Management's Responsibility

To the Members of Tootinaowaziibeeng Treaty Reserve #292:

The accompanying consolidated financial statements of Tootinaowaziibeeng Treaty Reserve #292 are the responsibility of management and have been approved by the Chief and Council.

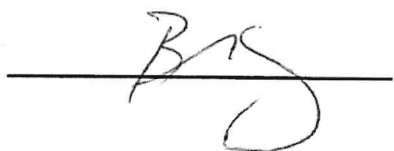

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

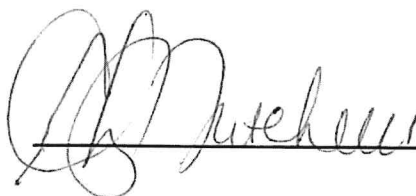

The Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP, an independent firm of Chartered Accountants, is appointed by the Chief and Council on behalf of the Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and Council and management to discuss their audit findings.

Independent Auditor's Report

To the Chief and Council and Members of Tootinaowaziibeeng Treaty Reserve #292:

Opinion

We have audited the financial statements of Tootinaowaziibeeng Treaty Reserve #292 (the "First Nation"), which comprise the statement of financial position as at March 31, 2019, and the statements of operations, accumulated surplus, changes in net debt and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the First Nation as at March 31, 2019, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Tootinaowaziibeeng Treaty Reserve #292

Notes to the Financial Statements

For the year ended March 31, 2019

1. Operations

The Tootinaowaziibeeng Treaty Reserve #292 (the "Nation") is located in the province of Manitoba, and provides various services to its members. Tootinaowaziibeeng Treaty Reserve #292 includes the First Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business entities and partnerships.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Tootinaowaziibeeng Treaty Reserve #292
- Tootinaowaziibeeng Anishinabe Health Authority
- Tootinaowaziibeeng Housing Authority
- Tootinaowaziibeeng Indigenous Skills and Employment Training Strategy (ISETS) Program
- Anishinabe Childhood Development Inc.
- Tootinaowaziibeeng Treaty Reserve Holdings Inc.
- Tootinaowaziibeeng Convenience Store
- Tootinaowaziibeeng VLT Operations

All inter-entity balances and transactions have been eliminated on consolidation.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash resources

Cash includes balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Funds held in Trust

Ottawa Trust Fund

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust monies consist of:

- Capital trust monies derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

Tootinaowaziibeeng Treaty Reserve #292

Notes to the Financial Statements

For the year ended March 31, 2019

2. Significant accounting policies (Continued from previous page)

Inventory for Resale

Inventory of supplies and goods available for resale are recorded at the lower of cost and net realizable value. Cost is determined by the weighted average method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

Investments

Long-term investments in entities that are not owned, controlled or influenced by the First Nation reporting entity are accounted for using the cost method. They are recorded at cost, less any provision for other than temporary impairment. Investments consist of patronage equity accounts.

Tangible capital assets

Tangible capital assets are initially recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Contributed tangible assets are recorded at their fair value at the date of contribution.

Capital lease

A lease that transfers substantially all of the benefits and risks of ownership is classified as a capital lease. At the inception of a capital lease, an asset and a payment obligation is recorded at the present value of the minimum lease payments. Assets under capital leases are amortized on a declining balance basis, over their estimated useful lives. All other leases are accounted for as operating leases and rental payments are expensed as incurred.

Amortization

Tangible capital assets are amortized annually using the following method at rates intended to amortize the cost of the assets over their estimated useful lives (amortization is recorded at one-half the normal rate in the year of acquisition):

	Method	Rate
Buildings	declining balance	4-5 %
Furniture, Fixtures and Equipment	declining balance	20 %
Automotive Equipment	declining balance	30 %
Infrastructure	declining balance	4 %
Computer Equipment and Software	declining balance	30 %
Assets under capital lease	declining balance	30 %

Long-term debt

Long-term financing received to fund tangible capital asset purchases is recognized in the period the financing is acquired and recorded as an increase in long-term debt.

