## **Management's Responsibility**

---

To the Members of White Bear First Nations:

The accompanying financial statements of White Bear First Nations (the "Nation") are the responsibility of management and have been approved by Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The White Bear First Nations Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the consolidated financial statements and report directly to the members; their report follows. The external auditors have full and free access to, and may meet periodically and separately with, both the Council and management to discuss their audit findings.

# Independent Auditor's Report

---

To the Members of White Bear First Nations:

## Opinion

We have audited the consolidated financial statements of White Bear First Nations (the "Nation"), which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations and accumulated surplus, changes in net financial assets, and cash flows and related schedules for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Nation as at March 31, 2020, and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Chief and Council for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Chief and Council are responsible for overseeing the Nation's financial reporting process.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

## Independent Auditor's Report Continued

---

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**1. Operations**

The White Bear First Nations (the "Nation") is located in the province of Saskatchewan, and provides various services to its members. White Bear First Nations includes the Nation's members, government and all related entities that are accountable to the Nation and are controlled by the Nation.

**2. Significant accounting policies**

These financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

***Reporting entity***

The financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity, except for Nation business entities.

The Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- White Bear First Nations
- White Bear First Nation C.M.H.C. Housing
- White Bear Oil and Gas Enterprise
- White Bear Oil and Gas Ltd.
- Wabimusqua Oil and Gas Ltd.
- Wabimusqua Oil and Gas Limited Partnership

All inter-entity balances have been eliminated on consolidation. Wabimusqua Oil and Gas Ltd. and Wabimusqua Oil and Gas Limited Partnership, have a year end of December 31, 2019 which are not coterminous with the Nation's year end. There were no significant events which would have affected the statement of financial position and statement of operations in the intervening period to the Nation's year end date. White Bear Oil and Gas Enterprise, White Bear Oil and Gas Ltd., Wabimusqua Oil and Gas Ltd., Wabimusqua Oil and Gas Limited Partnership do not meet the definition of a government business enterprise and as such, have been consolidated.

White Bear First Nations business entities, controlled by the Nation's Council but not dependent on the Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to extent that the business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- White Bear Lake Resort Inc.
- White Bear Lake Golf Course Inc.
- White Bear Holdings Ltd.
- White Bear Industrial Works Limited Partnership
- White Bear Industrial Works Ltd.

Separate audits and Notice to Readers are performed on the above entities' financial statements. These entities are related by common ownership.

***Other economic interests***

White Bear First Nations is a member of Yorkton Tribal Council Child and Family Services Incorporated. The Yorkton Tribal Council Child and Family Services Incorporated is an organization of twelve member First Nations, whose purpose is to provide child and family services to the twelve member Nations.

White Bear First Nations is a member of the Southeast Treaty Four Tribal Council. The Tribal Council is an organization of two Nations. The Tribal Council is to enhance the services provided to the member Nations.

White Bear First Nations is a member of the Bear Claw Community Development Incorporated. The Bear Claw Community Development Incorporated facilitates the distribution of a portion of net proceeds derived from the Dakota Dunes, Painted Hand, and Northern Lights Casinos for charitable purposes to First Nations charities and non-First Nation charities located within the community of White Bear First Nations and surrounding area.

The First Nation does not have a share in the profit or loss of the above entities. As a result, the financial statements of Yorkton Tribal Council Child and Family Services Incorporated, Southeast Treaty Four Tribal Council, and Bear Claw Community Development Incorporated have not been consolidated with the financial statements of White Bear First Nations.

***Basis of presentation***

Sources of financing and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

***Cash resources***

Cash resources includes balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

***Marketable securities***

Marketable securities are valued at the lower of cost and market value. Market value of marketable securities at March 31, 2020 include \$15,000 (2019 - \$15,000) subject to interest of 1.75%, maturing in December 2020, and \$422,653 (2019 - \$1,200,000), included in cash and cash equivalents, subject to interest of 1.00% (2019 - 1.15%), maturing in April 2020.

***Loans receivable***

Loans (advances) are recorded at principal amounts, less any allowance for anticipated losses, plus accrued interest. Interest revenue is recorded on the accrual basis. Loan and administration fees are amortized over the term of the loan.

***Funds held in Ottawa Trust Fund***

Funds are held in trust on behalf of Nation members by the Government of Canada in the Ottawa Trust Fund. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other Nation capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

**2. Significant accounting policies** *(Continued from previous page)*

***Tangible capital assets***

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

**Amortization**

Amortization for other tangible capital assets is provided using the straight-line method at rates intended to amortize the cost of the assets over their estimated useful lives. In the year of acquisition, amortization is taken at 1/2 of the annual amount.

