Muscowpetung First Nation
Management's Responsibility for Financial Reporting
March 31, 2019

To the Members of Muscowpetung First Nation:

The accompanying consolidated financial statements of Muscowpetung First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities and for approving the consolidated financial statements. Chief and Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors.

Chalupiak & Associates CPA Professional Corporation, an independent firm of Chartered Professional Accountants, is appointed by Chief and Council to audit the consolidated financial statements and report directly to the Members; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Chief and Council and management to discuss their audit findings.

On behalf of Muscowpetung First Nation:

Independent Auditors' Report

To the Members of
Muscowpetung First Nation

Opinion

We have audited the consolidated financial statements of Muscowpetung First Nation, which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations, accumulated surplus, change in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2019, and the results of its consolidated operations, its changes in its consolidated net debt, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

Without modifying our opinion, we draw attention to Notes 15 and 21 to the consolidated financial statements which describe that Muscowpetung First Nation initiated a surrender claim and a channelization claim against the Government of Canada. The First Nation has obtained a loan to fund costs of negotiations and has taken insurance to cover the repayment of the loan if it is in excess of settlement proceeds.

Restated Comparative Information

Without modifying our opinion, we draw attention to Note 20 to the consolidated financial statements, which explains that comparative information for the year ended March 31, 2018 has been restated as it was determined that the reported land claims settlement receivable was not under the control of the First Nation and an adjustment was made to reduce this receivable by \$2,475,905. This amount has now been reported as a contingent asset as explained in Note 21. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ◆ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◆ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◆ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ◆ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ◆ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.
- ◆ Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

1. General

The Muscowpetung First Nation is a First Nation Band subject to the provisions of the Indian Act. These financial statements include the Muscowpetung First Nation government and all related entities, which are accountable to the First Nation and are either owned or controlled by the First Nation.

2. Basis of presentation and significant accounting policies

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

(a) Reporting entity

The Muscowpetung First Nation reporting entity includes the Muscowpetung First Nation government and all related entities that are controlled by the First Nation.

(b) Principles of consolidation

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of government business enterprise, which are included in the consolidated statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Under the modified equity method of accounting, only Muscowpetung First Nation's investment in the government business enterprise and the enterprise's net income and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprise that are different from those of Muscowpetung First Nation.

Organizations accounted for on a modified equity basis include:

Muscowpetung Ki-Pih-Cheen and Mah-Jahn Convenience Store Inc.(Muscowpetung Stop & Go Store)

The Muscowpetung First Nation Cannabis Dispensary began operations in November 2018 and no financial information is available and therefore is not consolidated in these statements.

(c) Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or to finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible assets, prepaid expenses and inventory of supplies.

(d) Net debt or net financial assets

The financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt or net financial assets is determined by its financial assets less liabilities. Net debt or net financial assets, is comprised of two components, non-financial assets and accumulated surplus.

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

2. Basis of presentation and significant accounting policies, continued

(e) Cash and cash equivalents

Cash and cash equivalents include cash on hand, balances with banks net of bank overdrafts and term deposits having a maturity of three months or less at acquisition which are held for the purpose of meeting short-term cash commitments.

(f) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Muscowpetung First Nation's incremental cost of borrowing.

Amortization is provided for on a straight-line basis over their estimated useful lives as follows:

Buildings	25 years Straight line
Vehicles	4 years Straight line
Office equipment	3 years Straight line
Store equipment	10 years Straight line
Machinery and equipment	10 years Straight line
CMHC - houses	25 years Straight line
Infrastructure assets	40 years Straight line
Major Housing Renovations	10 years Straight line

Tangible capital assets are written down when conditions indicate that they no longer contribute to Muscowpetung First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

2. Basis of presentation and significant accounting policies, continued

(g) Liability for contaminated sites

A liability for remediation of a contaminated site is recognized at the best estimate of the amounts required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2019.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it's settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

No liability has been recognized in these statements.

(h) Use of estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(i) Segments

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

(j) Internal charges and transfers

The central administration office provides services to other program areas. To recognize the cost of these services a corresponding revenue and expense is recorded and referred to as "Administration fees - internal allocation."

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

2. Basis of presentation and significant accounting policies, continued

(k) Revenue recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

(l) Expense recognition

Expenses are accounted for in the period the goods or services are acquired and a liability is incurred or transfers are due.

(m) Cash

Cash resources include balances with banks and short-term investments with maturities of 1 year or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

(n) Comparative figures

Prior year's comparative amounts have been reclassified, where necessary, to conform to the current year's presentation.

