STATEMENT OF RESPONSIBILITY

To the Members of Birdtail Sioux First Nation:

The accompanying financial statements of Birdtail Sioux First Nation are the responsibility of management and have been approved by the Chief and Council.

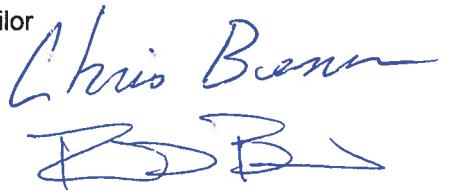

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting policies and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded, and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Birdtail Sioux First Nation Chief and Council are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and the external auditors. The Chief and Council are also responsible for recommending the appointment of the First Nation's external auditors.

Sensus Partnership of Chartered Accountants, is appointed by the Chief and Council on behalf of the Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Chief and Council and management to discuss their audit findings.

Councilor

Chris Benn

INDEPENDENT AUDITORS' REPORT

SENUS

To the Members of Birdtail Sioux First Nation:

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Birdtail Sioux First Nation, which comprise of the statement of financial position as at March 31, 2015 and the statement of operations, statement of changes in net debt, and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the First Nation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The First Nation receives revenues from sales from its General Store, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the First Nation and we were not able to determine whether any adjustments might be necessary to sales revenue, operating surplus, or accumulated surplus.

The First Nation's consolidated statement of operations and consolidated statement of changes in net debt do not present a comparison of the results for the accounting period with those originally planned, which constitutes a departure from Canadian public sector accounting standards.

In the prior year, houses were contributed to the First Nation. The First Nation has not recorded a value for all of these contributed assets on its statement of financial position and did not record the related contribution revenue in its statement of operations. We were unable to determine the extent of this error. Because the First Nation did not record the transactions associated with the contributed houses, the carrying value of tangible capital assets, contributions revenue, and accumulated surplus is understated.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of Birdtail Sioux First Nation as at March 31, 2015, and the results of its operations, changes in accumulated surplus, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Other Matters

The prior year figures were audited by another firm of Chartered Professional Accountants who expressed a qualified opinion in their report dated November 26, 2014.

BIRDTAIL SIOUX FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended March 31, 2015

1. OPERATIONS

The Birdtail Sioux First Nation (the "First Nation") is located in the Province of Manitoba, and provides various services to its members.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

Reporting entity

The Birdtail Sioux First Nation includes the First Nation government and all related entities that are either owned or controlled by the First Nation. Trusts administered on behalf of third parties by Birdtail Sioux First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Birdtail Sioux General Store
- Birdtail Sioux Housing Authority Inc.
- Birdtail Sioux First Nation Housing Authority
- 5503800 Manitoba Ltd.
- Birdtail Dakota Ltd.
- Birdtail Sioux First Nation Social Assistance Department
- Assiniboine Valley Cattle Ranch Inc.

All inter-entity balances and transactions have been eliminated on consolidation.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash

Cash includes balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Inventory

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the weighted-average cost method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling costs.

BIRDTAIL SIOUX FIRST NATION

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended March 31, 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund held in Ottawa Trust Fund

Funds held in trust on behalf of the First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in the accumulated surplus. Trust moneys consist of:

- Capital trust monies derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

Net debt

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprise a second indicator of financial position, accumulated surplus.

Non-financial assets

The First Nation's tangible capital assets and other non-financial assets are accounted for as asset because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible capital assets are recorded at their fair value at the date of contribution. Tangible capital assets are amortized over their estimated useful lives. In the year of acquisition, amortization is taken at one half of the rates below:

Buildings	declining balance	4%
Vehicles	declining balance	10%
Equipment	declining balance	4%
Infrastructure	declining balance	2.5%
Houses	straight line	25 years

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment is measured as the amount by which the assets' carrying value exceeds the residual value of the assets' service potential to the First Nation. Any impairment is included in the statement of operations for the year in which the asset becomes impaired.

BIRDTAIL SIOUX FIRST NATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
For the year ended March 31, 2015**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****Revenue recognition**

Government transfer revenue which includes Aboriginal Affairs and Northern Development, First Nations and Inuit Health, Canada Mortgage and Housing Corporation, and First Peoples Development Inc. is recognized as the funding becomes receivable under the term of applicable funding agreement. Funding received under funding arrangements that relate to a subsequent fiscal period is reflected as deferred revenue on the consolidated statement of financial position in the year of receipt and is recognized as revenue in the year to which it is designated. Funding that is restricted for particular purposes is deferred and recognized when the eligible expenses have been incurred.

