Management's Responsibility

To the Members of Day Star First Nation

The accompanying consolidated financial statements of Day Star First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Day Star First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for appointing the Nation's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by Council to audit the consolidated financial statements and report directly to the members of Day Star First Nation; their report follows. The external auditors have full and free access to, and may meet periodically and separately with, both the Council and management to discuss their audit findings.

Independent Auditors' Report

To the Members of Day Star First Nation:

We have audited the accompanying consolidated financial statements of Day Star First Nation, which comprise the consolidated statement of financial position as at March 31, 2015, and the consolidated statements of operations and accumulated surplus, changes in net debt, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Day Star First Nation as at March 31, 2015 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Day Star First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2015

1. Operations

The Day Star First Nation (the "Nation") is located in the province of Saskatchewan, and provides various services to its members. Day Star First Nation includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

Basis of presentation

Sources of financing and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Reporting entity

The consolidated financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity, except for Nation business entities.

The Nation has consolidated the assets, liabilities, revenues and expenses of the following entities and departments:

- Day Star First Nation
- Day Star First Nation CMHC Housing Projects

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department. Day Star First Nation CMHC Housing Projects has a March 31, 2015 year end.

Day Star First Nation business entities, owned or controlled by the Nation's Council but not dependent on the Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Day Star Gas Bar & Confectionary Inc.

A separate report is issued on the above entity's financial statement.

Other Economic Interests

Day Star First Nation is a member of the Touchwood Child and Family Services Incorporated. The Touchwood Child and Family Services Incorporated is an organization of six member First Nations, whose purpose is to provide Child and Family Services to the five member Nations.

Day Star First Nation is a member of the Touchwood Agency Tribal Council. The Touchwood Agency Tribal Council is an organization of four Nations. The Tribal Council purpose is to enhance the services provided to member Nations.

Day Star First Nation is a member of the Touchwood Agency Specific Claim. The Touchwood Agency Specific Claim is an organization of five Nations, whose purpose is to negotiate a specific claim with regards to the Department of Aboriginal Affairs' alleged mismanagement of funds of the Touchwood Agency during the period 1920 to 1924.

The First Nation does not have a share in the profits or loss of the above entities. As a result, the financial statements of Touchwood Child and Family Services Incorporated, Touchwood Agency Tribal Council, and Touchwood Agency Specific Claim have not been consolidated with the consolidated financial statements of Day Star First Nation.

2. Significant accounting policies *(Continued from previous page)*

Cash resources

Cash resources include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash. Restricted cash is disclosed in Note 3.

Funds held in Ottawa Trust Fund

Funds are held in trust on behalf of Nation members by the Government of Canada in the Ottawa Trust Fund. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other Nation capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Revenues from trust fund moneys are recognized when measurable, earned and collection is reasonably assured. These moneys are reported on by the Government of Canada.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible capital assets are recorded at their fair value at the date of contribution.

Amortization

Amortization for tangible capital assets is provided using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives. In the year of acquisition, amortization is taken at one-half of the annual amount.

	Method	Rate
- Buildings	straight-line	20 years
- Equipment	straight-line	10 years
- Roads	straight-line	20 years
- Utility systems	straight-line	10 years
- Land and land improvements	straight-line	30 years
- Computers	straight-line	4 years
- Vehicles	straight-line	5 years
- Housing	straight-line	20 - 25 years

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the assets' carrying amount. Impairment is measured as the amount by which the assets' carrying value exceeds its fair value. Any impairment is included in surplus for the year.

Prices for similar items are used to measure fair value of long-lived assets.

Notes to the Consolidated Financial Statements

2. Significant accounting policies *(Continued from previous page)*

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Net debt

The First Nation's consolidated financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprises a second indicator of financial position, accumulated surplus.

Liability for contaminated sites

A liability for remediation of contaminated sites is recognized at the best estimate of the amount required to remediate the contaminated sites when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2015.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

Revenue recognition

Government Transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Externally restricted revenue

The Nation recognizes externally restricted inflows as revenue in the period the resources are used for the purpose specified in accordance with an agreement or legislation. Until this time, the Nation records externally restricted inflows in deferred revenue.

Other revenue

Rental revenue is recognized over the rental term. Investment income is recognized as it is earned. Other revenues are earned from services provided by the First Nation and are recognized when the service has been provided.

2. Significant accounting policies *(Continued from previous page)*

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the reporting period.

Accounts receivable, and amounts due from related Nation entities and departments, are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Liability for contaminated sites are estimated based on the best information available regarding potentially contaminated sites that the First Nation is responsible for.

These assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the records of the periods in which they become known.

Segments

The First Nation conducts its business through 8 reportable segments as identified in the attached schedules. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance and as part of its funding requirements.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information and are apportioned based on a percentage of budgeted revenue, where permitted by the funding agencies.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

Recent accounting pronouncements

Financial instruments

In June 2011, the Public Sector Accounting Board (PSAB) issued PS 3450 *Financial Instruments* to establish standards for recognition, measurement, presentation and disclosure of financial assets, financial liabilities and non-financial derivatives. As a result of issuance of PS 3450, there have been numerous consequential amendments made to other Sections. PS 3450 is effective for fiscal years beginning on or after April 1, 2019.

PS 3450 is applied prospectively in the fiscal year of initial adoption; therefore, financial statements of prior periods, including comparative information, are not restated. The First Nation has not yet determined the effect of these new standards on its financial statements.