	Rate
Buildings	25 - 40 years
Housing	10 - 35 years
Equipment	10 years
Land improvements	25 years
Vehicles	3 years
Roads	25 years
Utility systems	25 - 30 years

***Intangible assets***

The Nation owns mineral rights, water resources and crown lands inherited from the Crown. These items are not recognized in the Nation's financial statements in accordance with PS 1200 *Financial Statement Presentation*.

**Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

***Net financial assets***

The Nation's financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets of the Nation is determined by its financial assets less its liabilities. Net financial assets is comprised of two components, non-financial assets and accumulated surplus.

**White Bear First Nations**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2020*

---

**2. Significant accounting policies** *(Continued from previous page)*

***Revenue recognition***

**Government transfers**

The Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

**Tax revenue**

The Nation recognizes taxes as assets and revenue when they meet the definition of an asset, are authorized by council, and the taxable event has occurred.

Commercial tax revenue is initially measured at management's best estimate of the amount resulting from the original taxable event in accordance with tax legislation. The related tax receivable is initially recognized at its realizable value at the date of acquisition. At each financial statement date, the Nation evaluates the tax receivable for collectability and records a valuation allowance to reflect the tax receivable at its net recoverable amount, if necessary.

**Non-government funding**

Revenue is recognized as it becomes available under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

**Other revenue**

Rental revenue is recognized over the rental term. Investment income is recognized as it is earned. Revenue from gross overriding royalties on interest in natural gas and petroleum properties is recognized when measurable, earned and collection is reasonably assured. Other revenue are earned from other services provided by the First Nation and are recognized when the service has been provided.

***Measurement uncertainty***

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the reporting period.

Accounts receivable and amounts due to White Bear Lake Golf Course Inc., are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Liabilities for contaminated sites are estimated based on the best information available regarding potentially contaminated sites that the First Nation is responsible for. Legal contingencies are based on estimates provided by the Nation's legal counsel when the settlement is probable and the amount can be reasonably measured.

These assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the records in the periods in which they become known.

***Segments***

The Nation conducts its business through 9 reportable segments as identified in the attached schedules. These operating segments are established by senior management to facilitate the achievement of the Nation's long-term objectives to aid in resource allocation decisions, to assess operational performance and as part of its funding requirements.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information and are apportioned based on a percentage of budgeted revenue, where permitted by funding agencies.

**White Bear First Nations**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2020*

---

**2. Significant accounting policies** *(Continued from previous page)*

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

***Liability for contaminated sites***

A liability for remediation of contaminated sites is recognized at the best estimate of the amount required to remediate the contaminated sites when contamination exceeding an environmental standard exists, the Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2020.

At each financial reporting date, the Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. No liability for contaminated sites exists as at March 31, 2020.

**Asset Retirement Obligations**

In August 2018, new PS 3280 Assets Retirement Obligations was included in the CPA Canada Public Sector Accounting Handbook (PSA HB). The new PS 3280 establishes standards on how to account for and report a liability for asset retirement obligations (ARO). As asset retirement obligations associated with landfills are included in the scope of new PS 3280, PS 3270 Solid Waste Landfill Closure and Post-Closure Liability will be withdrawn.

The main features of this standard are as follows:

- An ARO represents a legal obligation associated with the retirement of a tangible capital asset.
- Asset retirement costs increase the carrying amount of the related tangible capital asset and are expensed in a rational and systematic matter.
- When an asset is no longer in productive use, the associated asset retirement costs are expensed.
- Measurement of the ARO liability should result in the best estimate of the amount required to retire a tangible capital asset at the financial statement date.
- Subsequent measurement of the ARO liability results in either a change in the carrying amount of the related tangible capital asset or an expense. The accounting treatment depends on the nature of the remeasurement and whether the asset remains in productive use.
- The best method to estimate the liability is often a present value technique.

This standard is effective for fiscal years beginning on or after April 1, 2021. Early adoption is permitted. The impact on the Nation is uncertain at this time.

