenses.

**(d) Cash:**

Cash includes cash on hand and balances with banks net of bank overdrafts.

**(e) Net Debt:**

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial liabilities less its financial assets. Net debt is comprised of two components, non-financial assets and accumulated surplus.

**Notes to the Financial Statements**

March 31, 2018

**1. Significant Accounting Policies (continued)****(f) Tangible Capital Assets:**

Tangible capital assets acquired after April 1, 1997 (see note 15), are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

Amortization of tangible capital assets is recognized as an expense in the Statement of Operations and Surplus. Tangible capital assets are amortized over their expected useful lives using the declining balance method at the following rates.

CMHC Housing	4%
Seniors' Complex	4%
Activity Centre	4%
Map and Conference Centre	4%
Nurses duplex	4%
Police Station	4%
School Upgrade	4%
Modular homes	4%
Warehouse	4%
Water Treatment Plant	4%
Fuel tanks	10%
Furnaces	20%
Furniture and equipment	20%
Heavy equipment	20%
Automotive	20%
School bus	30%
Computers	30%
Diesel Generating Station Upgrade	4%
Health Clinic	4%

Tangible capital assets are written-down when conditions indicate that they no longer contribute to Marten Falls First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the Statement of Operations and Surplus.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets.

**Notes to the Financial Statements**

March 31, 2018

**1. Significant Accounting Policies (continued)****(g) Revenue:**

Revenue is recognized in the period in which the transactions or events occur that give rise to the revenue. All revenue is recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when collectibility is not reasonably assured.

Government transfers are recognized as revenue when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the Statement of Operations and Surplus as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

**(h) Measurement Uncertainty:**

In preparing the financial statements for the government of Marten Falls First Nation, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The main estimates used in preparing these financial statements include allowance for doubtful accounts, due to/from government and government organizations and asset useful lives. Actual results could differ from these estimates.

**(i) Expense Allocation:**

Certain expenses which pertain to the operations as a whole have been allocated to various projects at the discretion of Chief and Council.

**(j) Casino Rama Fund:**

Under terms of the agreement with the Ontario First Nations Limited Partnership, all income distributions from Casino Rama are designated for community development, health programs, education programs, economic development and/or cultural development. The First Nation has therefore designated an externally restricted fund to allocate all funds distributed from Casino Rama, but unspent at year-end.

**(k) Administration Fees:**

It is the First Nation's policy to allocate certain administrative costs to the various programs. Such allocations are recorded as administration fee revenue or administration fee expense on the applicable program Schedules on the Statements of Operations and Surplus.

**Notes to the Financial Statements**

March 31, 2018

**2. Financial Instruments**

The First Nation's financial instruments consist of cash, accounts receivable, bank indebtedness, accounts payable and accrued liabilities, due to/from government and other government organizations and long-term debt which may be subject to certain types of risk.

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The First Nation has no foreign exchange and is not subject to currency risk.

Interest risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The First Nation has interest bearing debt, therefore, the First Nation is subject to interest risk. Given the current composition of long-term debt, fixed rate instruments subject the First Nation to a fair value risk while floating rate instruments subject it to a cash flow risk.

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur financial loss. It is management's opinion that the First Nation is not exposed to significant credit risks.

**3. Cash (Bank Indebtedness)**

All bank overdrafts are due on demand and bear interest at the bank's prime lending rate plus 5% (8.20% at year-end), (2017 - 7.70%).

Under the terms of an agreement with Canada Mortgage and Housing Corporation, Marten Falls First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Apartment Replacement and Subsidy Fund.

## 5. First Nation Trust Funds

Trust fund accounts arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

Anticipated repayments over the next five years and thereafter, assuming renewal on similar terms and conditions, are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 589,445	\$ 111,103	\$ 700,548
2020	660,414	89,748	750,162
2021	514,420	65,641	580,061
2022	390,651	47,843	438,494
2023	320,564	37,065	357,629
Thereafter	<u>1,257,462</u>	<u>93,392</u>	<u>1,350,854</u>
	<u><b>\$ 3,732,956</b></u>	<u><b>\$ 444,792</b></u>	<u><b>\$ 4,177,748</b></u>

**11. Ontario Power Generation Agreement**

In accordance with the terms of an agreement in a prior year with Ontario Power Generation, the First Nation is entitled to receive \$195,000 annually until the year 2027 as a contribution toward the Arena project.

Under a letter of direction agreed to by the First Nation, that amount is applied annually against certain outstanding debt related to the arena project included in Note 10 above.

