Management's Responsibility

To the Members of White Bear First Nations:

The accompanying financial statements of White Bear First Nations (the "Nation") are the responsibility of management and have been approved by Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The White Bear First Nations Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the consolidated financial statements and report directly to the members; their report follows. The external auditors have full and free access to, and may meet periodically and separately with, both the Council and management to discuss their audit findings.

September 20, 2023

"Original Signed By Roxanne Appell"

To the Members of White Bear First Nations:

Opinion

We have audited the consolidated financial statements of White Bear First Nations (the "Nation"), which comprise the consolidated statement of financial position as at March 31, 2023, and the consolidated statements of operations and accumulated surplus, changes in net financial assets, and cash flows and related schedules for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Nation as at March 31, 2023, and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Chief and Council for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Chief and Council are responsible for overseeing the Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

MNP LLP

Suite 900 Royal Bank Building, 2010 - 11th Avenue, Regina SK, S4P 0J3

1.877.500.0780 T: 306.790.7900 F: 306.790.7990

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of these financial statements

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

1. Operations

The White Bear First Nations (the "Nation") is located in the province of Saskatchewan, in Treaty 4 Territory, and provides various services to its members. White Bear First Nations includes the Nation's members, government and all related entities that are accountable to the Nation and are controlled by the Nation.

2. Change in accounting policies

Effective April 1, 2022, the First Nation adopted the recommendations relating to the following sections, as set out in the Canadian public sector accounting handbook:

Financial instruments

Effective April 1, 2022, the First Nation adopted the Public Sector Accounting Board's (PSAB) new recommendations for the recognition, measurement, presentation and disclosure of financial assets, financial liabilities and derivatives under Section PS 3450 *Financial Instruments*. Upon adopting PS 3450, the First Nation is also required to adopt PS 1201 Financial Statement Presentation, and PS 3041 Portfolio Investments. The new Section is applied prospectively, and prior periods have not been restated. There was no material impact on the financial statements from the prospective application of the new accounting recommendations.

Asset retirement obligations

Effective April 1, 2022, the First Nation adopted the Public Sector Accounting Board's (PSAB) new standard for the recognition, measurement and disclosure of a liability for asset retirement obligations under PS 3280 *Asset Retirement Obligations*. The new standard establishes when to recognize and how to measure a liability for an asset retirement obligation, and provides the related financial statement presentation and disclosure requirements.

Under the new standard, a liability for an asset retirement obligation is recognized at the best estimate of the amount required to retire a tangible capital asset when certain criteria are met, as described in Note 3.

Pursuant to the recommendations, the change was applied prospectively and prior periods have not been restated. As such, the First Nation recognized asset retirement obligations for those arising on or after April 1, 2022, as well as for those arising prior to April 1, 2022 but for which an obligation was not previously recognized.

The cumulative effect in the current year of adopting this new standard is to increase liabilities by \$2,583,731, increase the associated tangible capital assets by \$2,099,535, and increase expenses by \$484,196.

3. Significant accounting policies

These financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity, except for Nation business entities.

The Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- White Bear First Nations
- White Bear First Nation C.M.H.C. Housing
- White Bear Oil and Gas Enterprise
- White Bear Oil and Gas Ltd.
- Wabimusqua Oil and Gas Ltd.
- Wabimusqua Oil and Gas Limited Partnership

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

3. Significant accounting policies *(Continued from previous page)*

- White Bear Industrial Works Ltd.
- White Bear Industrial Works Limited Partnership

All inter-entity balances have been eliminated on consolidation. Wabimusqua Oil and Gas Ltd., Wabimusqua Oil and Gas Limited Partnership, White Bear Industrial Works Limited, and White Bear Industrial Works Limited Partnership have a year end of December 31, 2022 which are not coterminous with the Nation's year end. There were no significant events which would have affected the statement of financial position and statement of operations in the intervening period to the Nation's year end date. White Bear Oil and Gas Enterprise, White Bear Oil and Gas Ltd., Wabimusqua Oil and Gas Ltd., Wabimusqua Oil and Gas Limited Partnership, Industrial Works Ltd, and White Bear Industrial Works Limited Partnership do not meet the definition of a government business enterprise and as such, have been consolidated.

White Bear First Nations business entities, controlled by the Nation's Council but not dependent on the Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to extent that the business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- White Bear Lake Resort Inc.
- White Bear Lake Golf Course Inc.
- White Bear Holdings Ltd.

