Management's Responsibility

To the Members of Wuskwi Sipihk First Nation:

The accompanying financial statements of Wuskwi Sipihk First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Wuskwi Sipihk First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by the Members to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

Chief

Susan Nokemho

Finance
Administrator

To the Members of Wuskwi Sipihk First Nation:

Opinion

We have audited the consolidated financial statements of Wuskwi Sipihk First Nation and its subsidiaries (the "First Nation"), which comprise the consolidated statement of financial position as at March 31, 2020, the consolidated statement of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2020, and the results of its consolidated operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Wuskwi Sipihk First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

1. Operations

The Wuskwi Sipihk First Nation (the "First Nation") is located in the province of Manitoba, and provides various services to its members. Wuskwi Sipihk First Nation includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

2. Significant accounting policies

These financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business entities and partnerships. Trusts administered on behalf of third parties by Wuskwi Sipihk First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Wuskwi Sipihk First Nation Band Governance and Administration
- Wuskwi Sipihk First Nation Capital Facilities
- Wuskwi Sipihk First Nation Community Services
- Wuskwi Sipihk First Nation Education Authority
- Wuskwi Sipihk First Nation Economic Development
- Wuskwi Sipihk First Nation Employment, Training and Daycare
- Wuskwi Sipihk First Nation Gas Bar
- Wuskwi Sipihk First Nation Health Authority
- Wuskwi Sipihk First Nation Housing Authority
- Wuskwi Sipihk First Nation Social Services
- Wuskwi Sipihk First Nation Video Lottery Terminals (VLT)

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Investments in First Nation partnerships are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Aseneskak Casino Limited Partnership
- Aseneskak Company Inc.
- Mahihkan Bus Lines Limited Partnership
- Mahihkan Bus Lines General Partner Inc.
- Nekote Limited Partnership
- Nekote General Partner Inc.

Wuskwi Sipihk First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

2. Significant accounting policies *(Continued from previous page)*

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash and cash equivalents

Cash and cash equivalents include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Inventory

Inventory of supplies and goods available for resale are recorded at the lower of cost and net realizable value. Cost is determined by the weighted average method. Cost of inventories of items that are segregated for specific projects is assigned by using specific identification of their individual costs. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Contributed tangible capital assets are recorded at their fair value at the date of contribution.

Amortization

Social housing assets acquired under Canada Mortgage and Housing Corporation ("CMHC") sponsored programs are amortized over their estimated useful lives at a rate equivalent to the annual principal reduction in the related long-term debt. Amortization for other tangible capital assets is provided using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	Method	Rate
Land improvements	declining balance	3 - 10 %
Buildings	declining balance	2 - 4 %
Roads and bridges	declining balance	2 - 5 %
Water and sewer	declining balance	2 - 5 %
Housing	declining balance	2 - 4 %
Equipment and computers	declining balance	5 - 25 %
Vehicles	declining balance	10 -20 %

Long-term debt

Long-term financing received to fund tangible capital asset purchases is recognized in the period the financing is acquired and recorded as an increase in long-term debt.

Repayments of long-term financing are recognized as a decrease in long-term debt.

Funds held in Ottawa Trust Fund

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Wuskwi Sipihk First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

2. Significant accounting policies *(Continued from previous page)*

Long-lived assets and discontinued operations

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. The carrying amount of a long-lived asset is not recoverable if the carrying amount exceeds the sum of the undiscounted future cash flows from its use and disposal. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using quoted market prices. Any impairment is included in surplus for the year.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Provision for site rehabilitation

The Manitoba Environmental Protection Act sets out the regulatory requirements to properly close and maintain active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. A liability is recognized beginning when the landfill first accepts waste to the date the landfill stops accepting waste. The liability for closure and post-closure care is recognized as the site capacity is used and is equal to a proportion of the estimated total expenditure required for closure and post-closure care. The estimated total expenditure represents the sum of discounted future cash flows associated with closure and post-closure care considering current technology, the length of the post-closure care period and current environmental regulations. Expenditures that relate to an existing condition caused by past operations, and which do not contribute to future revenue generation, are expensed in the current year.

