**Management's Statement of Responsibility for Financial Reporting**

---

**March 31, 2024**

---

The accompanying consolidated financial statements are the responsibility of management. The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards and necessarily include estimates which are based on management's best judgements.

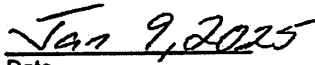

Management is also responsible for implementing and maintaining a system of internal controls designed to give reasonable assurance that transactions are appropriately authorized, assets are safeguarded from loss and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

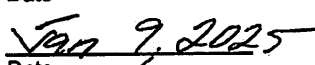

Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control. The consolidated financial statements have been reviewed and approved by Chief and Council.

McINTOSH | NORTON | WILLIAMS, an independent firm of chartered professional accountants, has been engaged to examine the consolidated financial statements in accordance with Canadian generally accepted auditing standards. Their report stating the scope of their examination and opinion on the consolidated financial statements, follows.

## **Independent Auditor's Report**

### **To the Members of 'Namgis First Nation**

#### *Opinion*

We have audited the consolidated financial statements of 'Namgis First Nation, which comprise the consolidated statement of financial position as at March 31, 2024, and the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2024, and the results of its consolidated operations, its changes in its consolidated net financial assets, and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### *Basis for Opinion*

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the First Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

#### *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ♦ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ♦ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- ♦ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ♦ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- ♦ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

---

The accompanying notes are an integral part of the financial statements

---

**March 31, 2024**

---

**1. Basis of Presentation and Significant Accounting Policies**

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

**(a) Principles of consolidation**

These financial statements consolidate the assets, liabilities and results of operations for the 'Namgis First Nation ("First Nation") government and all related entities which are either owned or controlled by the First Nation, except for the commercial enterprises which meet the definition of a government business enterprise. Inter-organizational balances and transactions are eliminated upon consolidation, but transactions between funds have been shown on the individual fund schedules.

Organizations consolidated in the First Nation's financial statements include:

- 'Namgis First Nation Government
- 'Namgis First Nation Trust Funds
- 'Namgis First Nation Social Housing Programs
- 'Namgis First Nation Holding Company Ltd.
- 'Namgis Business Development Corporation

Commercial enterprises that are owned, controlled or subject to significant influence by the First Nation and meet the definition of a government business enterprise are included in the consolidated financial statements using the modified equity method. Under the modified equity method of accounting, only the First Nation's investment in the government business enterprise and the enterprise's net income and other changes in equity are recorded. No adjustment is made for differences in the accounting policies of the enterprise.

Organizations accounted for on a modified equity basis include:

- Atli Resources Corporation
- Atli Resources Limited Partnership
- Kwagis Power Limited Partnership
- 'Namgis Power Corporation
- 'Namgis Sand & Gravel Ltd.
- Orca Sand and Gravel Limited Partnership
- Kuterra Limited Partnership
- Kuterra General Partner Inc.
- Mama'omas Limited Partnership
- Danyas Forest Products Limited Partnership
- NBDC Real Estate Limited Partnership
- NBDC Real Estate Inc.

**(b) Fund accounting**

'Namgis First Nation uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual, or voluntary actions. The various funds have been amalgamated in the Consolidated Financial Statements. The Nation maintains the following funds:

- Revenue and Capital Projects and Revolving Housing Funds, which report the general activities and capital assets of the First Nation, together with their related financing
- The Social Housing Fund, which reports the Social Housing assets of the First Nation, together with the related activities
- Government Trust Funds, which reports on trust funds owned by the First Nation and held by the Government of Canada

March 31, 2024

---

**1. Basis of Presentation and Significant Accounting Policies (continued)**

**(c) Asset Classification**

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies.

**(d) Financial instruments**

The First Nation's financial instruments consist of cash and term deposits, accounts receivable, restricted cash and deposits, funds held in trust by government, investment in First Nation affiliated entities, accounts payable and accrued liabilities, security deposits and down payments and long-term debt. It is Council's opinion that the First Nation is not exposed to significant interest rate and credit risks arising from these financial instruments and that the carrying values approximate fair values.