Sales are recognized when the services are provided or the goods are shipped and subsequent collection is reasonably assured.

Rent revenue is recorded in the year they are earned. At the end of each year, management evaluates the extent of the collectability of its rent revenue and records a bad debt expense and an allowance for doubtful accounts for amounts designated as unlikely to be collected.

Provincial tax rebates are recognized when the rebates have been earned from the Province of Manitoba.

Off-reserve house sales are recognized when title to the property has transferred to the purchaser and collection is reasonably assured.

All other types of revenue are recognized by the First Nation when the services are provided or the goods are shipped.

Employee future benefits

The First Nation's employee future benefit program consists of a defined contribution pension plan. The First Nation's contributions to the defined contribution plan are expensed as incurred.

Financial instruments

Financial instruments include cash, accounts receivable, restricted cash, bank indebtedness, accounts payable and accruals, due to Summer Roads Development Group Ltd., due to 2992770 Manitoba Ltd., due to Aboriginal Affairs and Northern Development Canada, and long-term debt. Unless otherwise stated, it is management's opinion that the First Nation is not exposed to significant interest, currency, or credit risk arising from the financial instruments.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where necessary. Amortization is based on the estimated useful lives of the tangible capital assets. Deferred revenue is recorded based on management's analysis of the extent to which eligibility requirements have been met on government transfer revenue. Provisions for funding recoveries and site rehabilitation costs are recorded in accordance with management's estimates of future costs. Inventory is stated after provisions are made for slow-moving or obsolete inventory.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement uncertainty (continued)

These estimates are reviewed periodically, as adjustments become necessary, they are reported in the statement of operations in the period in which they become known.

Segments

These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions and to assess operational performance. For each report segment, revenue and expenses represent amounts that are directly attributable to the segment.

These segments are differentiated by the major activities or services they provide. The First Nation's segments are as follows:

Health

Activities include the delivery of programs to promote community-based health and to address environmental issues and non-insured health benefits.

Economic development

Benefits include greater use of land resources under the control of the community, better access to opportunities from land and resources beyond the control of the community, more and larger businesses and business opportunities within the community and a better economic environment.

Governance

Activities include the ban support administration function relating to decisions that define expectations, grant power, or verify performance consisting of decision-making and leadership processes.

Social assistance

Activities include satisfying the economic, social, and health related needs of members of the community who require assistance.

Infrastructure

Activities include the provision of residential housing opportunities for community members as well as planning, managing, and delivery of large scale infrastructure capital projects to the community.

Economic enterprises

Reports on the activities of economic enterprises including Assiniboine Valley Cattle Ranch Inc., 5503800 Manitoba Ltd., Birdtail Sioux General Store, and Birdtail Dakota Ltd.

Off-reserve housing

Activities include management and sale of rental housing that is off of the reserve.

Subsidized housing

Activities include provision of residential housing opportunities for community members.

Other

Activities include reporting transactions not included in the above segments.

Ottawa Trust

The Ottawa Trust funds arise from monies derived from capital or revenue sources as outlined in section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act. Revenue from the Ottawa Trust is recognized in the year in which it is earned when it is measurable and collection is reasonably assured. Capital and revenue trust monies are transferred to the First Nation on the Authorization of the Minister of Aboriginal Affairs and Northern Development Canada, with the consent of the First Nation's Chief and Council.

Capital Trust \$38,697 (2015 - lease revenue of \$0) (2014 - \$38,697)
 Revenue Trust \$2,039 (2015 - lease revenue of \$640 and interest revenue of \$2,325 less a transfer to the First Nation of \$29,780) (2014 - lease revenue of \$27,910 and interest revenue of \$944)

CMHC replacement reserve

As required as part of the First Nation's Canada Mortgage and Housing Corporation ("CMHC") Housing program, a separate bank account must be established for replacement of capital equipment and for major repairs to the houses. Under the terms of the agreements with CMHC, the replacement reserve must either be held in a separate bank account or invested in accounts or instruments secured by Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time.

The First Nation is not in compliance with its agreement with CMHC. The agreement requires that the First Nation maintain a separate bank account to fund the full amount of the CMHC replacement reserve. At year end a separate bank account had not been established by the First Nation.

