# Independent Auditors' Report

---

To the Members of Kinistin Saulteaux Nation:

We have audited the accompanying consolidated financial statements of Kinistin Saulteaux Nation, which comprise the consolidated statement of financial position as at March 31, 2018, and the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows, and the related schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

## *Management's Responsibility for the Consolidated consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

## *Basis for Qualified Opinion*

The Nation's investment in 102009262 Saskatchewan Ltd., a government business enterprise accounted for by the modified equity method, is carried at \$36,793 on the consolidated statement of financial position as at March 31, 2018, and the business loss from the investment of \$569,806 is included in the Nation's Consolidated Statement of Operations and Accumulated Surplus for the year then ended. We were unable to obtain sufficient appropriate audit evidence about the carrying amount of the Nation's investment in 102009262 Saskatchewan Ltd. as at March 31, 2018 and the amount of loss for the year because of deficiencies in the accounting records and in the systems of internal controls of 102009262 Saskatchewan Ltd. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

## *Qualified Opinion*

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion Paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of Kinistin Saulteaux Nation as at March 31, 2018 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

**Kinistin Saulteaux Nation**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2018*

---

**1. Operations**

The Kinistin Saulteaux Nation (the "Nation") is located in the Province of Saskatchewan, and provides various services to its members. The Kinistin Saulteaux Nation financial reporting entity includes the Nation's operations and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

**2. Change in accounting policies**

Effective April 1, 2017, the Nation adopted the recommendations relating to sections, as set out in the Canadian public sector accounting standards.

PS 2200 Related Party Disclosures

PS 3420 Inter-entity Transactions

PS 3210 Assets

PS 3320 Contingent Assets

PS 3380 Contractual Rights

Pursuant to the recommendations, the changes were applied prospectively, and prior periods have not been restated. There was no material impact on the consolidated financial statements of adopting the new Sections.

**3. Significant accounting policies**

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

***Reporting entity***

The financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity. The Nation has also consolidated the assets, liabilities, revenues and expenses of its wholly owned subsidiary Kinistin Bison Inc.

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Incorporated business entities, owned or controlled by the Nation, but not dependent on the Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to extend that the business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. The entity accounted for by the modified equity basis is:

- 102009262 Saskatchewan Ltd. - 100% ownership interest

Long-term investments in entities that are not owned, controlled, or influenced by the Nation's reporting entity are accounted for using the cost method. They are recorded at cost, less any provision for other than temporary impairment.

- STC Investments Limited Partnership - 14% ownership
- STC Casino Holdings Corporation - 14% ownership

***Basis of presentation***

Sources of financing and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

**3. Significant accounting policies** *(Continued from previous page)*

**Cash resources**

Cash resources includes balances with banks and short-term investments with maturities of three months or less.

**Restricted cash**

Restricted cash consists of funds held in the CMHC replacement reserve and funds managed by a project manager. The project manager is responsible for the completion of the capital projects and the CMHC replacement reserve is used to pay eligible expenditures of the CMHC housing units.

**Livestock inventory**

Inventories available for immediate delivery are recorded at the net price (market price less selling costs) as the product has a reliable and realizable market price with predictable disposal costs.

**Funds held in Ottawa Trust Fund**

Funds held in trust on behalf of Nation members by the Government of Canada consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other Nation capital assets; and
- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

Revenues from trust moneys are recognized when measurable, earned and collection is reasonably assured. These moneys are reported on by the Government of Canada.

**Tangible capital assets**

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

**Amortization**

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	Method	Rate
Buildings	declining balance	5 %
Housing	declining balance	5 %
Automotive	declining balance	30 %
Equipment	declining balance	20 %
Infrastructure	declining balance	5 %
Roads	straight-line	40 years
Water/sewer infrastructure	straight-line	50 years
Gasification	straight-line	50 years

Assets under construction are not amortized until they enter service.

**Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets.

**3. Significant accounting policies** *(Continued from previous page)*

***Net debt***

The Nation's financial statements are presented so as to highlight net financial assets (net debt) as the measurement of financial position. The net financial assets (net debt) of the Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprises a second indicator of financial position, accumulated surplus.

***Revenue recognition***

***Funding***

Funding is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period or where expenditures will be incurred in a subsequent period are reflected as deferred revenue on the statement of financial position in the year of receipt.

***Government transfers***

The Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

***Other income***

Rental income is recognized over the rental term. Other revenues are earned from other services provided by the Nation and are recognized when the service has been provided.

***Measurement uncertainty***

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Management has estimated the value of the livestock inventory based upon their assessment of the realizable amount less selling costs. Amortization is based on the estimated useful lives of tangible capital assets. Current portion of debt is based on rates and terms in effect at year-end.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

***Segments***

The Nation conducts its business through nine (9) reportable segments (Note 19). These operating segments are established by senior management to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the *Significant accounting policies*.

***Liability for contaminated sites***

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2018.

**Kinistin Saulteaux Nation**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2018*

---

**3. Significant accounting policies** *(Continued from previous page)*

At each financial reporting date, the Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The Nation will not recognize any liability as it is not expected that economic benefits will be given up.

***Other economic interests***

The Kinistin Saulteaux Nation is a member of the Saskatoon Tribal Council Inc. and STC Health and Family Services Inc. Their mandate is to enhance the services provided to the seven member Nations. The Nation does not share in the significant risks and benefits of the operations of these entities. As a result, the financial statements of Saskatoon Tribal Council Inc. and STC Health and Family Service Inc. have not been consolidated with the financial statements of Kinistin Saulteaux Nation.

During the year, 102009262 Saskatchewan Ltd. recognized a significant loss from operations. The investment has continued to be accounted for as a government business entity, as this was the first year of operations, and management believes that consistency in management and staff, training and improvements to pricing and operations will enable the entity to be profitable and self-sustaining in the future.

The Nation has guaranteed the following debt on behalf of its First Nation business enterprise:

- Mortgage of \$864,147 with Affinity Credit Union, with an interest rate of prime plus 3.50% (prime rate of 3.70% at March 31, 2018), due on demand and repayable in monthly instalments of \$6,383. The Nation has guaranteed the entire amount of this debt. No liability has been recorded by the Nation in relation to this guarantee.

102009262 Saskatchewan Ltd. has defaulted on some of the scheduled loan payments. The lender has not called the loan and is working with 102009262 Saskatchewan Ltd. on a revised payment schedule.

The unexpended funds of the Mechanical System Replacement project and Energy Systems project have been transferred to the Water Treatment Plant Upgrade. The unexpended funds of the Duplex Housing Units project of \$154,535 were used to finance renovations to band houses as per Schedule 4.

**13. Agricultural implements claim loan**

The Nation is seeking compensation for failure by the Crown to provide certain agricultural benefits to their Nation. The balance payable represents funds advanced by the Government of Canada to the Nation to finance its costs to pursue the claim. The loan is non-interest bearing and is to be repaid the earlier of March 31, 2021 or the date on which the claim is settled.

2019	383,964
2020	339,887
2021	191,890
2022	194,033
2023	196,209

**15. Contingent liabilities**

The Nation has been named as defendant in a lawsuit on behalf of former employees, seeking damages for alleged wrongful dismissal. This lawsuit remains at an early stage, and as litigation is subject to many uncertainties, it is not possible to predict the ultimate outcome of these lawsuits or to estimate the loss, if any, which may result. Any amount awarded as a result of this action will be recorded when reasonably estimable.

The Nation was subject to a Forensic Review by Indigenous Services Canada (ISC) for the period of April 1, 2012 to December 31, 2013. As a result of the review, \$355,000 has been identified as potentially recoverable from the Nation. No action has presently been taken by ISC to recover any of this balance. The Nation disputes the findings of the Forensic Review and is working on submitting additional information to ISC about the underlying transactions comprising the \$355,000 identified. Any liability stemming from this review will be recorded at the time of resolution.

