Mississauga First Nation
Management's Responsibility for the Consolidated Financial Statements

March 31, 2017

The accompanying consolidated financial statements of the Mississauga First Nation are the responsibility of management and have been approved by the Chief and Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board. Management is responsible for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The First Nation Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The external auditors, BDO Canada LLP, conduct an audit in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. The external auditors have access to financial management of Mississauga First Nation and meet when required.

Independent Auditor's Report

To the Members of Mississauga First Nation

We have audited the accompanying consolidated financial statements of the Mississauga First Nation, which comprise the consolidated statement of financial position as at March 31, 2017 and the consolidated statements of operations, change in net financial assets (debt) and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Mississauga First Nation as at March 31, 2017 and the consolidated results of its operations, change in net financial assets (debt) and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Mississauga First Nation Notes to Consolidated Financial Statements

March 31, 2017

1. Summary of significant accounting policies

Accounting Principles	These consolidated financial statements of the Mississauga First Nation have been prepared in accordance with Canadian public sector accounting standards prescribed for governments, as recommended by the Public Sector Accounting Board.																
Basis of Consolidation	These financial statements reflect the assets, liabilities, revenues and expenses of all programs under the control of Chief and Council.																
Portfolio Investments	Portfolio investments are recorded at cost. A write down is recorded where there has been a loss in value that is other than a temporary decline.																
Tangible Capital Assets	Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:																
	<table><tbody><tr><td>Buildings</td><td>25 to 40 years</td></tr><tr><td>Housing</td><td>25 years</td></tr><tr><td>Infrastructure</td><td>10 to 40 years</td></tr><tr><td>Roads</td><td>40 years</td></tr><tr><td>Heavy equipment</td><td>15 years</td></tr><tr><td>Vehicles</td><td>5 to 15 years</td></tr><tr><td>Land improvements</td><td>10 to 20 years</td></tr><tr><td>Furniture and equipment</td><td>4 years</td></tr></tbody></table>	Buildings	25 to 40 years	Housing	25 years	Infrastructure	10 to 40 years	Roads	40 years	Heavy equipment	15 years	Vehicles	5 to 15 years	Land improvements	10 to 20 years	Furniture and equipment	4 years
Buildings	25 to 40 years																
Housing	25 years																
Infrastructure	10 to 40 years																
Roads	40 years																
Heavy equipment	15 years																
Vehicles	5 to 15 years																
Land improvements	10 to 20 years																
Furniture and equipment	4 years																
Revenue Recognition	<p>Revenue is recognized in the period in which the transactions or events occurred that gave rise to the revenue. All revenue is recorded on an accrual basis.</p> <p>Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.</p> <p>Contributions, other than government transfers, are deferred when restrictions are placed on their use by the external contributor, and are recognized as revenue when used for the specific purpose.</p> <p>Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.</p>

1. Summary of significant accounting policies (continued)

Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles for governments requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

In November 2016 WeedMD RX Inc. became a public company. Subsequent to year-end, the First Nation's 333,333 common shares were converted into 416,666 common shares and 416,668 warrants with an exercise price of \$0.80 per share. There was no trading stock value until April 27, 2017, at which point the market value of the 416,666 shares was \$537,500.

5. Mississagi Trust

The funds are advanced to the First Nation as a beneficiary of the Trust and are subject to the Trust provisions governing the disbursement of such funds.

6. Trust Funds held by Federal Government

The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Section 63 to 69 of the Indian Act.

7. Credit facilities

The First Nation has an operating line of credit with the Royal Bank of Canada and the amount available under the line is \$200,000. The line of credit is due on demand and has an interest rate of prime plus 2.5%. At March 31, 2017 the balance outstanding was zero.

The First Nation also has credit facilities with the Bank of Montreal totaling \$2,750,000. The first facility of \$1,000,000 is for guarantees for the On-Reserve Housing Loan program (ORHL). The second facility of \$250,000 is for guarantees for the On-Reserve Home Renovation Loan program (ORHRL). The First Nation also has a demand loan available of \$1,500,000, with interest rate of prime plus 1.25%, for assisting with construction of On-Reserve homes. At March 31, 2017 the balance outstanding on these facilities was zero.

