**Fond du Lac Denesuline First Nation**  
**Management's Responsibility for Financial Reporting**  
*March 31, 2023*

To the Members of Fond du Lac Denesuline First Nation:

The accompanying consolidated financial statements of Fond du Lac Denesuline First Nation are the responsibility of management and have been approved by Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities and for approving the consolidated financial statements. Chief and Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors.

Chalupiak & Associates CPA Professional Corporation, an independent firm of Chartered Professional Accountants, is appointed by Chief and Council to audit the consolidated financial statements and report directly to the Members; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Chief and Council and management to discuss their audit findings.

On behalf of Fond du Lac Denesuline First Nation:

Fond du Lac Denesuline First Nation	Date

## **Independent Auditors' Report**

To the Members of  
**Fond du Lac Denesuline First Nation**

### ***Qualified Opinion***

We have audited the consolidated financial statements of Fond du Lac Denesuline First Nation, which comprise the consolidated statement of financial position as at March 31, 2023, and the consolidated statements of operations, accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

Except as noted in the following paragraph, in our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the First Nation as at March 31, 2023 and the results of its operations for the year then ended in accordance with Canadian public sector accounting standards (PSAS).

### ***Basis for Qualified Opinion***

Canadian public sector accounting standards require the disclosure and ratification of budget information for comparison to the First Nation's actual revenue and expenses. The consolidated budgeted revenue, expenses and surplus were not available and have not been reported in these financial statements. While having no effect on reporting actual revenue, expenses and surplus, omission of this information is considered a departure from Canadian public sector accounting standards.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

### ***Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (TCWG) are responsible for overseeing the First Nation's financial reporting process.

## ***Auditors' Responsibilities for the Audit of the Consolidated Financial Statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- ◆ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◆ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◆ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ◆ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ◆ Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of the financial statements

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
March 31, 2023

**1. Operations**

The Fond du Lac Denesuline First Nation ("the First Nation") is located in the province of Saskatchewan, Canada and provides various services to its members. These financial statements include the First Nation's government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation.

The office of the First Nation is physically located on Fond du Lac I.R. 227-233 and the mailing address is P.O. Box 211, Fond du Lac, Saskatchewan, S0J 0W0, Canada.

**2. Basis of presentation and significant accounting policies**

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board.

**(a) Reporting entity**

The Fond du Lac Denesuline First Nation's reporting entity includes the Fond du Lac Denesuline First Nation's government and all related entities that are controlled by the First Nation.

**(b) Principles of consolidation**

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of government business enterprise, which are included in the consolidated statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Under the modified equity method of accounting, only Fond du Lac Denesuline First Nation's investment in the government business enterprise and the enterprise's net income (loss) and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprise that are different from those of Fond du Lac Denesuline First Nation.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities:

- Fond du Lac Mineral Resources Inc;
- Fond du Lac Power Corporation; and,
- Fond du Lac Hydro Inc.

The Fond du Lac Denesuline First Nation maintains financial records in six different sets of data as follows:

- Administration;
- Post Secondary;
- IBA;
- Prevention;
- Health; and,
- Social Development.

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**2. Basis of presentation and significant accounting policies, continued**

**(b) Principles of consolidation, continued**

Organizations accounted for on a modified equity basis include:

- Fond du Lac First Nation Development Limited Partnership;
- Fond du Lac First Nation (2008) Development Corporation;
- Waterfound Development Limited Partnership; and,
- Waterfound Development Corp.

The Fond du Lac Specific Claim Trust is not included in the consolidated financial statements as it is administered and controlled by Trustees.

**(c) Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or to finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include capital assets and prepaid expenses.

**(d) Net financial assets**

The financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets are determined by its financial assets less liabilities. Net financial assets do not include non-financial assets.

**(e) Other economic interests**

The First Nation does not share in the control or the profit or loss of the following entities. As a result, the financial statements of the following entities have not been consolidated or proportionately consolidated with the financial statements of the Fond du Lac Denesuline First Nation.

The First Nation is a member of the Prince Albert Grand Council (PADC Management Co. Ltd. or "PAGC"). The PAGC is an organization of twelve Nations. The PAGC is mandated to enhance the services provided to the member Nations.

