## Management's Responsibility

---

To the Members of Sts'ailes:

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Sts'ailes is composed primarily of Council who are neither management nor employees of the First Nation. Council is responsible for overseeing management in the performance of its financial reporting responsibilities. Council fulfils this responsibility by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP is appointed by the members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

## Independent Auditors' Report

---

To the Members of Sts'ailes:

We have audited the accompanying consolidated financial statements of Sts'ailes, which comprise the consolidated statement of financial position as at March 31, 2015, and the consolidated statements of operations and accumulated surplus, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Sts'ailes as at March 31, 2015 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Other Matter*

The previous year's comparative financial statements as at and for the year ended March 31, 2014 were audited and issued by another public accountant.

**1. Operations**

Sts'ailes (the "First Nation") is located in the province of British Columbia, and provides various services to its members. Sts'ailes includes the Band's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

**2. Going concern**

These consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the payment of liabilities in the ordinary course of operations. Due to the significant overall amount of net debt of Sts'ailes there is some doubt regarding this assumption. Sts'ailes has developed a Management Action Plan to address its causes and prevent its recurrence. Should the First Nation be unable to continue as a going concern, it may be unable to realize the carrying value of its assets and to meet its liabilities as they become due.

The continuation of the First Nation is dependent upon the continuing availability of Federal and Provincial funding, continued own source revenue and upon adherence to budgeted expenses. These consolidated financial statements do not reflect the adjustments or reclassification of assets and liabilities which would be necessary if the First Nation were unable to continue its operations.

**3. Significant accounting policies**

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

***Reporting entity consolidated***

The financial statements consolidate the financial activities of all entities and departments comprising Sts'ailes reporting entity, except for First Nation business entities. Trusts administered on behalf of third parties by Sts'ailes are excluded from the First Nation reporting entity.

First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Sts'ailes Development Limited Partnership
- Sts'ailes Development Corporation
- Chehalis Indian Band Economic Development Trust
- Sts'ailes Social Housing - Pre-1997 Program
- Sasquatch Crossing Eco Lodge Ltd.

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Sts'ailes business entities, owned or controlled by the First Nation's Council but not dependent on the First Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Harrison Salmon Producers Limited Partnership

***Basis of presentation***

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

**3. Significant accounting policies** *(Continued from previous page)*

**Asset classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies.

**Net debt**

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprise a second indicator of financial position, accumulated surplus.

**Tangible capital assets**

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

**Amortization**

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	<b>Method</b>	<b>Rate</b>
Buildings	declining balance	10%
Housing	declining balance	10%
Infrastructure	declining balance	10%
Equipment	declining balance	20%
Automotive Equipment	declining balance	30%

**Funds held in Ottawa Trust Fund**

Funds held in trust on behalf of the First Nation's members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

**3. Significant accounting policies** *(Continued from previous page)*

***Revenue recognition***

***Funding***

Revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

***Government Transfers***

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

***Housing Rental Income***

Rental revenue is recorded in the year it is earned. At the end of each year, management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.

***Funds held in Ottawa Trust Fund***

Due to measurement uncertainty, revenue related to the receipt of funds held in the Ottawa Trust Fund is recognized when it is received.

***Own source revenue***

Own source revenue derived from such sources as resource based revenues, interest income and other revenue are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

***Investments***

Sts'ailes uses the modified equity method to account for its investment in Harrison Salmon Producers Limited Partnership whereby the First Nation records its proportionate share of annual earnings as revenue.

***Measurement uncertainty***

The preparation of the consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable, and amounts due from related First Nation entities and departments, are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary. Provisions are made for slow moving and obsolete inventory. Amortization is based on the estimated useful lives of tangible capital assets. Reforestation obligation is based upon various judgements and assumptions and is accrued and charged to earnings on the basis of the volume of timber cut.

***Inventory***

Management has estimated the value of the inventory based upon their assessment of the realizable amount less selling costs.

**3. Significant accounting policies** *(Continued from previous page)*

***Long-lived assets and discontinued operations***

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

When Sts'ailes determines that a long-lived asset no longer has any long-term service potential to the organization, the excess of its net carrying amount over any residual value is recognized as an expense in the statement of operations. Write-downs are not reversed.

***Segments***

Sts'ailes conducts its business through ten reportable segments: Governance, Sts'ailes Administration, Employment and Social Development, Community Development, Housing, Health, Snowoyelh, Education, Economic Development - Sts'ailes Operations, and Economic Development - Controlled Entities. These operating segments are established by senior management to facilitate the achievement of Sts'aile's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

***Retirement benefits***

Sts'ailes has a defined contribution pension plan covering substantially all full-time employees who have completed one year of service. There are no prior service costs. Contributions are discretionary, and are based on the percentage of participants' contributions, up to a maximum. Sts'ailes contributions totalled \$228,919 (2014 - \$258,865 ).

**4. Recent accounting pronouncements**

***Financial instruments***

In June 2011, the Public Sector Accounting Board (PSAB) issued PS 3450 *Financial Instruments* to establish standards for recognition, measurement, presentation and disclosure of financial assets, financial liabilities and non-financial derivatives. As a result of issuance of PS 3450, there have been numerous consequential amendments made to other Sections. PS 3450 is effective for fiscal years beginning on or after April 1, 2015. Earlier adoption is permitted.

PS 3450 is applied prospectively in the fiscal year of initial adoption; therefore, financial statements of prior periods, including comparative information, are not restated. Sts'ailes has not yet determined the effect of these new standards on its financial statements.

**Replacement Reserve**

Under agreements with Canada Mortgage and Housing Corporation (CMHC) the Nation established a replacement reserve, funded by an annual allocation of \$2,846 (2014 - \$4,444), to ensure replacement of buildings financed by CMHC. At March 31, 2015, \$10,146 (2014 - \$19,578) has been set aside to fund this reserve. The unfunded portion at March 31, 2015 was \$2,866 (2014 - \$nil).

In accordance with terms of the agreement, CHMC reserve moneys must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by CHMC. Reserve withdrawals are credited first to interest and then to principal.

**Subsidy Surplus Fund**

Under agreements with Canada Mortgage and Housing Corporation (CMHC) the Nation established a subsidy surplus fund, funded by unused federal assistance up to a maximum of \$500 per unit of social housing, to be used solely for the purposes of lowering the cost of housing for low-income households. At March 31, 2015, \$10,903 (2014 - \$nil) has been set aside in this fund.

**Secured Revenues Trust Account**

The secured revenues trust account arises from a financing agreement with the First Nations Finance Authority (FNFA). Other revenues of Sts'ailes are deposited into this account to secure funds FNFA has lent to Sts'ailes. The account is managed by a third party which is required to pay amounts to FNFA under the terms of the borrowing agreement before paying any remaining amount from the account to Sts'ailes.

**Terms Deposit - Bank of Montreal**

This term deposit is pledged as security in favour of the BC Assets and Land Commission.

**6. Accounts receivable**

Accounts receivable consist of the following:

**17. Segments**

The First Nation conducts its business through ten reportable segments: Governance, Sts'ailes Administration, Employment and Social Development, Community Development, Housing, Health, Snowoyelh, Education, Economic Development - Sts'ailes Operations, and Economic Development - Controlled Entities. These segments are differentiated by major activities; accountability and control relationships.

Governance - Includes activities related to the general governance, and leadership of the community and its members.

Sts'ailes Administration - Includes general operation, support, and financial management of the First Nation.

Employment and Social Development - Includes services offered to community members unable to provide for themselves or their dependents. Services include, but are not limited to, income assistance, child and family support, assisted living, and early childhood development.

Community Development - Includes services related to construction contracts, general community maintenance and public works.

Housing - Includes activities related to the provision of housing to the members of the First Nation.

Health - Includes activities related to the provision of health services for the community and its members.

Snowoyelh - Includes activities related to family healing and growth, ensuring the safety and well being of children, and providing healing and treatment for addiction.

Education - Includes activities related to education at all levels, including elementary, secondary and post-secondary. Additional services include transportation, accommodation, and guidance and counselling.

Economic Development - Sts'ailes Operations - Includes activities related to the growth of revenue producing projects within the First Nation.

Economic Development - Controlled Entities - Includes activities related to the growth of revenue producing projects of entities owned by the First Nation.

**18. Economic dependence**

Sts'ailes receives a significant portion of its revenue from Aboriginal Affairs and Northern Development Canada (AANDC) as a result of funding agreements entered into with the Government of Canada. These funding agreements are administered by AANDC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these funding agreements.

**19. Subsequent event**

Subsequent to year end, with reference to note 8, under the terms of an agreement with Bremner Trio Hydro Corp., Sts'ailes invested a further \$240,000 toward a partnership interest in a newly formed Limited Partnership. Sts'ailes received \$240,000 from the First Nation Clean Energy Fund for the purpose of funding this investment.

**20. Comparative figures**

Certain comparative figures have been reclassified to conform with current year's presentation.