**16. Tangible capital assets**

The tangible capital assets reconciliation is included in Schedule 1.

The following are details about the Nation's capital projects:

<b>Project</b>	<b>Amount expended to date</b>	<b>Budget for the project</b>
Water Treatment Plant	1,490,870	6,153,500

**Kinistin Saulteaux Nation**  
**Notes to the Consolidated Financial Statements**

**17. Accumulated surplus**

Accumulated surplus consists of the following:

	<b>2018</b>	<b>2017</b>
Equity in Ottawa Trust Funds	<b>3,091</b>	3,114
Equity in investments	<b>102,803</b>	496,386
Equity in CMHC reserves	<b>539,278</b>	601,205
Equity in Tangible Capital Assets	<b>12,507,966</b>	9,434,532
Operating deficit	<b>(263,041)</b>	(735,838)
	<b>12,890,097</b>	9,799,399

For comparative purposes, the presentation of equity in investments has changed in 2018 to include the contributions made to investments from the operating deficit.

Included in the operating deficit is \$567,586 (2017- \$429,228) of indebtedness relating to the Agricultural Benefits Claim. Should a settlement be reached, the indebtedness would be recovered and an increase in the operating surplus realized.

**18. CMHC reserves**

Under agreements with Canada Mortgage and Housing Corporation (CMHC), the Nation established the following:

- The replacement reserve requires an annual cash allocation of \$56,925 (2017 - \$53,255) to ensure replacement of housing unit components. At March 31, 2018 the Nation is required to have \$502,480 on deposit in the replacement reserve. The funded amount at March 31, 2018 is \$431,454 (2017 - \$254,661).
- Any surplus generated in the Post - 1997 Housing Program is to be funded with cash and maintained in a separate reserve. These reserve funds may be used to offset any future deficits incurred in the Post 1997 Housing Program. As at March 31, 2018 the Nation is required to have \$36,798 on deposit in the operating reserve. At March 31, 2018 \$nil (2017 - \$nil) is on deposit.

In accordance with terms of the agreements, CMHC reserve monies must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by CMHC. Reserve withdrawals are credited first to interest and then to principal.

**19. Segments**

The Nation has 9 reportable segments. These segments are differentiated by the major activities or services they provide. The Nation's segments are as follows:

**Band Government** - administration and governance activities of the Nation.

**Capital** - funding received, amortization and other expenses of capital projects undertaken.

**Community Infrastructure** - activities for the maintenance and operations of the Nation's infrastructure.

**Economic Development** - operations of promoting and providing the economic development for the Nation and in developing new economic ventures to grow the Nation.

**Education** - operations of the Nation's education programs.

**Health** - health funding and the operations of various health related initiatives.

**Lands** - provides for development and administration of the Nation's land.

**Other Programs** - reports on other activities and programs of the Nation including Justice, Recreation and Dakota Dunes Community Development Corporation funded programs.

**Social Development** - delivery of social assistance programs.

Details of the segment revenues and expenses are provided in the accompanying schedules. There are no revenues or expenses that have not been allocated to a segment.

**20. Economic dependence**

Kinistin Saulteaux Nation receives substantially all of its revenue from the Government of Canada as a result of Treaties entered into with the Crown in Right of Canada. These Treaties are administered by Indigenous Services Canada (ISC) under the terms and conditions of the Indian Act. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these Treaties.

Due to certain deficiencies in its cumulative deficit position, the Nation is also party to a Management Action Plan with ISC. Under the terms of the agreement, funding from the Remedial Management Plan can be suspended if the Nation does not comply with the terms of the agreement.

**23. Budget information**

The disclosed budget information has been approved by the Chief and Council of the Kinistin Saulteaux Nation at a meeting held on February 28, 2017.

The consolidated budget does not include certain programs, such as Community Development Corporation, amortization, or capital projects. These programs and projects require separate applications for funding or financing, and budgets are prepared on a project-by-project basis to accompany the applications.

**24. Comparative figures**

Certain comparative figures have been reclassified to conform with current year's presentation.
