Management's Responsibility for Financial Reporting

March 31, 2015

The accompanying consolidated financial statements of Alexander First Nation are the responsibility of management and have been approved by Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants and as such include amounts that are the best estimates and judgments of management.

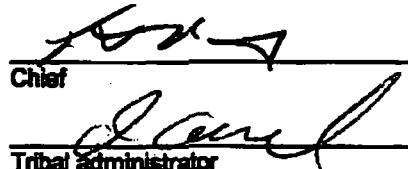

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditor's report.

The external auditors, Crowe MacKay LLP, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of Alexander First Nation and meet when required.

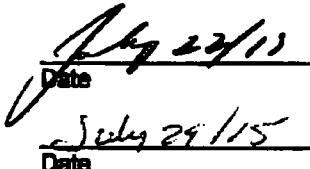

On behalf of Alexander First Nation:

Independent Auditors' Report

To the Members of Alexander First Nation

We have audited the accompanying consolidated financial statements of Alexander First Nation, which comprise the consolidated statement of financial position as at March 31, 2015, and the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the First Nation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Alexander First Nation as at March 31, 2015, and the results of its operations, the changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Consolidated Financial Statements

March 31, 2015

1. Basis of Presentation and Significant Accounting Policies

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

(a) Reporting entity principles of financial reporting

The Alexander First Nation reporting entity includes the Alexander First Nation government and all related entities which are accountable to the First Nation and are either owned or controlled by the Alexander First Nation.

(b) Revenue recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Income from investments is recorded on the accrual basis.

(c) Investments

Investments in trust funds are carried at cost.

Investments are written down where there has been a loss in value that is other than a temporary decline.

Alexander First Nation

Notes to Consolidated Financial Statements

March 31, 2015

1. Basis of Presentation and Significant Accounting Policies (continued)

(d) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Alexander First Nation's incremental cost of borrowing.

Amortization is provided on the straight-line basis over the estimated useful life of the asset as follows:

Buildings	20 years straight line
Automotive equipment	3 years straight line
Furniture and equipment	5 years straight line
Equipment	5 years straight line
Infrastructure	20 years straight line

Tangible capital assets are written down when conditions indicate that they no longer contribute to Alexander First Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

(e) Cash

Cash and cash equivalents include cash on hand and balances in bank accounts, net of bank overdrafts.

(f) Financial instruments

All significant financial assets, financial liabilities and equity instruments of the entity are either recognized or disclosed in the financial statements together with other information relevant for making a reasonable assessment of future cash flows, interest rate risk and credit risk.

Alexander First Nation

Notes to Consolidated Financial Statements

March 31, 2015

1. Basis of Presentation and Significant Accounting Policies (continued)

(g) Use of estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Oil and gas royalties and surface right payments relating to oil and gas exploration and development activities are administered directly by the Government of Canada ("Canada") under the provision of the Indian Oil and Gas Act. The Nation records receipts based on current available information supplied by Canada. Royalty payments from oil and gas producers are subject to periodic review. Adjustments are recorded by the Nation in the period that the information becomes available.

2. Cash

	\$ 6,209,552	\$ 501,353	\$ 4,531,092	\$ 2,179,813

The trust fund accounts held in Ottawa are from monies derived from capital and revenue sources which the Crown considers are described in Section 62 of the Indian Act. These funds are held in trust by the Government of Canada and the Crown treats these funds as primarily governed by Section 64 and 69 of the Indian Act.

These funds are treated by Canada as held in trust in the Consolidated Revenue fund of the Government of Canada. The funds attract interest pursuant to Section 61(2) of the Indian Act.

6. Settlement Trust

The purpose of the Trust is to manage the compensation received under the settlement agreement dated January 29, 2002. The settlement agreement resolves the loss of approximately 9,518 acres of Alexander Indian Reserve No. 134 on December 29, 1905. The agreement was approved by the membership of Alexander on April 5, 2002.

As part of the settlement a \$5,000 per capita distribution was paid from the proceeds. The Trust has an obligation to those members who were minors at the time of the settlement and distributes the per capita distribution plus interest at prime plus 1% when they turn 21 years of age.

The market value of the investments held by the trust at December 31, 2014 was \$54,370,103 (2013: \$51,294,776)

	2015	2014

Notes to Consolidated Financial Statements

March 31, 2015

12. Accumulated surplus

	2015	2014
Operating Fund	\$ (1,011,477)	\$ (1,612,782)
Capital Fund	16,006,242	17,059,451
Ottawa Trust Fund	2,179,813	6,209,552
1905 Land Surrender Claim Trust Fund (Note 6)	49,000,400	42,887,787
<u>MAR Capital Reserve Fund</u>	<u>147,059</u>	<u>185,545</u>
	<hr/> \$ 66,322,037	<hr/> \$ 64,729,553

13. Contingent Liabilities

Government contributions related to the programs of Alexander First Nation Entities are subject to conditions regarding the expenditure of funds. The accounting records are subject to audit by the various funding agencies. Should any instances be identified in which the amounts charged to projects are not in accordance with the agreed terms and conditions, amounts would be refundable to the respective agencies. Adjustments to the financial statements as a result of these audits will be recorded in the period in which they become known.

14. Reserves

Under the terms of the agreements with Canada Mortgage and Housing Corporation, the replacement reserve account is to be credited annually with agreed amounts. These funds, along with accumulated interest, must be held in a separate bank account, and invested in accounts or instruments insured by the Canada Deposit Insurance Corporation, or as may otherwise be approved by CMHC from time to time. The funds in the account may only be used as approved by CMHC. Withdrawals are credited to interest first and then principal.

15. Employment Retirement Plan

The organization has a defined contribution plan for its employees. Participation in the pension plan is available to substantially all employees. Employees may contribute between 3.5% and 7.5% of their gross pay with the organization making a matching contribution to the plan. Any voluntary amounts paid by the employee are not matched. Total employer contributions for 2015 were \$230,174 (2014: \$232,909).

17. Segmented Information

The Nation provides a range of services to its members. For management reporting purposes, operations and activities are organized and reported by function. The segment revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The presentation by segment is based on the same accounting policies as described in the summary of Significant Accounts Policies as described in Note 2. The segment results for the period are as follows:

	Band Government			Public Works			Health

Alexander First Nation

Notes to Consolidated Financial Statements

March 31, 2015

18. Comparative Amounts

Certain of the comparative amounts have been reclassified to conform with the presentation adopted in the current year.

19. Budget Information

The unaudited budget data presented in these consolidated financial statements is based upon the 2015 operating budget approved by Council.

Amortization was not contemplated on development of the budget and has been recognized at the amount expensed for the current year.

20. Financial Instruments

The First Nation's financial instruments consist of cash, accounts receivable, band member receivables, bank indebtedness, accounts payable, and long-term debt. Unless otherwise noted, the carrying value of its financial instruments approximates fair value.

It is management's opinion that the First Nation is not exposed to significant currency risks from its financial instruments. The First nation is exposed to credit risk with respect to band member receivables and trade and other receivables. Credit risk arises from the possibility that the band members and other entities may be unable to fulfil their obligations. The large number of members and other entities together with the credit worthiness of government funding minimizes credit risk. The First Nation minimizes this risk by monitoring cash flows and the terms and conditions negotiated with trade creditors and lenders. The First Nation is subject to interest rate risk arising primarily from fluctuations in rates on lines of credit and long term debt.
