NOTES TO FINANCIAL STATEMENTS

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying consolidated financial statements of Canupawakpa Dakota Nation are the responsibility of management and have been approved by the Chief and Council.

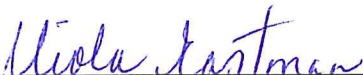

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Professional Accountants and as such include amounts that are the best estimates and judgments of management.

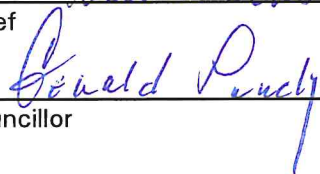

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Chief and Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The Chief and Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditors' report.

The external auditors, Baker Tilly HMA LLP, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of Canupawakpa Dakota Nation and meet when required.

INDEPENDENT AUDITORS' REPORT

To the Chief, Council and Membership
Canupawakpa Dakota Nation

Opinion

We have audited the accompanying consolidated financial statements of Canupawakpa Dakota Nation, which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations, consolidated statement of changes in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Canupawakpa Dakota Nation as at March 31, 2020, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of Canupawakpa Dakota Nation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing Canupawakpa Dakota Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Canupawakpa Dakota Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing Canupawakpa Dakota Nation's financial reporting process.

(continued.....)

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canupawakpa Dakota Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Canupawakpa Dakota Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Canupawakpa Dakota Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

CANUPAWAKPA DAKOTA NATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2020

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

REPORTING ENTITY

The Canupawakpa Dakota Nation reporting entity includes the Canupawakpa Dakota Nation (the "First Nation") government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation.

These consolidated financial statements combine the assets, liabilities and results of operations for the following entities which use accounting principles which lend themselves to combination:

- Canupawakpa Dakota Nation Government
- Canupawakpa Dakota Nation CMHC Housing Authority
- Canupawakpa Dakota Nation Health Services
- Canupawakpa Dakota Nation Gaming
- Canupawakpa Dakota Nation Employment and Training
- Canupawakpa Housing Authority Inc.

ASSET CLASSIFICATION

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, construction in progress and prepaid expenses.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, balances with banks net of bank overdrafts and term deposits having maturity of three months or less at acquisition which are held for the purpose of meeting short-term cash commitments.

INVENTORY

Inventory consists of tobacco products and confectionary items sold by the Gaming program. Inventory is valued at the lower of cost or net realizable value using the first in, first out method.

NET DEBT

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its liabilities less its financial assets. Net debt combined with non-financial assets comprises a second indicator of financial position, accumulated surplus.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2020

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)**TANGIBLE CAPITAL ASSETS*

Tangible capital assets are stated at cost and recorded in the capital assets. Social housing assets acquired under Canada Mortgage and Housing Corporation sponsored programs are amortized over their estimated useful lives at a rate equivalent to the annual principal reduction in the related long term debt. Amortization of tangible capital assets is recorded on a straight line basis at the following annual rates:

Buildings	4%	straight-line method
Vehicles	20%	straight-line method
Equipment	6.67%	straight-line method
Housing	4%	straight-line method
Land Improvements	2.5-4%	straight-line method
Roads	2.5%	straight-line method

Amortization is computed at one-half of the annual amortization in the year of acquisition.

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide goods or services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed tangible capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot reasonably be determined, in which case they are recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

SEGMENTS

The First Nation conducts its business through a number of reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

REVENUE RECOGNITION

All revenue is recorded on the accrual basis whereby amounts received or recorded as receivable but not earned by the end of the fiscal year are recorded as deferred revenue.

Funding received under the terms of contribution agreements with the federal government is recognized as revenue once eligibility criteria have been met. Funding is recorded as deferred revenue if it has been restricted by the federal government for a stated purpose, such as a specific program or the purchase of tangible capital assets. Deferred revenue is recognized in revenue over time as the recognition criteria are met.

