## **Consolidated Financial Statements**

**March 31, 2023**

## **Sioux Valley Dakota Nation**

### **Management's Responsibility for Financial Reporting**

**March 31, 2023**

The financial statements have been prepared by management in accordance with the Public Sector Accounting Standards (PSAS) of the Chartered Professional Accountants of Canada (CPA) and the reporting requirements of the funding agreement with Indigenous Services Canada. Financial statements are not precise since they contain certain amounts based on estimates and judgments. When alternative methods exist, management has chosen what it deems most appropriate, in the circumstances, in order to ensure that the financial statements are presented fairly in all material respects.

Management is also responsible for implementing and maintaining a system of internal controls designed to give reasonable assurance that transactions are appropriately authorized, assets are safeguarded from loss and financial records are properly maintained to provide reliable information for the presentation of consolidated financial statements.

Chief and Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The consolidated financial statements have been reviewed and approved by Chief and Council.

The Chief and Council review and approve the financial statements for issuance to Band members. The Chief and Council meet periodically with management, as well as external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and review the financial statements and the external auditors' report.

McClelland Debusschere CPA PC Inc., an independent firm of Chartered Professional Accountants, has been engaged to examine the consolidated financial statements in accordance with Canadian generally accepted auditing standards. Their report stating the scope of their examination and opinion on the consolidated financial statements, follows.

## **Independent Auditor's Report**

---

To the Members of Sioux Valley Dakota Nation

### **Opinion**

We have audited the consolidated financial statements of Sioux Valley Dakota Nation, which comprise the consolidated statement of financial position as at March 31, 2023, and the consolidated statements of operations, re-measurement gains and losses, changes in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Sioux Valley Dakota Nation as at March 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Dakota Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Other Matter**

The consolidated financial statements for the year ended March 31, 2022 were audited by another practitioner who expressed an unmodified opinion on those consolidated financial statements on April 14, 2023. Our opinion is not modified in respect of this matter.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Independent Auditor's Report

---

In preparing these consolidated financial statements, management is responsible for assessing the Dakota Nation's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the Dakota Nation or to cease operations, or has no realistic alternative to do so.

Those charged with governance are responsible for overseeing the Dakota Nation's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dakota Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

# McClelland Debusschere

Chartered Professional Accountants  
Assurance Tax Advisory

## Independent Auditor's Report

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Dakota Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Dakota Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the first nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# **Sioux Valley Dakota Nation**

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **1. Nature of Operations**

Sioux Valley Dakota Nation is a first nation subject to the provisions of the Indian Act. The Dakota Nation is not a signatory to a Treaty. On July 1, 2014, Sioux Valley Dakota Nation achieved the status of self-government with recognized jurisdiction by both Canada and Manitoba in over 50 areas, creating a true Nation-to-Nation and Government-to-Government relationship between Sioux Valley Dakota Nation, Canada, and Manitoba.

The reporting entity Sioux Valley Dakota Nation ('Dakota Nation') is governed by elected officials from the Sioux Valley Dakota Nation. These financial statements include the Dakota Nation government and all related entities which are accountable to the Dakota Nation and are either owned or controlled by the Dakota Nation.

## **2. Significant Accounting Policies**

### **a. Basis of accounting**

These financial statements have been prepared in accordance with Canadian public sector accounting standards and include the following principles:

### **b. Reporting entity**

The Sioux Valley Dakota Nation reporting entity includes the Sioux Valley Dakota Nation government and all related entities, which are accountable to the Dakota Nation and are either owned or controlled by the Dakota Nation.

### **c. Principles of consolidation**

These financial statements consolidate the assets, liabilities, and results of operations for the following entities, which use accounting principles which lend themselves to consolidation:

Sioux Valley Dakota Nation Operations  
Sioux Valley Dakota Nation CMHC Housing Authority  
Sioux Valley Dakota Nation Education Program  
Dakota Tiwahe Services Inc.  
Sioux Valley Dakota Oyate Lodge  
Sioux Valley Gaming Centre  
Sioux Valley Gaming Commission  
Sioux Valley Housing Authority Inc. - Off Reserve Housing  
Sioux Valley Holdings Ltd.  
Sioux Valley Holdings LP  
Dakota Quickstop  
Dakota Valley Gas Mart LP  
Dakota Valley Gas Mart Ltd.  
6559710 Manitoba Inc.  
Sioux Valley Developments Inc.

