INDEPENDENT AUDITORS' REPORT

To the Members of Keeseekoos First Nation

We have audited the accompanying consolidated financial statements of Keeseekoos First Nation ('the Entity'), which comprise the consolidated statement of financial position as at March 31, 2018, the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The audit report for the consolidated financial statements as at and for the year ended March 31, 2017 indicated that the occurrence and classification of certain expenses could not be verified. Since opening balances affect the determination of the consolidated financial position as at March 31, 2018 as well as the consolidated results of operations and consolidated cash flows for the year ended March 31, 2018, we were unable to determine whether any adjustments to the consolidated financial position, consolidated results of operations and consolidated cash flows were necessary. This caused the predecessor auditor to qualify their audit opinion on the consolidated financial statements as at and for the year ended March 31, 2017.

We were unable to obtain sufficient appropriate audit evidence over the classification and presentation of program expenses included in the consolidated statement of operations and accumulated surplus for the year ended March 31, 2018 because the Entity did not provide the required supporting information. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

We were unable to obtain sufficient appropriate audit evidence over the existence, accuracy and classification of repairs and maintenance expenses incurred during year ended March 31, 2018 and corresponding impact over the completeness, existence and accuracy over the net book value of tangible capital assets as at March 31, 2018 and over the completeness and accuracy of amortization expense for the year ended March 31, 2018. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

We were unable to obtain sufficient appropriate audit evidence over the presentation of funding requirements under the Canada Mortgage Housing Corporation ('CMHC') funding agreement as at March 31, 2018 and the corresponding impact over the presentation of CMHC reserves included in the accumulated surplus as at March 31, 2018. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

In addition, Canadian public sector accounting standards require the disclosure of budget information in the consolidated financial statements. As the Entity did not prepare or approve budget information for the year ended March 31, 2018 on a consolidated basis, the required disclosures have not been provided.

Qualified opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraphs, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of Keeseekoos First Nation as at March 31, 2018, and its consolidated results of operations, its consolidated changes in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Comparative information

The consolidated financial statements of Keesekoose First Nation as at and for the year ended March 31, 2017 were audited by another auditor who expressed a qualified opinion on those consolidated financial statements on February 5, 2018 due to the matters described in the basis for qualified opinion paragraphs.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

1. General:

The Keeseekoose First Nation (the 'First Nation') is an Indian Band subject to the provisions of the *Indian Act*.

2. Significant accounting policies:

These consolidated financial statements have been prepared in accordance with Canadian Public sector accounting standards set out in the CPA Canada Handbook, and are consistent with accounting policies set out by the Department of Indigenous and Northern Affairs Canada ('INAC'). Significant aspects of the accounting policies adopted by the Nation are as follows:

(a) Reporting entity:

The Keeseekoose First Nation reporting entity includes the Keeseekoose First Nation and all related entities that are controlled by the First Nation.

The First Nation entered into a settlement agreement with the government of Canada in regards to outstanding land issues and the Pelly Haylands Trust ('Trust') was created. The Trust is audited as a separate entity and is not included in these consolidated financial statements as the Trust is administered and controlled by its trustees. Funds received from the Trust are reported as revenues in these consolidated financial statements.

(b) Principles of consolidation

All controlled entities are fully consolidated on a line-by-line basis. Inter-organizational balances and transactions are eliminated upon consolidation.

The First Nation's financial statements include KKTLE Holdings Corp.

(c) Basis of presentation

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets, prepaid expenses, and construction in progress.

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable under the terms of applicable funding agreements; expenses are recognized as they are incurred and measurable as a result of the receipts of goods or services and the creation of a legal obligation to pay.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

2. Significant accounting policies: (continued)

(d) Net debt:

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprise a second indicator of financial position, accumulated surplus.

(e) Cash

Cash include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

(f) Inventory

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the weighted average method. Net realizable value is estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

(g) Tangible capital assets

Tangible capital assets are initially recorded at costs based on historical cost accounting records. Construction in progress is recorded at the construction costs of the related housing project. Contributed tangible assets are recorded at their fair value at the date of contribution.