FINANCIAL INSTRUMENTS

Financial instruments include cash, accounts receivable, accounts payable and accrued liabilities and long term debt. Unless otherwise stated, it is management's opinion that the First Nation is not exposed to significant interest, currency, or credit risks arising from these financial instruments. Unless otherwise stated, the carrying value of First Nation's financial assets and liabilities approximates their fair value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2020

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)**FAIR VALUE*

Due to the short term nature of all financial instruments other than long term debt and long term investments, the carrying value as presented in financial statements are reasonable estimates of fair value. Management has estimated fair value by reference to established financial markets. As is true for all estimates, actual fair value could differ from this estimate, and if so any difference would be accounted for in the period in which it becomes known. For long term investments and long term debt it is not practicable within constraints of timeliness or cost to determine the fair value with sufficient reliability because the instruments are not traded in an organized financial market.

USE OF ESTIMATES

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities at the date of financial statements and the reported amounts of certain revenue and expenses during the year. Actual results could differ from those estimates.

2. RESTRICTED CASH

CMHC Replacement Reserve

As required as part of the First Nation's Canada Mortgage and Housing Corporation ("CMHC") Housing program, a separate bank account has been established for replacement of capital equipment and for major repairs to tangible capital assets. Under the terms of the agreements with CMHC, the replacement reserve must either be held in a separate bank account or invested in accounts or instruments secured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. At March 31, 2020, \$679 (2019 - \$668) had been deposited into separate accounts leaving an unfunded balance of \$311,188 (2019 - \$311,579).

Ottawa Trust Fund

The Ottawa Trust Fund arises from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act. Revenue from the Ottawa Trust Fund is recognized in the year in which it is earned when it is measurable and collection is reasonably assured. Capital and revenue trust monies are transferred to the First Nation on the authorization of the Minister of Indigenous Services Canada, with the consent of the First Nation's Council.

8. CONTINGENT LIABILITIES

The First Nation receives funding from various government agencies based on specified program needs and budgets and allocates certain expenses to the various programs. In many cases the funding agent has the right to review the accounting records to ensure compliance with the terms and conditions of their agreements. At this time no estimate of the requirements, if any, to reimburse the agencies can be made. If any amounts become repayable, they will be accounted for in the year of determination.

9. PROVISION FOR SITE REHABILITATION

The Manitoba Environmental Protection Act sets out the regulatory requirements to properly close and maintain active and inactive landfill sites. Under this environmental law, there is a requirement for closure and post-closure care of solid waste sites including covering and landscaping and ongoing environmental monitoring, site inspection and maintenance.

As directed by PS 3270, a liability must be recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability for closure and post-closure care is recognized as the site capacity is used to the extent of the proportion of site capacity used compared to the estimated total expenditure required for closure and post-closure care.

The estimated total expenditure represents the sum of discounted future cash flows associated with closure and postclosure care considering current technology, the length of the post-closure care period and current environmental regulations. Expenditures that relate to an existing condition caused by past operations, and which do not contribute to future asset service potential, are expensed in the current year.

At year-end, the extent to which the Nation is bound by environmental laws of The Manitoba Environmental Protection Act was not determinable, and therefore, no liability has been recorded in these consolidated financial statements.

10. ECONOMIC DEPENDENCE

The First Nation receives a major portion of its revenues pursuant to a funding arrangement with Indigenous Services Canada.

11. RELATED PARTY TRANSACTIONS

In the normal course of business the First Nation enters into transactions with related parties. Related party transactions are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

Due to the significant volume of transactions between the First Nation and related parties aggregate revenue and expenditures derived from related parties is not determinable.

14. COVID-19

Since December 31, 2019, the outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in a widespread health crisis that has affected economies and financial markets around the world resulting in economic downturn. This outbreak may also cause staff shortages, reduced demand, increased government regulations or interventions, all of which may negatively impact the financial condition or results of operations of the First Nation. The duration and impact of the COVID-19 outbreak is unknown at this time and it is not possible to reliably estimate the length and severity of these developments.

15. COMPARATIVE FIGURES

The comparative figures were audited by another firm of Chartered Professional Accountants. Certain prior year comparative amounts have been reclassified where necessary to conform to the presentation adopted for the current year.

16. BUDGET INFORMATION

The budget figures are generally presented as supplementary information to the financial statements and are not audited. The disclosed budget information has been approved by the Chief and Council of Canupawakpa Dakota Nation.
