**Pasqua First Nation**  
**Management's Responsibility for Financial Reporting**  
*March 31, 2020*

To the Members of Pasqua First Nation:

The accompanying consolidated financial statements of Pasqua First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities and for approving the consolidated financial statements. Chief and Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors.

Chalupiak & Associates CPA Professional Corporation, an independent firm of Chartered Professional Accountants, is appointed by Chief and Council to audit the consolidated financial statements and report directly to the Members; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Chief and Council and management to discuss their audit findings.

On behalf of Pasqua First Nation:

## **Independent Auditors' Report**

To the Members of  
**Pasqua First Nation**

### ***Opinion***

We have audited the consolidated financial statements of Pasqua First Nation, which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of operations, accumulated surplus, change in net debt and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2020, and the results of its consolidated operations, its changes in its consolidated net debt, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

## ***Auditors' Responsibilities for the Audit of the Consolidated Financial Statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- ♦ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ♦ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ♦ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ♦ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ♦ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ♦ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.
- ♦ Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of the financial statements

**Pasqua First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2020*

**1. General**

The Pasqua First Nation ("the First Nation") is a First Nation Band subject to the provisions of the Indian Act. These financial statements include the Pasqua First Nation government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation. These financial statements do not include the Treaty Land Entitlement (TLE) Trust or the Pasqua First Nation Legacy Trust; separate audited financial statements are prepared for these Trusts.

**2. Basis of presentation and significant accounting policies**

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board.

**(a) Reporting entity**

The Pasqua First Nation reporting entity includes the Pasqua First Nation government and all related entities that are controlled by the First Nation.

**(b) Principles of consolidation**

All controlled entities are fully consolidated on a line-by-line basis except for the commercial enterprises which meet the definition of government business enterprise, which are included in the Consolidated Statements on a modified equity basis. Inter-organizational balances and transactions are eliminated upon consolidation.

Under the modified equity method of accounting, only Pasqua First Nation's investment in the government business enterprise and the enterprise's net income and other changes in equity are recorded. No adjustment is made for accounting policies of the enterprise that are different from those of Pasqua First Nation.

Organizations consolidated in Pasqua First Nation's financial statements include:

- Paskwa Pit Stop

Organizations accounted for on a modified equity basis include:

- TLE Holdings Ltd.
- PFN Group of Companies Limited Partnership (includes consolidation of Pro Metal Industries Ltd.)
- PFN Group of Companies Inc.

**(c) Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or to finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible assets, prepaid expenses and inventory of supplies.

**2. Basis of presentation and significant accounting policies, continued**

**(d) Net debt or net financial assets**

The financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt or net financial asset is determined by its financial assets less liabilities. Net debt or net financial assets, is comprised of two components, non-financial assets and accumulated surplus.

**(e) Cash and cash equivalents**

Cash and cash equivalents include cash on hand, balances with banks net of bank overdrafts and term deposits having a maturity of three months or less at acquisition which are held for the purpose of meeting short-term cash commitments. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

**(f) Liability for contaminated sites**

A liability for remediation of a contaminated site is recognized at the best estimate of the amounts required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2020.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it's settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. There are no known liabilities at March 31, 2020.

**2. Basis of presentation and significant accounting policies, continued**

**(g) Tangible capital assets**

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Pasqua First Nation's incremental cost of borrowing.

Depreciation is provided for on a straight-line basis over their estimated useful lives.

Buildings	5-40 years Straight line
Equipment	3-5 years Straight line
Vehicles	3-5 years Straight line
CMHC - houses	25 years Straight line
Roads	40 years Straight line
Infrastructure	10-40 years Straight line
Band houses	20 years Straight line
Paskwa Pit Stop	2-25 years Straight line

Tangible capital assets are written down when conditions indicate that they no longer contribute to Pasqua First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

**(h) Portfolio investments**

Portfolio investments are recorded at cost. Portfolio investments are written down where there has been a loss in value that is other than a temporary decline.

**2. Basis of presentation and significant accounting policies, continued**

**(i) Trust funds**

Funds earned and held in trust on behalf of First Nation members by the Government of Canada. Trust moneys consist of:

- Capital Trust moneys derived from non-renewable resources transactions on the sale of land or other First Nation capital assets; and,
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Revenues from Trust moneys are recognized when measurable, earned and collection is reasonably assured. These moneys are reported on by the Government of Canada.

**(j) Use of estimates**

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**(k) Segments**

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

**(l) Internal charges and transfers**

The central administration office provides services to other program areas. To recognize the cost of these services a corresponding revenue and expense is recorded and referred to as "Administration fees - internal allocation."

**2. Basis of presentation and significant accounting policies, continued**

**(m) Revenue recognition**

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service being performed is deferred and recognized when the fee is earned or the service is performed.

**(n) Expense recognition**

Expenses are accounted for in the period the goods or services are acquired and a liability is incurred or transfers are due.

**(o) Comparative figures**

Prior year's comparative amounts have been reclassified, where necessary, to conform to the current year's presentation.

**Pasqua First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2020*

**3. Cash and cash equivalents**

Under the terms of an agreement with Canada Mortgage and Housing Corporation, Pasqua First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds are to be held in a separate bank account and invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise approved by the Canada Mortgage and Housing Corporation with any interest earned to be credited as revenue to the Replacement and Subsidy Fund. Cash and cash equivalents is comprised of the following:

Cash received to complete capital projects is held in separate bank accounts or guaranteed investment certificates.

Funds held in trust are held by the federal government in trust for the First Nation.