(h) Capital lease

A lease that transfers substantially all of the benefits and risks of ownership is classified as a capital lease. At the inception of a capital lease, an asset and a payment obligation is recorded at an amount equal to the lesser of the present value of the minimum lease payments and the property's fair market value. Assets under capital lease are amortized on the straight-line basis over their estimated useful lives. All other leases are accounted for as operating leases and rental payments are expensed as incurred.

(i) Amortization

	Method	Rate
Buildings	straight-line	25 years
Equipment	straight-line	5 years
Vehicles	straight-line	4 years
Office equipment	straight-line	5 years
Infrastructure	straight-line	40 years
Band houses	straight-line	25 years
CMHC houses	straight-line	25 years
Roads	straight-line	40 years

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

2. Significant accounting policies: (continued)

(j) Restricted cash

(i) Cash held by INAC in trust

Funds held in trust by INAC for the First Nation are recorded as restricted assets.

(ii) Cash in Canada Mortgage and Housing Corporation ('CMHC') reserve bank accounts

The cash on deposit in CMHC reserve accounts is recorded as restricted assets.

(iii) Cash in capital project accounts

Cash on deposit in capital project accounts is recorded as restricted assets.

(k) Long-lived assets:

Long-lived assets consist of tangible capital assets. Long-lived assets held for use and measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the asset's carrying amount. Impairment is measured as the amount by which the asset's carrying value exceeds its fair value. Any impairment is included in operations for the year; impairment of tangible capital assets is reflected in accumulated surplus when impairment occurs. Prices for similar items are used to measure fair value of long-lived assets.

(l) Deferred revenue:

Funding received under funding arrangements relating to projects that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt. These amounts are recognized in revenue in the year the project costs are incurred.

(m) Use of estimates:

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Provision are made for slow moving and obsolete inventory. Amortization is based on the estimated useful lives of tangible capital assets. Payable to CMHC is based on anticipated repayment requirements; however, actual repayment will be determined upon CMHC's review of the consolidated financial statements.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

2. Significant accounting policies: (continued)

(m) Use of estimates: (continued)

These estimates are reviewed periodically and, as adjustments become necessary, they are reported in operations in the periods in which they become known.

(n) Revenue recognition:

Funding

Funding is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.

Government transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfer of non-depreciable assets are recognized in revenue when received or receivable.

Other revenues

Rent and interest income is recognized when earned. Rent is recognized during the rental term. Other revenue is recognized when the related services are provided.

(o) Segments:

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

3. Cash:

Cash and cash equivalents is comprised of the following

	2018	2017
Unrestricted cash		
General operations	\$ 238,058	\$ 215,320
Health operations	(6,819)	198,061
CMHC operations	46,197	136,694
	<hr/> \$ 277,436	<hr/> \$ 550,075

4. Restricted cash - trust funds held by federal government:

Under the terms of an agreement with CMHC, Keesekoose First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Replacement and Subsidy Fund.

Cash received to complete capital projects is held in separate bank accounts or guaranteed investment certificates.

	2018	2017
Restricted cash - capital projects		
Multiplex and innovation	\$ 149,762	\$ 1,138,624

Innovation	80,000	-	48,500	31,500
	\$ 1,385,126	\$ -	\$ 1,222,238	\$ 162,888

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

10. Long-term debt:

	2018	2017
BMO - Demand loan		
Interest at prime + 2.5% per annum, quarterly blended payments of 100% of the First Nations Trust funding, secured by BCR and irrevocable assignment of First Nations Trust revenue and Pelly Haylands Trust annual revenue, guarantee of Keesekoose Land Holding Corporation and KKTLE Holding Corp. assignment of rents as well as general security assignment. For the year ended March 31, 2018 First Nations Trust funding was \$799,134 (2017 - \$787,707).	\$ 4,208,897	\$ 5,304,051
RBC 1909 Surrender Claim		
Loan bearing interest at prime plus 0.50% per annum. Interest payments paid quarterly and total principle due on October 6, 2021, secured by a general security agreement, BCR and assignment of settlement trust proceeds. Further security is provided by an insurance policy guaranteeing repayment, should no settlement funds be received. The loan is approved for \$2,988,160 and drawdowns will coincide with settlement expenses incurred.	1,307,820	875,198
	\$ 5,516,717	\$ 5,587,028