**Financial Instruments**

In June 2011, the Public Sector Accounting Board (PSAB) issued new PS 3450 Financial Instruments. The new standard establishes requirements for recognition, measurement, derecognition, presentation and disclosure of financial assets and financial liabilities, including derivatives. The main features of the new standard are:

- Financial instruments are classified into two measurement categories: fair value, or cost or amortized cost.
  - Almost all derivatives, including embedded derivatives not closely related to the host contract, are measured at fair value.
  - Portfolio investments in equity instruments quoted in an active market are measured at fair value.
  - Other financial assets and financial liabilities are generally measured at cost or amortized cost.
  - An entity may elect to measure any group of financial assets or financial liabilities (or both) at fair value when the entity has a risk management or investment strategy to manage those items on a fair value basis.
- Remeasurement gains and losses on financial instruments measured at fair value are reported in the statement of remeasurement gains and losses until the financial instrument is derecognized.
- Budget to actual comparisons are not required within the statement of remeasurement gains and losses;
- Financial liabilities are derecognized when, and only when, they are extinguished.
- Financial assets and financial liabilities are only offset and reported on a net basis if a legally enforceable right to set off the recognized amounts exists, and the entity intends to settle on a net basis or realize/settle the amounts simultaneously.

In May 2012, the transitional provisions for this Section were amended, effective at the time the standard is initially applied, to clarify that the measurement provisions are applied prospectively. Adjustments to previous carrying amounts are recognized in opening accumulated remeasurement gains or losses. Additionally, a new transitional provision has been added that applies to government organizations transitioning from the standards in Part V of the CPA Canada Handbook – Accounting with items classified as available for sale. Accumulated other comprehensive income (OCI) from items classified as available for sale is recognized in accumulated remeasurement gains or losses on transition.

PS 3450 was to be effective for fiscal years beginning on or after April 1, 2019. In March 2018, the Public Sector Accounting Board (PSAB) approved an extension of the effective date to fiscal years beginning on or after April 1, 2021. In the period that a public sector entity applies PS 3450, it also applies PS 1201, PS 2601 and PS 3041. Early adoption is permitted. The impact on the Nation is uncertain at this time.

**3. Project management cash**

Restricted cash consists of cash managed by capital project managers who are responsible for payment of expenses relating to capital projects funded by ISC. At March 31, 2020 this amounted to \$618,130 (2019 - \$1,279,892). There was no restricted investments managed by these capital project managers as at March 31, 2020 (2019 - \$nil).

**5. Long-term investment**

Effective December 17, 2015, a Partnership owned by the First Nation and consolidated within these financial statements purchased 10 Class A Common Voting Shares and 10,000 Class D Common Non-Voting Shares in the capital of a private oil and gas exploration company, for the purchase price of \$0.01 per Class A Common Voting Share and \$0.0009 per Class D Common Non-Voting Share. The shares represent 10% of the issued and outstanding shares of the company.

The Partnership also provided a shareholder loan to the company in the amount of \$499,990 in 2016. An additional \$30,000 was provided in 2017 for a total of \$529,990. The loan is non-interest bearing with no set terms of repayment. The loan is secured by a promissory note, a guarantee and general security agreement from a related company in respect to some equipment. The full amount of the loan receivable has been fully allowed for.

In September 2009, \$5,333,334 of the Nation's funds held in its capital trust account at Ottawa were transferred into a suspense account by Indigenous Services Canada, pending settlement/judgement of a dispute over entitlement to an oil producing strip of land along the Nation's northern boundary. The funds put into suspense were thought to represent earnings derived from the disputed reserve lands. The Nation challenged this decision and was unsuccessful at the Federal Court, Trial Division with its judicial review application. The Nation appealed to the Federal Court of Appeal and was successful in overturning the Minister's decision to unilaterally suspend the Nation's trust moneys; however, the Court of Appeal gave the Minister of Indigenous Services the opportunity to apply to the Federal Court seeking direction regarding what to do with the disputed funds via an interpleader proceeding. The Minister commenced an interpleader proceeding in late 2012 resulting in the Federal Court ordering the suspended moneys and all future revenue derived from the disputed northern boundary lands to be held in suspense until further order of the Court. The outcome of this dispute and the litigation involved is not determinable at this time. The suspended funds are still the legal property of the Nation; however, they are being held in 'suspense' until the underlying entitlement issue is finally resolved. As such, the Nation does not have access to these funds. The liability, if any, will be recorded in the period in which the dispute has been resolved. In 2014, an additional \$3,371,525 was transferred to suspense relating to income earned on the northern boundary lands under dispute. There were no funds transferred to suspense in the current year from the capital or the revenue account. Interest earned on the funds held and any royalty and lease fees on the disputed land in the suspense accounts has not been made available and therefore any possible interest, royalties or lease fees earned has not been recorded. It will be adjusted for in the period in which the interest, royalties and lease fees becomes known. It is estimated that the balance in suspense is in excess of \$12,000,000 as at March 31, 2020.

