Management's Responsibility

To the Members of Black River First Nation:

The accompanying consolidated financial statements of Black River First Nation are the responsibility of management and have been approved by the Chief and Council.

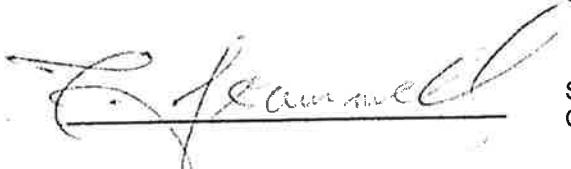

Management is responsible for the preparation and fair presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting policies and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Black River First Nation Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the Chief and Council on behalf of the Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with both the Chief and Council and management to discuss their audit findings.

November 16, 2018

Senior Financial
Officer

Independent Auditors' Report

To the Members of Black River First Nation:

We have audited the accompanying consolidated financial statements of Black River First Nation, which comprise the consolidated statement of financial position as at March 31, 2018, and the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

Due to deficiencies in the accounting system, we were unable to satisfy ourselves that the other revenues amounts and all expenses are properly supported, recorded accurately and classified correctly. Accordingly, we were not able to determine whether any adjustments might be necessary to the other revenue amount and expenses as presented on the statement of operations and accumulated surplus.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of Black River First Nation as at March 31, 2018 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

1. Operations

The Black River First Nation (the "First Nation") is located in the Province of Manitoba, and provides various services to its members.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The Black River First Nation reporting entity includes the First Nation government and all related enterprises that are accountable to the First Nation and are either owned or controlled by the First Nation. Trusts administered on behalf of third parties by Black River First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Black River First Nation Housing Authority
- Black River First Nation Gaming Commission
- O'Hanley Enterprises Ltd.
- Members In Need Inc.
- Black River Development Corporation
- Black River Limited Partnership

The First Nation has accounted for its interest in a government business partnership known as the South Beach Casino Limited Partnership according to the modified equity method.

All inter-entity balances and transactions have been eliminated on consolidation.

Basis of presentation

Sources of financing and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes collectable and is measurable. Expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash

Cash includes balances with banks. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Portfolio investments

Portfolio investments are recorded at the lower of cost and net realizable value. The First Nation is considered a beneficial owner of 12.5% of Shawano Wapunong Building Inc. (the "Company"). The First Nation's investment in Shawano Wapunong Building Inc. meets the definition of a portfolio investment. When the Company was established, 100% of the common shares of the Company were purchased by the Southeast Resource Development Council Corp. to be held in trust for the beneficial owners. As a result, the First Nation's cost associated with the investment is \$0 (2017 - \$0).

Net debt

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt is comprised of two components, non-financial assets and accumulated surplus.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

2. Significant accounting policies *(Continued from previous page)*

Non-financial assets

The First Nation's tangible capital assets and other non-financial assets are accounted for as assets because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

Construction in progress

Construction in progress consists of costs incurred on tangible capital asset construction not completed at the date of these financial statements. The First Nation includes interest charges on related construction financing in the capital cost of each project.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible capital assets are recorded at their fair value at the date of contribution.

Tangible capital assets are amortized annually using the straight line method at the following rates intended to amortize the cost of the assets over their estimated useful lives:

| | |
|-------------------------------|----------|
| Vehicles | 3 years |
| Roads | 40 years |
| Contractor equipment | 10 years |
| General equipment | 10 years |
| Furniture | 10 years |
| Buildings | 20 years |
| Infrastructure | 25 years |
| Housing and rental properties | 25 years |
| Land improvements | 15 years |
| Bridges | 20 years |
| Buses | 6 years |
| Subsidized housing | 20 years |

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset exceeds the value of future economic benefits associated with the asset. Impairment is measured as the amount by which the assets' carrying value exceeds the residual value of the assets' service potential to the First Nation. Any impairment is included in operations for the year.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

2. Significant accounting policies *(Continued from previous page)*

Revenue recognition

Government transfers

Government transfer revenue, including but not limited to, Indigenous Services Canada and First Nations and Inuit Health, is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under the funding arrangements that relate to a subsequent fiscal period is reflected as deferred revenue on the consolidated statement of financial position in the year of receipt, and is recognized in the year in which qualifying expenses have been incurred.

Income from Government Business Partnership

Revenue recognized from the Government Business Partnership is in accordance with the modified equity method of accounting for the investment and corresponds to the First Nation's proportionate share of the Government Business Partnerships net surplus earned in the year ended March 31, 2018.

Transmission line construction revenue

Transmission line construction revenue is accounted for using the percentage of completion method.

Other revenue

Rent and subsidy revenue are recognized on a monthly basis under terms of the agreement.