The First Nation is a member of the Yuthe Dene Sekwi Chu L A Koe Betsedi Inc. (Athabasca Denesuline Child and Family Services Inc. or "ADCFS"). ADCFS is an organization of three Nations. The mandate of ADCFS is to provide child and family protection and prevention services on reserve to the three member Nations.

The First Nation is a member of the Athabasca Health Authority ("AHA"). AHA is an organization of two Nations and three municipalities. AHA is mandated to provide comprehensive health services.

The First Nation is a member of the Athabasca Enterprise Region Corporation ("AERC"; previously Athabasca Economic Development and Training Corporation). The AERC is an organization of three Nations and four municipalities. The AERC is mandated to maximize economic capacity and achieve business competitiveness for the region.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**2. Basis of presentation and significant accounting policies, continued**

**(e) Other economic interests, continued**

The First Nation is a member of the Athabasca Denesuline Education Authority ("ADEA"). ADEA is an organization representing the three Denesuline Nation Bands in the Athabasca Region of Saskatchewan, Canada. ADEA is mandated to provide all educational services from Pre-Kindergarten to Grade 12 for communities and schools.

The First Nation is a member of the Athabasca Denesuline Ne Ne Land Corporation (North of 60 or "ADNLC"). ADNLC is an organization formed to negotiate the settlement of a land claim North of the 60th parallel on behalf of three Nations.

The First Nation is a member of the Ya' thi Néné Lands and Resources Office ("Ya' thi Néné"). Ya' thi Néné is an organization formed to protect the lands and waters of the Athabasca Basin for the long-term benefit of its Denesuline First Nations and Athabasca communities.

**(f) Liability for contaminated sites**

A liability for remediation of a contaminated site is recognized at the best estimate of the amounts required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2023. No contaminated sites have been identified as at March 31, 2023.

**(g) Cash**

Cash includes unrestricted cash balances with banks (net of bank overdrafts) which are used to facilitate day to day operations.

**(h) Restricted cash**

Restricted cash consists of cash and cash equivalents held for specific purposes as defined by various agreements.

**(i) Trust funds held by federal government**

Funds earned and held in Trust on behalf of First Nation members by the Government of Canada. Trust moneys consist of:

- Capital Trust moneys are Trust moneys that come from the sale of the First Nation's surrendered lands, from an interest in the land or from the sale of the First Nation's non-renewable resources; and,
- Revenue Trust moneys generated primarily through land leasing transactions or interest earned on deposits held in Trust.

Revenues from Trust moneys are recognized when measurable, earned and collection is reasonably assured. These moneys are reported on by the Government of Canada.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**2. Basis of presentation and significant accounting policies, continued**

**(j) Capital assets**

Capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Fond du Lac Denesuline First Nation's incremental cost of borrowing.

Amortization is provided for on a straight-line basis over their estimated useful lives.

Buildings	10 - 25 years Straight line
Vehicles	3 - 5 years Straight line
Office equipment	3 - 5 years Straight line
Equipment	5 years Straight line
Heavy equipment	4 - 5 years Straight line
Band Houses	20 years Straight line
CMHC Houses	20 years Straight line
Infrastructure	33 years Straight line

Capital assets are written down when conditions indicate that they no longer contribute to Fond du Lac Denesuline First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as capital assets. Assets under construction are not amortized until the asset is available to be put into service.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**2. Basis of presentation and significant accounting policies, continued**

**(k) Asset retirement obligation**

Accounting standard PS 3280, *Asset Retirement Obligation*, came into effect for fiscal years beginning after April 1, 2022.

A liability for an asset retirement obligation is recognized at the best estimate of the amount required to retire a capital asset at the financial statement date when there is a legal obligation for the First Nation to incur retirement costs, the past transaction or event giving rise to the liability has occurred, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount can be made.

