## **Management's Responsibility**

---

To the members of Cayoose Creek Indian Band

The accompanying consolidated financial statements of Cayoose Creek Indian Band are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Cayoose Creek Indian Band Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by the members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

## Independent Auditors' Report

---

To the Members of Cayoose Creek Indian Band:

We have audited the accompanying consolidated financial statements of Cayoose Creek Indian Band, which comprise the consolidated statement of financial position as at March 31 2018, and the consolidated statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Cayoose Creek Indian Band as at March 31, 2018 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Other Matter*

The consolidated financial statements of Cayoose Creek Indian Band for the year ended March 31, 2017 were audited by Anton, Bryson & Schindler Chartered Professional Accountants LLP of Nanaimo, Canada, prior to its merger with MNP LLP. Anton, Bryson & Schindler Chartered Professional Accountants LLP expressed an unmodified opinion on those statements on June 28, 2017.

**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2018*

---

**1. Operations**

The Cayoose Creek Indian Band (the "First Nation") is located in the province of British Columbia, and provides various services to its members. Cayoose Creek Indian Band includes the First Nation's members, government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

**2. Significant accounting policies**

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

***Reporting entity consolidated***

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business entities.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Operating Fund
- Social Housing Fund
- Capital Fund

All inter-entity balances have been eliminated on consolidation; however, in the respective schedules transactions between departments have not been eliminated in order to present the results of operations for each specific department.

***Basis of presentation***

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

***Cash and cash equivalents***

Cash and cash equivalent include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

***Tangible capital assets***

Tangible capital assets are recorded at cost less accumulated amortization. Contributed tangible assets are recorded at their fair value at the date of contribution.

All intangible assets and items inherited by the right of the First Nation, such as reserve land, forests, water and mineral resources, are not recognized in the First Nation's consolidated financial statements.

***Amortization***

Amortization for tangible capital assets is provided using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	<b>Method</b>	<b>Rate</b>
Buildings	straight-line	20 years
Housing units	straight-line	20 years
Equipment	straight-line	15 years
Infrastructure	straight-line	20 years

***Funds held in Ottawa Trust Fund***

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust monies consist of:

- Capital trust monies derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and

**Cayoose Creek Indian Band**

*For the year ended March 31, 2018*

---

**2. Significant accounting policies** *(Continued from previous page)*

- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

***Long-lived assets***

Long-lived assets consist of tangible capital assets with finite useful lives. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when assets' service potential is reduced. Impairment is measured as the amount by which the assets' carrying amount exceeds its fair value. Any impairment is included in surplus for the year. Prices for similar items are used to measure fair value of long-lived assets.

The First Nation does not perform impairment testing on its long-lived assets that are held for public administration and situated on its reserve land as it is not possible to determine their fair market value.

***Asset classification***

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

***Liability for contaminated site***

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2018.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. As at March 31, 2018, no liability for contaminated site exists.

***Net financial assets (net debt)***

The First Nation's financial statements are presented so as to highlight net financial assets (net debt) as the measurement of financial position. The net financial assets (net debt) of the First Nation is determined by its financial assets less its liabilities. Net financial assets (net debt) combined with non-financial assets comprise a second indicator of financial position, accumulated annual surplus (deficit).

***Revenue recognition***

***Tax revenue***

The First Nation recognizes taxes as assets and revenue when they meet the definition of an asset; are authorized by a legislature, council, or legislative convention; and the taxable event has occurred.

Tax revenue is initially measured at management's best estimate of the amount resulting from the original taxable event in accordance with tax legislation. The related tax receivable is initially recognized at its realizable value at the date of acquisition. At each financial statement date, the First Nation evaluates the tax receivable for collectability and records a valuation allowance to reflect the tax receivable at its net recoverable amount, if necessary.

***Indigenous Services Canada ("ISC") Funding***

Revenue is recognized as it becomes receivable under the terms of ISC's funding agreement. Funding received that relates to a subsequent fiscal period is reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.

**Cayoose Creek Indian Band**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2018*

---

**2. Significant accounting policies** *(Continued from previous page)*

***Government Funding***

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

***First Nation Capital and Revenue Trust Funds***

The First Nation recognizes revenue of the Capital and Revenue Trust Fund at the time funds are contributed from the accounts held in Ottawa. Interest revenue is recognized when earned.

