Management's Responsibility

To the Chief and Council of Lac des Mille Lacs First Nation:

The accompanying consolidated financial statements of Lac des Mille Lacs First Nation are the responsibility of management and have been approved by the Chief and Council.

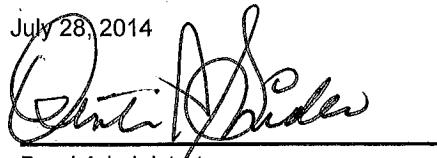

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Lac des Mille Lacs First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management, and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by the Chief and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

July 28, 2014

Band Administrator

Independent Auditors' Report

To the Members and Chief and Council of Lac des Mille Lacs First Nation:

We have audited the accompanying consolidated financial statements of Lac des Mille Lacs First Nation, which comprise the statement of financial position as at March 31, 2014, and the consolidated statements of operations and accumulated surplus, change in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Lac des Mille Lacs First Nation as at March 31, 2014, and the results of its operations, change in net debt and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Lac des Mille Lacs First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2014

1. Operations

The Lac des Mille Lacs First Nation (the "First Nation") is located in the province of Ontario, and provides various services to its members. Lac des Mille Lacs First Nation includes the Nation's members, government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The Lac des Mille Lacs First Nation reporting entity includes the First Nation government and all related enterprises that are accountable to the First Nation and are either owned or controlled by the First Nation.

The financial statements consolidate the financial statements of all enterprises comprising the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following enterprises:

Lac des Mille Lacs First Nation Government Administration;
D. Coates Holding Inc.;
Upper Seine Forest Corporation.

All inter-entity balances have been eliminated on consolidation. However, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Basis of presentation

Sources of financing and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash resources

Cash resources includes balances with banks, short-term investments with maturities of three months or less, cashable investments and investments that mature in 30 days from purchase. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Funds held in Ottawa Trust Fund

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the non-consolidated statement of financial position. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other First Nation capital assets.
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Lac des Mille Lacs First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2014

2. Significant accounting policies (Continued from previous page)

Inventory

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

Inventory held for resale is classified as a financial asset when all of the following criteria are met:

- Prior to March 31, 2014, the First Nation has committed to sell the asset;
- The asset is in a condition to be sold;
- The asset is publicly seen to be for sale;
- There is an active market for the asset;
- A plan exists for selling the asset; and
- A sale to a party external to the First Nation can reasonably be expected within one year.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records for equipment, computer equipment and roads. Contributed tangible assets are recorded at their fair value at the date of contribution.

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	Method	Rate
Automobiles	straight-line	10 years
Boats and Motors	straight-line	6 years
Buildings	straight-line	25 years
Cabins	straight-line	40 years
Computers	straight-line	4 years
Cultural Complex	straight-line	40 years
Docks	straight-line	20 years
Equipment	straight-line	10 years
Furniture and Equipment	straight-line	10 years
Landscaping and outdoor structures	straight-line	40 years
Leasehold improvements	straight-line	10 years
Parking lot	straight-line	20 years
Roads - on reserve	straight-line	40 years
Roundhouse	straight-line	40 years

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the assets' carrying amount. Impairment is measured as the amount by which the assets' carrying value exceeds its fair value. Any impairment is included in surplus for the year.

Portfolio investments

Long-term investments in entities that are not owned, controlled or influenced by the First Nation reporting entity are accounted for using the cost method. They are recorded at cost, less any provision for other than temporary impairment.

Net debt

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt is comprised of two components, non-financial assets and accumulated surplus (deficit).

Lac des Mille Lacs First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2014

2. Significant accounting policies (Continued from previous page)

Revenue recognition

Funding

Revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

Government Transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Donations

The First Nation recognizes donations when they are received.

Sales revenue

Revenue is recognized when a price is agreed, goods and services are provided to customers, and collectability is reasonably assured. If collectability is not considered reasonably assured at the time of sale, the Company does not recognize revenue until collection occurs.

Use of estimates

The preparation of the consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable is stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Accounts payable and accruals are based on historical charges for unbilled goods and services at year-end.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

Deferred revenue

Deferred revenue consists of unspent, accountable contributions for programs which are not complete at year end. The unspent revenue is carried forward to be matched against expenses to be incurred in the subsequent year.

Temporary investments

Temporary investments are valued at the lower of cost and market value.

Segments

The First Nation conducts its business through seven reportable segments: Administration, Capital, Economic Development, Education, Health, Ontario First Nation Limited Partnership, and D. Coates Holding Inc. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the Significant Accounting Policies.

Lac des Mille Lacs First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2014

2. Significant accounting policies (Continued from previous page)

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets, and prepaid expenses.

