## Management's Responsibility

---

To the Chief and Council and Members of Long Plain First Nation :

The accompanying consolidated financial statements of Long Plain First Nation are the responsibility of management and have been approved by Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian Public Sector Accounting Standards and ensuring that all information in the annual report is consistent with the statements. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Chief and Council is responsible for overseeing management in the performance of its consolidated financial reporting responsibilities, and for approving the consolidated financial information included in the annual report. The Chief and Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP, an independent firm of Chartered Accountants, is appointed by the Chief and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and Council and management to discuss their audit findings.

## Independent Auditors' Report

---

To the Chief and Council and Members of Long Plain First Nation:

We have audited the accompanying consolidated financial statements of Long Plain First Nation, which comprise the consolidated statement of financial position as at March 31, 2014, and the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Long Plain First Nation as at March 31, 2014 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Other Matter*

Our audit was conducted for the purpose of forming an opinion of the consolidated financial statements taken as a whole. The information presented in supplemental schedules (3 -17) is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such supplemental information has been subjected only to auditing procedures applied in the audit of the basic financial statements, taken as a whole.

**1. Operations**

The Long Plain First Nation (the "Nation") is located in the province of Manitoba, and provides various services to its members. Long Plain First Nation includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

**2. Significant accounting policies**

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

***Reporting entity***

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business entities. Trusts administered on behalf of third parties by Long Plain First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Long Plain First Nation Tribal Council
- Long Plain First Nation Housing Administration
- Long Plain First Nation Housing C.M.H.C.
- Long Plain First Nation Non Insured Health Benefits
- Long Plain First Nation Health Services
- Long Plain First Nation Education Authority
- Long Plain First Nation Employment and Training
- Long Plain First Nation Post Secondary Education
- Long Plain First Nation Gaming Commission
- Long Plain Irrigation Management Company Ltd.
- Long Plain General Partner Inc.
- Long Plain First Nation Social Services

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Long Plain First Nation business entities, owned or controlled by the First Nation's Council but not dependent on the First Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Arrowhead Development Corporation
- 6089292 Manitoba Ltd. Partnership

**2. Significant accounting policies (Continued from previous page)**

***Basis of presentation***

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

***Cash resources***

Cash resources include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

***Tangible capital assets***

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

***Amortization***

Amortization for tangible capital assets is provided using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	Method	Rate
Buildings	straight-line	4 - 5 %
Buildings	straight-line	4 - 5 %
Housing	straight-line	2.5 - 4 %
Equipment	straight-line	10 - 20 %
Infrastructure	straight-line	4 %
Landfill	straight-line	4 %
Roads	straight-line	3 - 8 %
Water	straight-line	2.5 %
Utility Systems	straight-line	2.5 %
Automotive	straight-line	10 - 30 %
Skatepark	straight-line	2 %
Leasehold Improvements	straight-line	4 %
Playground	straight-line	20 %
Housing	straight-line	4 %
Equipment	straight-line	20 %
Infrastructure	straight-line	8 %
Roads	straight-line	3 %
Water	straight-line	2.5 %
Sewer	straight-line	2.5 %

***Asset classification***

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operation. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets, construction in progress, prepaid expenses and inventories of supplies.

***Long-lived assets***

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the asset's carrying amount. Impairment is measured as the amount by which the asset's carrying value exceeds its fair value. Any impairment is included in operations for the year.

**Long Plain First Nation**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2014*

---

**2. Significant accounting policies** *(Continued from previous page)*

***Funds held in Ottawa Trust Fund***

Funds are held in trust on behalf of Long Plain First Nation by the Government of Canada. Trust monies consist of:

- Capital trust monies derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

Due to measurement uncertainty, revenue related to the receipt of funds held in the Ottawa Trust Fund is recognized when received. These monies are reported on by the Government of Canada.

***Net debt***

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt is comprised of two components, non-financial assets and accumulated surplus (deficit).

***Revenue recognition***

***Government Transfers***

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

***Rental and Other Revenue***

Rental revenue is recognized over the rental term. Other revenues are earned from other services provided by the First Nation and are recognized at their fair value when the service has been provided.

Retail sales are recognized when the sale is made and the customer takes possession of the merchandise.

***Measurement uncertainty***

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable, and amounts due from related parties, are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Payable to funding agencies is based on anticipated repayment requirements; however, actual repayments will be determined upon funding agencies review of financial statements. These assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the operations in the periods in which they become known.

