AUDITORS' REPORT

To the Members of the Pine Creek First Nation:

We have audited the accompanying consolidated financial statements of the Pine Creek First Nation, which comprise of the statement of financial position as at March 31, 2018 and the statements of accumulated surplus (deficit), changes in net financial debt, statement of operations, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management's responsibility for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient to provide a basis for an audit opinion.

Opinion

In our opinion the financial statements present fairly, in all material respects, the financial position of the Pine Creek First Nation as at March 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

PINE CREEK FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

1. NATURE OF ENTITY

The Pine Creek First Nation is a community located near Camperville, Manitoba. The First Nation provides general government, education, protection, housing and health programs to the general membership through various First Nation departments and entity's. The First Nation receives program funding direct from Aboriginal Affairs and Northern Development Canada, the Canada Mortgage and Housing Corporation, First Peoples Development, and Health Canada and carries out programs within the community in accordance with the provisions set forth in the annual funding agreements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

(a) Reporting Entity and Principles of Financial Reporting

The First Nation's reporting entity includes the First Nation's government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation. These financial statements consolidate the assets, liabilities, and results of operations for the following entities:

Pine Creek First Nation
Pine Creek CMHC Housing
Pine Creek Employment Training and Daycare
Pine Creek Health Authority
Pine Creek VLT Operation
Pine Creek Red Sun Smoke Shop

All inter-entity balances have been eliminated for the purposes of consolidating all of the above entities. However, transactions between programs have not been eliminated in reporting the results of operations.

(b) Inventory

The Bison herd was not available at the year end date to conduct an inventory count, therefore, the animals are disclosed on the statement of financial position at the nominal amount of \$1. All other inventory has been recorded at cost using the FIFO method (First In, First Out)

(c) Replacement Reserve

The Replacement Reserve account is funded by an annual charge against earnings.

(d) Revenue Recognition

Funding received under the terms of agreements is recognized as revenue when the related expenses are incurred. Funding received but not yet expended is recorded as deferred revenue or a liability to the funding body depending upon the nature of the program revenue. Other revenue is recognized as it is earned.

PINE CREEK FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

(e) Long-Lived Assets

Long-lived assets consist of capital assets with finite useful lives. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset, or group of assets may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the asset's value. Impairment is measured as the amount by which the asset's carrying value exceeds its fair value. Any impairment is included in earnings for the year.

(f) Measurement Uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may vary from current estimates. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

(g) Inventory

Inventory is recorded at the lower of cost and fair market value using the First-In First Out method of accounting.

PINE CREEK FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

(g) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. Donated assets are recorded at their estimated fair value upon acquisition. Certain tangible capital assets for which historical cost information is not available have been recorded at current fair market values discounted by a relevant inflation factor. Certain assets are disclosed at a nominal value as the determination of current fair market value was not available.

General Tangible Capital Assets

Land	Indefinite
Land Improvements	10 to 30 years
Buildings and Leasehold Improvements	
Buildings	25 to 40 years
Leasehold Improvements	Life of lease
Vehicles and Equipment	
Vehicles	5 to 10 years
Machinery, Equipment and Furniture	5 to 20 years
Maintenance and Road Construction Equipment	20 years
Computer Hardware and Software	4 years

Infrastructure Assets

Transportation	
Land	Indefinite
Road Surface	20 years
Road Grade	20 years
Bridges	30 to 45 years
Water and Sewer	
Land	Indefinite
Buildings	25 to 40 years
Underground Networks	30 years
Machinery and Equipment	20 years

Certain assets which have historical or cultural value including works of art, historical documents as well as historical and cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of the future benefits associated with such property cannot be made. Intangibles, Crown lands that have not been purchased by the Community, forests, water, and other natural resources are not recognized as tangible capital assets.

PINE CREEK FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

(h) Financial Segment Reporting

The First Nation conducts its business through 10 reportable segments as reported below. These operating segments are established by senior management to facilitate the achievement to the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The First Nation's segments are as follows:

Governance and administration - reports on governance and administration activities

Social - reports on social assistance programs

Health - Reports on health and wellness programs funded by Health Canada

Housing - Reports on activities related to developing and sustaining housing, including CMHC subsidized housing

Economic Development - Reports on services that facilitate economic development

Education - Reports on the operations of education programs

Operations and Maintenance - Reports on general operations and maintenance programs in the First Nation

Training and Other - Reports on training and other activities

Inter-segment transfers are recorded at their exchange amount. The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the Significant Accounting Policies.

3. FINANCIAL INSTRUMENTS

The First Nation classifies its financial instruments into one of the following categories based on the purpose for which the asset was acquired or liability was incurred. The First Nation's accounting policy for each category is as follows:

Assets held-for-trading

Financial instruments classified as assets held-for-trading are reported at fair value at each balance sheet date, and any change in fair value is recognized in net income (loss) in the period during which the change occurs. Transaction costs are expensed when incurred. In these financial statements, cash and cash equivalents has been classified as held-for-trading. The carrying amount of these items approximates the fair value because of the short term maturity of these instruments.

PINE CREEK FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2018

3. FINANCIAL INSTRUMENTS - Continued

Available-for-sale investments

Financial instruments classified as available-for-sale are reported at fair value at each balance sheet date, and any change in fair value is recognized in net assets in the period in which the change occurs. All transactions related to marketable securities are recorded on a settlement date basis. In these financial statements, there are no assets classified as available for sale.

Held-to-maturity

Financial instruments classified as held-to-maturity are financial assets with fixed or determinable payments and fixed maturities that the organization's management has the positive intention and ability to hold to maturity. These assets are initially recorded at fair value and subsequently carried at amortized cost, using the effective rate method. Transaction costs are included in the amount initially recognized. In these financial statements, no assets have been classified as held-to-maturity.

Loans and receivables and other financial liabilities

Financial instruments classified as loans and receivables and other financial liabilities are carried at amortized cost using the effective interest method. Transaction costs are expensed when incurred.

In these financial statements, accounts receivable have been classified as loans and receivables. Accounts payable and amounts due to a related nation entity have been classified as other financial liabilities. The carrying value of these items approximates the fair value because of the short term nature of these instruments and because they are subject to normal credit terms.

Risk

The First Nation as part of its operations carries a number of financial instruments. It is management's opinion that the organization is not exposed to significant interest, currency or credit risks arising from these financial instruments.

12. ECONOMIC DEPENDENCE

The First Nation receives a significant portion of its revenues pursuant to a funding arrangement with the Government of Canada.

13. PRIOR YEAR ADJUSTMENT

During the course of the year the liability to Indigenous Services Canada was decreased by \$298,066. The result of this adjustment was a decrease in accounts payable of \$298,066 and an increase in the accumulated surplus of \$298,066.

14. PRIOR YEAR COMPARATIVES

Certain prior year figures have been reclassified to conform with the current year's presentation.
