INDEPENDENT AUDITORS' REPORT

To the Chief and Council of the
Mushuau Innu First Nation

We have audited the accompanying consolidated financial statements of the Mushuau Innu First Nation, which comprise the statement of financial position as at March 31, 2017 and the statements of operations, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

The organization's Consolidated Statement of Financial Position includes \$2,622,187 due from government. We were unable to obtain sufficient appropriate audit evidence to support \$1,609,935 of this amount. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Our examination indicated that there were weaknesses in internal controls over the identification and invoicing of re-billable items for fuel sales, services, rent and electricity. Based upon our examination, it was not possible to determine whether all items were invoiced or whether all invoices were recorded in the accounting records. Accordingly we were unable to determine whether adjustments to revenue, accounts receivable, and excess of expenditures over revenue might be necessary.

Canadian Public Sector Accounting Standards require that the expected future cost of landfill remediation cost be accrued in the entity's financial statements. The First Nation has not made an assessment of this liability thus it is not reflected in these statements. Accordingly we were unable to determine whether adjustments to expenditures, accrued liabilities, and excess of expenditures over revenue might be necessary.

Qualified Opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Mushuau Innu First Nation as at March 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

understanding and fairness to the Mushuau Innu**MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING**

The accompanying consolidated financial statements of the Mushuau Innu First Nation and all the information in this annual report are the responsibility of management and have been approved by the Chief and Council.

The consolidated financial statements have been prepared by management in accordance with Canadian Public Sector Accounting Standards prescribed for governments as recommended by CPA Canada and as such include amounts that are the best estimates and judgements of management.

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The Council meets periodically with management, as well as the external auditors, to discuss internal controls over financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditor's report.

The external auditors, Winsor Coombs, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to the financial management of Mushuau Innu First Nation and meet when required.

On behalf of the Mushuau Innu First Nation

**MUSHUAU INNU FIRST NATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2017**

1. Significant Accounting Policies

a) Basis of Accounting

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

b) Reporting Entity

The Mushuau Innu First Nation reporting entity includes the Mushuau Innu First Nation government and all related entities that are controlled by the First Nation.

c) Principles of Consolidation

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of government business enterprise, which are included in the Consolidated Financial Statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Under the modified equity method of accounting, only the First Nation's investment in the government business enterprise and the enterprise's net income and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprise that are different from those of the First Nation.

Organizations consolidated in the First Nation's financial statements include:

- Mushuau Innu Operations Fund
- Mushuau Innu Relocation Corporation Inc.
- Natuashish Housing Authority Inc.
- Mushuau Innu Housing Authority Inc.
- Mushuau Innu First Nation Community Trust
- Mushuau Innu First Nation Trust

Organizations accounted for on a modified equity basis include:

- Innu Development Limited Partnership
- Mushuau Innu Camp and Catering Limited Partnership
- Mushuau Innu Camp and Catering Inc.

d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and balances with banks net of bank overdrafts. Cash subject to internal or external restrictions, if any, are segregated and held until used as intended.

e) Inventories for Resale

Inventories of supplies and goods available for resale are recorded at the lower of cost and net realizable value.

**MUSHUAU INNU FIRST NATION
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2017**

1. Significant Accounting Policies (continued)

f) Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Tangible capital assets are amortized over their expected useful life using the straight line method at the following rates:

Infrastructure	40 years
Buildings and housing	20 years
Wharf	20 years
Equipment	5 years
Transportation equipment	5 years

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Assets under construction are not amortized until the asset is available to be put into service.

g) Inventories Held for Use

Inventories of fuel held for consumption are recorded at the lower of cost and replacement cost.

h) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

**MUSHUAU INNU FIRST NATION
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2017**

1. Significant Accounting Policies (continued)

i) Measurement Uncertainty

In preparing the consolidated financial statements for the First Nation, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the period. Items requiring the use of significant estimates include providing for amortization of tangible capital assets, determining the estimated useful lives of assets and determination of the allowance for doubtful accounts. Actual results could differ from these estimates.

2. Trust Funds Held by Federal Government

	<u>2017</u>	<u>2016</u>
Opening balance	\$ 103,713	\$ 102,636
Additions	2,590	1,077
Withdrawals	<u>(104,748)</u>	<u>-</u>
	<u>\$ 1,555</u>	<u>\$ 103,713</u>

The trust funds arise from monies derived from revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

3. Accounts Receivable

	<u>2017</u>	<u>2016</u>
Due from members	\$ 69,549	\$ 53,447
Due from non-members	<u>3,424,480</u>	<u>3,699,589</u>
	3,494,029	3,753,036
Less: allowance for doubtful accounts	<u>(82,311)</u>	<u>(138,379)</u>
	<u>\$ 3,411,718</u>	<u>\$ 3,614,657</u>

4. Inventory

The First Nation sources diesel fuel for use in operations and for sale to third parties. As well the First Nation has an inventory of crushed stone that will be used in operations. As of year-end, the First Nation estimates that \$285,777 (2016 - \$275,800) will be sold to third parties, and \$1,804,145 (2016 - \$1,803,151) will be used in operations.

**MUSHUAU INNU FIRST NATION

14. Contingent Liabilities

a) Legal Claims

A number of claims have been made against the First Nation for employment matters. The outcome of these matters is not determinable at the present time. The eventual amount these claims will be settled for is not determinable at the present time. Any future settlements will be recorded as expenses in the period settled.

A number of claims have been made against the First Nation by various suppliers and third parties for unpaid invoices and related interest. These claims total \$1,078,524 while the First Nation has accrued \$142,173 in its records to settle these claims. The eventual amount these claims will be settled for is not determinable at the present time. Any future settlements in excess of this accrual will be recorded as expenses in the period settled.