Separate audits are performed on the above entities' financial statements. These entities are related by common ownership.

Other economic interests

White Bear First Nations is a member of Yorkton Tribal Council Child and Family Services Incorporated. The Yorkton Tribal Council Child and Family Services Incorporated is an organization of fourteen member First Nations, whose purpose is to provide child and family services to the fourteen member Nations.

White Bear First Nations is a member of the Southeast Treaty Four Tribal Council. The Tribal Council is an organization of two Nations. The Tribal Council is to enhance the services provided to the member Nations.

White Bear First Nations is a member of the Bear Claw Community Development Incorporated. The Bear Claw Community Development Incorporated facilitates the distribution of a portion of net proceeds derived from the Dakota Dunes, Painted Hand, and Living Skies for charitable purposes to First Nations charities and non-First Nation charities located within the community of White Bear First Nations and surrounding area.

The First Nation does not have a share in the profit or loss of the above entities. As a result, the financial statements of Yorkton Tribal Council Child and Family Services Incorporated, Southeast Treaty Four Tribal Council, and Bear Claw Community Development Incorporated have not been consolidated with the financial statements of White Bear First Nations.

Basis of presentation

Sources of financing and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

3. Significant accounting policies *(Continued from previous page)*

Cash resources

Cash resources includes balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Financial instruments

The First Nation recognizes its financial instruments when the First Nation becomes party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at their fair value. At initial recognition the First Nation may irrevocably elect to subsequently measure at fair value financial instruments that meet certain criteria. The First Nation has not made such an election during the year.

The First Nation has not presented a statement of remeasurement gains and losses as it does not have any items giving rise to remeasurement gains (losses). Interest income is recognized in the statement of operations. All financial assets and liabilities are subsequently measured at amortized cost using the effective interest rate method.

All financial assets are tested annually for impairment. Management considers recent collection experience for receivables, such as delinquency in payments, in determining whether objective evidence of impairment exists. Any impairment which is not considered temporary is recorded in the statement of operations. Write-downs of financial assets measured at cost and/or amortized cost to reflect losses in value are not reversed for subsequent increases in value.

Marketable securities

Marketable securities with prices quoted in an active market are measured at fair value while those that are not quoted in an active market are measured at cost less impairment.

Loans receivable

Loans (advances) are recorded at principal amounts, less any allowance for anticipated losses, plus accrued interest. Interest revenue is recorded on the accrual basis. Loan and administration fees are amortized over the term of the loan.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

Amortization

Amortization for tangible capital assets is provided using the straight-line method at rates intended to amortize the cost of the assets over their estimated useful lives. In the year of acquisition, amortization is taken at 1/2 of the annual amount. Assets under construction are not amortized until they are put into use.

| | Rate |
|-------------------|---------------|
| Buildings | 10 - 40 years |
| Housing | 10 - 35 years |
| Equipment | 10 years |
| Land improvements | 25 years |
| Vehicles | 3 years |
| Roads | 25 years |
| Utility systems | 5 - 30 years |

Funds held in Ottawa Trust Fund

Funds are held in trust on behalf of Nation members by the Government of Canada in the Ottawa Trust Fund. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other Nation capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

3. Significant accounting policies *(Continued from previous page)*

Asset retirement obligation

A liability for an asset retirement obligation is recognized at the best estimate of the amount required to retire a tangible capital asset (or a component thereof) at the financial statement date when there is a legal obligation for the First Nation to incur retirement costs in relation to a tangible capital asset (or component thereof), the past transaction or event giving rise to the liability has occurred, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount can be made. The best estimate of the liability includes all costs directly attributable to asset retirement activities, based on information available at March 31, 2023. The best estimate of an asset retirement obligation incorporates a present value technique, when the cash flows required to settle or otherwise extinguish an asset retirement obligation are expected to occur over extended future periods.

When a liability for an asset retirement obligation is initially recognized, a corresponding asset retirement cost is capitalized to the carrying amount of the related tangible capital asset (or component thereof). The asset retirement cost is amortized over the useful life of the related asset.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. The First Nation recognizes period-to-period changes to the liability due to the passage of time as accretion expense. Changes to the liability arising from revisions to either the timing, the amount of the original estimate of undiscounted cash flows or the discount rate are recognized as an increase or decrease to the carrying amount of the related tangible capital asset. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

Intangible assets

The Nation owns mineral rights, water resources and crown lands. These items are not recognized in the Nation's financial statements in accordance with PS 1200 *Financial Statement Presentation*.