Contract revenues are recognized when the services are provided and the collectability of proceeds is reasonably assured.

Other revenue is recognized by the First Nation when services are provided or goods are shipped and collectable is reasonably assured.

Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenditures during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where necessary. Amortization is based on the estimated useful lives of tangible capital assets. Deferred revenue is recorded based on management's analysis of the extent to which eligibility requirements have been met on government transfer revenue.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in operations in the periods in which they become known.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

2. Significant accounting policies *(Continued from previous page)*

Segments

The First Nation conducts its business through 10 reportable segments as reported below. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The First Nation's segments are as follows:

Housing - reports on activities related to developing and sustaining on-reserve housing

Subsidized Housing - reports on CMHC subsidized housing

Community Wellness - reports on health and wellness programs funded by First Nations and Inuit Health

Governance and Administration - reports on governance and administration activities

Economic Development - reports on services that facilitate economic development

Education - reports on the operations of education programs

Community Infrastructure - includes activities for the development of the First Nation's infrastructure

Fundraising - reports on activities related to fundraising activities

Social - reports on social assistance programs

Economic Enterprises - reports on revenue and expenses associated with activities through controlled organizations

Liability for contaminated sites

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2018.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized are accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

The First Nation's accounting for contaminated sites is explained further in Note 12.

Employee future benefits

The First Nation's employee future benefit program consist of a defined contribution pension plan. The First Nation's contributions to the defined contribution plan are expensed as incurred.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

2. Significant accounting policies *(Continued from previous page)*

Changes in accounting policies

Effective April 1, 2017, the First Nation adopted new accounting policies in accordance with recent changes to the Canadian Public Sector Accounting Standards, as outlined below:

- PS 2200 *Related Party Disclosures*
- PS 3420 *Inter-entity Transactions*
- PS 3210 *Assets*
- PS 3320 *Contingent Assets*
- PS 3380 *Contractual Rights*

Pursuant to the recommendations, the changes in accounting policies were applied prospectively, and prior periods have not been restated. There was no material impact on the consolidated financial statements as a result of these changes in accounting policies.

3. Investments

Investments include a \$2,000,000 investment in a redeemable guaranteed investment certificate earning interest at 1.45% with a maturity date of February 12, 2019 and a \$25,000 (2017 - \$24,771) redeemable guaranteed investment certificate earning interest at 0.20% with a maturity date of July 6, 2018.

| Allowance for doubtful accounts (GST) | (247,883) | (147,883) |
| | 931,404 | 2,441,021 |

Funds held by Shawano Wapunong Building Inc. are on deposit at an interest rate of 5% per annum. Shawano Wapunong Building Inc. is owned by the eight Southeast First Nations in Manitoba and invests in commercial real estate in Winnipeg, Manitoba.

5. Investment in Government Business Partnership

Investment in Government Business Partnership represents a one-seventh ownership interest in the South Beach Casino Limited Partnership which was formed to operate a casino and hotel on the Brokenhead Ojibway Nation land at Scantebury, Manitoba.

6. Restricted cash

| | 2018 | 2017 |
|---|------------------|-------------|
| Ottawa Trust | 28,775 | 27,301 |
| CMHC Replacement Reserve | 250,810 | 250,810 |
| First Nations Finance Authority debt reserve fund | 114,287 | 111,708 |
| Funds held in trust by construction contractor | 1,471,033 | - |
| | 1,864,905 | 389,819 |

Ottawa Trust

The Ottawa Trust Funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act. Revenue from the Ottawa Trust is recognized in the year in which it is earned when it is measurable and collection reasonably assured. Capital and revenue trust is transferred to the First Nation on the authorization of the Minister of Indigenous Services Canada, with the consent of the First Nation's Chief and Council.

Capital Trust \$77 (2017 - \$77) (2018 interest revenue - \$0; 2017 interest revenue - \$0)

Revenue Trust \$28,698 (2017 - \$27,224) (2018 interest revenue - \$1,759; 2017 interest revenue - \$1,620)

CMHC Replacement Reserve

As required as part of the First Nation's CMHC Housing Program, a separate bank account has been established for replacement of capital equipment and for major repairs to the houses. Under the terms of the agreement with Canada Mortgage and Housing Corporation (CMHC), the replacement reserve must either be held in a separate bank account or invested in accounts or instruments secured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time.

The First Nation is not in compliance with its agreement with CMHC. The agreement requires the First Nation to maintain a separate bank account or investments to fund the full amount of the CMHC replacement reserve. At year end the required replacement reserve balance was \$551,924 (2017 - \$488,019), but the amount in the designated bank account was \$250,810 (2017 - \$250,810), representing an underfunded portion of \$301,114 (2017 - \$237,209).

