Management Responsibility Statement

The management of Brokenhead Ojibway Nation is responsible for preparing the financial statements, the notes to the financial statements and other financial information contained in this annual report.

Management prepares the financial statements in accordance with Canadian Public Sector Accounting Standards. The financial statements are considered by management to present fairly the management's financial position and results of operations.

Brokenhead Ojibway Nation, in fulfilling its responsibilities, has developed and maintains a system of internal accounting controls designed to provide reasonable assurance that management assets are safeguarded from loss or unauthorized use, and that the records are reliable for preparing the financial statements.

The financial statements have been reported on by Pinnacle CPAs LLP, Chartered Professional Accountants, the Nation's auditor. The report outlines the scope of the examination and the opinion on the financial statements.

Independent Auditor's Report

To the Members of
Brokenhead Ojibway Nation

We have audited the accompanying financial statements of Brokenhead Ojibway Nation, which comprise the consolidated statement of financial position as at March 31, 2017, and the consolidated statement of operations and accumulated surplus, statement of changes in net financial assets and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Nation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

Independent Auditor's Report, continued

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Brokenhead Ojibway Nation as at March 31, 2017, and its financial performance, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

1. Nature of operations

The Brokenhead Ojibway Nation (the "Nation") is located in the province of Manitoba, and provides various services to its members. The Brokenhead Ojibway Nation financial reporting entity includes all related entities which are accountable to the Nation and are either owned or controlled by the Nation.

2. Basis of consolidation

These financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity, except for government business enterprises. Trusts administered on behalf of third parties by Brokenhead Ojibway Nation are excluded from the Nation reporting entity.

The Nation has consolidated the assets, liabilities, revenue and expenses of the following organizations and departments:

- Brokenhead Ojibway Nation Housing Authority ("Housing Authority")
- Brokenhead Entertainment Centre ("Entertainment Centre")
- Brokenhead Community Store Ltd. ("Store")
- Wavers of Brokenhead Ltd. ("Wavers")
- Mom's Seed Home ("Seed Home")
- Baaskaandibewizibii Trust ("Trust")
- BON Communications Ltd.
- Brokenhead Gaming Commission
- BON Limited Partnership
- Brokenhead Grocery Ltd. ("Grocery")
- BON Pharmacy Ltd. ("Pharmacy")

All inter-entity balances and transactions have been eliminated on consolidation.

Brokenhead Ojibway Nation business entities, owned or controlled by the Nation's Council but not dependent on the Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under this method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to that of the Nation. Thus, the Nation's investment in these entities is initially recorded at acquisition cost and adjusted for the proportionate share of post-acquisition earnings, losses and distributions. Entities accounted for under this method include BON Development Corporation.

BON Development Corporation (formerly 4667141 Manitoba Ltd.) owns 100% of the shares of B.O.N. Ltd, the general partner of the BON Limited Partnership which was formed for the purpose of facilitating business and economic development within the community, which includes the operation of a casino for the benefit of the Nation. Baaskaandibewizibii Trust was established to be the limited partner of the BON Limited Partnership. Brokenhead Grocery Ltd., Brokenhead Community Store Ltd., and Wavers of Brokenhead Ltd. are wholly-owned subsidiaries of BON Development Corporation. BON Pharmacy Ltd. is 100% owned by Brokenhead Ojibway Nation with shares held in trust by Chief and Council.

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual method recognizes revenue as they become available and measurable. Expenses are recorded as they are incurred and measurable as a result of the receipt of goods and services and the resulting legal obligation to pay for such goods and services.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS

March 31, 2017

3. Significant accounting policies

These financial statements are prepared in accordance with Canadian public sector accounting standards. The significant accounting policies adopted by the Nation include the following:

(a) Basis of presentation

The Nation carries on its business through its own divisions, subsidiaries, associated businesses, partnerships and joint ventures. The accounts of its' subsidiary entities and companies are consolidated with those of the Nation.

(b) Cash

Cash consists of balances with financial institutions and any marketable securities or short term investments with maturities of 90 days or less. Any cash that is subject to restrictions that prevent its use for current purposes is disclosed separately as restricted cash when applicable.

(c) Inventory

Inventories are measured at the lower of cost and net realizable value, with cost being determined using the weighted average method. Net realizable value is the estimated selling price in the ordinary course of business, less any applicable variable selling costs.

The cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The costs of purchase comprise the purchase price, import duties and non-recoverable taxes, and transport, handling and other costs directly attributable to the acquisition of finished goods, materials or services.

Inventories are written down to net realizable value when the cost of inventories is not estimated to be recoverable. When the circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the amount of the write-down is reversed (the reversal is limited to the amount of the original write-down).