During the current year, \$578,808 (2019 - \$783,769) was transferred to White Bear First Nations from the capital & revenue accounts through requests for funds held in trust. The transfer of funds is recorded in the following segments/programs:

Other Band Programs - Band Trust Funds	\$578,808
--	-----------

There are no outstanding transfers from Funds held in Trust as of March 31, 2020.

As of March 31, 2020, the First Nations has unexpended transfers from the Funds held in Trust in the amount of \$607,388 (2019 - \$477,467).

**9. Bank indebtedness**

At March 31, 2020, the Nation had lines of credit totaling \$315,000 (2019 – \$315,000), of which \$58,175 (2019 - \$63,089) was outstanding at year end. Interest is payable monthly on the outstanding balance at prime plus 2%. The following has been collateralized in connection with this line of credit:

- General security agreement; and
- Assignment of all ISC funding.

**10. CMHC Reserves**

Operating reserve

The First Nation's CMHC Housing Program receives funding pursuant to the Post 1997 - Fixed Subsidy Program. Any surpluses are externally restricted and reserved for future operating losses that relate to the operation of houses under this program.

Replacement reserve

A replacement reserve fund has been established for replacement of capital equipment and for major repairs to the houses. Pursuant to CMHC agreements, operating provisions of \$90 per unit per month are provided for in the statement of operations for Phase XV, and \$100 per unit per month for Phase XVI and Phase XVII.

At March 31, 2020, the replacement reserve fund is over funded by \$103,662 (2019 - under funded by \$233,473) and the operating reserve fund is over funded by \$145,641 (2019 - over funded by \$159,059).

**14. Contingencies**

The Nation is involved in two legal claims relating to labour disputes. The likelihood of loss and estimated liability for these claims is not determinable at March 31, 2020. If any liability results from these claims, it will be accounted for as an expenditure at that time.

Continued receipt of funding from federal government agencies is dependent upon the programs being managed and operated within the terms and conditions of the funding agreements that have been made with federal government agencies. The Nation is currently in line with these agreements.

The Nation is involved in a TLE claim with the federal government with respect to disputed lands. It is probable the claim could result in a significant cash inflow to the Nation. The amount of the probable settlement is unknown as at March 31, 2020.

**15. Tangible capital assets**

The tangible capital assets reconciliation is included in Schedule 1.

Assets under construction includes costs of \$644,062 for Phase 18 (2019 - \$nil) and \$79,379 for Phase 19 (2019 - \$nil) in White Bear First Nation CMHC Housing.

Tangible capital assets include roads, water lines and sewer lines disclosed at a nominal amount; all of which having reached the end of their amortization period.

The Nation holds works of art and historical treasures which have not been included in tangible capital assets due to the inability of estimating future benefits associated with such property.

**16. Accumulated surplus**

White Bear First Nations does not have a moveable asset reserve.

Accumulated surplus consists of the following:

**17. Economic dependence**

White Bear First Nations receives a significant portion of its revenue from Indigenous Services Canada (ISC) as a result of treaties entered into with the Government of Canada. These treaties are administered by ISC under the terms and conditions of the Indian Act. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

**20. Budget information**

The disclosed budget information was approved on April 8, 2019 by the Chief and Council of White Bear First Nations.

**21. Segments**

The First Nation has 9 reportable segments. These segments are differentiated by the major activities or services they provide. The First Nation's segment are as follows:

**Membership** - includes administration of membership.

**Education** - includes the operations of education programs.

**Social Development** - activities include delivering social programs.

**Community Infrastructure** - includes activities for the maintenance of the community and its infrastructure.

**Band Government** - includes administration and governance activities.

**Capital** - reports on capital projects.

**Economic Development** - includes activities for the development of the First Nation's land and resources.

**Health** - includes the operations of health care programs.

**Other Band programs** - other band programs which do not meet the criteria for the other segments.

Inter-segment transfers are recorded at their exchange amount. The accounting policies of the segments are the same as those described in Note 2.

**22. Comparative figures**

Certain comparative figures have been reclassified to conform with current year's presentation.

**23. Significant event**

During the year, there was a global outbreak of COVID-19 (coronavirus), which has had a significant impact on organizations and businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, operations and isolation/quarantine orders. At this time, it is unknown the extent of the impact the COVID-19 outbreak may have on the Nation as this will depend on future developments that are highly uncertain and that cannot be predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, business closures or disruptions, and quarantine/isolation measures that are currently, or may be put, in place by Canada and other countries to fight the virus. While the extent of the impact is unknown, we anticipate this outbreak will have a minimal affect on the Nation.