Repayments of long-term financing are recognized as a decrease in long-term debt.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Tootinaowaziibeeng Treaty Reserve #292

Notes to the Financial Statements

For the year ended March 31, 2019

2. Significant accounting policies *(Continued from previous page)*

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the asset's carrying amount. Impairment is measured as the amount by which the asset's carrying value exceeds its fair value. Any impairment is included in operations for the year.

Net debt

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt is comprised of two components, non-financial assets and accumulated surplus.

Revenue recognition

Government transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Other revenue

Other revenues and user fees are earned from other services provided by the First Nation and are recognized at their fair value when the service has been provided.

Retail sales are recognized when the sale is made and the customer takes possession of the merchandise.

Rental income is recorded in the year it is earned.

Gaming revenue

The First Nation recognizes Video Lottery Terminals (VLT) revenue as the net win from gaming activities (the difference between gaming wins and gaming losses), consisting of slot machines, on a daily basis. Gaming revenue is gross of commissions paid to Manitoba Liquor and Lotteries which management believes is the most appropriate presentation of gaming revenue on the financial statements.

Insurance proceeds

Due to the inability to reasonably ascertain the proceeds ultimately receivable related to housing units damaged/destroyed, these proceeds are recognized only when the amounts have been confirmed through actual receipt of funds.

Provision for site rehabilitation

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. A liability is recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability for closure and post-closure care is recognized as the site capacity is used and is equal to a proportion of the estimated total expenditure required for closure and post-closure care. The estimated total expenditure represents the sum of discounted future cash flows associated with closure and post-closure care considering current technology, the length of the post-closure care period and current environmental regulations. Expenditures that relate to an existing condition caused by past operations, and which do not contribute to future revenue generation, are expensed in the current year.

2. Significant accounting policies (Continued from previous page)

Employee future benefits

The First Nation's employee future benefit programs consist of defined contribution pension plans. The First Nation's contributions to the plan are expensed as incurred.

Segments

The First Nation conducts its business through 6 reportable segments. These segments are differentiated by the major activities or services they provide. The First Nation's segments are as follows:

Health Services - activities include the delivery of community-based health promotion and disease prevention programs, primary home and community care services, programs to control communicable diseases and address environmental issues and non-insured health benefits.

Community Development - receives funds from the TooTinaowaziibeeng Treaty Reserve First Nation Legacy Trust in accordance with the Trust Agreement (e.g. annual distribution), and utilizes the funds for various projects that will better the First Nation community and its members.

Social Services - activities include satisfying the economic, social and health related needs of members of the community who require assistance.

Band Operations - activities include the governance function relating to decisions that define expectations, grant power or verify performance consisting of decision-making and leadership processes. Also includes activities relating to overseeing educational programming for members and the development and maintenance of the community's buildings, houses, roads and infrastructure.

Convenience Store Operations - activities include providing retail services within the community for fuel, tobacco and grocery products.

Gaming Operations - activities include providing a form of gaming entertainment for community members which generates revenue for discretionary needs of the community members.

These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 2 *Significant accounting policies*.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Payables to funding agencies are based on anticipated repayment requirements; however actual repayments will be determined upon the funding agencies review of financial statements. These assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the operations in the periods in which they become known.

4. Restricted cash

	2019	2018
Health - moveable assets reserve	3,636	3,694
Housing - replacement reserve	81,082	71,113

Health Reserves

The Moveable Assets Reserve is funded by an annual allocation in the Health Services Transfer agreement. These funds, along with accumulated interest, must be held in a separate bank account and are to be used only for the replacement or acquisition of physical assets. As of March 31, 2019, \$3,636 (2018 - \$3,694) has been set aside to fund this reserve. The unfunded portion at March 31, 2019 was \$31,487 (2018 - \$50,846).