Financial instruments

All significant financial assets, financial liabilities and equity instruments of the First Nation are either recognized or disclosed in the consolidated financial statements together with other information relevant for making a reasonable assessment of future cash flows and interest rate, currency or credit risk.

3. Temporary investments

	2014	2013
GIC, interest at prime minus 2.25%, cashable and interest bearing at 0.75%, maturing October 9, 2014	427,272	424,074

4. Accounts receivable

	2014	2013
Accounts receivable	129,322	284,805
PSB, GST, and HST rebates	11,850	17,561
	141,172	302,366

5. Inventory

	2014	2013
Inventory	6,897	9,217

Lac des Mille Lacs First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2014

6. Advances to related First Nation Entities

Upper Seine Forest Corporation and D. Coates Holding Inc. are wholly owned subsidiaries of the First Nation.

During the year the following related party transactions took place:

- assets with a book value of \$137,937 were transferred from D. Coates Holding Inc. to the First Nation at a fair market value of \$160,503
- the First Nation paid insurance expenses on behalf of D. Coates Holding Inc. in the amount of \$14,655 and D. Coates Holding Inc. made long-term debt payments on behalf of the First Nation in the amount of \$18,048.
- during the year, D. Coates Holding Inc. donated assets with a book value of \$552,691 to the First Nation at a fair market value of \$800,000.

The above transactions resulted in a net gain in D.Coates Holding Inc. on the transfer of assets in the amount of \$269,875 and a reduction in the amount owed to the First Nation by D. Coates Holding Inc. in the amount of \$163,896.

At March 31, 2014, the remaining balance of \$60,190 owed to the First Nation by D. Coates Holding Inc. was written off as part of a corporate restructuring.

At March 31, 2014 the balance of \$485,252 owed by Upper Seine Forest Corporation was also written off as part of a corporate restructuring.

7. Long-term investments

During the year, the First Nation entered into a limited partnership agreement with Solar Energy L.P. to form SE1 2013 GP Inc. for the purpose of generating income from construction, development, ownership and operations or sale of projects and all things necessary or advisable to give effect to the Partnership's objectives. The First Nation has subscribed for 1501 Class A units at a cost of \$10, representing 15.01% of the voting and economic interest of the limited partners.

During the year, the First Nation entered into a limited partnership agreement with A&J Leveseque Holdings Inc. and Little Otter Economic Development, L.P. to form Dallan Forestry L.P. for the purpose of carrying on business of mill yard services outside of Fort William First Nation. The First Nation has subscribed for 3,333 partnership units for \$3,333, representing 33.33% of the voting and economic interest of the limited partners. The First Nation also agreed to a \$150,000 disbursement to the Partnership, \$3,333 of which covered the cost of the partnership units.

Included in long-term investments is \$1 which represents the First Nations investment in Upper Seine Forest Corporation.

Ministry of Canadian Heritage	48,620	-	48,620	-
Total Provincial	298,620	-	298,620	244,366
	1,096,772	-	1,096,772	1,187,590

14. Economic dependence

Lac des Mille Lacs First Nation receives 19% of its revenue from Aboriginal Affairs and Northern Development Canada (AANDC) as a result of Treaties entered into with the Government of Canada. These Treaties are administered by AANDC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these Treaties.

15. Ontario First Nations Limited Partnership

Commencing with the 2012 fiscal year and in each fiscal year thereafter during the initial and renewal terms of the agreement between the Province of Ontario and Ontario First Nations Limited Partnership (OFNLP), the Province of Ontario shall pay to OFNLP 12 monthly payments equal to one-twelfth of 1.7% of the aggregate provincial gross gaming revenues. OFNLP then distributes to the First Nation its share of these revenues according to a formula used for that purpose. The use of these funds, according to agreements, is restricted to community development, health, education, cultural development and economic development.

16. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.

17. Budget information

The disclosed budget information has been approved by the Chief and Council, and presented to the members of the Lac des Mille Lacs First Nation.

18. Contingent liabilities

The First Nation has entered into contribution agreements with various government departments. Funding received under these contribution agreements is subject to repayment if the organization fails to comply with the terms and conditions of the agreements.

The First Nation has a letter of guarantee with Royal Bank in the amount of \$8,000. This guarantee is used to satisfy the requirements the First Nation has to provide an annual lottery.

Lac des Mille Lacs First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2014

19. Supplemental cash flow information

The First Nation has followed the indirect method of accounting for cash flows. In addition to items reported in the consolidated statement of cash flows, the First Nation paid \$84,955 (2013 - \$12,755) in interest and paid \$0 (2013 - \$2,557) in income taxes.