Net financial assets

The Nation's financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets of the Nation is determined by its financial assets less its liabilities. Net financial assets is comprised of two components, non-financial assets and accumulated surplus.

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

3. Significant accounting policies *(Continued from previous page)*

Revenue recognition

Government transfers

The Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Tax revenue

The Nation recognizes taxes as assets and revenue when they meet the definition of an asset, are authorized by council, and the taxable event has occurred.

Commercial tax revenue is initially measured at management's best estimate of the amount resulting from the original taxable event in accordance with tax legislation. The related tax receivable is initially recognized at its realizable value at the date of acquisition. At each financial statement date, the Nation evaluates the tax receivable for collectability and records a valuation allowance to reflect the tax receivable at its net recoverable amount, if necessary.

Non-government funding

Revenue is recognized as it becomes available under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

Other revenue

Rental revenue is recognized over the rental term. Investment income is recognized as it is earned. Revenue from gross overriding royalties on interest in natural gas and petroleum properties is recognized when measurable, earned and collection is reasonably assured. Other revenue are earned from other services provided by the Nation and are recognized when the service has been provided.

Funds held in Ottawa Trust Fund

Due to the measurement uncertainty, revenue related to funds held in the Ottawa Trust Fund is recognized when it is deposited in the trust account.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the reporting period.

Accounts receivable and amounts due to White Bear Lake Golf Course Inc., are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Liabilities for contaminated sites are estimated based on the best information available regarding potentially contaminated sites that the First Nation is responsible for. Legal contingencies are based on estimates provided by the Nation's legal counsel when the settlement is probable and the amount can be reasonably measured.

A liability for asset retirement obligations reflects management's best estimate of the amount required to retire the related tangible capital asset (or component thereof). The best estimate of the liability is based upon assumptions and estimates related to the amount and timing of costs for future asset retirement.

These assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the records in the periods in which they become known.

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

3. Significant accounting policies (Continued from previous page)

Segments

The Nation conducts its business through 8 reportable segments as identified in the attached schedules. These operating segments are established by senior management to facilitate the achievement of the Nation's long-term objectives to aid in resource allocation decisions, to assess operational performance and as part of its funding requirements.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information and are apportioned based on a percentage of budgeted revenue, where permitted by funding agencies.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

Liability for contaminated sites

A liability for remediation of contaminated sites is recognized at the best estimate of the amount required to remediate the contaminated sites when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2023.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. No liability for contaminated sites exists as at March 31, 2023.

4. Project management cash

Restricted cash consists of cash managed by capital project managers who are responsible for payment of expenses relating to capital projects funded by ISC. At March 31, 2023 this amounted to \$252,296 (2022 - \$252,296).

5. Marketable securities

Market value of marketable securities at March 31, 2023 include \$15,000 (2022 - \$15,000) subject to interest of 2.50%, maturing in December 2023, and \$274,878 (2022 - \$273,275), included in replacement reserve fund bank - CMHC, subject to interest of 2.50% (2022 - 0.55%), maturing August 2023.

6. Accounts receivable

| | 2023 | 2022 |
|---------------------------------|--------------------------|------------------------|
| Indigenous Services Canada | 23,995 | - |
| CMHC | 151,193 | 10,781 |
| Members | 591,457 | 566,124 |
| Rent | 389,787 | 318,480 |
| Other | 411,957 | 362,944 |

7. Long-term investment

Effective December 17, 2015, a Partnership owned by the First Nation and consolidated within these financial statements purchased 10 Class A Common Voting Shares and 10,000 Class D Common Non-Voting Shares in the capital of a private oil and gas exploration company, for the purchase price of \$0.01 per Class A Common Voting Share and \$0.0009 per Class D Common Non-Voting Share. The shares represent 10% of the issued and outstanding shares of the company.

The Partnership also provided a shareholder loan to the company in the amount of \$499,990 in 2016. An additional \$30,000 was provided in 2017 for a total of \$529,990. The loan is non-interest bearing with no set terms of repayment. The loan is secured by a promissory note, a guarantee and general security agreement from a related company in respect to some equipment. The full amount of the loan receivable has been fully allowed for.