Given the nature of the long-term debt and re-payment pattern noted above, it is not possible to determine the principal repayments due for the next five years and thereafter.

Interest expense for the year amounted to \$319,383 (2017 - \$344,967).

11. CMHC mortgages:

	Phase number	Maturity date	Interest rate	Monthly payment	2018	2017
CMHC	1	01-Apr-2017	19.75%	\$ 5,329	\$ -	\$ 5,177
Scotia Bank	9	01-May-2017	4.99%	283	-	459

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

14. Contingent assets:

During the prior year, the First Nation initiated a claim against Canada referred to as the "1909 Surrender Claim". The First Nation has obtained a loan to finance the costs of negotiating the settlement. Insurance has been obtained to mitigate the risk that the settlement proceeds may be less than the total loan outstanding at such time the claim is resolved.

As at March 31, 2018, expenses of \$1,307,820 (2017 - \$878,198) have been incurred and available financing drawn in this amount. The First Nation anticipates that these costs will be paid from settlement proceeds. When the claim is finalized or the insurance proceeds are paid the amount will be recognized in revenue.

15. Trusts under administration:

Keesekoose First Nation is the beneficiary of trusts. The assets held in trust are not included on the statement of financial position as assets of Keesekoose First Nation. The equity amounts held in trust as reported on the latest audited financial statements (December 31, 2017) are as follows:

	2017	2016
	December 31	December 31
Keesekoose Haylands Trust	\$ 20,618,621	\$ 19,748,577
Keesekoose Haylands Trust - Childrens Fund	511,550	591,738
	<hr/>	<hr/>
	\$ 21,130,171	\$ 20,340,315

16. Contingent liabilities:

The First Nation has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, the First Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on the First Nation's consolidated financial statements.

17. CMHC housing restricted funds:

The CMHC funding agreements require that the First Nation set aside cash in specially funded reserve bank accounts. The reserves were under funded by \$631,448 as of March 31, 2018 (2017 - \$367,757).

18. Economic dependence:

The First Nation receives a major portion of its revenue pursuant to a funding arrangement with Indigenous and Northern Affairs Canada and Health Canada.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

19. Compliance with authorities:

The First Nation is required to make its financial statements publicly available and submit its consolidated financial statements to Indigenous and Northern Affairs Canada by July 31, 2018. The First Nation did not submit its consolidated financial statements by this date. The possible effect of this breach has not yet been determined.

20. Government transfers:

	Operating	Total	2018
Federal government transfers			
Indigenous and Northern Affairs Canada	\$ 5,606,879	\$ 5,606,879	
Health Canada	1,198,561	1,198,561	
Canada Mortgage and Housing Corporation	170,396	170,396	
	\$ 6,945,640	\$ 6,945,640	
	Operating	Capital	2017
			Total
Federal government transfers			
Indigenous and Northern Affairs Canada	\$ 5,519,734	\$ 1,788,826	\$ 7,308,560
Health Canada	1,286,098	40,047	1,326,145
Canada Mortgage and Housing Corporation	262,744	-	262,744
	\$ 7,068,576	\$ 1,828,873	\$ 8,897,449

21. INAC funding:

The First Nation (recipient) receives funding from Indigenous and Northern Affairs Canada (INAC) by entering into an agreement with INAC.

