Management's Responsibility

To the Members of St. Theresa Point First Nation:

The accompanying consolidated financial statements of St. Theresa Point First Nation (the "First Nation") are the responsibility of management and have been approved by the Chief and Council of the First Nation.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting policies and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The St. Theresa Point First Nation Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP is appointed by the Chief and Council, on behalf of the Members, to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and Council and management to discuss their audit findings.

March 3, 2020

Finance

Executive Director

Independent Auditors' Report

To the Members of St. Theresa Point First Nation:

We have audited the accompanying consolidated financial statements of St. Theresa Point First Nation, which comprise the consolidated statement of financial position as at March 31, 2018, and the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of St. Theresa Point First Nation as at March 31, 2018 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

1. Operations

St. Theresa Point First Nation (the "First Nation") is located in the Province of Manitoba, and provides various services to its Members. St. Theresa Point First Nation includes the First Nation government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

2. Change in accounting policy

Effective April 1, 2017, the First Nation adopted the recommendations relating to the following Sections, as set out in the CPA Canada Public Sector Accounting Handbook:

- PS 2200 Related Party Disclosures
- PS 3420 Inter-entity Transactions
- PS 3210 Assets
- PS 3320 Contingent Assets
- PS 3380 Contractual Rights

Pursuant to the recommendations, the changes were applied prospectively, and prior periods have not been restated. There was no material impact on the consolidated financial statements of adopting the new Sections.

3. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

Reporting entity consolidated

The St. Theresa Point First Nation reporting entity includes the First Nation government and all related enterprises that are accountable to the First Nation and are either owned or controlled by the First Nation. The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- St. Theresa Point Bulk Fuels Ltd.
- St. Theresa Point First Nation Health Authority
- St. Theresa Point First Nation Employment and Training
- St. Theresa Point Housing Authority
- St. Theresa Point Road Construction Corporation
- Mikahnow Construction Ltd.
- STP Management Group Ltd.
- Ke-Tche-Wa-Zang Home
- 10002099 Manitoba Ltd.
- 7077115 Manitoba Ltd.
- Island Lake Insurance
- Maria Portage Fisheries Inc.

All inter-entity balances have been eliminated on consolidation.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash resources

Cash resources include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

3. Significant accounting policies *(Continued from previous page)*

Funds held in trust

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the consolidated statement of financial position as part of restricted cash.

- The capital trust is derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- The revenue trust is generated primarily through land leasing transactions or interest earned on deposits held in trust.

Inventory for resale

Inventory for resale is valued at the lower of cost and net realizable value. Cost is determined by the weighted average method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling costs.

Net debt

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt is comprised of two components, non-financial assets and accumulated surplus.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets, prepaid expenses and materials held for use.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible capital assets are recorded at their fair value at the date of contribution.

Amortization

Tangible capital assets are amortized annually using the declining balance method at the following rates which are intended to amortize the cost of the assets over their estimated useful lives.

	Rate
Equipment	15% to 20%
Facilities	5%
Infrastructure	2.5% to 8%
Transportation infrastructure	2.5%
Vehicles	20% to 33%

Construction in progress

Construction in progress is accounted for as a component of tangible capital assets and represents the total cost of assets being constructed that are not available for use. When the construction phase has been completed and the assets are available for use they are amortized according to the rates indicated above.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

3. Significant accounting policies *(Continued from previous page)*

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset, or group of assets, exceeds the value of future economic benefits associated with the asset. Impairment is measured as the amount by which the assets' carrying value exceeds the residual value of the assets' service potential to the First Nation. Any impairment is included in operations for the year.

Revenue recognition

Government transfer revenue, including, but not limited to, Indigenous Services Canada, First Nations and Inuit Health and Canada Mortgage and Housing Corporation funding, is recognized as the funding becomes receivable under the terms of applicable funding agreements. Funding received under the funding arrangements that relate to a subsequent fiscal period is reflected as deferred revenue on the consolidated statement of financial position in the year of receipt, and is matched with related department expenses in the year of their occurrence. Funding that is restricted for particular purposes is deferred and recognized when the eligible expenses have been incurred.

Rent and resident fees is recorded in the year it is earned. At the end of each year, management evaluates the extent of the collectability of its rent revenue and records a bad debt expense and an allowance for doubtful accounts for amounts designated as unlikely to be collected.

Interest revenue is recognized on an accrual basis in the year that it is earned.