All inter-entity balances have been eliminated on consolidation, but in order to present the results of operations for each specific fund, transactions amongst funds have not necessarily been eliminated on the individual schedules.

# **Sioux Valley Dakota Nation**

## **Notes to the Financial Statements**

**For the Year Ended March 31, 2023**

---

### **2. Significant Accounting Policies (continued)**

#### **c. Principles of consolidation (continued)**

Under the modified equity method of accounting, only the Dakota Nation's investment in the government business enterprise and the enterprise's net income and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprise that are different from those of the Dakota Nation. Long-term investments in non-controlled entities are recorded at the lower of cost or net realizable value.

#### **d. Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or to finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible assets, prepaid expenses and inventory of supplies.

#### **e. Net debt or net financial assets**

The financial statements are presented so as to highlight net debt or net financial assets as the measurement of financial position. The net debt or net financial assets is determined by its financial assets less liabilities. Net debt or net financial assets is comprised of two components, non-financial assets and accumulated surpluses.

#### **f. Cash**

Cash includes cash on hand, balances with banks net of bank overdrafts and term deposits having a maturity of 90 days or less at acquisition which are held for the purpose of meeting short-term cash commitments.

Any cash that is legally restricted from use is recorded in restricted assets. Cash and deposits are considered restricted when they are subject to contingent rights of third parties.

#### **g. Inventories**

Inventory is stated at the lower of cost and net realizable value. Cost is determined on a first-in, first-out basis.

#### **h. Liability for contaminated sites**

A liability for remediation of a contaminated site is recognized at the best estimate of the amounts required to remediate the contaminated site when contamination exceeding an environmental standard exists, the Dakota Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2023.

At each financial reporting date, the Dakota Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The Dakota Nation continues to recognize the liability until it's settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

At March 31, 2023, management has determined there is no liability.

# **Sioux Valley Dakota Nation**

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **2. Significant Accounting Policies (continued)**

### **i. Tangible capital assets**

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and the Dakota Nation's incremental cost of borrowing.

Amortization is provided for on a straight-line basis over their estimated useful lives. No amortization is recorded in the year of acquisition.

Buildings	40 - 50 years
Infrastructure & roads	15 - 50 years
Housing	40 years
Trailers	10 years
Furniture & equipment	3 - 10 years
Heavy Equipment	4 - 5 years
Vehicles	4 - 5 years

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Dakota Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

### **j. Intangible capital assets**

Intangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, development, improvement or betterment of the assets. Cost includes overhead directly attributable to development, as well as interest costs that are directly attributable to the acquisition or development of the asset.

Amortization is provided for on a straight-line basis over their estimated useful lives.

Land leases

Life of the lease

# **Sioux Valley Dakota Nation**

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **2. Significant Accounting Policies (continued)**

### **k. Use of estimates**

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable and member advances are assessed for collectability annually and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets.

Estimates are based on the best information available at the time of preparation of the financial statements and are reviewed annually to reflect new information as it becomes available. Measurement uncertainty exists in these financial statements.

### **I. Segments**

The Dakota Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the Dakota Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

### **m. Internal charges and transfers**

The central administration office provides services to other program areas. To recognize the cost of these services a corresponding revenue and expense is recorded and referred to as "Administration fees."

### **n. Revenue recognition**

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is not practicable.

Government funding transfers, which includes transfers from Indigenous Services Canada, Southern First Nations Network of Care, Canada Mortgage and Housing Corporation, Health Canada, and the Government of Manitoba are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor and are recognized as revenue when used for a specific purpose.

# **Sioux Valley Dakota Nation**

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **2. Significant Accounting Policies (continued)**

### **n. Revenue recognition (continued)**

Other revenues, which include retail sales, rentals, revenues derived from Winterfest, administration fees, care home fees, other user fees, and expense recoveries are recognized when persuasive evidence of an arrangement exists, the price is fixed or determinable, collection is reasonably assured, and the goods or services have been provided.

Interest revenues and income earned from trust funds held by the Federal Government are recognized as they are earned.

### **o. Marketable securities**

Marketable securities which are owned by the Dakota Nation but not controlled or influenced by the Dakota Nation are recorded at their fair market value as of the reporting date.