First Nations Finance Authority debt reserve fund

Pursuant to the financing arrangement that the First Nation has entered into with First Nations Finance Authority, amounts are held in trust by the First Nations Finance Authority to cover any unexpected defaults in the required monthly loan payments. During the year, the First Nation earned interest of \$2,579 (2017 - \$976) on the cash restricted in this debt reserve fund.

Funds held in trust by construction contractor

Funds held in trust by a general construction contractor relate to revenue received from Indigenous Services Canada (ISC) that must be spent on to the First Nation's lagoon expansion.

9. Due to Province of Manitoba

In June 2011, the First Nation entered into an arrangement with the Province of Manitoba for the purpose of constructing cottage lot units and related commercial development on the east side of Lake Winnipeg. The Province of Manitoba provided the First Nation with financing in order to allow the First Nation to incur costs during the construction phase. This financing was issued to the First Nation without a loan agreement in place and without specified interest rates or terms of repayment. The Province of Manitoba and the First Nation are in negotiations to arrive at a loan agreement.

10. Demand loan payable

The First Nation's demand loan payable consists of an authorized loan to a maximum of \$4,669,000 which can only be used for specified purposes pertaining to a legal claim against the Government of Canada. The loan is secured by an assignment and redirection of \$4,669,000 from a successful legal settlement, a commercial litigation insurance policy, a security bond of indemnity and a general security agreement. The loan requires monthly payments of interest only at bank prime (3.45%) plus 0.50%.

The demand loan is repayable in full on the earlier of:

- a) receipt of funds pursuant to a settlement, judgement or order relating to the First Nation's claim or
- b) July 31, 2022

The First Nation expects to settle this demand loan payable through funds obtained by either a successful legal settlement with the Government of Canada or through an insurance policy in the case of an unsuccessful legal settlement. No assets have been recorded in these financial statements with respect to potential future settlement proceeds.

| | 7,617,432 | 8,027,991 |

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

11. Long-term debt *(Continued from previous page)*

All CMHC mortgages are secured by a Ministerial guarantee and assignment of fire insurance.

Subsequent to year-end, 3 of the mortgages with CMHC were subject to renewed loan terms, as follows:

CMHC Mortgage #2 was renewed with required payments of \$2,319 per month including interest at 2.50%, maturing September 2027, with a scheduled renewal date of May 2023.

CMHC Mortgage #5 was renewed with required payments of \$6,012 per month including interest at 2.48%, maturing April 2033, with a scheduled renewal date of June 2023.

CMHC Mortgage #11 was renewed with required payments of \$2,834 per month including interest at 2.48%, maturing June 2038, with a scheduled renewal date of June 2023.

Principal repayments on long-term debt in each of the next five years, assuming long-term debt subject to refinancing is renewed, are estimated as follows:

| | |
|------|-----------|
| 2019 | 420,000 |
| 2020 | 429,000 |
| 2021 | 435,000 |
| 2022 | 442,000 |
| 2023 | 450,000 |
| | <hr/> |
| | 2,176,000 |
| | <hr/> |

12. Contingencies

The First Nation is subject to funding recoveries according to their agreements with federal government agencies. At year end, it was not yet determined to what extent any funding amounts related to the year ended March 31, 2018 might be recovered by these federal agencies.

At March 31, 2018, the First Nation has determined that some contaminated sites exist. However, no determination has been made as to whether the contamination exceeds an environmental standard that the First Nation is required to comply with. Also, the First Nation does not consider themselves to be responsible and have not accepted responsibility. As a result, no liability regarding the contaminated sites is recorded in these financial statements. If and when it is determined that a liability exists, the liability will be recorded in the period in which such a determination is made, in accordance with the accounting policy described in Note 2.

As disclosed in Note 9, the Province of Manitoba has provided the First Nation with interim financing in order to facilitate the initial costs pertaining to the development of cottage lot units and related commercial development. The financing was provided without a loan agreement in place and without specified interest rates or repayment terms. Management has determined that it is unlikely that any amounts to be repaid to the Province of Manitoba, including any interest charges, will exceed the carrying value recorded on the statement of financial position as at March 31, 2018.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

13. Compliance with laws and regulations

Black River First Nation Financial Administration Law

On January 15, 2015, the Chief and Council enacted the Black River First Nation Financial Administration Law (the "FAL") in order to govern the financial administration of the First Nation. Included in the FAL is a provision that the law will come into force exactly 36 months after the date in which the First Nation obtains loan financing from the First Nations Finance Authority. The First Nation obtained loan financing from the First Nations Finance Authority on July 23, 2015 and needed to comply by July 23, 2018. The First Nation is not in compliance with all of the requirements of the Finance Administration Law. The results of this non-compliance have not yet been determined.