All other types of revenue are recognized by the First Nation when the services are provided or the goods are shipped and collectability is reasonably assured.

Employee future benefits

The First Nation's employee future benefit programs consist of defined contribution pension plans. The First Nation's contributions to the defined contribution plans are expensed as incurred.

Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Provisions are made for slow moving and obsolete inventory. Deferred revenue is recorded based on management's analysis of the extent to which eligibility requirements have been met on government transfer revenue.

These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in the consolidated statement of operations in the year in which they become known.

Liability for contaminated site

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2018.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. The First Nation's accounting for contaminated sites is explained further in Note 13.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

3. Significant accounting policies *(Continued from previous page)*

Segments

The First Nation conducts its business through eleven reportable segments: as identified below. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. These segments are differentiated by the major activities or services they provide. The First Nation's segments are as follows:

Band Administration - includes the administration and governance function relating to decisions that define expectations, grant power or verify performance consisting of decision-making and leadership processes.

Business Enterprises - reports on the activities of the businesses that operate both within the community and externally.

Capital - activities include the planning, managing and delivery of capital projects, major renovations, construction and large scale infrastructure to the community.

Community and Economic Development - benefits include better access to more and larger businesses and business opportunities both within and beyond the community and a better economic environment.

Community Health and Wellness - activities include the delivery of programs to promote community health and to address environmental issues and non-insured health benefits.

Community Services - activities include the maintenance of the community and its infrastructure.

Daycare - activities include the provision of care to children within the community.

Education - activities include overseeing many aspects of educational opportunities for community members at all levels of learning both within the community and externally.

Employment and Training - activities include the delivery of culturally sensitive employment services to assist community members in identifying and overcoming potential barriers to employment and to find and maintain meaningful employment.

Housing - activities include the development of residential housing opportunities for community members.

Social Development - activities include satisfying the economic, social, or health related needs of community members who require assistance.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 3 the Significant accounting policies.

Financial Instruments

Financial instruments include cash resources, accounts receivable, restricted cash, bank indebtedness, accounts payable and accruals, long-term debt, and accountable mortgage advances. Unless otherwise stated, it is management's opinion that the First Nation is not exposed to significant interest, currency or credit risk arising from the financial instruments. The fair value of the long-term debt is approximated by its carrying value as the terms and conditions of similar instruments are not materially different from those associated with the First Nation's long-term debt.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

4. Restricted cash

	2018	2017
Ottawa Trust Fund	13,230	12,093
Secured revenues trust account - proceeds on deposit	215,105	161,354
Secured revenues - reserve account	1,175,888	1,153,991
Capital project	14,901	3,514
CMHC replacement reserve	53,619	86,380
Cash on deposit	17,462	87,551
	1,490,205	1,504,883

Ottawa Trust Fund

The Ottawa Trust Fund arises from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is similarly governed by Sections 63 to 69 of the Indian Act. Revenue from the Ottawa Trust Fund is recognized in the year in which it is earned, when it is measurable and when collection is reasonably assured. Capital and Revenue trust monies are transferred to the First Nation on the authorization of the Minister of Indigenous Services Canada, with consent of the First Nation's Chief and Council.

Capital trust	\$166 (2017 - \$166)	Interest revenue \$nil (2017 - \$nil);
Revenue trust	\$13,064 (2017 - \$11,927)	Interest revenue \$1,137 (2017 - \$1,072);

Secured Revenue Trust Account and Reserve Account

The Secured Revenues Trust Account is governed by the Secured Revenues Trust Management Agreement between the First Nation and the First Nation Finance Authority ("FNFA") whereby 5% of any funds borrowed from the FNFA are held by the Authority in a fund as security for both bond and interim financing providers' payments. As at March 31, 2018, funds held in this account were \$1,175,888 (March 31, 2017 - \$1,153,991). In addition, there were proceeds on deposit of \$215,105 as at March 31, 2018 (March 31, 2017 - \$161,354).

Capital projects

Funds held with Ingram Consulting Ltd. and P.M. Associates Ltd. relate to funding received that must be used only on particular capital projects as specified.

CMHC replacement reserve

As required as part of the First Nation's Canada Mortgage and Housing Corporation ("CMHC") Housing program, a separate bank account has been established for replacement of capital equipment and for major repairs to the houses. Under the terms of the agreements with CMHC, the replacement reserve must either be held in a separate bank account or invested in accounts or instruments secured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. At March 31, 2018, the replacement reserve bank account was underfunded by \$469,709 (2017 - \$369,087).