The best estimate of the liability includes all costs directly attributable to asset retirement activities, based on information available at year-end. The best estimate of an asset retirement obligation incorporates a present value technique, when the cash flows required to settle or otherwise extinguish an asset retirement obligation are expected to occur over extended future periods. When a liability for an asset retirement obligation is initially recognized, a corresponding asset retirement cost is capitalized to the carrying amount of the related capital asset. The asset retirement cost is amortized over the useful life of the related asset. Asset retirement obligations which are incurred incrementally with use of the asset are recognized in the period incurred with a corresponding asset retirement cost expensed in the period.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. The First Nation recognizes period-to-period changes to the liability due to the passage of time as accretion expense. Changes to the liability arising from revisions to either the timing, the amount of the original estimate of undiscounted cash flows or the discount rate are recognized as an increase or decrease to the carrying amount of the related capital asset. The First Nation continues to review the possibility of a liability until it would be settled or otherwise extinguished. Disbursements made to settle the liability would be deducted from the reported liability when they are made.

**(l) Revenue recognition**

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**2. Basis of presentation and significant accounting policies, continued**

**(m) Financial instruments**

The First Nation recognizes its financial instruments when the First Nation becomes party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at their fair value. The First Nation subsequently measures all financial instruments at cost except for the portfolio investments in equity instruments that are quoted in an active market are measured at fair value. Transaction costs are added to the carrying amount for those financial instruments subsequently measured at cost.

Financial instruments includes cash, restricted cash, accounts receivable, portfolio investments, accounts payable and accrued liabilities.

**(n) Internal charges and transfers**

The administration office provides services to other program areas. To recognize the cost of these services, some funding agreements allow for a percentage of revenue to be allocated to cover these expenses. At the discretion of the First Nation, a corresponding revenue and expense may be recorded and referred to as "Administration fees - internal allocation."

**(o) Use of estimates**

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of capital assets.

**(p) Segment accounting**

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**3. Cash**

Cash is comprised of the following:

**Unrestricted cash:** Bank accounts used to facilitate day to day normal operations.

**Restricted cash:** Bank accounts that are restricted to a specific purpose as per the terms of an existing agreement. In some cases, these accounts are controlled by a project manager.

**Restricted cash - CMHC:** Under the terms of an agreement with Canada Mortgage and Housing Corporation, Fond du Lac Denesuline First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Replacement Reserve Fund and the Operating Reserve Fund.

**Trust funds held by federal government:** Revenues generated from land leases and/or head leases of reserve land are held in trust by the federal government for the benefit of the Fond du Lac Denesuline First Nation.

Capital assets represent the net book value of capital assets less any long-term debt taken out to acquire the capital assets that will be used to provide future services.

Investments in government business enterprises represent amounts not readily available for operations as the investments are not likely to be liquidated within the next year.

Portfolio investments represent other commercial business operations owned by the First Nation.

CMHC replacement reserve is the amount required to be funded for future housing major repairs, as per agreements with CMHC.

Trust funds held by federal government are monies held by the federal government for use by the First Nation for specific purposes.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**20. Prior period restatement**

The financial statements for the year ended March 31, 2022 were restated due to an adjustment related to the remediation capital project. The project had been recorded as an asset and it should have been recorded as an expense.

	As previously stated in 2022	Adjustments Increase (Decrease)	Restated 2023
<b>Consolidated Statement of Financial Position</b>			
Non-financial assets			
Capital assets	\$ 50,927,067	\$ (2,413,498)	\$ 48,513,569
Accumulated surplus	75,674,494	(2,413,498)	73,260,996
<b>Consolidated Statement of Operations</b>			
Expenses			
Community Infrastructure	2,187,793	712,954	2,900,747
Current year surplus (deficit)	\$ 10,363,360	\$ (712,954)	\$ 9,650,406

**21. Indigenous Services Canada (ISC) reconciliation**

	2023	2022
ISC revenue per confirmation	<u>\$ 32,966,799</u>	<u>\$ 25,031,964</u>

**22. CMHC reserves and restricted cash**

It is a requirement of the CMHC operating agreement that operating and replacement reserves be established and monies be set aside in separate bank accounts. On March 31, 2023, the reserve accounts were under funded (2022 - under funded). The reserve amounts are not reported separately on these financial statements, but are included in equity.

**23. Economic dependence**

The First Nation receives a substantial amount of its funding from Indigenous Services Canada ("ISC"). The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments.

**24. Impact Benefit Agreement (IBA)**

For the year ended March 31, 2023, the First Nation received \$145,778 (2022 - \$141,173) from an impact benefit agreement (IBA) signed with Cameco and AREVA.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**25. Related party transactions**

Transactions with related parties are in the normal course of business and are for fair consideration that is mutually agreed upon by the related parties. Due from (to) amounts are unsecured, non-interest bearing and have no fixed repayment schedules.