***Provision for site rehabilitation***

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. A liability is recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability for closure and post-closure care is recognized as the site capacity is used and is equal to a proportion of the estimated total expenditure required for closure and post-closure care. The estimated total expenditure represents the sum of discounted future cash flows associated with closure and post-closure care considering current technology, the length of the post-closure care period and current environmental regulations. Expenditures that relate to an existing condition caused by past operations, and which do not contribute to future revenue generation, are expensed in the current year.

No liability has been recorded as of March 31, 2014 as funding from government agencies will offset any costs associated with the closure of landfill sites.

**2. Significant accounting policies (Continued from previous page)**

**Recent accounting pronouncements**

**Liability for contaminated sites**

In June 2010, the Public Sector Accounting Board (PSAB) issued PS 3260 *Liability for Contaminated Sites* to establish recognition, measurement and disclosure standards for liabilities associated with the remediation of contaminated sites. The new section defines activities included in a liability for remediation, establishes when to recognize and how to measure a liability for remediation, and provides the related financial statement presentation and disclosure requirements.

PS 3260 is effective for fiscal years beginning on or after April 1, 2014. The First Nation has not yet determined the effect of the new section in its consolidated financial statements.

**Financial instruments**

Financial Instruments include cash, accounts receivable, restricted cash, bank indebtedness, accounts payable and accruals, advances from related parties, capital lease obligations and long-term debt. Unless otherwise stated, its management's opinion that the Nation is not exposed to significant interest, currency or credit risk arising from financial instruments. Unless otherwise stated, the book value of the Nation's financial assets and liabilities approximates their fair value due to the short-term maturities of the instruments. The fair value of the Nation's capital lease obligations and long-term debt are approximated by their carrying value as the terms and conditions of similar instruments are not materially different from those associated with the Nation's current capital lease obligations and long-term debt.

**Retirement benefits**

The First Nation has a defined contribution pension plan covering substantially all full-time employees. Contributions are discretionary, and are based on 3% of participants' contributions, up to a maximum of 5%. The First Nation follows the policy of funding retirement plan contributions as accrued. During the year the First Nation's contributions totalled \$89,571 (2013 - \$74,472).

The terms of the TD Canada Trust loans excluding the loans subject to Ministerial loan guarantees amounting to \$7,282,900 require that certain measurable covenants be met. As at August 28, 2014, it is possible the First Nation may fail to satisfy certain covenants at the next future compliance date. It is not known for certain whether the covenants have been violated as TD Canada Trust calculates and enforces covenants on a client specific basis and may utilise exceptions that are unknown at August 26, 2014. Failure to satisfy certain covenants may result in demand for repayment by the lender.

**14. Equity in CMHC Reserves**

Operating Reserves

The First Nation's CMHC Housing Program receives funding pursuant to the post 1997 - Fixed Subsidy Program. Any surpluses are externally restricted and reserved for future operating losses that relate to the operations of houses under this Program.

Replacement Reserve

As required as part of the First Nation's CMHC Housing Program, a replacement reserve has been established for replacement of capital equipment and for major repairs to the houses. The entire balance of \$652,116 in this replacement reserve is unfunded at March 31, 2014.

**15. Government transfers**

During the year, the First Nation recognized the following government transfers as per revenue confirmations:

	2014	2013
Aboriginal Affairs and Northern Development Canada - operational program funding	12,482,097	11,595,594

**16. Supplemental cash flow information**

During the year, interest paid was \$790,382 (2013 - \$921,220).

**17. Economic dependence**

Long Plain First Nation receives substantially all of its revenue from the Government of Canada as a result of treaties entered into with the Government of Canada. These treaties are administered by Aboriginal Affairs and Northern Development Canada under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

**18. Budget information**

Canadian public sector accounting (PSA) standards require the disclosure of budget information for comparison to the First Nation's actual revenue and expenses. The Nation's Housing Administration and Housing CMHC program's budgeted revenue and expenses, and deficit have not been reported in these financial statements. All other budgets shown in these financial statements have not been formally approved by Chief and Council through a band council resolution. While having no effect on reported revenue, expenses, and deficit, omission of this information is considered a departure from PSA standards.

**19. Comparative figures**

Certain figures on the 2013 consolidated financial statements have been reclassified to conform with the 2014 consolidated financial statement presentation.