(d) Tangible capital assets

Tangible capital assets are recorded at cost. The Nation provides for amortization using the following methods at rates designed to amortize the cost of the tangible capital assets over their estimated useful lives. The annual amortization rates and methods are as follows:

Buildings	Straight-line	25 years
Equipment	Straight-line	1 - 20 years
Vehicles	Straight-line	5 - 20 years
Paving	Straight-line	15 years
Infrastructure	Straight-line	20 years
Office equipment	Straight-line	5 years
Housing	Straight-line	20 - 25 years
Computer equipment	Straight-line	5 years
Security system	Straight-line	5 years
Store equipment	Straight-line	5 years
Signage	Straight-line	5 years

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

3. Significant accounting policies, continued

(d) Tangible capital assets, continued

The estimated useful lives of assets are reviewed by management and adjusted if necessary.

(e) Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the accounting policies disclosed herein.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset exceeds the value of future economic benefits associated with the asset. Impairment is measured as the amount by which the asset's carrying amount exceeds the residual value of the asset's service potential to the Nation. Any impairment is included in the statement of operations.

(f) Capital lease obligations

Assets financed by obligations under capital lease are recorded at their value at the inception of the lease with the principal portion of the rental obligation recorded as a long-term liability. Amortization is recorded as outlined in note 10 and the interest portion of the lease payments is expensed as incurred.

(g) Financial instruments

The Nation's financial instruments consist of cash, accounts receivable, restricted cash, investment in government business enterprises, investments, bank indebtedness, accounts payable and accruals, and long term debt. Unless otherwise noted it is management's opinion that the Nation is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

(h) Management estimates

The preparation of financial statements in accordance with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period.

Key areas where management has made complex or subjective judgments (often as a result of matters that are inherently uncertain) include, among others, allowance for doubtful accounts as it applies specifically to credit sales; provisions for slow moving or obsolete inventory; provisions for noncollection as it relates to rental amounts receivable, and amortization based on the estimated useful lives of tangible capital assets. Actual results could differ from these and other estimates, the impact of which would be recorded in future periods.

(i) Prior year's figures

Prior year's figures have been restated, where applicable, to conform to current year's presentation.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

3. Significant accounting policies, continued

(j) Related parties

Related party transactions are in the normal course of operations and have been measured at the exchange amount which is the amount of consideration established and agreed to by the related parties.

(k) Revenue recognition

Government transfer revenue which includes funding from Indigenous and Northern Affairs Canada (INAC), First Nations and Inuit Health (FNIHB), Canada Mortgage and Housing Corporation (CMHC), First Peoples Development Inc. (FPDI), and Public Safety Canada is recognized as the funding becomes receivable under the terms and conditions of the respective funding agreements. Any funding received under funding arrangements that relate to future fiscal periods are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt and recognized as revenue in the year to which it was originally designated. Funding that is restricted for any particular purpose is deferred and recognized when the eligible expenses have been incurred.

The Nation recognizes video lottery terminal revenue on a daily basis as the net winnings from gaming activities (defined as the difference between gaming wins and gaming losses), which consists of slot machines. Gaming revenue is net of commissions paid to the Liquor and Gaming Authority of Manitoba. Management believes that it is appropriate to present these commissions net of gaming revenue as these amounts are fixed as per agreement with the Liquor and Gaming Authority of Manitoba.

Sales are recognized when the goods are sold or services provided (normally at point of sale) and collection is reasonably assured.

Rent revenue and lease revenue are recorded in the year they are earned. At the end of each year, management evaluates the extent of the collectibility of its rent and lease revenue and records a bad debt expense as a current year charge with a corresponding allowance for doubtful accounts. Any future collections of amounts designated as uncollectible are recognized in the year of collection.

Tobacco and fuel tax rebates are recognized when the rebates have been earned from the Province of Manitoba.

Investment and interest revenue is recognized on an accrual basis in the period generated.

All other types of revenues are recognized by the Nation when the services are provided or the goods are shipped.

(l) Net financial assets (debt)

The Nation's consolidated financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets of the Nation are determined by its financial assets less its liabilities. Net financial assets are comprised of two components namely non-financial assets and accumulated surplus.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

3. Significant accounting policies, continued

(m) Non-financial assets

Tangible capital assets are accounted for as non-financial assets because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the Nation unless they are sold.

(n) Recent accounting pronouncements and standards not yet adopted

Financial instruments

In June 2011, the Public Sector Accounting Board (PSAB) issued PS 3450 Financial Instruments to establish standards for recognition, measurement, presentation and disclosure of financial assets, financial liabilities and non-financial derivatives. As a result of the issuance of PS 3450 there have been numerous consequential amendments made to other Sections. PS 3450 is effective for fiscal years beginning on or after April 1, 2016 for governments and departments of governments.