### **p. Funds held in Ottawa Trust Fund**

Funds held in trust on behalf of the Dakota Nation by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust monies consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other Nation tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

### **q. Related parties**

Parties are considered related to the Dakota Nation if the Dakota Nation has the ability to, directly or indirectly, control the party or exercise significant influence over the party in making financial and operating decisions or vice versa, or where the Dakota Nation and the party are subject to common control or common significant influence. Related parties may be other entities or individuals. Related party transactions are recorded at fair value

### **r. Leased assets**

Leased assets that transfer substantially all the benefits and risks of ownership are recorded as the acquisition of a tangible capital asset and the incurrence of an obligation. The asset is amortized in a manner consistent with tangible capital assets owned by the First Nation, and the obligation, including interest thereon, is repaid over the term of the lease. All other leases are accounted for as operating leases, and the rental costs are expensed as incurred.

Assets under capital lease and obligations under capital lease related to internet infrastructure and equipment at the Gaming Centre existed as of March 31, 2023.

# **Sioux Valley Dakota Nation**

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

### **3. Restricted Assets**

The Dakota Nation has received federal assistance through the CMHC, pursuant to Section 95 of the National Housing Act, to reduce mortgage interest and enable the Dakota Nation to provide housing to members. The continuation of this interest rate reduction is contingent on the Dakota Nation being in compliance with the terms of the agreement, which requires that a monthly amount be set aside to provide for major renovations to Nation housing in future years.

The Dakota Nation has established a replacement reserve to ensure replacement of buildings financed by the CMHC, as well as a reserve related to surpluses generated in the post-1997 program, which are to be set aside and used to meet future subsidy requirements of income tested occupants over and above the maximum federal assistance.

The CMHC reserve funds must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by the CMHC. Reserve withdrawals are credited first to interest and then to principal.

Cash received to complete capital projects or held for specific purposes is held in separate bank accounts.

Restricted assets are comprised of the following:

	<b>2023</b>	<b>2022</b>
GAP funding	\$ 9,390,299	\$ 4,583,503
CMHC reserves	71,094	69,587
Special funds	209	209
	<b>\$ 9,461,602</b>	<b>\$ 4,653,299</b>

### **4. Accounts Receivable**

	<b>2023</b>	<b>2022</b>
Indigenous Services Canada	\$ 6,264,470	\$ 3,423,536
Housing rent receivable	1,215,811	1,655,776
Trade receivables	1,159,591	979,567
GST receivable	213,090	-

## **Notes to the Financial Statements**

**For the Year Ended March 31, 2023**

### **5. Trust funds held by the Federal Government**

	<b>2023 Revenue</b>	<b>2023 Capital</b>	<b>2023 Total</b>	<b>2022 Total</b>
Surplus, beginning of year	\$ 9,208	\$ 111	\$ 9,319	\$ 8,885
Interest earned	391	-	391	81
Lease revenue	378	-	378	353
	<b>\$ 9,977</b>	<b>\$ 111</b>	<b>\$ 10,088</b>	<b>\$ 9,319</b>

The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

### **6. Accounts Payable**

	<b>2023</b>	<b>2022</b>
Trade payables	\$ 1,995,595	\$ 2,120,775
Wages payable	438,241	553,536
PST Payable	5,279	-
GST Payable	-	92,130
	<b>\$ 2,439,115</b>	<b>\$ 2,766,441</b>

### **7. Funding Repayable**

Indigenous Services Canada is recovering unspent contributions from prior years by reducing current year funding. The following are the balances outstanding for each of the listed programs.

	<b>2023</b>	<b>2022</b>
New Paths	\$ 134,520	\$ 134,520
Aboriginal Diabetes	23,518	-
Basic Needs	1,268	1,268
	<b>\$ 159,306</b>	<b>\$ 135,788</b>

### **8. Deferred Revenue**

Indigenous Services Canada funding agreements stipulate the terms and conditions that apply to situations where revenue received exceeds expenditures. Depending on the funding arrangement the unexpended funds may be retained by the recipient, repaid to ISC, deferred to the following year, or transferred to another ISC program area. Any funding arrangements that have a provision that allows the recipient to retain the excess funds are recorded as surpluses. All other excess funds are recorded as a liability and classified as "Deferred revenue" on the financial statements.