7. DEFERRED REVENUE

Deferred revenue represents funding received from Aboriginal Affairs and Northern Development Canada for a wastewater feasibility study, for which the related services have yet to be provided. These amounts will be recognized as revenue in the fiscal year the services are provided. The prior year deferred revenue represents funding received from Aboriginal Affairs and Northern Development Canada that was to be used for band office renovations. As this project was never completed the funding is now shown as a liability back to Aboriginal Affairs and Northern Development Canada.

8. DUE TO SUMMER ROADS DEVELOPMENT GROUP LTD.

During the year ended March 31, 2008, Summer Roads Development Group Ltd. loaned money to the First Nation in order to facilitate the First Nation's purchase of property (land and building) in Foxwarren, Manitoba. The First Nation intends to use the property to operate a gaming centre. Amounts owed to Summer Roads Development Group Ltd. are unsecured, non-interest bearing and have no agreed upon terms of repayment.

9. DUE TO 2992770 MANITOBA LTD.

During the year ended March 31, 2009, the First Nation took possession of cattle and farm equipment for which the required payment as outlined in the purchase agreement was not provided to 2992770 Manitoba Ltd. Interest is being charged at a rate of prime.

10. DUE TO ABORIGINAL AFFAIRS AND NORTHERN DEVELOPMENT CANADA

Amounts due to Aboriginal Affairs and Northern Development Canada ("AANDC") relate to funding that AANDC has deemed to have not been spent on eligible expenditures. The amount owing is unsecured and future repayments will be in accordance with funding decisions of AANDC.

16. RELATED PARTY TRANSACTIONS

In the previous year, houses were contributed to the First Nation from Dakota Ojibway Tribal Council Housing Authority Inc. ("DOTCHA").

These contributed tangible capital assets were recorded at their fair value of \$2,734,094. Fair value was estimated through consideration of the proceeds from the subsequent sale of the houses by the First Nation to unrelated parties.

The First Nation also paid management fees to DOTCHA in the amount of \$37,250 (2014 - \$73,114) in exchange for property management services for houses owned on off-reserve urban land. These transactions were conducted in the normal course of operations and measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

DOTCHA is a not-for-profit organization jointly controlled by seven First Nations, including the Birdtail Sioux First Nation.

17. IMPAIRMENT OF TANGIBLE CAPITAL ASSETS

In the prior year the First Nation recognized the fact that certain machinery and equipment no longer hold future service potential to the First Nation. An impairment loss was recognized to reduce the carrying value of these items to \$0.

18. ECONOMIC DEPENDENCE

The First Nation receives a significant portion of its revenue from Aboriginal Affairs and Northern Development Canada ("AANDC") and First Nations and Inuit Health ("FNIH") as a result of treaties entered into with the Government of Canada. During the year, the First Nation received 50.8% (2014 - 48.2%) of its revenue from AANDC and 18.4% (2014 - 18.1%) of its revenue from FNIH.

These treaties are administered by AANDC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

19. SUBSEQUENT EVENTS

On September 4, 2015, a fire damaged the band office and its contents. This subsequently resulted in the filing of an insurance claim to which a final settlement amount has yet to be determined.

20. PROVISION FOR SITE REHABILITATION

As directed by PS 3270, a liability for closure and post-closure care of landfill sites must be recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability is to be recognized as the site capacity is used to the extent of the proportion of site capacity used compared to the estimated total expenditure required for closure and post-closure care. The estimated total expenditure represents the sum of discounted future cash flows associated with the required closure and post-closure care.

The First Nation operates and manages a landfill site. The requirements for closure and post-closure care of the landfill site are determined on the basis of environmental laws that the First Nation is subject to.

The Manitoba Environmental Protection Act sets out regulatory requirements to properly close and maintain active and inactive landfill sites. Under this environmental law, there is a requirement for closure and post-closure care of solid waste sites including covering and landscaping and ongoing environmental monitoring, sit inspection and maintenance. However, generally speaking, provincial environmental law does not apply to existing landfill sites on First Nation reserve land.

The Indian Reserve Waste Disposal Regulations of the Indian Act applies on First Nation land, and does not indicate any closure or post-closure requirements for landfill sites.

Therefore, no liability for landfill site closure and post-closure costs has been recorded in these financial statements.

21. DEFINED CONTRIBUTION PENSION PLAN

The First Nation has a defined contribution pension plan covering its full time employees. The First Nation remits its pension liabilities on a monthly basis. At year end the remittances were in arrears; however, were paid in full subsequent to year end.