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

3. Cash and cash equivalents

Under the terms of an agreement with Canada Mortgage and Housing Corporation, Muscowpetung First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Replacement and Subsidy Fund. Cash and cash equivalents is comprised of the following:

Cash received to complete capital projects is held in separate bank accounts or guaranteed investment certificates.

Funds held in trust are held by the federal government in trust for the First Nation.

8. Investment in government business enterprises

Commercial enterprises are those organizations that meet the definition of government business enterprises as described by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Government business enterprises have the power to contract in their own name, have the financial and operating authority to carry on a business, sell goods and services to customers outside the First Nation government as their principal activity, and that can, in the normal course of their operations, maintain operations and meet liabilities from revenues received from outside the First Nation government.

20. Prior period restatement

During the year it was determined that the reported land claims settlement receivable was not under the control of the First Nation. An adjustment was made to the prior period amounts to reduce the accounts receivable by \$2,475,905; opening accumulated surplus by \$2,168,174 and land claims future settlement revenue by \$307,731.

21. Contingent assets

The First Nation has initiated claims against Canada referred to as the "Surrender" and "Channelization" claims. The First Nation has obtained loans to finance the costs of negotiating the settlement. Insurance policies have been obtained to mitigate the risk that the settlement proceeds may be less than the total loan outstanding at such time that the claim is resolved. As at March 31, 2019, the loan amounts outstanding are \$1,475,600 and \$1,436,192. The First Nation anticipates that these costs will be paid from settlement proceeds, and when the claim is finalized, or the insurance proceeds paid, the amount will be recognized as revenue.

Muscowpetung First Nation

Notes to Consolidated Financial Statements

March 31, 2019

22. Contingent liabilities

Muscowpetung First Nation has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, Muscowpetung First Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on Muscowpetung First Nation's financial statements.

25. CMHC Reserves

The CMHC funding agreements require that the First Nation set aside cash in specially funded reserve bank accounts. On March 31, 2019 the replacement reserve was underfunded by \$nil (2018 - \$133,557) and the operating reserve was underfunded by \$145,292 (2018 - \$100,316).

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

26. Muscowpetung Legacy Trust

The First Nation received settlement funds on March 19, 2014. The Trust agreement allows the First Nation to borrow funds using the Trust property as collateral. In the current year, the First Nation paid off an existing loan of \$5,112,655 and borrowed \$8,276,807 at an interest rate of 3.20% to be repaid in annual instalments of \$979,969 (principle and interest).

Annual income paid to the First Nation is the annual income earned in the Trust less authorized loan payments.

	2019	2018
Annual income	\$ 1,243,874	\$ 1,237,223
Less: authorized loan payments	(979,969)	(820,614)
Annual income payable to the First Nation	\$ 263,905	\$ 416,609

27. Land claim settlements

Muscowpetung First Nation has entered into negotiations with Canada regarding specific claim settlements. Loans have been secured to provide funding for the negotiation costs. There are insurance policies guaranteeing repayment, should no settlement funds be received. There are two loans approved for a total of \$5,976,320 and draw downs will coincide with settlement expenses incurred. As of March 31, 2019 the amount of \$2,911,792 had been drawn down.

28. Employee benefit obligations

Pension plan

Muscowpetung First Nation provides a defined contribution plan for eligible members of its staff. Members are required to contribute a percentage of their basic salary; Muscowpetung First Nation matches the employee contributions. Muscowpetung First Nation does not have any other obligations with regards to the pension plan as at March 31, 2019.

29. Trusts under administration

Muscowpetung First Nation holds assets in trust; these assets are managed by an appointed trustee and are not included on the statement of financial position as assets of Muscowpetung First Nation.

The market value of the assets held in trust at the year-end are as follows:

	2019	2018
Muscowpetung First Nation Legacy Trust	\$ 31,761,998	\$ 33,107,228
	\$ 31,761,998	\$ 33,107,228

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

30. Economic dependence

Muscowpetung First Nation receives a significant portion of its revenue pursuant to a funding arrangement with Indigenous Services Canada (ISC) and Health and Welfare Canada.

31. Subsequent events

Muscowpetung First Nation owns a cannabis dispensary. This venture is in the business of selling cannabis products on the reserve in accordance with the Muscopwetung First Nation Cannabis Act (November 12, 2018). Jurisdiction over the sales of these products is unclear and the First Nation has entered into a statement of claim against the Federal and Provincial governments with regards to the licensing of a recreational cannabis dispensary on reserve.