CMHC Reserves

Under agreements with Canada Mortgage and Housing Corporation (CMHC) the First Nation established the following: A replacement reserve, established by an annual allocation of \$8,800 (2018 - \$8,050), to ensure that major repairs of buildings financed by CMHC are done as necessary. At March 31, 2019, \$81,082 (2018 - \$71,113) has been set aside to fund this reserve. The overfunded portion at March 31, 2019 was \$5,751 (2018 - underfunded by \$597).

A subsidy surplus reserve can be established by retaining excess federal assistance payments received. Reserve funds may be used to meet future subsidy requirements of income test occupants, over and above the maximum federal assistance. At March 31, 2019, the projects had no accumulated surplus, therefore no subsidy surplus reserve balance was required.

In accordance with terms of the agreements, CMHC reserve moneys must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by CMHC. Reserve withdrawals are credited first to interest and then to principal.

At March 31, 2019, the First Nation had an authorized line of credit of \$500,000 (2018 - \$200,000) and there was \$500,000 (2018 - \$32,848) that remained unused. In 2018, a portion of the use of the authorized line of credit relates to cheques that had been issued and were outstanding at the end of the year, which amounted to \$145,545.

The line of credit bears interest at prime plus 1% and is secured by a Band Council resolution redirecting all funds from Indigenous Services Canada to the financial institution.

13. Tangible capital assets

Please see Schedule 1 for further information on tangible capital assets.

The buildings asset class includes buildings under construction with a carrying value of \$975,000 (2018 - \$1,356,403). The buildings under construction in the prior year relate to new CMHC housing project that was started prior to March 31, 2018 and a new cultural hall recreation facility. These projects were completed during the year. The current building under construction is the Jordan's Principle building that is expected to be completed in the next fiscal year. No amortization of the asset has been recorded during the year because it is currently under construction.

15. Contingencies and commitments

A portion of the balance included as surpluses (deficits) is from funds contributed by government agencies. Such surpluses (deficits) may be subject to repayment or recovery by the contributing agencies, depending on the terms and conditions of the relevant agreements. Any such repayment or recovery, where not otherwise ascertainable, will be recorded in the fiscal period in which such determination is made.

In a previous year, the First Nation has received two forgivable loans from CMHC's Residential Rehabilitation Assistance Program (RRAP) totalling \$32,000, which was included in income. Provided the First Nation continues to own and occupy the subject houses until November 1, 2019, the principal amount plus interest at 5.25% and 3.125%, respectively, will be forgiven. However, if the houses are disposed of prior to November 1, 2019, the unearned portion of the forgivable loan plus interest will become due and payable.

16. Pension Plan

The Tootinaowaziibeeng Treaty Reserve #292 has a defined contribution pension plan whereby employees' contributions to the plan are fully matched by the First Nation. The contribution amount varies depending on which entity the individual is employed by and ranges from 2% to 8%. The pension plan is administered and managed by London Life.

The expense recognized in the consolidated statement of operations and accumulated surplus with respect to this plan was \$119,509 (2018 - \$116,631). There were no significant changes to the pension plan in 2019.

17. Economic dependence

Tootinaowaziibeeng Treaty Reserve #292 receives substantially all of its revenue from the Government of Canada as a result of treaties entered into with the Government of Canada. These treaties are administered by Indigenous Services Canada (ISC) under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

18. Budget information

Canadian public sector accounting standards require the disclosure of budget information for comparison to the First Nation's actual revenues and expenses. The First Nation's Social Services program, Gaming operations and Convenience Store operations budgeted revenue and expenses and deficit have not been reported in these financial statements.

19. Trusts administered by the First Nation

Trust funds administered by the First Nation, amounting \$20,720 (2018 - \$573,342) have not been included on the statement of financial position, nor have their operations been included on the statement of operations. The trust funds relate to monies that were to be paid to members of the First Nation upon receipt of the settlement proceeds from the Government of Canada in April 2017 for the 1905 Railway Expropriation Specific Claim. The remaining funds are owed to members that could not be located or have not yet turned 18 years of age. The trust fund balances at March 31 were as follows:
