**BLUEBERRY RIVER FIRST NATIONS**

**MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING**

**MARCH 31, 2020**

---

The accompanying consolidated financial statements of Blueberry River First Nations are the responsibility of management and have been approved by Chief and Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards and as such include amounts that are the best estimates and judgments of management.

Management is responsible for the integrity and objectivity of these statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the consolidated financial statements and the external auditor's report.

The external auditors, DMC Chartered Professional Accountants Inc., conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of Blueberry River First Nations and meet when required.

On behalf of Blueberry River First Nations:

*MdeGuzman*

## **Independent Auditor's Report**

To the Members of  
Blueberry River First Nations

### *Report on the Audit of the Consolidated Financial Statements*

#### *Opinion*

We have audited the consolidated financial statements of Blueberry River First Nations, which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statements of revenue and expenditures and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2020, and the results of its consolidated operations, its changes in its consolidated net financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards..

#### *Basis for Opinion*

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Other Matter*

The consolidated financial statements of the First Nation for the year ended March 31, 2019 were audited by another auditor who expressed an unmodified opinion on those consolidated financial statements on July 18, 2019.

#### *Emphasis of Matter*

We draw attention to Note 19 to the consolidated financial statements, which explains that certain comparative information presented for the year ended March 31, 2019 has been restated. Note 19 explains the reason for the restatement and also explains the adjustments that were applied to restate certain comparative information.

Our opinion is not modified in respect of this matter.

#### *Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

*Auditor's Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ◆ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◆ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◆ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ◆ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ◆ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## BLUEBERRY RIVER FIRST NATIONS

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2020

---

#### 1. DESCRIPTION OF OPERATIONS

Blueberry River First Nations is a self-governed First Nation Band and operates on Blueberry River First Nations traditional territory, located at Bulkley, BC and area.

#### 2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

##### (a) Reporting entity principles of financial reporting

These consolidated financial statements include Blueberry River First Nations and all related entities which are accountable to the Nation and are either owned or controlled by the Nation.

Business entities which are owned or controlled by Blueberry River First Nations and which are not dependent on the Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the accounting principles of the business entity are not adjusted to conform with those of the Nation. Thus, the Nation's investment in these enterprises is recorded at cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for under the modified equity method include:

- Blueberry River Enterprises Limited Partnership
- Six Nations Venture Limited Partnership
- 0851799 BC Ltd (operating as Creever Trading Post)

All inter-entity balances have been eliminated.

##### (b) Financial instruments

The First Nation recognizes its financial instruments when the First Nation becomes party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at their fair value.

The First Nation investments in equity instruments not quoted in an active market and derivatives that are linked to, and must be settled by delivery of, unquoted equity instruments of another entity, are subsequently measured at cost. All other financial assets and liabilities are subsequently measured at cost or amortized cost using the effective interest method.

Transaction costs directly attributable to the origination, acquisition, issuance or assumption of financial instruments subsequently measured at fair value are immediately recognized in operating surplus (deficit). Conversely, transactions costs are added to the carrying amount for those financial instruments subsequently measured at cost or amortized cost.

All financial assets are tested annually for impairment. Management considers whether the invested has experienced continued losses for a period of years in determining whether objective evidence of impairment exists. Any impairment, which is not considered temporary, is recorded in the statement of operations. Write-downs of financial asset measured at cost and/or amortized cost to reflect losses in value are not reversed for subsequent increases in value.

##### (c) Cash and cash equivalents

Cash and cash equivalents include cash on hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, net of bank overdrafts.

# BLUEBERRY RIVER FIRST NATIONS

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**MARCH 31, 2020**

---

### 2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES, continued

#### (d) ISC capital and revenue trust funds

Trust funds are included as revenue in these statements only to the extent they have been received from the First Nation's trust funds. The trust funds arise from moneys derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other Nation's capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

#### (e) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Amortization is provided for on a declining balance basis based on each asset class' estimated useful lives as follows:

Automotive equipment	30%
Buildings	4%
Computer equipment	100%
Equipment	20%
Guiding and outfitting licence	4%
Leasehold improvements	20%
Water and sewer, roads and drainage	4%

Tangible capital assets are written down when conditions indicate that they no longer contribute to Blueberry River First Nations's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Assets under construction are not amortized until the asset is available to be put into service.