No liability has been recorded as of March 31, 2020 as funding from government agencies will offset any costs associated with the closure of landfill sites or the remediation of other contaminated sites.

Net debt

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprise a second indicator of financial position, accumulated surplus.

Revenue recognition

Government Transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Rental and other revenue

Other revenues are earned from other services provided by the First Nation and are recognized at their fair value when the service has been provided.

Retail sales are recognized when the sale is made and the customer takes possession of the merchandise.

Rent is recorded in the year it is earned. At the end of each year, management evaluates the extent of the collectability of its rent revenue and records a bad debt expense and an allowance for doubtful accounts designated as unlikely to be collected.

Wuskwi Sipihk First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

2. Significant accounting policies *(Continued from previous page)*

Gaming revenue

The First Nation recognizes Video Lottery Terminals (VLT) revenue as the net win from gaming activities (the difference between gaming wins and gaming losses), consisting of slot machines, on a daily basis. Gaming revenue is gross of commissions paid to Manitoba Liquor and Lotteries which management believes is the most appropriate presentation of gaming revenue on the financial statements.

Insurance proceeds

Due to the inability to reasonably ascertain the proceeds ultimately receivable related to housing units damaged/destroyed, these proceeds are recognized only when the amounts have been confirmed through the actual receipts of funds.

Inter-entity transactions

The First Nation recognizes and records all transactions with entities within the First Nation reporting entity ("inter-entity transactions") at their carrying amount as determined at the transaction date.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Provisions are made for slow moving and obsolete inventory. Amortization is based on the estimated useful lives of tangible capital assets.

Segments

The First Nation conducts its business through nine reportable segments:

- Gas Bar - activities include providing retail services within the community for fuel, tobacco and grocery products.
- Video Lottery Terminals - activities include providing a form of gaming entertainment for community members which generates revenue for discretionary needs of the community members.
- Band Governance and Administration - includes the administration and governance function relating to decisions that define expectations, grant power or verify performance consisting of decision-making and leadership processes.
- Own-Source Education - activities include overseeing many aspects of educational opportunities for the First Nation community members at all levels of learning both within the community and externally.
- Other - other various activities carried out utilizing own-source funds.
- Non-third party managed Indigenous Services Canada (ISC) programs - activities include administering various ISC funded programming, including such areas as public works and capital projects, economic development, employment and training, social assistance, education, etc. for the period of time the First Nation was not under third-party management (i.e. September 1, 2018 and on).
- Third-party managed ISC programs - activities include administering various ISC funded programming, including such areas as public works and capital projects, economic development, employment and training, social assistance, education, etc. for the period of time the First Nation was under third-party management during the year. The First Nation exited third-party management for ISC programming on August 31, 2018.
- Non-third party managed health programs - activities include the delivery of programs to promote community-based health initiatives and non-insured health benefits for the period of time the First Nation was not under third-party management (i.e. October 1, 2018 and on).
- Third-party managed health programs - activities included the delivery of programs to promote community-based health initiatives and non-insured health benefits for the period of time the First Nation was under third-party management during the year. The First Nation exited third-party management for health services on September 30, 2018.

Wuskwi Sipihk First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

2. Significant accounting policies *(Continued from previous page)*

These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 2 *Significant accounting policies*.

Employee future benefits

The First Nation's employee future benefit programs consist of a defined contribution pension plan. The First Nation's contributions to the defined contribution pension plan are expensed as incurred.

3. Restricted cash

	2020	2019
Ottawa Trust Fund	18,032	17,746
New Water Treatment Plant	1,747,732	1,446,157
New School	4,605,688	460,655
Lagoon	559,125	-

Ottawa Trust Fund

The Ottawa trust fund arises from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by sections 63 and 69 of the Indian Act. Revenue from the Ottawa Trust fund is recognized in the year in which it is earned when it is measurable and when collection is reasonably assured. Capital and Revenue trust monies are transferred to the First Nation on the authorization of the Minister of Indigenous Services Canada, with the consent of the First Nation's Chief and Council.

New Water Treatment Plant

During the year, the First Nation received funding from Indigenous Services Canada to be used for the construction of a new water treatment plant. As at March 31, 2020, a balance \$1,747,732 (2019 - \$1,446,157) remained unspent and externally restricted for that purpose.

