INDEPENDENT AUDITORS' REPORT

To The Members of
Listuguj Mi'gmaq Government

Report on the Financial Statements

We have audited the accompanying financial statements of Listuguj Mi'gmaq Government, which comprise the consolidated statement of financial position as at March 31, 2017, the consolidated statements of revenue and expenditures, change in net debt and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Public Sector Accounting Board (PSAB) principles and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Listuguj Mi'gmaq Government as at March 31, 2017 and the results of its operations and its cash flows for the year then ended in accordance with PSAB principles.

LISTUGUJ MI'GMAQ GOVERNMENT
Notes To The Financial Statements
For The Year Ended March 31, 2017

1. Basis of Presentation and Significant Accounting Policies

a. Basis of Presentation

These financial statements have been prepared in accordance with the Canadian generally accepted accounting principles for governments outlined in the Public Sector Accounting Board (PSAB) of CPA Canada and the Year End Financial Reporting Handbook for 2012-2013 produced by Indigenous and Northern Affairs Canada.

b. Accounting for Tangible Capital Assets

Tangible capital assets (TCA) are items that can be physically touched, are used to provide First Nation services, are used for First Nation administration purposes or are used for the construction and/or maintenance of other TCA owned by the First Nation, will be useful for a period of greater than one year, will be used by the First Nation on a regular basis and are not surplus properties held for resale or disposal.

Prior to PSAB implementing *PSAB 3150 - Tangible Capital Assets*, capital assets expenditures were valued at acquisition cost and recorded in the Capital Fund except for Section 95 Housing projects which were charged to operations in the year assets were acquired by not capitalized in the Capital Fund. The acquisition cost of capital assets and payments on capital debt, which were not funded from capital financing sources, were charged to operations and matched with the applicable revenue sources in the year of expenditures. These expenditures were also recorded as an addition to assets of the Capital Fund with a corresponding increase in investment in Capital Assets.

For fiscal years beginning on or after January 1, 2009, TCA information includes the actual or estimated original cost, their estimated useful lives and the related estimated accumulated amortization. For this transition, consideration would be given to the completeness of the TCA on files as well as the necessity to reduce any cost for which the future expected economic benefit is less than the net book value. Amortization rates are unchanged with the exception of amortization of Section 95 Housing and were reviewed and deemed appropriate by management.

Amortization is calculated using methods which will reduce the original cost of capital assets to estimated residual values over the useful life of each asset using the following annual rates:

Buildings	4% Straight Line Basis
Infrastructures	4% Straight Line Basis
Paving	4% Straight Line Basis
Heavy Equipment	10% Straight Line Basis
Equipment and Furniture	20% Straight Line Basis
Boats	20% Straight Line Basis
Vehicles	20% Straight Line Basis

LISTUGUJ MI'GMAQ GOVERNMENT
Notes To The Financial Statements
For The Year Ended March 31, 2017

1. Basis of Presentation and Significant Accounting Policies (Cont'd)

b. Accounting for Tangible Capital Assets (Cont'd)

In the year of acquisition, 50% of the normal amortization is recorded.

Amortization in the Social Housing Program is provided on buildings purchased from loans at a rate equal to the annual principal reduction of the mortgage. A Replacement Reserve is maintained to provide for future asset replacement. This amortization is then changed to effect the above rates when converting to PSAB principles.

c. Accounting Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts recorded in the financial statements and notes to financial statements. These estimates are based on management's best knowledge of current events and actions that the First Nation may undertake in the future. Actual results may differ from those estimates.

d. Revenue Recognition

Major sources of revenue are recorded on an accrual basis. Certain other sources of revenue are recorded on a cash basis.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions from other sources are deferred when restrictions are placed on their use by the contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service being performed is deferred and recognized when the fee is earned or service performed.

e. Expenditure Recognition

Commitments for goods and services relating to the current fiscal period are accrued at the statement of financial position date.

f. Social Housing Program

The Replacement Reserve Fund is funded by an annual charge against earnings rather than an appropriation of surplus.

g. Pension Plan

Some employees of Listuguj Mi'gmaq Government are members of a Defined Contribution Plan to which the First Nation contributes up to 9% for Natives and up to 5.5% for Non-Natives.

Program 16-202-699

Under the agreement with Canada Mortgage and Housing Corporation, an amount must be credited to the replacement reserve. These funds and the accrued interest must be placed in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or in any other way approved by CMHC from time to time. Any use of the funds from the account must be approved by CMHC. At the end of the fiscal year the replacement reserve included term savings of \$103,837 (\$139,943 in 2016).

