Management's Responsibility for Financial Reporting

The accompanying consolidated financial statements of **BERENS RIVER FIRST NATION** and all the information in this annual report are the responsibility of management and have been approved by the Chief and Council of **BERENS RIVER FIRST NATION**. The preparation of periodic financial statements involves the use of estimates and approximations because the precise determination of financial information frequently depends on future events. The financial statements have been prepared by management within reasonable limits of materiality and within the framework of Canadian public sector accounting standards.

The First Nation maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the First Nation's assets are appropriately accounted for and adequately safeguarded.

The **BERENS RIVER FIRST NATION** Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the consolidated financial statements.

BDO Canada LLP, Chartered Accountants, as the First Nation's appointed external auditor, has audited the Consolidated Financial Statements. The Independent Auditor's Report is addressed to the Members and appears on the following page. Their opinion is based upon an examination conducted in accordance with Canadian audit standards, performing such tests and other procedures as they consider necessary to obtain reasonable assurance that the consolidated financial statements are free of material misstatement and present fairly the financial position and results of operations of the First Nation in accordance with Canadian public sector accounting standards. BDO Canada LLP has full and free access to the Council.

Independent Auditor's Report

To the Members of BERENS RIVER FIRST NATION

We have audited the accompanying consolidated financial statements of **Berens River First Nation**, which comprise the consolidated statement of financial position as at March 31, 2015 and the consolidated statements of operations, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the results of operations and cash flows and our unmodified opinion on the financial position.

Basis for Qualified Opinion on Results of Operations and Cash Flows

Due to weaknesses in internal controls over the reporting of cash-based revenue and expenditures in the Berens River Gaming Commission and Community Bingo operations the financial statements of these organizations were not susceptible of satisfactory audit verification. Accordingly, we were unable to verify the revenues and expenses recorded by these organizations or determine whether adjustments might be necessary to their revenues and expenditures for the year.

Qualified Opinion on the Results of Operations and Cash Flows

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion on Results of Operations and Cash Flows paragraph, the consolidated financial statements present fairly, in all material respects, the results of operations and its cash flows of BERENS RIVER FIRST NATION for the year ended March 31, 2015, in accordance with Canadian accounting standards for not-for-profit organizations.

Opinion on the Financial Position

In our opinion, the consolidated statement of financial position presents fairly, in all material respects, the financial position of BERENS RIVER FIRST NATION as at March 31, 2015 in accordance with Canadian public sector accounting standards.

BERENS RIVER FIRST NATION

Notes to Consolidated Financial Statements

For the year ended March 31, 2015

1. Nature of Entity and Summary of Significant Accounting Policies

Nature of Entity

The First Nation is a non-profit, non-taxable entity and is engaged in the social, cultural and economic development of First Nation citizens of Berens River First Nation.

Basis of Accounting

These financial statements were prepared using the accrual basis of accounting in accordance with Canadian Public Sector Accounting Standards. The accrual basis recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipts of goods or services and the creation of a legal obligation to pay.

Basis of Consolidation

The Berens River First Nation reporting entity includes the Berens River First Nation government and all related entities which are accountable to the First Nation and are either owned or controlled by Berens River First Nation.

These financial statements consolidate the assets, liabilities and results of operations for Berens River First Nation and use accounting principles which lend themselves to consolidation. All inter-entity balances have been eliminated on consolidation.

The following entities' results of operations are included in these financial statements:

Subsidiaries

Mee-Mee-Wee-Seepi Development Corporation	100% owned
Nipi Marine Service Ltd.	100% owned
Berens River Housing Authority Inc.	100% owned
Berens River Log Inn Inc.	100% owned

Unincorporated Departments

Berens River Community Bingo
Berens River Gaming Commission

BERENS RIVER FIRST NATION

Notes to Consolidated Financial Statements

For the year ended March 31, 2015

1. Nature of Entity and Summary of Significant Accounting Policies (continued)

Investments

These financial statements have been prepared using the modified equity method of consolidation for profit-oriented subsidiaries. The investment in the acquired companies is initially recorded at their cost. The results of operations of the acquired companies are included in the investment from the dates of acquisition. Under this method, government business enterprises' accounting policies, which follow Canadian generally accepted accounting principles for publicly accountable enterprises, are not adjusted to conform with Public Sector Accounting Standards and inter-entity transactions and balances are not eliminated.