PS 3450 is applied prospectively in the fiscal year of adoption; therefore restatement of prior period consolidated financial statements including associated comparative information are not restated. Management has determined that the adoption of these standards do not have a material impact on its consolidated financial statements.

(o) Contributed services

Volunteers contributed time to assist the Nation in carrying out its various programs and community events. Because of the difficulty of determining their fair value, contributed services are not recognized in the consolidated financial statements.

(p) Employee future benefits

The Nation's employee future benefit program consists of a defined contribution pension plan. Contributions by the Nation to the plan are expensed as incurred.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

3. Significant accounting policies, continued

(q) Investments

Short-term investments are recorded at the lower of cost and market value for investments where fair market value is readily obtainable. If there is an other than temporary decline in value, the investments are written down to provide for the loss.

The Nation's investment in companies in which they holds significant influence but not more than 50% are accounted for using the modified equity method. Under this method, the Nation's share of the investee's income and retained earnings is recognized up to the end of the investee's fiscal year on a proportionate basis.

Other long-term investments in entities that are not owned, controlled or significantly influenced by the Nation are carried at cost. If there is an other than temporary decline in value, these investments are written down to provide for the loss.

All other investments are recorded at cost.

(r) Construction in progress

Construction in progress represents costs incurred for construction of assets that are not yet available of use and no amortization is recorded during the year the assets are under construction.

(s) Funds held in the Ottawa Trust Fund

Funds held in trust on behalf of Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the consolidated statement of financial position as a component of restricted cash. These trust monies consist of:

- Capital trust monies derived from non-renewable resource transactions on the sale of land or other Nation tangible capital assets; and
- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

3. Significant accounting policies, continued

(I) Segment information

The Nation conducts its business and activities through eleven reportable segments. These operating segments are established by senior management and approved by Chief and Council to facilitate the achievement of the Nation's long term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent amounts that are directly attributable to the segment.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the significant accounting policies.

The Nation's segments are differentiated by the major activities or services they provide:

- i) Ottawa Trust - revenue allocated to the fund and transfers to other segments.
- ii) Band Governance - administration and governance activities.
- iii) Social Assistance - social program activities.
- iv) Land Management - activities for the development of the Nation's land.
- v) Housing - activities related to the development and sustainment of community housing, excluding subsidized housing.
- vi) Subsidized Housing - activities related to the development and sustainment of community housing subsidized by CMHC.
- vii) Community Infrastructure - activities for the maintenance of the community and its infrastructure.
- viii) Education - operations associated with education programs.
- ix) Community Wellness - activities related to health and wellness.
- x) Economic Development - band programs other than economic enterprises not funded by INAC or FNIH.
- xi) Economic Enterprises - economic enterprises not funded by INAC or FNIH, including its commercial operations.

6. Restricted cash, continued

CMHC replacement reserve

As required under the Nation's agreement with the Canada Mortgage and Housing Corporation, a separate bank account has been established to hold funds intended for the replacement of capital equipment and major repairs to Nation-owned housing. Under the terms of this agreement, the replacement reserve must either be held in a separate bank account or invested in other accounts or financial instruments that are secured by the Canada Deposit Insurance Corporation or as approved by the CMHC. The Nation is currently in contravention of its major funding agreement with CMHC. At year end, the specified replacement bank accounts were underfunded by \$350,063 (2016 - \$399,494). Chief and Council have passed a Band Council Resolution to increase funding to the replacement reserve by \$299,125 over 60 months commencing February 2016.

Baaskaandibewiziibii Trust

The \$100 held in trust for the Baaskaandibewiziibii Trust represents the gold coin used to settle the trust.

Ottawa Trust

The Ottawa Trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act. Revenue from the Ottawa Trust is recognized in the year in which it is earned when it is measurable and collection is reasonably assured. Capital and revenue trust monies are transferred to the Nation on the authorization of the Minister of Aboriginal Affairs and Northern Development Canada, with the consent of the Nation's Chief and Council.

Case management	29,575	33,441
	<hr/> 532,156	<hr/> 415,170

16. Financial instruments

Financial instruments consist of recorded amounts of accounts receivable which will result in future cash receipts, as well as a demand loan, accounts payable and accruals and long-term payable and long-term debt which will result in future cash outlays.

The Nation manages its exposure to interest rate risk through a combination of fixed and floating rate borrowings. The fixed rate debt is subject to interest rate price risk, as the value will fluctuate as a result of changes in market rates. The floating rate debt is subject to interest rate cash flow risk, as the required cash flows to service the debt will fluctuate as a result of changes in market rates.

