The accompanying consolidated financial statements are the responsibility of management. The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards and necessarily include estimates which are based on management's best judgements.

Management is also responsible for implementing and maintaining a system of internal controls designed to give reasonable assurance that transactions are appropriately authorized, assets are safeguarded from loss and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The consolidated financial statements have been reviewed and approved by Chief and Council.

McINTOSH | NORTON | WILLIAMS, an independent firm of chartered professional accountants, has been engaged to examine the consolidated financial statements in accordance with Canadian generally accepted auditing standards. Independent Auditor's Report

To the Members of 'Namgis First Nation

Opinion

We have audited the consolidated financial statements of 'Namgis First Nation, which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2019, and the results of its consolidated operations, its changes in its consolidated net financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Independent Auditor's Report, continued

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ♦ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ♦ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ♦ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ♦ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ♦ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Consolidated Financial Statements

March 31, 2019

1. Basis of Presentation and Significant Accounting Policies

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

(a) Reporting entity principles of financial reporting

These financial statements consolidate the assets, liabilities and results of operations for the 'Namgis First Nation ("First Nation") government and all related entities which are either owned or controlled by the First Nation. The entities that are included in the consolidated financial statements are as follows:

1. 'Namgis First Nation Government
2. 'Namgis First Nation Trust Funds
3. 'Namgis First Nation Social Housing Programs
4. 'Namgis Substance Abuse Treatment Centre Society
5. 'Namgis First Nation Holding Company Ltd.
6. Namgis Education Society

All inter-entity assets and liabilities have been eliminated, but transactions between funds have been shown on the individual fund schedules.

(b) Government Business Enterprises

Commercial enterprises that are owned, controlled or subject to significant influence by the Nation and meet the definition of a government business enterprise are included in the consolidated financial statements using the modified equity method. These include:

- Atli Resources Corporation
- Atli Resources Limited Partnership
- Kwagis Power Limited Partnership
- 'Namgis Power Corporation
- 'Namgis Sand & Gravel Ltd.
- Orca Sand and Gravel Limited Partnership
- Kuterra Limited Partnership
- Kuterra General Partner Inc.
- Mama'omas Limited Partnership
- Danyas Forest Products Limited Partnership
- 'Namgis Economic Development Corporation

'Namgis First Nation

Notes to Consolidated Financial Statements

March 31, 2019

1. Basis of Presentation and Significant Accounting Policies (continued)

(c) Fund accounting

'Namgis First Nation uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual, or voluntary actions. The various funds have been amalgamated in the Consolidated Financial Statements. The Nation maintains the following funds:

- Revenue and Capital Projects and Revolving Housing Funds, which report the general activities and capital assets of the First Nation, together with their related financing
- The Social Housing Fund, which reports the Social Housing assets of the First Nation, together with the related activities
- Government Trust Funds, which reports on trust funds owned by the First Nation and held by the Government of Canada

(d) Asset Classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies.

(e) Financial instruments

The First Nation's financial instruments consist of cash and term deposits, accounts receivable, restricted cash and deposits, funds held in trust by government, investment in First Nation affiliated entities, accounts payable and accrued liabilities, security deposits and down payments and long-term debt. It is Council's opinion that the First Nation is not exposed to significant interest rate and credit risks arising from these financial instruments and that the carrying values approximate fair values.

(f) Inventory

Inventories are valued at the lower of cost and net realizable value.

'Namgis First Nation

Notes to Consolidated Financial Statements

March 31, 2019

1. Basis of Presentation and Significant Accounting Policies (continued)

(g) Tangible capital assets

Tangible capital assets include acquired, built, developed and improved tangible capital assets, where the useful life extends beyond one year and which are intended to be used on an ongoing basis for producing goods or delivering services.

Tangible capital asset policies of government business enterprises entities that are consolidated in the financial statements are not adjusted to conform to First Nation policies. Policies that could differ include amortization rates, estimates of useful lives and dollar thresholds for capitalization.