# Sioux Valley Dakota Nation

Notes to the Financial Statements  
For the Year Ended March 31, 2023

---

## 12. Intangible Capital Assets

---

	Cost	Accumulated amortization	2023 Net book value	2022 Net book value
Land lease	\$ 240,446	\$ (8,587)	\$ 231,859	\$ -

## 13. Accumulated Surplus

---

	2023	2022
Equity in capital assets	\$38,336,983	\$32,125,314
Operating fund	12,197,328	9,363,349
CMHC Reserves	317,698	152,467
	<b>\$50,852,009</b>	<b>\$41,641,130</b>

- The operating fund reports on the general activities of the Dakota Nation's administration;
- Equity in tangible capital assets represents accumulated surplus amounts not available for operations, but rather past transactions creating tangible capital assets that will be used to provide future services; and
- The CMHC reserves are replacement and operating reserves required to be funded for future housing replacements, as per agreements with CMHC;

## 14. Commitments and Contingencies

Sioux Valley Dakota Nation has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the Dakota Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, the Dakota Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on the Dakota Nation's financial statements.

It is also noted that there are several ongoing unjust dismissal cases against the band which may result in cash outflows, however the magnitude and likelihood of the various payouts cannot be estimated at this time as awarding of damages will vary depending on multiple factors, many of which are unknown. Therefore, no amounts have been recorded within the financial statements.

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **17. Economic Dependence**

Sioux Valley Dakota Nation receives a significant portion of its revenue pursuant to a funding arrangement with Indigenous Services Canada.

## **18. ISC Funding**

The Dakota Nation (Recipient) receives funding from Indigenous Services Canada (ISC) by entering into an agreement with ISC.

There are five approaches that ISC may consider in the design and delivery of transfer payment programs:

1. Grant approach – A grant is a transfer payment that is subject to pre-established eligibility and other entitlement criteria. Recipients are not required to account for the grant, but they may be required to report on results. The grant funding approach can be used for any duration of time necessary to achieve program results.
2. Set contribution approach – A set contribution is a transfer payment that is subject to performance conditions outlined in a funding agreement. Set contributions must be accounted for and are subject to audits. Funds are to be expended as identified in the funding agreement and cannot be redirected to other programs. Any unspent funding and any funding spent on ineligible expenditure must be returned to ISC annually.
3. Fixed contribution approach – Fixed contribution funding is an option where annual funding amounts are established on a formula basis or where the total expenditure is based on a fixed-cost approach. Fixed funding is distributed on a program basis. It is possible under this approach for recipients to keep any unspent funding provided that program requirements set out in the funding agreement have been met and the recipient agrees to use the unspent funds for purposes consistent with the program objectives or any other purpose agreed to by ISC. A plan must be submitted and approved by ISC prior to spending the unspent funds. If the funds are not spent according to the plan within the agreed upon time period they will be recovered by ISC.
4. Flexible contribution approach – Flexible contribution funding is an option which allows funds to be moved within cost categories of a single program during the life of the project/agreement. However, unspent funds must be returned to ISC at the end of the project, program or agreement.
5. Block contribution approach – Block contribution funding is an option which allows funds to be reallocated within the block of programs during the agreement, as long as progress towards program objectives is being achieved. It is possible under this approach for recipients to keep any unspent funding provided that program delivery standards have been met and the recipient agrees to use the unspent funding for purposes consistent with the block program objectives or any other purpose agreed to by ISC.

## **19. Segmented Information**

The Dakota Nation conducts its business through reportable segments as follows:

### **1 - Indigenous Services Canada (ISC)**

**Education:** Costs to support First Nation and Inuit communities in expressing, preserving, developing and promoting their cultural heritage, through the establishment and operation of First Nation and Inuit cultural education centres and programs. Costs to provide eligible students living on reserve and eligible Inuit with elementary/secondary education programs and services including instructional services in federal, provincial, band-operated schools, or a private/independent school (recognized by the province in which the school is located as an elementary/secondary institution), and student support services such as transportation, accommodation, guidance and counselling services. Costs associated with ISC's First Nations and Inuit Youth Employment Strategy to develop and enhance essential employability skills, such as communication, problem solving, and working with others, expose youth to a variety of career options, and promote the benefits of education as being key to labour market participation. Also, costs to support eligible First Nation and Inuit students to access education opportunities at the post-secondary level and supports the development and delivery of college and university level courses for First Nation and Inuit students, and research and development on First Nation and Inuit education. Costs for the provision of special education services and programs and costs to provide internet access, information technology equipment, technical support and training to students and school staff.