Cash on deposit

The First Nation is only able to distribute funds through cheques which require two co-signatures who are representatives from Manitoba Infrastructure Remote Road Operations. These funds can only be used for expenditures agreed upon in the contracts entered into by Manitoba Infrastructure Remote Road Operations.

St. Theresa Point First Nation

For the year ended March 31, 2018

11. First Nations Finance Authority long-term debt *(Continued from previous page)*

Phase 9 - Mortgage payable to CMHC in monthly payments of \$2,790 including interest at 1.23%, renewal date of May 1, 2019, maturity date of May 1, 2040, secured by a Ministerial guarantee and assignment of fire insurance.	649,568	674,913
Phase 10 - Mortgage payable to CMHC in monthly payments of \$5,032 including interest at 1.46%, renewal date of March 1, 2022, maturity date of March 1, 2032, secured by a Ministerial guarantee and assignment of fire insurance.	1,222,609	1,264,864
Phase 11 - Mortgage payable to CMHC in monthly payments of \$18,684 including interest at 1.86%, renewal date of August 1, 2022, maturity date of August 1, 2032, secured by a Ministerial guarantee and assignment of fire insurance.	2,834,604	-
Advance from CMHC for a 20 unit project to be converted to a long-term mortgage once project is completed. Upon project completion, the advance was converted to a 15 year mortgage payable to CMHC in monthly payments of \$22,052 including interest at 2.21%, renewal date of February 1, 2024, secured by a Ministerial guarantee and assignment of fire insurance.	2,533,677	1,904,508
Housing construction advance	-	2,198,120
	14,994,046	14,182,901

Principal repayments on long-term debt in each of the next five years, assuming long-term debt subject to refinancing is renewed, are estimated as follows:

2019	633,610
2020	644,657
2021	655,494
2022	666,726
2023	678,155

Subsequent to year-end, 3 mortgages with CMHC were subject to renewed loan terms, as follows:

- Phase 3 was renewed with required monthly payments of \$5,455 including interest at 2.11%, maturing November 1, 2033, with a scheduled renewal date of May 1, 2024.
- Phase 4 was renewed with required monthly payments of \$4,636 including interest at 2.04%, maturing March 1, 2034, with a scheduled renewal date of May 1, 2024.
- Phase 8 was renewed with required monthly payments of \$4,827 including interest at 1.87%, maturing April 1, 2039, with a scheduled renewal date of May 1, 2024.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

11. First Nations Finance Authority long-term debt

	2018	2017
Promissory note payable requiring monthly payments of \$15,855 including interest at 2.90%, maturity date of June 2024.	7,815,956	7,990,439
Promissory note payable requiring monthly payments of \$10,849 including interest at 3.79%, maturity date of June 2024.	5,764,084	5,887,290
Promissory note payable requiring monthly payments of \$3,179 including interest at 2.99%, maturity date of June 2024.	705,455	722,058
Promissory note payable requiring monthly payments of \$13,858 including interest at 3.41%, maturity date of June 2028.	7,596,785	7,650,387
	21,882,280	22,250,174

Principal repayments on long-term debt in each of the next five years, assuming long-term debt subject to refinancing is renewed, are estimated as follows:

2019	350,603
2020	350,603
2021	350,603
2022	350,603
2023	350,603

Secured by the First Nation's own source revenues, total of all promissory notes authorized to a maximum of \$23,100,000.

12. Other long-term debt

	2018	2017
Mortgage payable in monthly payments of \$5,391 including interest of 3.49%, renewal date of June 1, 2019, maturity date of June 2034, secured by a ministerial guarantee by the Government of Canada and an assignment of fire insurance.	805,614	841,890
Mortgage payable in monthly payments of \$4,282 including interest at 3.49%, maturity date of August 1, 2019, secured by a Ministerial guarantee and assignment of fire insurance for a four-unit rental housing project. Subsequent to year-end, the mortgage was paid in full.	71,178	119,338
Mortgage payable in monthly payments of \$3,834 including interest at 3.5%, maturity date of October 1, 2019, secured by a Ministerial guarantee and assignment of fire insurance. Subsequent to year-end, the mortgage was paid in full.	70,977	113,739
First Peoples Economic Growth Fund Inc. demand loan, without interest, repayable in monthly installments of \$1,458, matures February 2022.	70,000	87,501
Loans repaid during the year.	-	184,142
	1,017,769	1,346,610

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

12. Other long-term debt *(Continued from previous page)*

Principal repayments on long-term debt in each of the next five years, assuming long-term debt subject to refinancing is renewed, are estimated as follows:

2019	155,218
2020	97,715
2021	57,416
2022	58,832
2023	42,798

13. Contingencies

The First Nation is involved in a dispute over the legal ownership of certain property. The outcome of this dispute and the effects of any contingent claims relating to this dispute are not determinable at the date of this report.