New School

During the year, the First Nation received funding from Indigenous Services Canada to be used for the construction of a new school. As at March 31, 2020, a balance of \$4,605,688 (2019 - \$460,655) remained unspent and externally restricted for that purpose.

Lagoon

During the year, the First Nation received funding from Indigenous Services Canada to be used for the construction of a new lagoon. As at March 31, 2020, a balance of \$559,125 remained unspent and externally restricted for that purpose.

For the year ended March 31, 2020

8. Long-term debt *(Continued from previous page)*

Principal repayments on long-term debt in each of the next five years, assuming long-term debt subject to refinancing is renewed, are estimated as follows:

	Principal
2021	453,882
2022	396,143
2023	423,401
2024	453,388
2025	242,462
	<hr/>
	1,969,276
	<hr/>
Thereafter	1,407,312

Interest on long-term debt amounted to \$132,578 (2019 - \$74,301).

9. Tangible capital assets

The tangible capital assets reconciliation is included in Schedule 1.

The tangible capital assets include assets under construction, which includes the water treatment plant, new school project, lagoon project, the youth centre, the band office trailer and housing projects with a carrying value of \$12,967,924 (2019 - \$3,804,093). No amortization of these assets have been recorded during the year because they are currently under construction. The majority of these projects are expected to be completed in the 2021 fiscal year.

10. Replacement reserve

Under agreements with Canada Mortgage and Housing Corporation (CMHC) the Nation established the following:

- A replacement reserve, established by an annual allocation of \$16,261 (2019 - \$22,826), to ensure replacement of buildings financed by CMHC. At March 31, 2020, \$0 (2019 - \$0) have been set aside to fund this reserve. The unfunded portion at March 31, 2020 was \$34,278 (2019 - \$37,678).

During the year, CMHC reduced the Nation's replacement reserve requirements for units that have been lost and/or are no longer occupied. This resulted in a reduction of \$6,565 (2019 - \$54,126) to both the replacement reserve and the accumulated operating reserve.

- Under the terms of agreement with CMHC, any subsidy surplus may be retained in an operating reserve, and may be used to meet future subsidy requirements of income test occupants, over and above the maximum federal assistance. As at March 31, 2020, the Nation did not hold any funds in an operating reserve account.

In accordance with terms of the agreements, CMHC reserve moneys must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by CMHC. Reserve withdrawals are credited first to interest and then to principal.

Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

11. Government transfers

During the year, the First Nation recognized the following government transfers:

	2020	2019
Indigenous Services Canada - operating	3,413,498	3,349,580
Indigenous Services Canada - capital	14,446,740	5,472,030
Health Canada - operating	2,103,830	1,723,517
Health Canada - capital	49,142	-
Canada Mortgage and Housing Corporation - operating	66,672	106,157
Employment and Social Development Canada - operating	149,922	147,824
	20,229,804	10,799,108

12. Post-employment benefits

Defined contribution pension plan

The First Nation has a defined contribution pension plan covering substantially all full-time employees. Contributions to the plan are based on matching participants' contributions to a maximum of 5% of gross earnings. The First Nation contributions and corresponding expense totalled \$57,827 in 2020 (2019 - \$61,752).

13. Budget information

The disclosed budget information has been approved by the Chief and Council of the Wuskwi Sipihk First Nation.

14. Commitments and contingencies

Stantec Architecture - The First Nation has entered into a contract with Stantec for professional consulting services with respect to the design, construction, and fit-up of the new school being constructed in the community. The contract stipulates a total fixed fee of \$909,110, payable in monthly installments based on progress and invoices submitted to the First Nation. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to Stantec for services satisfactorily performed up to the date of termination.

Colliers Project Leaders Inc. - The First Nation has entered into a contract with Colliers Project Leaders Inc. to provide project management services with respect to the construction of the new school being constructed in the community. The contract stipulates a total fixed fee of \$260,960. Payment is due monthly upon receipt of periodic invoices at agreed upon intervals throughout the project. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to Collier for services satisfactorily performed up to the date of termination.