Certain assets which have historical or cultural value, including works of art historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

Social Housing

Social Housing housing units are amortized at a rate equivalent to the annual principal reduction in related long-term debt.

'Namgis First Nation Government

Tangible capital assets, other than the tangible capital assets of its Social Housing Programs, are amortized over their estimated useful lives on the declining-balance method, as disclosed in Notes 11, 12 and 14.

(h) Revenue recognition

Revenue from government funding agencies is recognized as it becomes receivable under the terms of the applicable funding agreement. Funding that is restricted by a funding agency as to its use is recognized as the funds are spent on the particular project. The total unspent portion of funding is recorded as deferred revenue. Unrestricted contributions are recognized as revenue when received. Revenue from rents is recognized on a monthly basis as it is earned and when collectability is reasonably assured. Interest and other income is recognized as they are earned and collectability is reasonably assured. Revenues from sales of tobacco products, gasoline, dental and medical services is recognized upon delivery of the products or services.

(i) Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions which affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and revenues and expenses for the year reported. Actual results could differ from those estimates. Items requiring the use of significant estimates include tangible capital assets (amortization), accounts payable and accrued liabilities.

'Namgis First Nation

Notes to Consolidated Financial Statements

March 31, 2019

1. Basis of Presentation and Significant Accounting Policies (continued)

(j) Segments

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

(k) Budget

Draft budgets are prepared early in the fiscal year and are reviewed and approved by the appropriate boards and committees. They are then reviewed by the First Nation's Finance Committee, who recommends their adoption to Chief and Council. Later in the fiscal year, the budgets are updated to reflect funding and expenditure changes. The revised budgets go through the same approval process as the draft budgets. The committees that review the budgets include the Education Board and Health Board.

(l) Comparative figures

Prior year's comparative amounts have been reclassified where necessary to conform to the current year's presentation.

2. Economic Dependence

The First Nation receives a substantial portion of its revenues from Indigenous Services Canada and First Nations Health Authority. The nature and extent of this revenue is of such significance that the First Nation is economically dependent on this source of revenue.

10. Long-term debt, continued

The loan payable to Quality Sand & Gravel Ltd. is repayable from amounts distributable from Orca Sand & Gravel Limited Partnership (Note 6). The lender has no recourse against the Nation or 'Namgis Sand & Gravel Ltd. for repayment of the advances except as to the distributions from the Partnership to which the Nation is entitled. Pursuant to the loan agreement, should the Partnership terminate the sand and gravel project, the lender will forgive the entire amount owing by the Nation and 'Namgis Sand & Gravel Ltd. It is expected that loan repayments will begin in 2020 from distributable earnings from the Limited Partnership. It is the First Nation's intention to direct all earnings distributions toward repayment of the loan until it is fully repaid. The five year repayment schedule is based on management's best estimate of distributable earnings during this period.

On May 25, 2017, the First Nation signed an "Amending Agreement" with Quality Sand & Gravel Ltd. amending the loan agreement dated April 1, 2005 and the First Amendment to Loan Agreement dated March 31, 2010. Pursuant to the amending agreement, interest accrued on the loan up to and including September 30, 2009 was forgiven and not payable. Interest is to be accrued on the loan as follows:

(i) No interest shall accrue on the loans until the date that is one year after the end of the first fiscal year in which the Lender has shipped four million metric tonnes of product from, collectively, the Orca Sand & Gravel Project and the Black Bear Project.

(ii) Commencing on the date that is one year after the end of the first fiscal year in which the Lender has shipped four million metric tonnes of product from, collectively, the Orca Sand & Gravel Project and the Black Bear Project, the loan and any accrued and unpaid interest will accrue interest at a rate per annum equal to six percent.