***Canada Mortgage and Housing Corporation ("CMHC")***

CMHC revenue is recognized as it becomes receivable under the terms of the applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.

***Housing rental income***

Rental revenue is recorded in the year it is earned. At the end of each year management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.

***Own source and other revenue***

Own source and other revenue is recognized when performance is completed, amounts are measurable and collection is reasonably assured.

***Investment income***

Investment income is recognized by the First Nation when investment income is earned.

***Measurement uncertainty***

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenditures during the reporting period.

Accounts receivable are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Liabilities for contaminated sites are based on the best information available regarding potentially contaminated sites that the First Nation is responsible for.

These estimates are reviewed periodically and, as adjustments become necessary, they are reported in surplus (deficit) in the periods in which they become known.

***Segments***

The First Nation conducts its business through a number of reportable segments as described in note 10. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

	<b>430,396</b>	552,817

**4. Restricted cash**

Under the terms of the agreement with Canada Mortgage and Housing Corporation ("CMHC"), the replacement reserve account is to be credited by an amount annually. These funds, along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. The funds in the account may only be used as approved by CMHC. At year end, these reserves were under-funded by \$290,030.

Restricted cash is comprised of the following:

	<b>2018</b>	<b>2017</b>
Replacement reserve	5,665	59,511

**5. Funds held in trust**

Capital and revenue trust monies are transferred to the First Nation on the authorization of the Minister of Indigenous and Northern Affairs Canada, with the consent of the First Nation's Chief and Council.

**Ottawa Trust Funds**

The Ottawa Trust accounts arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

**11. Budget information**

The disclosed budget information has been approved by the Chief and Council of the Cayoose Creek Indian Band on August 15, 2017.

Budget information was not prepared for the full scope of activities performed by the First Nation for the year ended March 31, 2018. Budget information was not prepared, available or approved for several departments.

**12. Economic dependence**

Cayoose Creek Indian Band receives a significant portion of its revenue from Indigenous Services Canada (ISC) as a result of Treaties entered into with the Government of Canada. These treaties are administered by ISC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

**13. Comparative figures**

Certain comparative figures have been reclassified to conform with current year's presentation.

**14. Change in accounting policy**

**PS 2200 Related Party Disclosures and PS 3420 Inter-Entity Transactions**

Effective April 1, 2017, the First Nation adopted the recommendations relating to PS 2200 Related Party Disclosures and PS 3420 Inter-Entity Transactions, as set out in the CPA Canada Public Sector Accounting Handbook. Pursuant to the recommendations, the changes were applied prospectively, and prior periods have not been restated.

These new Sections define a related party and establish disclosures required for related party transactions. Disclosure is required when related party transactions have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, a material financial effect on the financial statements. They also establish standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective.

There was no material impact on the consolidated financial statements of adopting the new Sections.

**PS 3210 Assets, PS 3320 Contingent Assets and PS 3380 Contractual Rights**

Effective April 1, 2017, the First Nation adopted the recommendations relating to PS 3210 Assets, PS 3320 Contingent Assets, and PS 3380 Contractual Rights, as set out in the CPA Canada Public Sector Accounting Handbook. Pursuant to the recommendations, the changes were applied prospectively, and prior periods have not been restated.

PS 3210 Assets provides additional guidance to clarify the definition of assets set out in PS 1000 Financial Statement Concepts.

PS 3320 Contingent Assets establishes disclosure standards on contingent assets.

PS 3380 Contractual Rights establishes disclosure standards on contractual rights, and does not include contractual rights to exchange assets where revenue does not arise. The main features of this Section are as follows:

- Contractual rights are rights to economic resources arising from contracts or agreements that will result in both an asset and revenue in the future.
- Until a transaction or event occurs under a contract or agreement, an entity only has a contractual right to an economic resource. Once the entity has received an asset, it no longer has a contractual right.
- Contractual rights are distinct from contingent assets as there is no uncertainty related to the existence of the contractual right.

There was no material impact on the consolidated financial statements of adopting the new Sections.