There are five approaches that INAC may consider in the design and delivery of transfer payment programs:

- 1. Grant approach** – A grant is a transfer payment that is subject to pre-established eligibility and other entitlement criteria. Recipients are not required to account for the grant, but they may be required to report on results. The grant funding approach can be used for any duration of time necessary to achieve program results.
- 2. Set contribution approach** – A set contribution is a transfer payment that is subject to performance conditions outlined in a funding agreement. Set contributions must be accounted for and are subject to audits. Funds are to be expended as identified in the funding agreement and cannot be redirected to other programs. Any unspent funding and any funding spent on ineligible expenditure must be returned to INAC annually.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

21. INAC funding: (continued)

3. Fixed contribution approach – Fixed contribution funding is an option where annual funding amounts are established on a formula basis or where the total expenditure is based on a fixed-cost approach. Fixed funding is distributed on a program basis. It is possible under this approach for recipients to keep any unspent funding provided that program requirements set out in the funding agreement have been met and the recipient agrees to use the unspent funds for purposes consistent with the program objectives or any other purpose agreed to by INAC. A plan must be submitted and approved by INAC prior to spending the unspent funds. If the funds are not spent according to the plan within the agreed upon time period they will be recovered by INAC.

4. Flexible contribution approach – Flexible contribution funding is an option which allows funds to be moved within cost categories of a single program during the life of the project/agreement. However, unspent funds must be returned to INAC at the end of the project, program or agreement.

5. Block contribution approach – Block contribution funding is an option which allows funds to be reallocated within the block of programs during the agreement, as long as progress towards program objectives is being achieved. It is possible under this approach for recipients to keep any unspent funding provided that program delivery standards have been met and the recipient agrees to use the unspent funding for purposes consistent with the block program objectives or any other purpose agreed to by INAC.

22. Related party disclosures:

Included in these consolidated financial statements are transactions with various key managerial personnel. Key managerial personnel include the Chief and the Councilors of the Ban Council (collectively referred to as “related parties”). Transactions with related parties are conducted in the normal course of operations and are recorded at the exchange amount, which is the amount of consideration established and agreed to by the related parties. Transactions with related parties for the year ended March 31, 2018 include honorariums paid to the Chief and the Councilors of \$434,962 (2017 - \$298,185) that are included in schedule 1 to the consolidated financial statements.

23. Segmented information:

As previously discussed in note 2 (o) the First Nation conducts its business through reportable segments as follows:

1) Indigenous and Northern Affairs Canada

Claims and Indian Government:

Costs associated with the negotiation, settlement and implementation of specific claims and comprehensive land claim agreements as well as special claims and self-government agreements.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

23. Segmented information: (continued)

Community Development:

Costs to acquire, construct, operate and maintain basic community facilities and services such as water and sewage, roads, electrification, schools, community buildings and fire protection. Also costs associated with ensuring that these facilities and community services meet recognized standards and are comparable to the services provided to nearby communities by provincial and municipal governments.

Economic Development:

Costs associated with economic development planning, proposal development, and planning and implementation of ongoing activities and one-time projects. Also costs to pursue economic objectives in areas such as the employment of community members, the development of community-owned and community member businesses, the development of land and resources under community control, access to economic opportunities on land and resources beyond community control, investment promotion, and research and advocacy.

Education:

Costs to support First Nation and Inuit communities in expressing, preserving, developing and promoting their cultural heritage, through the establishment and operation of First Nation and Inuit cultural education centres and programs. Costs to provide eligible students living on reserve and eligible Inuit with elementary/secondary education programs and services including instructional services in federal, provincial, band-operated schools, or a private/independent school (recognized by the province in which the school is located as an elementary/secondary institution), and student support services such as transportation, accommodation, guidance and counselling services. Costs associated with INAC's First Nations and Inuit Youth Employment Strategy to develop and enhance essential employability skills, such as communication, problem solving, and working with others, expose youth to a variety of career options, and promote the benefits of education as being key to labor market participation. Also, costs to support eligible First Nation and Inuit students to access education opportunities at the post-secondary level and supports the development and delivery of college and university level courses for First Nation and Inuit students, and research and development on First Nation and Inuit education. Costs for the provision of special education services and programs and costs to provide internet access, information technology equipment, technical support and training to students and school staff.