NDL Construction - The First Nation has entered into a contract with NDL Construction for construction services for the new school being built in the community. The contract stipulates a total fixed fee of \$10,632,700. Payment is due monthly upon receipt of periodic invoices at agreed upon intervals throughout the project. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to NDL Construction for amounts payable for work completed.

Stantec Architecture - The First Nation has entered into a contract with Stantec for engineering services with respect to the new water treatment plant construction in the community. The contract stipulates a total fixed fee of \$1,189,006, payable in monthly installments based on progress and invoices submitted to the First Nation. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to Stantec for services satisfactorily performed up to the date of termination.

14. Commitments and contingencies *(Continued from previous page)*

Colliers Project Leaders Inc. - The First Nation has entered into a contract with Colliers Project Leader Inc. to provide project management services with respect to the water treatment plant construction in the community. The contract stipulates a total fixed fee of \$166,800. Payment is due monthly based on progress and invoices submitted to the First Nation. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to Collier for services satisfactorily performed up to the date of termination.

Parkwest Projects Ltd. - The First Nation has entered into a contract with Parkwest Projects Ltd. to provide construction services with respect to the new water treatment plant construction in the community. The estimated valued of this contract is \$9,291,305.

A.D. Hanslip Ltd. - The First Nation has entered into a contract with A.D. Hanslip Ltd. for construction services for the new lagoon project. The contract stipulates an estimated total fee of \$5,666,609. Payment is due monthly based on progress and invoices submitted to the First Nation. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to A.D Hanslip for amounts payable for work completed.

Colliers Project Leaders Inc. - The First Nation has entered into a contract with Colliers Project Leaders Inc. to provide project management services with respect to the lagoon project. The contract stipulates a total fixed fee of \$113,515. Payment is due monthly based on progress and invoices submitted to the First Nation. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to Collier for services satisfactory performed to the date of termination.

Stantec Architecture - The First Nation has entered into a contract with Stantec for professional consulting services with respect to the design, construction, and fit-up of the lagoon project. The contract stipulates a total fixed fee of \$379,220, payable in monthly installments based on progress and invoices submitted to the First Nation. Chief and Council may terminate the contract at any time; however, the First Nation is obligated to make payment to Stantec for services satisfactory performed up to the date of termination.

Northco Management - The First Nation has entered into a contract with Northco Management for co-management services as required by Indigenous Services Canada (ISC). The First Nation is required to pay \$20,000 per month for these services. The contract will remain in effect until August 31, 2020, either party provides 90 days written notice to terminate or such time that the First Nation is no longer in co-management.

Contera Construction Inc. - The First Nation has entered into a loan agreement with Contera Construction Inc. As a covenant of this agreement, the First Nation is required to provide Contera Construction Inc. with the first right of refusal on any construction contract it enters into that does not require public tender.

My Whole Health, Inc. - The First Nation has entered into a contract with My Whole Health, Inc. for nurse practitioner services. The contract stipulates fees of \$11,200 are to be paid monthly. The contract expires on March 31, 2021.

Contera Construction Inc. - The First Nation has entered into a contract with Contera Construction Inc. for construction of a youth centre complex. The expected amount to complete this contract is \$1,680,000.

A portion of the balance included as surpluses (deficits) is from funds contributed by government agencies. Such surpluses (deficits) may be subject to repayment or recovery by the contributing agencies, depending on the terms and conditions in the fiscal period in which such determination is made.

15. Economic dependence

Wuskwi Sipihk First Nation receives substantially all of its revenue from Indigenous Services Canada as a result of Treaties entered into with the Government of Canada. These Treaties are administered by Indigenous Services Canada under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

Due to certain factors with respect to the financial status of the First Nation, the Nation is party to a Remedial Management Plan agreement with Indigenous Services Canada. Under the terms of the agreement, funding from the Remedial Management Plan can be suspended if the First Nation does not comply with the terms of the agreement.

Wuskwi Sipihk First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2020

16. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.

17. Subsequent event

Subsequent to year end, the global outbreak of COVID-19 (coronavirus) continued, which has had a significant impact on the operations through restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders. At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the First Nation as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus.