**Social Services:** First Nations people, like other Canadian citizens, are responsible for managing their own affairs and maintaining themselves to the extent that their resources permit. Some individuals and families are unable to provide for themselves and their dependents. Situations therefore exist in which assistance must be available to community members in need. Income Assistance is one type of income supplement available to eligible persons. Other income supports include Old Age Security, Child Tax Benefits, etc.

**Infrastructure and Capital:** Costs to acquire, construct, operate and maintain basic community facilities and services such as water and sewage, roads, electrification, schools, community buildings and fire protection. Also costs associated with ensuring that these facilities and community services meet recognized standards and are comparable to the services provided to nearby communities by provincial and municipal governments.

**Band Support:** Costs to support the further development of competent, stable, legitimate, and accountable community governments by strengthening First Nations and Inuit governance and by funding initiatives which address needs in the areas of professional and institutional development at the local level and at the level of emerging regional and national organizations. Also, costs to enable tribal councils to provide advisory services such as financial management, band government, economic development, community planning, technical services to the member First Nations and to defray the costs of administering programs on behalf of member communities and to provide funding for equivalent advisory services to large First Nations which are not affiliated with a tribal council.

**Governance:** Costs associated with Governance and Institution of Government activities.

# **Sioux Valley Dakota Nation**

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **19. Segmented Information (continued)**

### **2 - Health Programs**

Health Canada provides funding for costs associated with the development of safe and healthy communities in the following areas:

Children and Youth; Mental Health and Addictions; Chronic Disease and Injury Prevention; Communicable Disease Control; Environmental Health and Research Component; Primary Care; Non-Insured Health Benefits; Health Governance and Infrastructure; Capital; Treatment Centres; Aboriginal Health Transition Fund; Headquarter projects.

### **3 - Canada Mortgage and Housing Corporation (CMHC)**

Non-Profit On-Reserve Housing Program (Section 95); Residential Rehabilitation Assistance Program (RRAP); Home Adaptations for Seniors' Independence Program (HASI); Shelter Enhancement Program; Housing Internship Initiative for First Nations and Inuit Youth.

### **4 - Band programs**

Other programs that vary based on own source revenue. These include Band economic development ventures and other business activities. These outside revenue sources are used to fund programs such as recreational or cultural activities for the benefit of membership that are not funded by government agencies.

**Notes to the Financial Statements**  
**For the Year Ended March 31, 2023**

---

## **20. Financial Instruments**

Financial assets include cash, restricted cash, accounts receivable, inventory held for sale, marketable securities, and trust funds held by the federal government and are measured at amortized cost as presented on the statement of financial position. Financial liabilities include accounts payable, funding repayable, deferred revenue long-term debt, and obligations under capital lease and are measured at amortized cost as presented on the statement of financial position.

The Dakota Nation is required to assess its financial instruments for credit risk, currency risk, interest rate risk, liquidity risk, other price risk, and market risk and disclose significant risks and how they are managed. The Dakota Nation does not believe that it is subject to significant currency risk or other price risk. Significant risks that are relevant to the Dakota Nation are as follows:

### ***Credit risk***

The Dakota Nation is exposed to credit risk from potential non-payment of accounts receivable and related party receivables. Dakota Nation manages the credit risk related to accounts receivable through regular review and assessment of the outstanding amounts for collectibility. Amounts receivable from Band members are considered to be a risk for collection.

### ***Interest rate risk***

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. Changes in market interest rates may have an effect on the cash flows associated with some financial assets and liabilities, known as cash flow risk, and on the fair value of other financial assets or liabilities, known as price risk. Dakota Nation is exposed to interest rate risk on its term deposits and has mitigated this risk by use of a mixture of deposit terms. Dakota Nation is exposed to interest rate risk on its long-term debt payable and has mitigated this risk by establishing a fixed interest rate and repayment terms that are planned budget expenditures.

### ***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. The Dakota Nation has determined that the estimated fair value of its financial assets and liabilities do not differ significantly from their book value.

## **21. Budgeted Figures**

Budgeted figures are unaudited and have been provided for comparison purposes and have been derived from the estimates approved by the Sioux Valley Dakota Nation's Chief and Council.

## **22. Comparative Figures**

Prior year's comparative amounts have been reclassified, where necessary, to conform to the current year's presentation.