Related Party Disclosures and Inter-Entity Transactions

In March 2015, the Public Sector Accounting Board (PSAB) issued PS 2200 Related Party Disclosures and PS 3420 Inter-Entity Transactions. These new Sections define related parties and establish disclosures required for related party transactions. Disclosure is required when related party transactions have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, or could have, a material financial effect on the financial statements.

They also establish standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective.

This standards are effective for fiscal years beginning on or after April 1, 2017. Early adoption is permitted.

2. Significant accounting policies *(Continued from previous page)*

Assets

In June 2015, the PSAB issued PS 3210 Assets. The new Section provides guidance for applying the definition of assets set out in PS 1000 Financial Statement Concepts. Assets are defined as economic resources controlled by a government as a result of past transactions or events and from which future economic benefits are expected to be obtained.

An economic resource may meet the definition of an asset, but would not be recognized if there is no appropriate basis for measurement and a reasonable estimate cannot be made, or if another Handbook Section prohibits its recognition. Information about assets not recognized should be disclosed in the notes.

The standard is effective for fiscal years beginning on or after April 1, 2017. Earlier adoption is permitted.

Contractual Rights

In June 2015, the PSAB issued PS 3380 Contractual Rights. Contractual rights are rights to economic resources arising from contracts or agreements that will result in both an asset and revenue in the future. Until a transaction or events occurs under a contract or agreement, an entity only has a contractual right to an economic resource. Once the entity has received an asset, it no longer has a contractual right. Contractual rights are distinct from contingent assets as there is no uncertainty related to the existence of the contractual right.

Disclosures should include descriptions about nature, extent and timing.

The standard is effective for fiscal years beginning on or after April 1, 2017. Earlier adoption is permitted.

Contingent Assets

In June 2015, the PSAB issued PS 3320 Contingent Assets. Contingent assets are possible assets arising from existing conditions or situations involving uncertainty. That uncertainty will ultimately be resolved when one or more future events not wholly within the public sector entity's control occurs or fails to occur. Resolution of the uncertainty will confirm the existence or non-existence of an asset.

Disclosures should include existence, nature and extent of contingent assets, as well as the reasons for any non-disclosure of extent and the bases for any estimates of extent made.

When a reasonable estimate can be made, disclosure should include a best estimate and a range of possible amounts (or a narrower range of more likely amounts), unless such disclosure would have an adverse impact on the outcome.

The standard is effective for fiscal years beginning on or after April 1, 2017. Earlier adoption is permitted.

3. Restricted cash

Restricted cash consists of cash managed by capital project managers who are responsible for payment of expenses relating to capital projects funded by AANDC. At March 31, 2015 this amounted to \$72,577 (2014 - \$195,370).

Restricted cash consists of amounts relating to CMHC replacement reserve of \$23,135 (2014 - \$38,545) and the CMHC operating reserve of \$5,089 (2014 - \$5,252).

The First Nation does not have a moveable asset reserve.

15. CMHC reserves

Operating reserve

The First Nation's CMHC Housing Program receives funding pursuant to the Post 1997 - Fixed Subsidy Program. Any surpluses are externally restricted and reserved for future operating losses that relate to the operation of houses under this program.

Replacement reserve

A replacement reserve fund has been established for replacement of capital equipment and for major repairs to the houses. Pursuant to CMHC agreements, operating provisions of \$93.75 per unit per month are made for phases I through IV and phase VI and \$100 per unit per month for phase V. Any applicable expenditures are charged against the reserve.

At March 31, 2015 the replacement reserve fund is under-funded by \$168,098 (2014 - under funded \$149,339) and the operating reserve fund is under-funded by \$175,336 (2014 - under funded by \$163,116).

18. Segments

The First Nation has 8 reportable segments. These segments are differentiated by the major activities or services they provide. The First Nation's segments are as follows:

Reserves and Trusts - includes activities for the development of the First Nation's land.

Education - includes the operations of education programs.

Economic Development - includes activities for future Nation business activities.

Band Government - includes administration and governance activities.

Operations and Maintenance - includes activities for the maintenance of the community and its infrastructure.

Capital - reports on capital projects.

Social Development - activities include delivering social programs.

Other Band programs - other band programs which do not meet the criteria for the other segments.

Inter-segment transfers are recorded at their exchange amount. The accounting policies of the segments are the same as those described in Note 2.

19. Economic dependence

Day Star First Nation receives substantially all of its revenues from Aboriginal Affairs and Northern Development Canada (AANDC) as a result of Treaties entered into with the government of Canada. These treaties are administered by AANDC under the terms and conditions of the Indian Act. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

Total expenditures per Statement of Operations	1,955,637
Surplus per budget	\$19,943
Surplus per Statement of Operations	\$131,943

22. Change in accounting policy

Liability for contaminated sites

Effective April 1, 2014, the First Nation adopted the recommendations relating to PS 3260, *Liability for Contaminated Sites*, as set out in the Canadian public sector accounting standards. Pursuant to the recommendations, the change was applied prospectively, and prior periods have not been restated.

Previously, no accounting policy existed to account for a liability for contaminated sites. Under the new recommendations, the First Nation is required to recognize a liability for contaminated sites when economic benefits will be given up, as described in Note 2, *Significant Accounting Policies*.

There was no effect on the First Nation's financial statements of adopting the above-noted change in accounting policy.

23. Issuance of financial statements after July 31, 2015

The First Nation is required to post its consolidated financial statements on a website and submit the consolidated financial statements to AANDC by July 31, 2015. As the audit report date is dated after this date, the First Nation is in violation of this requirement. The possible effect on this violation has not yet been determined.