The Nation is exposed to the following risks in respect of certain of the financial instruments held:

(a) Fair value

The Nation's financial instruments include cash and cash equivalents, accounts receivable, bank indebtedness and accounts payable and accrued liabilities. The carrying value of these instruments approximates their fair value due to their short-term maturities.

(b) Interest rate risk

The company's exposure to interest rate fluctuations is with respect to the use of its bank revolving credits and demand instalment loan which bear interest at floating rates.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

17. Accumulated surplus

	2017	2016
Ottawa Trust	\$ 62,837	\$ 32,155
CMHC Replacement Reserves	585,865	558,186
Invested in tangible capital assets	10,153,056	10,007,173
Unrestricted	3,534,470	5,385,635
	<hr/> 14,336,228	<hr/> 15,983,149

18. Contingencies

The Nation has a potential liability of \$337,256 related to a repayment of funds to INAC. This amount has been accrued in the consolidated financial statements.

The Nation has been named as defendant in a lawsuit on behalf of Roy's Electric in which the plaintiff is seeking to recover damages allegedly sustained in the amount of \$62,247. There are many uncertainties associated with this lawsuit and it is currently not possible to predict the outcome of this suit or determine any amounts that may potentially be incurred as a result. Consequently no amounts have been recorded in the consolidated financial statements. Any amounts awarded as a result of this lawsuit will be recorded as a current year charge when reasonably determinable.

19. Economic dependence

The Nation receives a significant portion of its revenue from Indigenous and Northern Affairs Canada and from First Nations and Inuit Health. During the year, the Nation received 26.7% (2016 - 26.7%) of its revenue from these government agencies.

The revenue is provided as a result of Treaties entered into between the Nation and the Government of Canada. These treaties are administered by INAC and FNIH under the terms and conditions of the Indian Act. The ability of the Nation to continue operations is dependent upon the continued financial commitments by the Government of Canada as guaranteed by these Treaties.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS March 31, 2017

20. Management and service fees

Casino management fees of \$700,000 (2016 - \$650,000) and service fees of \$68,264 (2016 - \$52,288) were earned from the South Beach Casino Resort Limited Partnership (the "Partnership"). The Partnership is related to the First Nation as disclosed in Note 9.

These transactions were in the normal course of operations and measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

21. Defined contribution pension plan

The Nation has a defined contribution pension plan for its full-time employees. The Nation remits amounts due under its pension liabilities on a monthly basis. No amounts due under the plan requirements were in arrears at year end.

22. Provision for site rehabilitation

The Manitoba Environmental Protection Act stipulates the regulatory framework and requirements under which active and inactive landfill sites are maintained and/or closed. Under this environmental law, there is a requirement for closure and post-closure care of solid waste sites including landscaping and ongoing environmental monitoring, site inspection and site maintenance.

Under the requirements of PS 3270, a liability must be recognized when the landfill first accepts waste to the date the landfill ceases to accept waste. Any liability for closure and post-closure maintenance is recognized as the site capacity is as a proportion of site capacity utilized to date compared to estimated total closure and post-closure maintenance costs.

The estimated total expenditure represents the sum of discounted future cash flows associated with these maintenance costs and include consideration of current levels of technology, estimated length of post-closure care and current environmental regulations. Any expenditures that are incurred and relate to an existing condition that is linked to past operations and do not contribute to the future service potential of the landfill are treated as a current year charge to operations.

As at year end, the total extent to which the Nation is bound under the regulations of The Manitoba Environmental Protection Act was not determinable, and consequently no liability has been recorded in the consolidated financial statements.

BROKENHEAD OJIBWAY NATION

NOTES TO THE FINANCIAL STATEMENTS

March 31, 2017

23. Income taxes

As at March 31, 2017, the Nation had recorded \$125,601 (2016 - \$125,601) of of income taxes that have been assessed on the Baaskaandibewiziibii Trust by the Canada Revenue Agency. As at March 31, 2017 this matter had been appealed to the Tax Court of Canada and legal counsel has determined, in conjunction with Canada Revenue Agency, any amounts with the Department of Finance that may be assessed under the Income Tax Act for revenues generated within the Trust. Amounts have been accrued in these financial statements and any future adjustments will be recognized as a current year charge in the year of settlement. The amount remained outstanding as at year end pending additional instructions from legal counsel with respect to the structure of a new Trust for the Nation.

24. Comparative figures

Certain comparative figures have been reclassified from those previously presented to conform to the presentation of the 2017 financial statements. Indigenous and Northern Affairs Canada had issued instructions for the restatement of certain program schedules to conform with INAC internal reporting requirements and these schedules have not materially impacted the comparative financial information.