8. Advances to White Bear Lake Golf Course Inc.

Advances to related Nation entities are unsecured, non-interest bearing and without fixed terms of repayment. All transactions with related parties are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

| | 2023 | 2022 |
|--|------------------|------------------|
| Advances to White Bear Lake Golf Course Inc. | 400,626 | 402,496 |
| Less: allowance for doubtful accounts | <u>(119,687)</u> | <u>(119,687)</u> |
| | 280,939 | 282,809 |

9. Investment in Nation partnerships and business entities

The Nation has investments in the following entities:

| | 2023 | 2022 |
|--|------------------|------------------|
| Wholly-owned Business - Modified Equity | | |
| White Bear Lake Golf Course Inc. | 1,704,069 | 1,758,519 |
| White Bear Holdings Ltd. | 1,271,799 | 1,322,376 |
| White Bear Lake Resort Inc. | 689,869 | 432,148 |
| White Bear Industrial Works Limited Partnership and Ltd. | <u>-</u> | <u>(8,896)</u> |
| Net assets | 3,665,737 | 3,504,147 |

Investment in Nation partnerships and business entities *(Continued from previous page)*

Summary financial information for each Nation partnership and business entity, accounted for using the modified equity method, for their respective year-end is as follows:

| | <i>White Bear Lake Golf Course Inc.</i> | <i>White Bear Lake Resort Inc.</i> | <i>White Bear Holdings Ltd.</i> |
|--------------------------------|---|--|-------------------------------------|
| | <i>As at October 30, 2022</i> | <i>As at September 30, 2022</i> | <i>As at November 30, 2022</i> |
| Assets | | | |
| Cash and cash equivalents | 396,050 | 507,590 | 409,874 |
| Other current | 23,112 | 95,034 | 13,487 |
| Advances to related parties | - | - | 340,912 |
| Property and equipment | 1,737,374 | 547,742 | 837,471 |
| Total assets | 2,156,536 | 1,150,366 | 1,601,744 |
| Liabilities | | | |
| Current | 121,602 | 145,906 | 13,610 |
| Advances from related parties | 293,585 | - | 117,835 |
| Deferred revenue | 6,000 | 314,591 | - |
| Intervening equity pickup | - | - | 198,500 |
| Obligation under finance lease | 31,280 | - | - |
| Total liabilities | 452,467 | 460,497 | 329,945 |
| Net assets | 1,704,069 | 689,869 | 1,271,799 |
| Total revenue | 768,615 | 1,309,635 | 813,773 |
| Total expenses | 823,066 | 1,051,914 | 230,989 |
| | (54,451) | 257,721 | 582,784 |

The above assets, liabilities, net assets (liabilities), revenue, expenses and earnings (loss) are as reported for each company's financial statements. The investment balance has been adjusted for any inter-organizational gains and losses and for the First Nations portion of ownership interest. White Bear Lake Golf Course Inc. was adjusted for inter-organization allowance for doubtful accounts in the amount of \$119,687. White Bear Holdings Ltd. was adjusted for inter-organization allowance for doubtful accounts in the amount of \$170,912.

The Nation's business entities have a different year end than March 31, 2023. The First Nations uses the business entities year end financial statements to account for its investment in these investees.

10. Funds held in trust *(Continued from previous page)*

In September 2009, \$5,333,334 of the Nation's funds held in its capital trust account at Ottawa were transferred into a suspense account by Indigenous Services Canada, pending settlement/judgement of a dispute over entitlement to an oil producing strip of land along the Nation's northern boundary. The funds put into suspense were thought to represent earnings derived from the disputed reserve lands. The Nation challenged this decision and was unsuccessful at the Federal Court, Trial Division with its judicial review application. The Nation appealed to the Federal Court of Appeal and was successful in overturning the Minister's decision to unilaterally suspend the Nation's trust moneys; however, the Court of Appeal gave the Minister of Indigenous Services the opportunity to apply to the Federal Court seeking direction regarding what to do with the disputed funds via an interpleader proceeding. The Minister commenced an interpleader proceeding in late 2012 resulting in the Federal Court ordering the suspended moneys and all future revenue derived from the disputed northern boundary lands to be held in suspense until further order of the Court. The outcome of this dispute and the litigation involved is not determinable at this time. The suspended funds are still the legal property of the Nation; however, they are being held in 'suspense' until the underlying entitlement issue is finally resolved. As such, the Nation does not have access to these funds. The liability, if any, will be recorded in the period in which the dispute has been resolved. In 2014, an additional \$3,371,525 was transferred to suspense relating to income earned on the northern boundary lands under dispute. There were no funds transferred to suspense in the current year from the capital or the revenue account. Interest earned on the funds held and any royalty and lease fees on the disputed land in the suspense accounts has not been made available and therefore any possible interest, royalties or lease fees earned has not been recorded. It will be adjusted for in the period in which the interest, royalties and lease fees becomes known. It is estimated that the balance in suspense is in excess of \$15,000,000 as at March 31, 2023.