Program 19-072-537

Under the agreement with Canada Mortgage and Housing Corporation, an amount set forth in Appendix B of the operating agreement must be credited to the replacement reserve. The annual amount may be increased by the First Nation. These funds and the accrued interest must be placed in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or in any other way approved by CMHC from time to time. At the end of the fiscal year the replacement reserve included term savings of \$320,103 (\$196,017 in 2016).

5. Operating Reserve Fund (Program 19-072-537)

Once all costs and expenses are paid, particularly the allocation to the replacement reserve, the First Nation keeps all excess increase in an operating reserve. The First Nation agrees to keep the funds and accrued interest in the operating fund in a separate bank account or to invest in only in accounts or instruments insured by the Canada Deposit Insurance Corporation, or as agreed by common consent by the First Nation and CMHC. The housing project's operating reserve is to be used only for the operating expenses of housing projects that made undertakings as part of the 1997 On-Reserve Housing Program. The reserve may thus be used to cover deficits from previous years. Withdrawals are first applied to interest, then to the principal. At the end of the fiscal year the operating reserve included term savings of \$229,001 (\$229,001 in 2016).

The agreement for the payable to the Province of New Brunswick calls for all interest, which is presently not being paid or accrued, to be waived as long as scheduled principal payments are made. All payments are up to date as at March 31, 2017.

In accordance with the terms of the agreement, CSST agrees to write off the difference between the balance of assessments owed by the First Nation as long as scheduled principal payments are made. The payable to CSST therefore represents the negotiated balance due. All payments are up to date as at March 31, 2017.

Certain of the comparative figures as at March 31, 2016 and for the year then ended have been restated to conform to the presentation adopted for the current year.

11. Subsidy Surplus Reserve Fund

Under the agreement with the Canada Mortgage and Housing Corporation, surplus federal assistance payments received may be kept in a subsidy surplus reserve, the balance of which may not exceed \$500 per unit plus interest. The funds in this reserve must be placed in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or in any other way approved by CMHC from time to time. The funds in this account must only be used to make up the difference between the maximum federal assistance amount and the future subsidy needs of income-tested tenants. Withdrawals are first applied to interest, then to the principal. The current reserve balance is presently nil.

16. Economic Dependence

The Listuguj Mi'gmaq Government receives a substantial portion of its revenues pursuant to a funding arrangement with Indigenous and Northern Affairs Canada. Many of the program services carried out by the First Nation are dependent on the continued receipt of this funding.

17. Financial Instruments

a. Credit Risk

The Listuguj Mi'gmaq Government is exposed to normal risk on its accounts receivable.

b. Fair Values

The carrying amount of current assets and current liabilities approximates their fair value due to the short term maturities of these items.

The long term debt is carried at an amount which approximates the fair value as the outstanding interest rates are close to or at market rates.

18. Commitments

Listuguj Mi'gmaq Government has signed compensation agreements with five senior management employees. Four of these agreements expire in 2017 and one agreements expire in 2020.

LISTUGUJ MI'GMAQ GOVERNMENT
Management's Responsibility For Financial Reporting
March 31, 2017

The accompanying financial statements of the Listuguj Mi'gmaq Government are the responsibility of management and have been approved by the Chief and a Councillor on behalf of Council.

The financial statements have been prepared by management in accordance with the significant accounting policies outlined in Note 1 to the financial statements. When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances, in order to ensure that the financial statements are presented fairly, in all material respects.

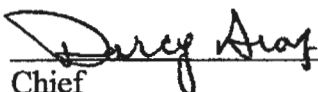

The Listuguj Mi'gmaq Government maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the Listuguj Mi'gmaq Government's assets are appropriately accounted for and adequately safeguarded.

The Listuguj Mi'gmaq Government is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

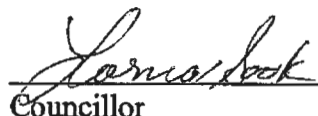

Council also meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the annual report, the financial statements and the external auditors' report.

The financial statements have been audited by Allen, Paquet & Arseneau LLP in accordance with Canadian generally accepted auditing standards on behalf of the members. Allen, Paquet & Arseneau LLP have full and free access to the Chief and Council, and have been properly engaged as the external auditors.