**26. Contingent liabilities**

Fond du Lac Denesuline First Nation has the following contingent liabilities:

- a) Fond du Lac Denesuline First Nation has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.
- b) In addition, in the normal course of its operations, Fond du Lac Denesuline First Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense is recorded on Fond du Lac Denesuline First Nation's financial statements.
- c) Fond du Lac Denesuline First Nation is contingently liable for \$700,000 of a loan issued to the Athabasca Denesuline Child & Family Services Inc. for the construction of the group home. The loan balance outstanding as of March 31, 2023 is \$1,476,791. The loan bears interest at 4.84%, monthly payments of \$20,979 of combined principal and interest and matures February 1, 2030.
- d) Fond du Lac Denesuline First Nation is contingently liable for loans issued to Fond du Lac First Nation Development Limited Partnership for the RCMP duplex construction. The loan balance outstanding as of March 31, 2023 is \$350,286. The loan bears interest at 5.62%, monthly payment of \$2,898 of combined principal and interest, and matures July 1, 2036.

**27. Employee benefit obligations**

**Vacation and overtime**

The vacation and overtime liability is comprised of the vacation and overtime that employees are deferring to future years. Employees have either earned the benefits or are entitled to these benefits within the next budgetary year.

**Post-employment benefits**

Fond du Lac Denesuline First Nation does not provide extended health, dental and life insurance benefits to retired employees and therefore has no obligations with regards to post employment benefits.

**Pension plan**

Fond du Lac Denesuline First Nation provides a defined contribution plan for eligible members of its staff. Members are required to contribute 6.00% of their basic salary; Fond du Lac Denesuline First Nation contributes a matching portion, which is directed to the member's contribution account. Fond du Lac Denesuline First Nation does not have any other obligations with regards to the pension plan as at March 31, 2023.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**28. Asset retirement obligation**

The First Nation has considered its obligations under the new Canadian Auditing Standard (PS 3280) which became effective for fiscal years beginning after April 1, 2022 and determined that the most likely assets that would fall under the standard include buildings that may contain asbestos and a landfill site.

It is unknown if any buildings and houses contain asbestos. Management has determined that the cost to inventory and analyze what buildings may or may not contain asbestos is not warranted. There are no plans to decommission any buildings in the foreseeable future, and if any buildings are decommissioned this will be done on a "one-off" basis, and the cost will be insignificant and absorbed in normal operating costs. The latest available information indicates that the average cost to remove asbestos from a house is just under \$3,000.

There is a landfill site that may need to be decommissioned at some point in the future, the date of which is unknown. An accurate estimate of the cost to decommission the landfill site is not available and it is unknown if this cost will be the responsibility of the First Nation or ISC. Historically, ISC has provided funding to cover decommissioning costs. Since the cost to decommission the landfill site is unknown, the criteria as per PS 3280, (Policy 2(k)) has not been met to recognize an Asset Retirement Obligation and therefore has not been recorded in these financial statements.

**29. Financial instruments**

The First Nation as part of its operations carries a number of financial instruments. It is management's opinion that the First Nation is not exposed to significant financial instrument risk arising from these financial instruments except as otherwise disclosed:

**Credit concentration and risk**

Credit risk is the risk of financial loss because a counter party to a financial instrument fails to discharge its contractual obligations. As at March 31, 2023, receivables from funding agencies accounted for 98% of the outstanding accounts receivable balance.

**Risk management**

The First Nation manages its credit risk by performing regular assessments and providing allowances for potentially uncollectible accounts receivable.

**Fair Value of Financial Instruments**

The carrying amount of cash, accounts receivable, portfolio investments, accounts payable and accrued liabilities approximate their fair value due to their short-term nature.

**Interest rate risk**

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates.

**Liquidity Risk**

Liquidity risk is the risk that the First Nation will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivery of cash or another financial asset. The First Nation is exposed to liquidity risk primarily from its accounts payables and deferred revenue. The First Nation manages liquidity risk by monitoring its cash and maintaining liquid assets.