First Nations Financial Transparency Act

The First Nation was required to post its consolidated financial statements on a website and submit the consolidated financial statements to ISC by July 29, 2018. Since the audit report date is dated after this date, the First Nation has not complied with this requirement. The possible effect of this non-compliance has not yet been determined. The First Nation fully intends to post its consolidated financial statements on a website upon release of these consolidated financial statements.

The Manitoba Environmental Protection Act

The Manitoba Environmental Protection Act sets out the regulatory requirements to properly close and maintain active and inactive landfill sites. Under this environmental law, there is a requirement for closure and post-closure care of solid waste sites including covering and landscaping and ongoing environmental monitoring, site inspection and maintenance.

As directed by PS 3270, a liability must be recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability for closure and post-closure care is recognized as the site capacity is used to the extent of the proportion of site capacity used compared to the estimated total expenditure required for closure and post-closure care.

The estimated total expenditure represents the sum of discounted future cash flows associated with closure and post-closure care considering current technology, the length of the post-closure care period and current environmental regulations. Expenditures that relate to an existing condition caused by past operations, and which do not contribute to future asset service potential, are expensed in the current year.

At year-end, the extent to which the First Nation is bound by environmental laws of The Manitoba Environmental Protection Act was not determinable, and therefore, no liability has been recorded in these financial statements.

14. Segment information on tangible capital assets

Tangible capital assets are assigned to the First Nation's segments in accordance with management's determination, as to the activities and services that will be facilitated as a result of ongoing ownership of the assets. The net book value of tangible capital assets assigned to each segment is as follows:

| | 2018 | 2017 |
|-------------------------------|----------------|----------------|
| Subsidized Housing | 4,411,137 | 4,822,217 |
| Other Housing | 2,314,867 | 2,471,412 |
| Housing | 6,726,004 | 7,293,629 |
| Education | 6,767,564 | 7,476,359 |
| Governance and Administration | 1,171,310 | 1,278,095 |
| Community Infrastructure | 8,226,205 | 8,804,814 |
| Other | 16,165,079 | 17,559,268 |
| | 22,891,083 | 24,852,897 |

| Ottawa Trust | 28,775 | 27,301 |
| Accumulated costs of legal claim | (2,653,817) | (2,135,417) |
| Accumulated surplus from operations | 328,203 | 378,328 |
| | 21,797,105 | 19,691,325 |

17. ISC revenue reconciliation

| | 2018 | 2017 |
|---|------------------|-----------|
| ISC revenue per funding agreement | 8,963,051 | 4,221,360 |
| ISC revenue recognized in consolidated financial statements | 8,963,051 | 4,221,360 |

18. FNIH revenue reconciliation

| | 2018 | 2017 |
|--|------------------|-----------|
| FNIH revenue per funding agreement | 1,982,393 | 1,510,708 |
| FNIH revenue recognized in consolidated financial statements | 1,982,393 | 1,510,708 |

19. Related party transactions

Income from Government Business Partnership of \$794,519 (2017 - \$732,261) was earned from the South Beach Casino Resort Limited Partnership (the Partnership). The Partnership is related to the First Nation as described in Note 5.

The First Nation paid \$120,307 (2017 - \$133,914) to Moppa's Store in tobacco tax rebates, in accordance with an agreement entered into between the owner of the store and the Chief and Council. Moppa's Store is an on-reserve convenience store owned by the Chief of the First Nation.

These transactions were measured at the exchange amount which is the amount of consideration established and agreed to by the related parties.

Black River First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

20. Subsequent event

Subsequent to year-end, an employee alleged wrongful dismissal from the First Nation and filed a statement of claim against the First Nation. The dismissal and the statement of claim both occurred subsequent to year-end. Neither the likelihood or the magnitude of the outcome is estimable at this time.

21. Economic dependence

The First Nation receives a significant portion of its revenue from Indigenous Services Canada ("ISC") and First Nations and Inuit Health ("FNIH"). The revenue is provided as a result of Treaties entered into with the Government of Canada. These treaties are administered by ISC and FNIH under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these Treaties.

22. Defined contribution pension plan

The First Nation has a defined contribution pension plan covering all full-time employees in the Education segment. The First Nation remits monthly contributions to the administrator of the plan and remittances were current at year-end.

23. Budget information

The disclosed budget information has been approved by the Chief and Council of the First Nation at the meeting held on March 13, 2018.

24. Comparative figures

Certain of the prior year comparative figures have been reclassified to conform to current year presentation.