During the current year, \$243,718 and \$140,000 (2022 - \$260,155) was transferred to White Bear First Nations from the capital & revenue accounts through requests for funds held in trust. The transfer of funds is recorded in the following segments/programs:

| | |
|---|-----------|
| Other Band Programs - Band Trust Funds | \$481,286 |
| Community Infrastructure - Community Infrastructure | \$ 59,725 |

As of March 31, 2023, the First Nations has unexpended transfers from the Funds held in Trust in the amount of \$159,085 (2022 - \$316,378).

11. Line of Credit

At March 31, 2023, the First Nation had lines of credit totaling \$315,000 (2022 – \$315,000), of which \$nil (2022 - \$58,579) was outstanding at year end. Interest is payable monthly on the outstanding balance at prime plus 2%. The following has been collateralized in connection with this line of credit:

- General security agreement; and
- Assignment of all ISC funding.

12. CMHC reserves

Operating reserve

The Nation's CMHC Housing Program receives funding pursuant to the Post 1997 - Fixed Subsidy Program. Any surpluses are externally restricted and reserved for future operating losses that relate to the operation of houses under this program.

Replacement reserve

A replacement reserve fund has been established for replacement of capital equipment and for major repairs to the houses. Pursuant to CMHC agreements, operating provisions of \$90 per unit per month are provided for in the statement of operations for Phase 15, \$100 per unit per month for Phase 16, \$76.39 per unit per month for Phase 17, \$100 per unit per month for Phase 18, \$100 per unit per month for Phase 19, and \$71 per month for Phase 20.

At March 31, 2023, the replacement reserve fund is under funded by \$450,434 (2022 - under funded by \$303,745) and the operating reserve fund is over funded by \$183,390 (2022 - over funded by \$190,456).

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

13. Deferred revenue

The following table represents changes in the deferred revenue balance attributable to each major category of external restrictions:

| | <i>Balance, beginning of year</i> | <i>Funds received</i> | <i>Recognized as revenue</i> | <i>Balance, end of year</i> |
|--------------------|---|---------------------------|----------------------------------|---------------------------------|
| Taxation | 130,439 | 136,039 | 130,439 | 136,039 |
| FNIHB | 1,026,333 | 709,014 | 1,091,960 | 643,387 |
| ISC | 4,133,388 | 1,535,031 | 2,873,692 | 2,794,727 |
| First Nation Trust | - | 1,031,754 | 667,754 | 364,000 |

| Less: current portion | 2,166,668 | 229,536 |
| | 3,137,086 | 4,257,215 |

Principal repayments on long-term debt in each of the next five years, assuming all term debt is subject to contractual terms of repayment and long-term debt subject to refinancing is renewed, are estimated as follows:

| | |
|------|-----------|
| 2024 | 2,166,668 |
| 2025 | 180,278 |
| 2026 | 675,743 |
| 2027 | 815,898 |
| 2028 | 128,425 |

Interest paid on long-term debt was \$107,445 (2022 - \$97,491).

Phase 21 was approved in the 2023 fiscal year, and construction has begun for the phase. Loan repayment dates will be determined when the phase is substantially complete.

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

15. Asset retirement obligation

The First Nation owns buildings which contain asbestos, and is required to comply with legal requirements regarding disposal which is estimated to be in 10 years. The First Nation recognized a liability for the asset retirement obligation and a corresponding amount has been capitalized as an asset retirement cost and added to the carrying value of housing and buildings. The asset retirement cost is amortized on a straight-line basis over the remaining years until remediation.