32. Budgeted figures

Budgeted figures have been provided for comparison purposes and have been derived from estimates approved by Muscowpetung First Nation.

33. Expenses by object

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

34. Segmented information

As previously discussed in note 2 (i) the First Nation conducts its business through reportable segments as follows:

1) Indigenous Services Canada (ISC)

Claims and Indian Government:

Costs associated with the negotiation, settlement and implementation of specific claims and comprehensive land claim agreements as well as special claims and self-government agreements.

Community Development:

Costs to acquire, construct, operate and maintain basic community facilities and services such as water and sewage, roads, electrification, schools, community buildings and fire protection. Also costs associated with ensuring that these facilities and community services meet recognized standards and are comparable to the services provided to nearby communities by provincial and municipal governments.

Economic Development:

Costs associated with economic development planning, proposal development, and planning and implementation of ongoing activities and one-time projects. Also costs to pursue economic objectives in areas such as the employment of community members, the development of community-owned and community member businesses, the development of land and resources under community control, access to economic opportunities on land and resources beyond community control, investment promotion, and research and advocacy.

Education:

Costs to support First Nation and Inuit communities in expressing, preserving, developing and promoting their cultural heritage, through the establishment and operation of First Nation and Inuit cultural education centres and programs. Costs to provide eligible students living on reserve and eligible Inuit with elementary/secondary education programs and services including instructional services in federal, provincial, band-operated schools, or a private/independent school (recognized by the province in which the school is located as an elementary/secondary institution), and student support services such as transportation, accommodation, guidance and counselling services. Costs associated with ISC's First Nations and Inuit Youth Employment Strategy to develop and enhance essential employability skills, such as communication, problem solving, and working with others, expose youth to a variety of career options, and promote the benefits of education as being key to labor market participation. Also, costs to support eligible First Nation and Inuit students to access education opportunities at the post-secondary level and supports the development and delivery of college and university level courses for First Nation and Inuit students, and research and development on First Nation and Inuit education. Costs for the provision of special education services and programs and costs to provide internet access, information technology equipment, technical support and training to students and school staff.

Indian Government Support:

Costs to support the further development of competent, stable, legitimate, and accountable community governments by strengthening First Nations and Inuit governance and by funding initiatives which address needs in the areas of professional and institutional development at the local level and at the level of emerging regional and national organizations. Also, costs to enable tribal councils to provide advisory services such as financial management, band government, economic development, community planning, technical services to the member First Nations and to defray the costs of administering programs on behalf of member communities and to provide funding for equivalent advisory services to large First Nations which are not affiliated with a tribal council.

Muscowpetung First Nation
Notes to Consolidated Financial Statements
March 31, 2019

34. Segmented information, continued

Land Management:

Costs associated to the administration of land transactions on designated and non-designated lands under sections 53 and 60 of the Indian Act.

Social Development:

First Nations people, like other Canadian citizens, are responsible for managing their own affairs and maintaining themselves to the extent that their resources permit. Some individuals and families are unable to provide for themselves and their dependents. Situations therefore exist in which assistance must be available to community members in need. Income Assistance is one type of income supplement available to eligible persons. Other income supports include Old Age Security, Child Tax Benefits, etc.

Indian Registration:

Costs associated with the maintenance of the Indian Register, a record of everyone who is registered as a Status Indian under the Indian Act.

Governance and Institutions of Government:

Costs associated with Governance and Institution of Government activities.

2) Health Programs (FNIHB)

Health Canada provides funding for costs associated with the development of safe and healthy communities in the following areas:

Children and Youth; Mental Health and Addictions; Chronic Disease and Injury Prevention; Communicable Disease Control; Environmental Health and Research Component; Primary Care; Non-Insured Health Benefits; Health Governance and Infrastructure; Capital; Treatment Centres; Aboriginal Health Transition Fund; Headquarter projects.

3) Canada Mortgage and Housing Corporation (CMHC)

Non-Profit On-Reserve Housing Program (Section 95); Residential Rehabilitation Assistance Program (RRAP); Home Adaptations for Seniors' Independence Program (HASI); Shelter Enhancement Program; Housing Internship Initiative for First Nations and Inuit Youth

4) Band programs

Other programs that vary based on own source revenue. These could include First Nations Trust, Tribal Council, CDC, Band Trust Funds and other business ventures. These outside revenue sources are used to fund programs such as recreational or cultural activities for the benefit of membership that are not funded by government agencies.