Under the agreement with Orca Sand & Gravel Ltd., the Nation receives \$0.06 per tonne of sand and gravel sold by Orca Sand & Gravel Limited Partnership as a Community Benefit payment plus a further \$0.06 per tonne as advances on future distributions. If the aggregate of these payments is less than \$500,000 in a calendar year, Orca advances the difference needed to bring the aggregate to \$500,000 (annual advances). Together, the advances are added to the loan. The accumulated total advances are not to exceed \$1,500,000 and Orca has no obligation to pay the Nation any additional amount once the accumulated total reaches that amount.

Treaty Loan

'Namgis First Nation has signed First Nation Negotiation Support Agreements resulting in loans totaling \$9,072,929 (2017 - \$9,072,929), made by Canada for treaty negotiations. Repayment provisions for these loans are outlined in Sections 13.0 and 14.0 of the First Nations Negotiation Support Agreements. Under the Agreements, the loan advances are without interest until the loans become due and payable.

On August 21, 2015 the First Nation signed an extension agreement with the British Columbia Treaty Commission and Canada, which extended the date the loans are due and payable, under section 13.1 (b) or 13.1 (c) of the First Nation Negotiation Support Agreements, to January 6, 2020.

12. Tangible Capital Assets - Revolving Housing Program

Old Agreement Houses

Prior to March 31, 1988 under the 'Namgis Revolving Housing Program, the First Nation would build a house for a First Nation member, who would then assume title of the home and would owe the First Nation monies equal to the costs of construction. The First Nation member would then accumulate equity in the home by repaying the initial loan. Houses built using these agreements are called "Old Agreement Houses". These houses are not amortized.

Licence to Occupy Houses

Since April 1, 1988, First Nation members are required to sign a twenty-five year "Licence to Occupy" housing agreement, in which case title to the house remains with the First Nation until the costs of construction are repaid in full to the Revolving Housing Program. Houses built under these agreements are called "Licence to Occupy Houses".

Rentals

The Revolving Housing Program also provides rental accommodation to First Nation members. First Nation owned rental stock includes eight single family houses, two duplexes, two triplexes and four apartment buildings with thirteen apartment units. In addition, the First Nation has leased two houses and a duplex off reserve available as rental accommodation for First Nation members and non-members.

The net investment in the 'Namgis Revolving Housing Program represents expenditures, net of applicable amortization.

17. Defined contribution plan

The First Nation participates in individual defined contribution pension plans (the "Plans") for its eligible employees. Eligible employees were required to contribute 6% of their earnings less contributions made to the Canada Pension Plan. This increased to 7% effective January 1, 2019. Additional voluntary contributions, up to annual contribution limits, are permitted. The First Nation contributes amounts equal to the employees' required contributions. The First Nation contributed \$175,599 to the Plans during the year (2018 - \$168,517).

18. Contingent Liabilities

- a) 'Namgis First Nation has guaranteed a loan to Kuterra Limited Partnership from the Greater Vancouver Community Assistance Foundation for \$85,883.
- b) 'Namgis First Nation has guaranteed an operating line of credit for Kuterra Limited Partnership. The operating line has an authorized limit of \$1,000,000 and bears interest at prime plus 1% per annum. As at March 31, 2019, the balance on the operating line was \$444,166.
- c) The First Nation and individual band members have entered into loan agreements with Canada Mortgage and Housing Corporation to finance renovations under the On-Reserve Residential Rehabilitation Assistance Program (RRAP). The loans are forgivable over the terms of the agreements (between 1 and 5 years) provided the First Nation is not in default under the agreement and that the band members continue to own and occupy their houses during the term. As the First Nation has and intends to continue to comply with the loan agreement, the loan has been classified as a conditional grant, with loan proceeds recognized as revenue as the funds are received under the terms of the agreement. No liability has been recorded in the financial statements. The balance of contingent loan payable as at March 31, 2019 is \$70,796 (2018 - \$119,931).
- d) The First Nation is the plaintiff in a legal case. In the event that the litigation is unsuccessful, there is a possibility that costs could be awarded to the defendants. The outcome is unknown and, therefore, any possible liability is unknown and no liability has been recorded in these financial statements.
