Management's Responsibility for the Financial Statements

To the Members of Flying Dust First Nation:

The accompanying financial statements of Flying Dust First Nation are the responsibility of management and have been approved by the Council.

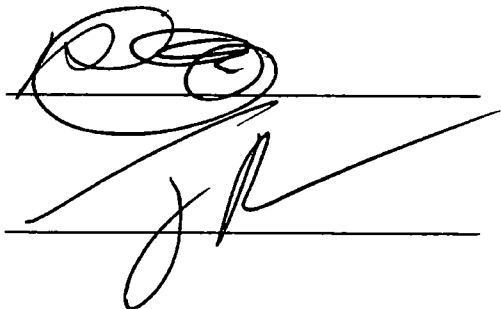

These financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board. Management is responsible for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Chief and Council are responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the financial statements.

The Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the financial statements and the external auditor's report.

The external auditors, Bjorn Sigurdson CPA PC Inc., conduct an audit in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have access to financial management of Flying Dust First Nation and meet when required.

On behalf of Flying Dust First Nation:

INDEPENDENT AUDITOR'S REPORT

To the Members of the **Flying Dust First Nation**:

We have audited the accompanying consolidated financial statements of **Flying Dust First Nation** which is comprised of the consolidated statement of financial position as of March 31, 2016 and the consolidated statements of operations, changes in net financial assets, surplus and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility of the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

The audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the First Nation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

In common with many not-for-profit organizations, **Flying Dust First Nation** derives revenue from fundraising, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the record of **Flying Dust First Nation** therefore, we were not able to determine whether any adjustments might be necessary to fundraising revenue, excess of revenue over expenses, cash flows from operations for the year ended March 31, 2016, current assets and net asset balances as at March 31, 2016. Our audit opinion on the financial statements for the year ended March 31, 2016 was modified accordingly because of the possible effects of this limitation of scope.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, these financial statements present fairly, in all material respects, the financial position of **Flying Dust First Nation** as at March 31, 2016 and the results of its operations and its cash flows for the year ended in accordance with Canadian public sector accounting standards.

The supplementary information contained in the accompanying schedules is presented for purposes of additional information to the membership and Aboriginal Affairs and Northern Development Canada and does not form part of the consolidated financial statements. The schedules have not been audited other than in the course of our audit of the financial statements to the extent necessary to allow us to render an opinion thereon.

FLYING DUST FIRST NATION

NOTES TO THE FINANCIAL STATEMENTS for the year ended March 31, 2016

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES:

These summary financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board.

Reporting Entity and Principles of Financial Reporting

The Flying Dust First Nation reporting entity includes the Flying Dust First Nation government and all related entities, which are accountable to the First Nation and are either owned or controlled by the First Nation.

These financial statements consolidate the assets, liabilities and results of operations for the following entities, which use accounting principles, which lend themselves to consolidation:

- Flying Dust First Nation – Operations
- Flying Dust First Nation – CMHC Housing Fund
- Flying Dust First Nation – Community Development Fund
- Flying Dust Housing Corporation

All inter-entity balances have been eliminated on consolidation, but in order to present the results of operations for each specific fund, transactions amongst funds have not necessarily been eliminated on the individual schedules.

Net Financial Assets

Net financial assets are the net amount of financial assets less financial liabilities outstanding. Financial assets represent items which could provide resources to the First Nation to discharge existing liability or finance future operations.

Non-Financial Assets

Tangible capital assets and other non-financial assets are accounted for as assets by the First Nation as they can be used to provide services in future periods. These assets do not provide resources to discharge the liabilities of the First Nation unless they are sold.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, balances with bank and term deposit having a maturity of three months or less at acquisition which are held for the purpose of meeting short term cash commitments.

FLYING DUST FIRST NATION

NOTES TO THE FINANCIAL STATEMENTS for the year ended March 31, 2016

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Investments

Incorporated business entities, which are owned or controlled by the Flying Dust First Nation council and which are not dependent on the First Nation for their continuing operations, are included in the financial statements using the modified equity method. These include:

FDB Broadcasting Ltd.
FDB Farms Inc.
625706 Saskatchewan Ltd.
609045 Saskatchewan Ltd.
FDB Holding Corporation
Flying Energy Inc.
FDB Fuels Inc.
Flying Dust Market Garden Inc.

Long-term investments in non-controlled entities are recorded at the lower of cost or net realizable value.

Revenue Recognition

Revenue are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenue is recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulation gives rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled. Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose. Restricted contributions that must be maintained in perpetuity are recorded as revenue when received or receivable, and are presented as non-financial assets in the statement of financial operations.

Revenue related to fee or services received in advance of the fee being earned or the services performed is deferred and recognized when the fee is earned or service performed.

Pension Plan

Flying Dust First Nation provides a defined contribution pension plan for its employees. The pension costs are charged to operations as contributions are due. Contributions are a defined amount whereby the employer matches that paid by the employee.