Indian Government Support:

Costs to support the further development of competent, stable, legitimate, and accountable community governments by strengthening First Nations and Inuit governance and by funding initiatives which address needs in the areas of professional and institutional development at the local level and at the level of emerging regional and national organizations. Also, costs to enable tribal councils to provide advisory services such as financial management, band government, economic development, community planning, technical services to the member First Nations and to defray the costs of administering programs on behalf of member communities and to provide funding for equivalent advisory services to large First Nations which are not affiliated with a tribal council.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

23. Segmented information: (continued)

Land Management:

Costs associated to the administration of land transactions on designated and non-designated lands under sections 53 and 60 of the Indian Act.

Social Development:

First Nations people, like other Canadian citizens, are responsible for managing their own affairs and maintaining themselves to the extent that their resources permit. Some individuals and families are unable to provide for themselves and their dependents. Situations therefore exist in which assistance must be available to community members in need. Income Assistance is one type of income supplement available to eligible persons. Other income supports include Old Age Security, Child Tax Benefits, etc.

Indian Registration:

Costs associated with the maintenance of the Indian Register, a record of everyone who is registered as an Indian under the Indian Act.

Governance and Institutions of Government:

Costs associated with Governance and Institution of Government activities.

2) Health Programs (FNIHB)

Health Canada provides funding for costs associated with the development of safe and healthy communities in the following areas:

Children and Youth; Mental Health and Addictions; Chronic Disease and Injury Prevention; Communicable Disease Control; Environmental Health and Research Component; Primary Care; Non-Insured Health Benefits; Health Governance and Infrastructure; Capital; Treatment Centres; Aboriginal Health Transition Fund; Headquarter projects.

3) Canada Mortgage and Housing Corporation (CMHC)

Non-Profit On-Reserve Housing Program (Section 95); Residential Rehabilitation Assistance Program (RRAP); Home Adaptations for Seniors' Independence Program (HASI); Shelter Enhancement Program; Housing Internship Initiative for First Nations and Inuit Youth.

4) Band Programs

Other programs that vary based on own source revenue. These could include First Nations Trust, Tribal Council, CDC, Band Trust Funds and other business ventures. These outside revenue sources are used to fund programs such as recreational or cultural activities for the benefit of membership that are not funded by government agencies.

KEESEEKOOSE FIRST NATION

Notes to Consolidated Financial Statements

Year ended March 31, 2018, with comparative information for 2017

24. New and proposed accounting pronouncements:

The following summarizes the upcoming changes to the Public Sector Accounting Standards by the Public Sector Accounting Standards Board. The First Nation is in the process of assessing the impact on its consolidated financial statements.

(a) Section PS 3430 - Restructuring transactions

This Section establishes standards on how to account for and report restructuring transactions by both transferors and recipients of assets and/or liabilities, together with related program or operating responsibilities. The section would apply for fiscal years beginning on or after April 1, 2018.

(b) Section PS 3280 – Asset retirement obligations

The section establishes standards on how to account for and report a liability for asset retirement obligations by defining which activities are included in a liability for retirement for a tangible capital asset, when to recognize and how to measure the liability and financial statement presentation and disclosure requirements. The standard is effective for fiscal years beginning on or after April 1, 2021.

(c) Section PS 3450 – Financial instruments

The Section establishes standards on how to account for and report all types of financial instruments including derivatives. The standard is effective for years beginning on or after April 1, 2021.

(d) Section PS 3400 – Revenue

The section establishes standards on how to account for and report on revenue. It differentiates between revenue arising from transactions that include performance obligations (exchange transactions) and transactions that do not have performance obligations (non-exchange transactions). The standard is effective for fiscal years beginning on or after April 1, 2022.

25. Comparative information:

Certain comparative information has been reclassified to conform with the financial statement presentation adopted in the current year.