## Notes to the Financial Statements

March 31, 2018

**12. Replacement Reserve**

	<u>2018</u>	<u>2017</u>
<b>Balance, beginning of year</b>	\$ 484,200	\$ 453,050
Replacement reserve allocation	<u>31,150</u>	<u>31,150</u>
<b>Balance, end of year</b>	<u>\$ 515,350</u>	<u>\$ 484,200</u>

Under the terms of housing funding agreements with Canada Mortgage and Housing Corporation ("CMHC"), this reserve, calculated as a stipulated amount (\$350 - \$1,100) per unit, is to be held in a separate bank account and used only with CMHC approval. As at the year-end, a separate bank account has not been established. Schedule 44 shows the transfers from each housing program.

**13. Interfund Transfers**

During the year, an amount of \$8,103,394 including \$1,442,581 from 2017 (2017 - \$155,316) was transferred from Capital Funds to the Operating Funds which represent tangible capital assets purchased and capital asset projects that were developed by the First Nation during the year from various capital projects.

**14. Prepaid Expenses**

	<u>2018</u>	<u>2017</u>
Honorariums	\$ 4,750	\$ 4,750
Student tuition, room and board, transportation and allowances	<u>35,977</u>	<u>33,322</u>
Other	<u>500</u>	<u>-</u>
Total prepaid expenses	<u>\$ 41,227</u>	<u>\$ 38,072</u>

**15. Tangible Capital Assets**

The Tangible Capital Assets detailed in this note presents all balances and changes in the year relating to tangible capital assets owned by the First Nation acquired after March 31, 1997. Tangible capital assets acquired previous to April 1, 1997 are not reflected in the Tangible Capital Assets balance.

In April, 2009, the First Nation adopted Public Sector Accounting Handbook Section 3150 - Tangible Capital Assets which requires all tangible capital assets in use to be included in the Statement of Financial Position. The First Nation is in the process of preparing a complete listing of tangible capital assets and valuing the assets which have not been previously recorded, but this list has not yet been completed.

**Notes to the Financial Statements**

March 31, 2018

**16. Operating Agreement with Hydro One Remote Communities Inc.**

On May 11, 2009, Marten Falls First Nation entered into an operating agreement with Hydro One Remote Communities Inc. (Hydro One). Under this agreement, the First Nation maintains ownership of the assets used with Hydro One operating and maintaining the assets, as well as collecting all revenue from the operations.

**17. Economic Dependence**

The government of Marten Falls First Nation receives a major portion of its revenue from Indigenous and Northern Affairs Canada and Health Canada. The nature and extent of this revenue is of such significance that the First Nation is economically dependent on this source of revenue.

**18. Contingencies**

Marten Falls First Nation has entered into contribution agreements with various government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

For Canada Mortgage and Housing Corporation, the First Nation is contingently liable for subsidy surpluses as assessed by CMHC for prior periods. The settlement of amounts receivable or payable, if any, will be determined in a future period and recorded at that time.

In addition, in the normal course of its operations, Marten Falls First Nation has become involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on Marten Falls First Nation's financial statements.

**19. Contractual Obligations**

The nature of Marten Falls First Nation's activities can result in some multi-year contracts whereby it will be obligated to make future payments when the goods or services are received. Significant contractual obligations that can be reasonably estimated at year-end are summarized as follows:

	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023 and thereafter</u>	<u>Total</u>
Photocopier lease - administration	\$ 4,305	\$ -	\$ -	\$ -	\$ -	\$ 4,305
Photocopier lease - education	-	-	-	-	-	-
CAT Financing (Dozer) - administration	<u>32,468</u>	<u>32,468</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>64,936</u>
Total	<u>\$ 36,773</u>	<u>\$ 32,468</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 69,241</u>

**20. Comparative Figures**

**Notes to the Financial Statements**

March 31, 2018

Certain of the prior year's figures have been reclassified to conform with the current year's presentation.

**21. Budgeted Figures**

The budgeted figures are presented for comparative purposes and are unaudited. The operating budget has been approved by Chief and Council and is reflected in the Statement of Operations and Surplus and in note 25 Segment Disclosure. The First Nation does not budget activity for reserve funds or for capital projects. Budget figures have been restated to be comparable with the PSAB reporting reflected in the actual results.

**22. Capital Disclosure**

The First Nation considers its capital to be the balance retained in its fund balances, generally the difference between its assets and its liabilities as reported on the Statement of Financial Position.

The First Nation's objectives when managing capital are to safeguard its ability to continue as a going concern so that it can continue to provide delivery of its services to the members.

Management maintains its capital by ensuring that annual operating and capital budgets are developed (and approved by the Chief and Council) based on known or estimated sources of funding available each year.

**23. Expenses by Object**

The following is a summary of expenses by object:

	<u><b>2018</b></u>	<u><b>2017</b></u>
Salaries and wages	\$ 4,834,703	\$ 4,153,628