The following subsidiary's results of operations are included in these financial statements under the modified equity method:

Pigeon River Contractors Ltd.	100% owned
-------------------------------	------------

The investment in the loan to the Shawano Wapunong Building Inc. is recorded at cost.

Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined, with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that the transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Financial Instruments

The First Nation's financial instruments consist of cash and bank, restricted cash, accounts receivable, long-term investments, bank indebtedness, accounts payable and accrued liabilities, and long-term debt. Unless otherwise noted, it is management's opinion that the First Nation is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

Inventory

Raw materials and supplies are stated at the lower of cost and replacement cost. Cost is generally determined on the first-in first-out basis.

BERENS RIVER FIRST NATION Notes to Consolidated Financial Statements

For the year ended March 31, 2015

1. Nature of Entity and Summary of Significant Accounting Policies (continued)

Replacement Reserves

The reserves are required by agreements with funders for the replacement of capital assets. This balance consists of a net accumulation of the levy on operations and expenditures paid for by the reserve since inception.

Tangible Capital Assets

Tangible capital assets are stated at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization based on the estimated useful life of the asset is recorded once the asset is available for productive use as follows:

Infrastructure	20 - 50 years straight-line basis
Buildings	20 - 40 years straight-line basis
Equipment	10 - 20 years straight-line basis
Automotive	10 years straight-line basis

Pension Plans

The First Nation also maintains defined contribution pension plans for its personnel. Expenses for this plan is equal to the First Nation's required contribution for the year.

Measurement Uncertainty

The preparation of financial statements in accordance with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future. Measurement uncertainty exists specifically in the determination of accounts receivable, useful life of capital assets and unexpended funding.

Restricted Cash

Restricted cash balances represent assets segregated for use for replacement reserves with CMHC and FNIHB operating agreements. Restricted cash also includes trust funds held by AANDC.

BERENS RIVER FIRST NATION

Notes to Consolidated Financial Statements

For the year ended March 31, 2015

1. Nature of Entity and Summary of Significant Accounting Policies (continued)

Liability for Contaminated Sites

Liabilities for remediation of a contaminated site are recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. At each financial reporting date, the First Nation reviews the carrying amount of any liability. Effective April 1, 2014, the First Nation adopted the recommendation relating to PS 3260, Liability for Contaminated Sites, as set out in the Canadian public sector accounting standards. Pursuant to the recommendations, the change was applied prospectively and prior periods have not been restated.

Upon adoption of the new recommendations, the First Nation is required to recognize a liability for contaminated sites when economic benefits will be given up. There was no effect on the consolidated financial statements of adopting this accounting policy.

2. Restricted Cash

Under the terms of the agreements with CMHC, the replacement reserve account is to be credited in the amount of \$61,580 annually. These funds, along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation (CDIC) or as may otherwise be approved by CDIC from time to time. The funds in the account may only be used as approved by CMHC. Withdrawals are charged to interest first and then principal. The restricted cash is comprised of the following:

	2015	2014
<u>Externally Restricted Reserves:</u>		
CMHC Replacement Reserve	\$ 97,490	\$ 35,906
AANDC Trust	74,213	69,609
	<u>\$ 171,703</u>	<u>\$ 105,515</u>

AANDC Funds Held in Trust

The restricted cash balance contains the surplus of monies held in trust for Berens River First Nation by the Department of Aboriginal Affairs and Northern Development Canada. The change in the trust balance during the year was as follows:

	2015	2014
Trust balance, beginning of year	\$ 69,609	\$ 68,684

- (i) During the prior year, AANDC reconciled all the amounts owing to the First Nation for prior year education amounts and the First Nation entered into an agreement with Frontier School Division to have all tuition and student transportation costs paid directly by AANDC. As a result of such agreements, education funding that was previously recorded as due from AANDC in the fiscal years ending March 31, 2010 to current was reversed as it was determined to be no longer receivable by the First Nation. In addition, in the prior year due to the agreement with Frontier, some of the amounts removed from the First Nation's records became directly payable to Frontier for previous year costs as the First Nation had not been previously reimbursed for those costs.