#### (f) Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying value of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when undiscounted future cash flows from its use and disposal are less than the asset's carrying amount. Impairment is measured as the amount by which the asset's carrying value exceeds its fair value. Any impairment is included in deficit for the year.

#### (g) Surplus recoveries and deficit funding

Under the terms of funding arrangements, remaining surpluses of certain programs may be recovered by the funding agency, and remaining deficits may be funded by the funding agency.

# BLUEBERRY RIVER FIRST NATIONS

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**MARCH 31, 2020**

---

### **2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES, continued**

#### **(h) Revenue recognition**

Sources of financing and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable under the terms of applicable funding agreements; expenditures are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of legal obligation to pay.

Government transfers with stipulations are recognized as revenue in the period the transfer is authorized and all eligibility criteria have been met, except when, and to the extent that the transfer gives rise to an obligation that meets the definition of a liability. Any such liability is reduced, and an equivalent amount of revenue is recognized, as the liability is settled.

Government transfers without stipulations are recognized in the period in which the transfer is authorized, any eligibility criteria have been met and a reasonable estimate of the amount to be received can be made.

Oil and gas royalties are paid in trust to the Government of Canada on behalf of the Blueberry River First Nation pursuant to the provisions of the Indian Oil and Gas Act and Regulations. This revenue is recognized in the accounts of Blueberry River First Nations when reported by the Government of Canada.

Oil and gas company revenues regarding monitoring invoices issued by Blueberry River First Nations are recognized as revenue when service is rendered.

Joint venture revenue is recognized when joint venture projects are complete, amounts are known and collection is reasonable assured.

#### **(i) Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or to finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets and prepaid expenses.

#### **(j) Net debt or net financial assets**

The financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt or net financial asset is determined by liabilities less financial assets. Net debt or net financial assets, is comprised of two components, non-financial assets and accumulated surplus.

# BLUEBERRY RIVER FIRST NATIONS

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**MARCH 31, 2020**

---

### 2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES, continued

#### (k) Segments

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in preparation of the consolidated financial statements as disclosed in this note.

The reportable segments include:

- Administration and Governance
- Community Services and Public Works
- Lands and Industry
- Treaty Rights and Land Entitlement
- Housing
- Education
- Social Development
- Health Services
- Economic Development

#### (l) Use of estimates

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in income in the periods in which they become known.

Accounts receivable are stated after evaluation as to their collectability. Investment in Nation business entities is stated after evaluation as to valuation and collectability of advances. Amortization is based on the estimated useful lives of tangible capital assets.

### 14. CONTINGENT LIABILITIES

Blueberry River First Nations has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, Blueberry River First Nations becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on Blueberry River First Nations's financial statements.

The First Nation has a revolving line of credit with a limit of \$500,000 of which \$nil (2019 - \$nil) was drawn. The facility bears interest per annum at Royal Bank prime plus 3.1% (2019 - prime plus 3.1%).

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**MARCH 31, 2020**

### 15. GUARANTEE

As at March 31, 2020, the First Nation has guaranteed a demand operating loan facility of Blueberry River Enterprises LP., a First Nation government business partnership. The demand operating loan facility has a credit limit of \$500,000, of which at March 31, 2020 \$341,721 was drawn. The credit facility bears interest at prime plus 0.5% and collateralized by a general security agreement and a guarantee from the First Nation. As of March 31, 2020, no liability has been recorded associated with this guarantee.

### 17. EMPLOYMENT RETIREMENT PLAN

The First Nation has a defined contribution plan for its employees. Participation in the pension plan is available to substantially all employees. Employees may contribute between 3% and 10% of their gross pay with the organization making a matching contribution to the plan. Any voluntary amounts paid by the employee are not matched. Total employer contributions for 2020 were \$59,287 (2019 - \$63,891).

### 18. BUDGETED FIGURES

Budgeted figures have been provided for comparison purposes and have been derived from the estimates provided by management, and were approved by Chief and Council on May 22, 2019.

# BLUEBERRY RIVER FIRST NATIONS

### 19. PRIOR PERIOD RESTATEMENT

The comparative figures have been restated for an adjustment required due to additional funding, joint venture revenue and other income reported subsequent to the date of the prior year audit report resulting in a change to accounts receivable, accounts payable and the accumulated surplus.