A lawsuit has been filed against the First Nation. The outcome of the lawsuit is not determinable. In the case that any loss arises, such loss will be recorded as an expense in the year it is determined.

The First Nation is subject to funding recoveries according to their agreements with federal government agencies. It has not yet been determined to what extent any funding amounts related to the year ended March 31, 2018 might be recovered.

At March 31, 2018, the First Nation has determined that some contaminated sites exist. However, no determination has been made as to whether the contamination exceeds an environmental standard that the First Nation is required to comply with. Also, the First Nation does not consider themselves to be responsible and have not accepted responsibility. As a result, no liability regarding the contaminated sites is recorded in these financial statements. If and when it is determined that a liability exists, the liability will be recorded in the period in which such a determination is made, in accordance with the accounting policy described in Note 3.

14. Tangible capital assets

	2018	2017
Construction in progress		
CMHC - 20 Unit project (Phase 12)	3,366,793	1,689,118
Arena	3,040,878	2,012,308

Tangible capital assets in use	112,716,844	115,342,932
	121,477,362	122,230,193

15. Indigenous Services Canada funding

The Indigenous Services Canada ("ISC") revenue of \$38,442,283 (2017 – \$35,530,814) on the consolidated statement of operations and accumulated surplus agrees to the ISC confirmation.

16. First Nations and Inuit Health funding

The First Nations and Inuit Health revenue of \$4,068,382 (2017 – \$3,171,895) on the consolidated statement of operations and accumulated surplus agrees to the First Nation and Inuit Health confirmation.

St. Theresa Point First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2018

17. Economic dependence

St. Theresa Point First Nation receives a significant portion of its revenue from Indigenous Services Canada ("ISC") and First Nations and Inuit Health as a result of Treaties entered into with the Government of Canada. These Treaties are administered by ISC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these Treaties.

18. Compliance with laws and regulations

St. Theresa Point First Nation Financial Administration Law

The Chief and Council enacted the St. Theresa Point First Nation Financial Administration Law (the "FAL") in order to govern the financial administration of the First Nation. Included in the FAL is a provision that the law will come into force exactly 36 months after the date in which the First Nation obtains loan financing from the First Nations Finance Authority. The First Nation obtained loan financing from the First Nations Finance Authority on December 9, 2013 and needed to comply by December 9, 2016. The First Nation is not in compliance with all of the requirements of the Finance Administration Law. The results of this non-compliance have not yet been determined.

First Nations Financial Transparency and Accountability Act

The First Nation is required by the First Nations Financial Transparency and Accountability Act to post its consolidated financial statements on a website and submit the consolidated financial statements to Indigenous Services Canada by July 29, 2018. As the audit report is dated after this date, the First Nation is not in compliance with this requirement. The possible effect of this non-compliance has not yet been determined.

The Manitoba Environmental Protection Act

The Manitoba Environmental Protection Act sets out the regulatory requirements to properly close and maintain active and inactive landfill sites. Under this environmental law, there is a requirement for closure and post-closure care of solid waste sites including covering and landscaping and ongoing environmental monitoring, site inspection and maintenance. As directed by PS 3270, a liability must be recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability for closure and post-closure care is recognized as the site capacity is used to the extent of the proportion of site capacity used compared to the estimated total expenditure required for closure and post-closure care.

The estimated total expenditure represents the sum of discounted future cash flows associated with closure and post-closure care considering current technology, the length of the post-closure care period and current environmental regulations. Expenditures that relate to an existing condition caused by past operations, and which do not contribute to future asset service potential, are expensed in the current year.

At year-end, the extent to which the First Nation is bound by environmental laws of The Manitoba Environmental Protection Act was not determinable, and therefore, no liability has been recorded in these financial statements.

19. Budget information

The disclosed budget information was approved by the Chief and Council of St. Theresa Point First Nation on April 25, 2017.

20. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.