**9. Investment in government business enterprises**

Commercial enterprises are those organizations that meet the definition of government business enterprises as described by the Public Sector Accounting Board. Government business enterprises have the power to contract in their own name, have the financial and operating authority to carry on a business, sell goods and services to customers outside the First Nation government as their principal activity, and that can, in the normal course of their operations, maintain operations and meet liabilities from revenues received from outside the First Nation government.

The First Nation has investments in the following entities:

	Investment, beginning of the year	Contributions	Withdrawals	Share of Earnings (Loss)	2020 Investment, end of the year
Pasqua TLE Holdings Inc. (100%)	\$ -	\$ -	\$ -	\$ -	\$ -

**13. Deferred revenue - unexpended funds - ISC**

Indigenous Services Canada (ISC) funding agreements stipulate the terms and conditions that apply to situations where revenue received exceeds expenditures. Depending on the funding arrangement the unexpended funds may be retained by the recipient, repaid to ISC, deferred to the following year, or transferred to another ISC program area. Any funding arrangements that have a provision that allows the recipient to retain the excess funds are recorded as surpluses. All other excess funds are recorded as a liability and classified as "Deferred revenue - unexpended funds - ISC" on the financial statements.

Paskwa Pit Stop	\$ 79,646	\$ 85,866

**20. Accumulated surplus**

	2020	2019
Restricted		
Invested in tangible capital assets	\$ 29,074,603	\$ 27,487,786
Funds held in trust by federal government	62,877	172,409
Portfolio investments	71,319	71,319
Invested in business ventures	(3,499,181)	532,247
CMHC reserves	875,116	689,836
Operating surplus (deficit)	(2,441,980)	(658,980)
	<u>\$ 24,142,754</u>	<u>\$ 28,294,617</u>

Capital assets represents accumulated surplus amounts not available for operations, but rather past transactions creating capital assets that will be used to provide future services.

Investments in related entities represents amounts not readily available for operations as the investments are not likely to be liquidated within the next year.

CMHC reserves are replacement and operating reserves required to be funded for future housing replacements, as per agreements with CMHC.

Trust funds held by federal government are monies held by the federal government for use by the First Nation for specific purposes.

Operating surplus (deficit) represents future revenue required for past operational activities.

**24. Contingent liabilities**

Pasqua First Nation has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, Pasqua First Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on Pasqua First Nation's financial statements.

**Pasqua First Nation**  
**Notes to Consolidated Financial Statements**  
*March 31, 2020*

**25. Contractual Obligations**

The nature of Pasqua First Nation's activities can result in some multi-year contracts whereby it will be obligated to make future payments when the goods or services are received. Significant contractual obligations that can be reasonably estimated are summarized as follows:

	2020 Monthly payments	2019 Monthly payments
Finning CAT - Caterpillar 160M BR	\$ 4,424	\$ 4,424
RCAP Leasing	180	180
Sasktel	464	464
Sasktel	-	425
Wells Fargo	1,585	1,585
Xerox	559	559
Wells Fargo - 4300 Single axel septic	-	1,573
	<u>\$ 7,212</u>	<u>\$ 9,210</u>

**26. CMHC reserves and restricted cash**

The CMHC funding agreements require that the First Nation set aside cash in specially funded reserve bank accounts; as of March 31, 2020 the reserves were fully funded (2019 - fully funded).

**27. Related party transactions**

Transactions with related parties, if any, are in the normal course of business, and are for fair consideration that is mutually agreed upon by the related parties.

**28. Employee benefit obligations**

**Vacation and overtime**

The vacation and overtime liability is comprised of the vacation and overtime that employees are deferring to future years. Employees have either earned the benefits or are entitled to these benefits within the next budgetary year. There is no liability recorded in these statements for vacation or overtime.

**Post-employment benefits**

Pasqua First Nation does not provide extended health, dental and life insurance benefits to retired employees and therefore has no obligations with regards to post employment benefits.

**Pension plan**

Pasqua First Nation provides a defined contribution plan for eligible members of its staff. Members are required to contribute 3% of their salary up to a maximum of 10% of their basic salary. Pasqua First Nation contributes a matching portion which is directed to the member's contribution account. Pasqua First Nation does not have any other obligations with regards to the pension plan as at March 31, 2020.

**29. Fair value**

The fair value of the financial assets (except the investments), and current liabilities approximates their carrying value due to their short term nature. It is not practical to determine fair value for the investments with sufficient reliability because of the limited market for them. The fair value of the First Nation's long-term debt approximates cost due to either the short-term nature (either to term or to renewal) or has interest floating at market rates.

**30. Interest rate risk**

The First Nation is not exposed to significant interest rate risk on its monetary assets and current liabilities, due to their short term maturity. The First Nation is exposed to interest rate price risk on its long term debt that has a fixed interest rate.

**31. Budgeted figures**

Budgeted figures are unaudited and have been provided for comparison purposes and derived from the estimates approved by the Pasqua First Nation.

**32. Economic dependence**

The First Nation receives a substantial amount of its funding from Indigenous Services Canada and FNIHB as a result of treaties entered into with the Government of Canada. These treaties are administered by ISC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

**33. Subsequent events**

On March 11, 2020, the World Health Organization categorized COVID-19 as a pandemic. The potential economic effects within the First Nation's environment and in the global markets due to the possible disruption in supply chains, and measures being introduced at various levels of government to curtail the spread of the virus (such as travel restrictions, closures of non-essential municipal and private operations, imposition of quarantines and social distancing) could have a material impact on the First Nation's operations.

The extent of the impact of this outbreak and related containment measures on the First Nation's operations cannot be reliably estimated at this time.