**33. Segmented information**

As previously discussed in note 2(p) the First Nation conducts its business through reportable segments as follows:

**Treaties and Indigenous Government:**

Costs associated with the negotiation, settlement and implementation of specific claims and comprehensive land claim agreements as well as special claims and self-government agreements.

**Community Infrastructure:**

Costs to acquire, construct, operate and maintain basic community facilities and services such as water and sewage, roads, electrification, schools, community buildings and fire protection. Also, costs associated with ensuring that these facilities and community services meet recognized standards and are comparable to the services provided to nearby communities by provincial and municipal governments.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**33. Segmented information, continued**

**Economic Development:**

Costs associated with economic development planning, proposal development, and planning and implementation of ongoing activities and one-time projects. Also costs to pursue economic objectives in areas such as the employment of community members, the development of community-owned and community member businesses, the development of land and resources under community control, access to economic opportunities on land and resources beyond community control, investment promotion, and research and advocacy.

**Education:**

Costs to support First Nation and Inuit communities in expressing, preserving, developing and promoting their cultural heritage, through the establishment and operation of First Nation and Inuit cultural education centres and programs. Costs to provide eligible students living on reserve and eligible Inuit with elementary/secondary education programs and services including instructional services in federal, provincial, band-operated schools, or a private/independent school (recognized by the province in which the school is located as an elementary/secondary institution), and student support services such as transportation, accommodation, guidance and counselling services. Costs associated with ISC's First Nations and Inuit Youth Employment Strategy to develop and enhance essential employability skills, such as communication, problem solving, and working with others, expose youth to a variety of career options, and promote the benefits of education as being key to labor market participation. Also, costs to support eligible First Nation and Inuit students to access education opportunities at the post-secondary level and supports the development and delivery of college and university level courses for First Nation and Inuit students, and research and development on First Nation and Inuit education. Costs for the provision of special education services and programs and costs to provide internet access, information technology equipment, technical support and training to students and school staff.

**Indigenous Government Support:**

Costs to support the further development of competent, stable, legitimate, and accountable community governments by strengthening First Nations and Inuit governance and by funding initiatives which address needs in the areas of professional and institutional development at the local level and at the level of emerging regional and national organizations. Also, costs to enable tribal councils to provide advisory services such as financial management, band government, economic development, community planning, technical services to the member First Nations and to defray the costs of administering programs on behalf of member communities and to provide funding for equivalent advisory services to large First Nations which are not affiliated with a tribal council.

**Land Management:**

Costs associated to the administration of land transactions on designated and non-designated lands under sections 53 and 60 of the Indian Act.

**Social Development:**

First Nations people, like other Canadian citizens, are responsible for managing their own affairs and maintaining themselves to the extent that their resources permit. Some individuals and families are unable to provide for themselves and their dependents. Situations therefore exist in which assistance must be available to community members in need. Income Assistance is one type of income supplement available to eligible persons. Other income supports include Old Age Security, Child Tax Benefits, etc.

**First Nation Child & Family Services:**

Costs associated with the delivery of culturally appropriate prevention and well-being services for First Nation children and families on reserve and First Nations Representative Services.

**Fond du Lac Denesuline First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2023*

**33. Segmented information, continued**

**Registration and Membership:**

Costs associated with the maintenance of the band membership list, a record of everyone who is registered as a member of the First Nation under the Indian Act.

**Governance and Institutions of Government:**

Costs associated with Governance and Institution of Government activities.

**Health Services**

Reports on costs associated with the development of safe and healthy communities.

**Canada Mortgage and Housing Corporation (CMHC)**

Non-Profit On-Reserve Housing Program (Section 95); Residential Rehabilitation Assistance Program (RRAP); Home Adaptations for Seniors' Independence Program (HASI); Shelter Enhancement Program; Housing Internship Initiative for First Nations and Inuit Youth.

**Other Band programs**

Other programs that vary based on own source revenue. These could include First Nations Trust, Tribal Council, CDC, Band Trust Funds and other business ventures. These outside revenue sources are used to fund programs such as recreational or cultural activities for the benefit of membership that are not funded by government agencies.

Inter-segment transfers are recorded at their exchange amount. Details of the segment revenues and expenses are provided in the accompanying schedules. There are no revenues or expenses that have not been allocated to a segment.