FLYING DUST FIRST NATION

NOTES TO THE FINANCIAL STATEMENTS for the year ended March 31, 2016

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Tangible Capital Assets

Tangible capital asset acquisitions are recorded at their acquisition cost and include amounts that are directly related to the acquisition, design, construction, development, improvement, or betterment of the assets. Cost include overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset. Assets under construction are not amortized until available for use.

Amortization

Tangible capital assets are written down when conditions indicate that they no longer contribute to the First Nation's ability to provide services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-down would be accounted for as expenses in the statement of operations. The cost of these tangible capital assets, less any residual value, is amortized over the asset's useful life using the straight-line method of amortization as recorded are amortized annually over their expected useful life using the straight line method at the following rates:

Arena	25%
Houses	4%
Buildings and Houses	5%
Roads and Infrastructure	4%
Office Equipment and Furniture	20%
Vehicles	25%
Trailers	10%
Machinery	20%
Equipment	25%
Buses	20%

No amortization is recorded in the year of acquisition.

Government Funding for Capital Assets

Funding received for the purchase of or construction of capital assets is accumulated as an equity account, Deferred Capital Transfers, and is amortized at the same rate as the applicable capital assets are amortized.

FLYING DUST FIRST NATION**NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2016****1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES: (Continued)****Financial Instruments**

Financial instruments consist of bank, portfolio investments, accounts receivable, trust funds, accounts payable and unexpended revenue. The First Nation's financial instruments are measured at cost or amortized cost. Interest attributable to financial instruments is reported in the statement of operations. All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

Due to the short-term nature of all financial instruments other than long-term investments and long-term debt, the carrying values are presented in the financial statements are reasonable estimates of fair value. As is true for all estimates, actual fair value could differ from this estimate and, if so, any difference could be accounted for in the period in which it becomes known. Since long-term investments are not traded in an organized financial market, it is not practicable within constraints of timeliness or cost to determine the fair value with sufficient reliability.

Use of Estimates

The preparation of the financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the year.

Accounts receivable and members advance are assessed for collectability annually and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets.

Estimates are based on the best information available at the time of preparation of the financial statements and are reviewed annually to reflect new information as it becomes available. Measurement uncertainty exists in these financial statements. Actual results could differ from estimates.

15. CONTINGENT LIABILITIES:

The First Nation is contingently liable for the following bank loans:

<u>Borrower</u>	<u>2016</u>	<u>2015</u>
625706 Saskatchewan Ltd.	\$ 2,929,892	\$ 3,307,118
FDB Holding Corporation	3,991,742	4,300,778
FDB Holdings LP	<u>3,000,000</u>	<u>-</u>
	<u>\$ 9,921,634</u>	<u>\$ 7,607,896</u>

The loans were in a current position at March 31, 2016. The First Nations owns 100% of the corporations (see Note 5) and 99.9% of the limited partnership (see Note 6).

16. ABORIGINAL AFFAIRS AND NORTHERN DEVELOPMENT CANADA:

The First Nation has entered into funding arrangements with Aboriginal Affairs and Northern Development Canada. The funds are used by the First Nation to administer its operations and provide service to its members in accordance with the terms of the funding arrangement. Funding received under these contribution agreements is subjected to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

17. MANAGEMENT FEES:

The First Nation has received management fees from the following sources:

	<u>2016</u>	<u>2015</u>
625706 Saskatchewan Ltd (Note 5)	\$ 25,000	\$ 25,000
	<u> </u>	<u> </u>

18. LOSS ON BUILDER DEPOSIT:

The First Nation was building a housing project for the CMHC Housing Fund. The project was halted in 2015 when the builder defaulted and the deposit of \$237,155 was not refunded. The First Nation sued and was awarded a judgement but there has been no recovery.

FLYING DUST FIRST NATION**NOTES TO THE FINANCIAL STATEMENTS
for the year ended March 31, 2016****19. PENSION AGREEMENT:**

The First Nation provides a defined contribution plan for eligible members of its staff. The First Nation matches employees' contributions. The amount to be received by employees will be the amount of retirement annuity that could be purchased based on the employee's share of the pension plan at the time the employee's withdrawal from the plan.

20. BUDGETED FIGURES:

Unaudited budgeted figures have been provided for comparison purposes and have been derived from the estimates supplied by management.

21. RISK MANAGEMENT

The First Nation is exposed to credit risk, liquidity risk, and other price risk from its financial instruments.

The First Nation's member advances are exposed to credit risk. The First Nation manages its exposure to credit risk by actively limiting the amount of non-funding accounts receivable outstanding.

The First Nation is exposed to liquidity risk which are limitations on the ability of the First Nation to convert financial assets to cash in order to meet financial liabilities as a result of being economically dependent on funding from AANDC. The First Nation's approach to managing its liquidity risk is to ensure that it will have sufficient cash flows to fund its operations and to meet its obligations when due, under both normal and stressed conditions.

The First Nation is exposed to other price risk on its portfolio investments, which are subjected to market fluctuation.

22. COMPARATIVE FIGURES:

Comparative figures for 2014/2015 have been restated to match current reporting practices.