The First Nation estimated the amount of the liability using the discounted cash flow method. The significant assumptions used to determine the best estimate of the liability include;

- Estimate of 10 years until remediation
- Estimated inflation rate of 3% (risk free rate estimated to approximate inflation)

| | 2023 | 2022 |
|-----------------------------|----------------|------|
| Liabilities incurred | 927,538 | - |
| Accretion | 27,826 | - |
| Balance, end of year | 955,364 | - |

The First Nation owns a landfill, and is required to comply with legal requirements regarding decommissioning which is estimated to be in 5 years. The First Nation recognized a liability for the asset retirement obligation and a corresponding amount has been capitalized as an asset retirement cost and added to the carrying value of the landfill. The asset retirement cost is amortized on a straight-line basis over the remaining years until remediation.

The First Nation estimated the amount of the liability using the discounted cash flow method. The significant assumptions used to determine the best estimate of the liability include;

- Estimate of 5 years until remediation
- Estimated inflation rate of 3% (risk free rate estimated to approximate inflation)

| | 2023 | 2022 |
|-----------------------------|----------------|------|
| Liabilities incurred | 800,000 | - |
| Accretion | 24,000 | - |
| Balance, end of year | 824,000 | - |

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

15. Asset retirement obligation (Continued from previous page)

2023 **2022**

The First Nation owns a landfill, and is required to comply with legal requirements regarding decommissioning during post-closure which is estimated last for 25 years once the landfill is closed. The First Nation recognized a liability for the asset retirement obligation and a corresponding amount has been capitalized as an asset retirement cost and added to the carrying value of the landfill. The asset retirement cost is amortized on a straight-line basis over the remaining years until remediation.

The First Nation estimated the amount of the liability using the discounted cash flow method. The significant assumptions used to determine the best estimate of the liability include;

- Estimate of 5 years until remediation begins
- Remediation to last 25 years
- Estimated inflation rate of 3% (risk free rate estimated to approximate inflation)

| | 2023 | 2022 |
|-----------------------------|----------------|-------------|
| Liabilities incurred | 780,938 | - |
| Accretion | 23,428 | - |
| Balance, end of year | 804,366 | - |

Effective April 1, 2022, the First Nation is required to record and disclose legal obligations associated with the retirement of a tangible capital asset in accordance with PS3280 Asset Retirement Obligations. The First Nation recorded an asset retirement obligation relating to its landfill site in the amount of \$1,628,366 including post closure costs and \$955,364 relating to houses and buildings. As of March 31, 2023, the First Nation determined that funding is available upon application from the Government of Canada to cover the costs of the closure and post-closure activities that are required upon retirement of the assets. The First Nation is unable to reasonably estimate a value for the settlement but expects it to equal the reported liability for the landfill retirement obligation.

16. Advances from related Nation entities

Advances from related Nation entities are unsecured, non-interest bearing and without fixed terms of repayment. All transactions with related parties are measured at the exchange amount.

| | 2023 | 2022 |
|---|----------------|-------------|
| Advances from White Bear Holdings Ltd. | 502,419 | 536,221 |
| Advances from White Bear Lake Resort | 231,559 | 231,559 |
| Advances to White Bear Industrial Works | - | (1,606) |
| | 733,978 | 766,174 |

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

17. Contingencies

The First Nation is involved in legal claims relating to labour disputes. The likelihood of loss and estimated liability for these claims is not determinable at March 31, 2023. If any liability results from these claims, it will be accounted for as an expenditure at that time.

Continued receipt of funding from federal government agencies is dependent upon the programs being managed and operated within the terms and conditions of the funding agreements that have been made with federal government agencies. The Nation is currently in line with these agreements.

The Nation is involved in a TLE claim with the federal government with respect to disputed lands. It is probable the claim could result in a significant cash inflow to the Nation. The amount of the probable settlement is unknown as at March 31, 2023.

Residential Schools - band reparations class action settlement

On March 9, 2023, the Federal Court of Canada approved a settlement between Canada and 325 First Nation communities for the collective harm suffered by Indigenous communities as a result of Indian Residential Schools. White Bear First Nations expects to receive a payment for the purposes of developing a plan to carry out one or more of the objectives set out in the settlement. Further funds may be available upon submission of additional documentation. There may also be an annual entitlement payment for a share of annual investment income on funds related to the settlement.

First Nations drinking water class action settlement

On December 22, 2021, the Federal Court of Canada has approved a settlement between Canada and certain First Nations and their members who were subject to a drinking water advisory that lasted at least one year between November 20, 1995, and June 20, 2021. The First Nations is participating in the settlement class.