The replacement reserve balance consists of a net accumulation of the levy on operations, recoveries collected and expenditures paid for by the reserve since inception in accordance with the agreement with Canada Mortgage and Housing Corporation. The First Nation plans to fund the replacement reserve by making monthly deposits of \$5,132 into the replacement reserve bank account.

13. Accumulated Surplus

The First Nation segregates its accumulated surplus in the following categories:

	2015	2014
Investment in tangible capital assets	\$ 18,389,957	\$ 19,913,612
Current Funds (deficit)	(2,813,288)	(4,313,512)

MAR	145,675	123,305
	<u>\$ 16,309,117</u>	<u>\$ 16,241,748</u>

14. Defined Contribution Pension Plan

The expense for the First Nation's pension plan for the year was \$51,008 (\$63,872 in 2014). The plan is funded equally by the organization and the First Nation's employees at rates of 3.0% to 5.5% of the employee's salary. The funds are invested in mutual funds as directed by the First Nation's individual employees' investment directives.

BERENS RIVER FIRST NATION

Notes to Consolidated Financial Statements

For the year ended March 31, 2015

15. Contingent Liabilities

The First Nation is contingently liable for \$824,182 in unapproved social services expenditures owing back to Aboriginal Affairs and Northern Development Canada. These expenditures arose in the ordinary course of operations in the 1990's. In the opinion of management, the outcome of the reconciliations, now pending, is not determinable. Should any loss result from the resolution of these claims, such loss will be charged to operations in the year of resolution.

The First Nation is contingently liable for \$645,000 in rehabilitation costs related to its landfill. The First Nation is funded annually for O&M costs for the operation of the landfill. If grants are not received for these costs, the First Nation will be required to fund the landfill rehabilitation from its operating funds.

Berens River First Nation holds two quarry leases in relation to the work performed by Pigeon River Contractors Ltd. As the leases are in the name of the First Nation, they are liable for any rehabilitation costs related to these sites. Rehabilitation fees are paid to the Province of Manitoba for these costs when material is removed from the quarry. These fees are placed in a trust account and are to be used in the future to rehabilitate the sites upon closure. There is the potential that additional monies would be required to rehabilitate the quarries but we are unable to determine the additional costs, if any, that may be required. As a result, no payables related to these costs have been recorded in the First Nation's records.

The First Nation, in the course of its operations, is subject to lawsuits. As a policy, management will accrue for losses in instances where it is probable that liabilities will be incurred and where such liabilities can be reasonably estimated. At present, management has no reason to believe that there are any lawsuits outstanding, the resolution of which, may have a significant impact on the First Nation's financial position.

16. Commitment

The First Nation operates its Education sub-office under leased premises. Contractual obligations in respect of the lease for the premises require the monthly payment of a basic rent charge and an additional rent charge for estimated operational costs. The operational costs are estimated by the lessor each year and are expected to vary from year to year. The following are the minimum basic rent charges for the next three years:

2016	\$	43,582
2017		43,810
2018		9,127

17. Comparative Figures

Certain of the prior year's figures have been reclassified to conform with the current year's presentation.

18. Budget

The Management Action Plan (Budget) adopted by Council was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards now require a full accrual basis. The budget figures anticipated use of surpluses accumulated in previous years to reduce current year expenditures in excess of current year revenues to \$nil. In addition, the budget expensed all tangible capital expenditures rather than including amortization expense. As a result, the budget figures presented in the statements of operations and change in net debt represent the Financial Plan adopted by Council with adjustments as follows:

Management Action Plan (Budget) surplus for the year	\$ 1,586,540
Less: Internally generated expenses not eliminated in budget	(253,718)
Less: Amortization of tangible capital assets	<u>(1,973,971)</u>
Budget surplus per statement of operations	<u>\$ (641,149)</u>

19. Supplementary Cash Flow Information

The total interest paid on cash basis for the year was \$380,425 (\$367,566 in 2014). The difference between the cash flow and the related amount recognized in the statement of operations of \$31,787 (\$48,401 in 2014) is due to the inclusion of bank charges and changes to interest accrued on overdue vendor payables in the total amount recognized.

20. Expense by Object

The following is a summary of expenses by object.