12. Accrued landfill closure and post-closure costs

Landfill closure and post-closure requirements include final covering and landscaping of the landfill, storm water management, purchase of buffer lands, monitoring wells, fees, ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a twenty year period using the best information currently available to management. Future events may result in significant changes to total estimated expenditures, capacity used or total capacity and estimated liability. Any such changes would be applied prospectively as a change in estimate, when applicable.

The landfill site is full and is no longer being used by the First Nation, but it has not been closed and rehabilitated according to government legislation. The period for post-closure care costs is estimated to be 20 years.

The estimated liability to close and maintain the landfill site is approximately \$809,000 (2016 - \$809,000), and reflects a discount rate of 6%.

The First Nation has secured funding of \$400,000 committed by the Mississagi Trust, as well as a maximum of \$547,500 from the Government of Canada (Small Community Fund) to partially fund the cost of closing and maintaining the landfill site, and the construction of a transfer station. The closure process has commenced subsequent to year-end.

14. Pension plan costs

Employees are eligible to participate in a Registered Pension Plan, administered by London Life, with contribution levels determined by formula. Employer contributions totalled \$192,323 during the current period (2016 - \$183,274) and were fully expensed.

15. Contingencies

The First Nation has been named as a defendant in a legal action by a former employee. The outcome of this action is not determinable at this time and accordingly, no amounts have been reflected in the accounts of the First Nation for this matter.

The First Nation has provided a guarantee in the amount of \$304,500 in favour of the Bank of Montreal on behalf of Robinson Huron Treaty Ojibewa (Anishinabe). This represents 4.2% of the total loan of \$7,250,000 being guaranteed by 21 participating First Nation Communities that are settlors and beneficiaries of the Robinson Huron Treaty Trust.

17. Segmented information

The Mississauga First Nation is a diversified government institution that provides a wide range of services to its members, including education, infrastructure maintenance, medical and other health services, administration, capital, enterprises and other services. For management reporting purposes the First Nation's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

Social assistance

The social assistance department is responsible for administering assistance payments as well as providing services directed towards members.

17. Segmented information (continued)

Administration

The administration department oversees the delivery of all governmental services. The department is responsible for ensuring that there are adequate policies and procedures in place to safeguard assets and to properly report financial activities. In addition, this department includes the governance activities of chief and council.

Infrastructure maintenance

The infrastructure department provides public services that contribute to community development and sustainability through the provision of operating services such as roads, water and sanitation, fire protection, electrical and community buildings.

Education

The education department provides services to elementary and secondary students primarily by entering into service contracts with provincially funded area school boards, as well as native language study. In addition, the department reimburses tuition costs and provides living and other allowances to students who are attending post-secondary institutions.

Capital

This department is responsible for all capital asset activities occurring in the First Nation during the year, including housing construction and renovations.

Medical and other health services

The community wellness department provides a diverse bundle of services directed towards the well-being of members including such activities as long term care, medical transportation, pre-natal and early childhood care, nursing, health representation, traditional healing, family violence prevention and many other smaller programs designed to enhance the health of members.

Enterprises

Band operated enterprises are activities conducted by the First Nation with the objective of promoting economic self-sufficiency. These activities could include income generated from renting out band-owned equipment, lease income and other projects from time to time.

Other services

The First Nation provides a wide array of other services, including youth employment projects, library, economic development, housing activities, forestry and others.

For each reported segment, revenues and expenses include amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information, including transfers that have been apportioned based on a percentage of budgeted expenses.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the summary of significant accounting policies. For additional information see the Consolidated Schedule of Segment Disclosure - Service (Schedule 2).

18. Budget

The budget adopted by the First Nation was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards now require a full accrual basis. The budget figures anticipated use of reserves to reduce current year expenditures. In addition, the budget expensed all tangible capital expenditures rather than including amortization expense, and expensed principal payments of debt. As a result, the budget figures presented in the statements of operations and change in net financial assets (debt) represent the budget adopted by the First Nation with adjustments as follows:

Budget surplus for the year	\$ 690,851
Add:	
Capital expenditures	212,800
Principal portion of loan payments	222,322
Less:	
Net transfers from reserves	(162,615)
Amortization	<u>(711,021)</u>
Budget surplus per statement of operations	<u>\$ 252,337</u>