The First Nations is unable to reasonably estimate a value or range of outcomes for the settlement because it is in part based on individual impacted members' claims which can be filed up to March 7, 2024. As at March 31, 2023, the First Nations has received \$500,000 upon initial acceptance of the settlement agreement.

18. Tangible capital assets

The tangible capital assets reconciliation is included in Schedule 1.

Assets under construction includes costs of \$372,884 for Phase 21.

Tangible capital assets include roads, water lines and sewer lines disclosed at a nominal amount; all of which having reached the end of their amortization period.

The Nation holds works of art and historical treasures which have not been included in tangible capital assets due to the inability of estimating future benefits associated with such property.

19. Accumulated surplus

White Bear First Nations does not have a moveable asset reserve.

Accumulated surplus consists of the following:

| | 2023 | 2022 |
|--|-------------------------|------------------|
| Equity in Ottawa Trust Funds | 9,161,542 | 9,237,550 |
| Equity in CMHC operating reserve | 509,253 | 518,984 |
| Equity in CMHC replacement reserve | 746,194 | 597,997 |
| Equity in tangible capital assets | 13,406,681 | 14,685,213 |
| Equity in controlled business entities | 3,665,737 | 3,504,147 |
| Unrestricted surplus | 5,267,481 | 1,065,777 |
| | <hr/> 32,756,888 | <hr/> 29,609,668 |

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

20. Economic dependence

White Bear First Nations receives a significant portion of its revenue from Indigenous Services Canada (ISC) as a result of treaties entered into with His Majesty the King. These treaties are administered by ISC under the terms and conditions of the Indian Act. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

21. Reconciliation of funding from Indigenous Services Canada

| | 2023 | 2022 |
|--|-----------------------|----------------|
| Funding per ISC confirmation | 10,895,079 | 11,007,449 |
| Plus Recoveries: | 23,995 | - |

23. Budget information

The disclosed budget information was approved on April 8, 2022 by the Chief and Council of White Bear First Nations.

White Bear First Nations
Notes to the Consolidated Financial Statements
For the year ended March 31, 2023

24. Segments

The First Nation has 8 reportable segments. These segments are differentiated by the major activities or services they provide. The First Nation's segment are as follows:

Education - includes the operations of education programs.

Social Development - activities include delivering social programs.

Community Infrastructure - includes activities for the maintenance of the community and its infrastructure.

Band Government - includes administration and governance activities.

Capital - reports on capital projects.

Economic Development - includes activities for the development of the First Nation's land and resources.

Health - includes the operations of health care programs.

Other Band programs - other band programs which do not meet the criteria for the other segments.

Inter-segment transfers are recorded at their exchange amount. The accounting policies of the segments are the same as those described in Note 2.

25. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.

26. Financial Instruments

The First Nation as part of its operations carries a number of financial instruments. It is management's opinion that the First Nation is not exposed to significant interest, currency or credit risks arising from these financial instruments except as otherwise disclosed.

Credit Risk

Credit risk is the risk of financial loss because a counter party to a financial instrument fails to discharge its contractual obligations. The carrying amount of accounts receivable represents the maximum exposure to credit risk.

Accounts receivable from two (2022 - one) entities represents 64% (2022 - 63%) of total receivables at March 31, 2023.

Risk management

The First Nation manages its credit risk by performing regular assessments and providing allowances for potentially uncollectible accounts, which was \$1,073,093 (2022 - \$972,803). The First Nation believes there is limited credit risk as the majority of accounts receivable is due from White Bear programs.

Liquidity Risk

Liquidity risk is the risk that the First Nation will encounter difficulty in meeting obligations associated with financial liabilities that are settled in cash. The First Nation enters into transactions to purchase goods and services for which repayment is required at various dates.

The First Nation manages the liquidity risk resulting from accounts payable and accruals, and deferred revenue by collecting accounts receivable, maintaining liquid assets and through an authorized line of credit up to \$315,000.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. Changes in market interest rates may have an effect on the cash flows associated with some financial assets and liabilities, known as cash flow risk, and on the fair value of other financial assets or liabilities, known as price risk. The First Nation is exposed to interest rate risk primarily through its long-term debt and marketable securities. In seeking to minimize the risks from interest rate fluctuations, the First Nation manages exposure through obtaining debt with a combination of fixed and variable rates, entering into agreements with Canada Mortgage and Housing Corporation (CMHC) to provide subsidy for the payment of principal and interest on the related loans from CMHC, and obtaining marketable securities with varying maturity dates.