As a result of the above noted changes to accounts receivable, accounts payable, and accumulated surplus, the changes are as follows:

	As previously stated in 2019 Actual	Adjustments Increase (Decrease) Actual	2019 Restated
Consolidated Statement of Financial Position			
Financial assets			
Accounts receivable	\$ 1,267,326	\$ 2,686,457	\$ 3,953,783
Liabilities			
Accounts payable	1,238,769	88,688	1,327,457
Deferred revenue	2,269,831	788,513	3,058,344

Other revenue	761,099	89,317	850,416
Transfer to deferred revenue	\$ (2,269,692)	\$ (788,513)	\$ (3,058,205)

### 20. COVID-19

On March 1, 2020, the World Health Organization categorized Covid-19 as a pandemic. The potential effects within the First Nations environment and in the global markets due to the possible disruption in supply chains, and measures being introduced at various levels of government to curtail the spread of the virus could have a material impact on the First Nation's operations.

The extent of the impact of this outbreak and related containment measures on the First Nation are unknown at this time.

# BLUEBERRY RIVER FIRST NATIONS

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**MARCH 31, 2020**

---

### 21. FINANCIAL INSTRUMENTS

Transactions in financial instruments may result in an entity assuming or transferring to another party one or more of the financial risks described below. The required disclosures provide information that assists users of the financial statements in assessing the extent of risk related to financial instruments.

#### (a) Credit Risk

The band is exposed to credit risk. Credit risk is the risk that one party to a transaction will fail to discharge an obligation and cause the other party to incur a financial loss. The band reduces its exposure to credit risk by performing credit valuations on a regular basis; granting credit upon a review of the credit history of the applicant and creating an allowance for bad debts when applicable. The band maintains strict credit policies and limits in respect to counterparties. In the opinion of management the credit risk exposure to the Nation is low and is not material.

#### (b) Interest rate risk

The band is exposed to interest rate risk. Interest rate risk is the risk that the band has interest rate exposure on its bank contingent liabilities, and long-term debt, which are variable based on the bank's prime rates. This exposure may have an effect on its earnings in future periods. The band reduces its exposure to interest rate risk by regularly monitoring published bank prime interest rates which have been relatively stable over the period presented. There are some loans that are at fixed term rates and do not affect interest rate risk. The band does not use derivative instruments to reduce its exposure to interest rate risk. In the opinion of management the interest rate risk to the band is low and is not material.

#### (c) Liquidity risk

The band is exposed to liquidity risk. Liquidity risk is the risk that the band cannot repay its obligations when they become due to its creditors. The band reduces its exposure to liquidity risk by ensuring that it documents when authorized payments become due; maintains an adequate line of credit to repay trade creditors and repays long term debt interest and principal as they become due. In the opinion of management the liquidity risk exposure to the band is low and is not material.

### 22. COMPARATIVE FIGURES

The financial statements have been reclassified, where applicable, to conform to the presentation used in the current year.

### 24. SEGMENTED INFORMATION

Blueberry River First Nations is a First Nation organization that provides a wide range of services to its members including social, education, housing and economic development. For management reporting purposes, the Nation's operations and activities are organized and reported by segments. Segments were created for the purpose of recording specific activities to attain certain objectives with special regulations, restrictions or limitations.

The Nation's services are provided by departments and their activities are recorded in these funds. Certain departments that have been disclosed in the segmented information, along with the services they provide, are as follows:

#### Administration and Governance

The Administration and Governance provides administration support to the First Nation. Those costs that relate directly to the administration of the various segments have been allocated to the appropriate segment.

#### Community Services and Public Works

The Community Services and Public Works program supports community programs required for the social and economic welfare of the community.

#### Land and Industry

The Lands and Industry sector reports the results of First Nations Joint Venture arrangements and other various industry sectors which are utilized for the benefit of the First Nations members.

#### Education

The Education program provides primary and secondary instructional services and financial support to eligible post-secondary First Nations students.

#### Economic Development

The Economic Development program provides planning and capacity development initiatives under various agreements.

#### Housing

The Housing program provides on-reserve housing to eligible members and reports on the respective revenue and expenditures.

#### Health Services

The Health program provides a variety of health and wellness programs and support to First Nation members.

#### Social Development

The Social Development program Administers the provision of social assistance to qualifying First Nation members, as well as providing social development programs to the First Nation.

#### Treaty Rights and Land Entitlement

The Treaty Negotiation program provides negotiation services to aid the First Nation in its research towards Treaty.