**(e) Cash and cash equivalents**

Cash and cash equivalents are readily convertible to known amounts of cash and are subject to insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

**(f) Term deposits**

Term deposits include GIC's and have a maturity of greater than 3 months at the time of acquisition. Term deposits are reported at cost or amortized cost.

**(g) Accounts receivable**

Accounts receivable are measured at amortized cost and are shown net of allowance for doubtful accounts.

**(h) Inventory**

Inventories are valued at the lower of cost and net realizable value. Costs include all costs incurred to get ready for sale. Net realizable value is the expected selling price in the ordinary course of business.

**March 31, 2024**

---

**1. Basis of Presentation and Significant Accounting Policies (continued)**

**(i) Tangible capital assets**

Tangible capital assets include acquired, built, developed and improved tangible capital assets, where the useful life extends beyond one year and which are intended to be used on an ongoing basis for producing goods or delivering services.

Tangible capital asset policies of government business enterprises entities that are consolidated in the financial statements are not adjusted to conform to First Nation policies. Policies that could differ include amortization rates, estimates of useful lives and dollar thresholds for capitalization.

Certain assets which have historical or cultural value, including works of art historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

**Social Housing**

Social Housing houses and duplexes are amortized at a rate equivalent to the annual principal reduction of the related mortgage insured by CMHC, as disclosed in Note 11. The land on which the houses and duplexes are situated is owned by the First Nation.

**'Namgis First Nation Government**

Tangible capital assets, other than the tangible capital assets of its Social Housing Programs, are amortized over their estimated useful lives on the declining-balance method, as disclosed in Notes 12, 13, 14 and 15.

**(j) Revenue recognition**

Revenue from government funding agencies is recognized as it becomes receivable under the terms of the applicable funding agreement. Funding that is restricted by a funding agency as to its use is recognized as the funds are spent on the particular project. The total unspent portion of funding is recorded as deferred revenue. Unrestricted contributions are recognized as revenue when received.

Revenue from rents is recognized on a monthly basis as it is earned and when collectability is reasonably assured. Interest and other income is recognized as they are earned and collectability is reasonably assured. Revenues from sales of tobacco products, gasoline, dental and medical services is recognized upon delivery of the products or services.

**(k) Use of estimates**

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions which affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and revenues and expenses for the year reported. Actual results could differ from those estimates. Items requiring the use of significant estimates include tangible capital assets (amortization), accounts payable and accrued liabilities.

**(l) Segments**

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

March 31, 2024

---

**1. Basis of Presentation and Significant Accounting Policies (continued)**

**(m) Budget**

Draft budgets are prepared early in the fiscal year and are reviewed and approved by the appropriate boards and committees. They are then reviewed by the First Nation's Finance Committee, who recommends their adoption to Chief and Council. Later in the fiscal year, the budgets are updated to reflect funding and expenditure changes. The revised budgets go through the same approval process as the draft budgets.

**(n) Comparative figures**

Prior year's comparative amounts have been reclassified where necessary to conform to the current year's presentation.

**(o) Liability for contaminated sites**

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2024.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. As at March 31, 2024, the First Nation has not recorded any liability for contaminated sites as no sites exist.

**2. Economic Dependence**

The First Nation receives a substantial portion of its revenues from Indigenous Services Canada and First Nations Health Authority. The nature and extent of this revenue is of such significance that the First Nation is economically dependent on this source of revenue.

Further information concerning cash and cash equivalents:

- a) Social Housing funds held in Replacement and Operating Reserves according to the terms of the agreements with CMHC under Section 95 of the National Housing Act of Canada are presented on the Statements of Funded Reserves with the Social Housing Fund financial information. Under the terms of the agreements with CMHC these funds, along with accumulated interest, must be held in separate bank accounts and/or invested in accounts or instruments insured by the Canada Deposit Insurance Corporation or as otherwise may be mutually agreed to by the First Nation and CMHC. Withdrawals from the reserves are credited to interest first and then to principal. At the year end, the funds in the reserves consisted of cash and term deposits.

Post 1996 "New" Social Housing Program

- Under the terms of the agreement with CMHC, the Replacement Reserve account must be credited by up to \$6,000 annually. The funds in the account may only be used as approved by CMHC.
  - Under the terms of the agreement with CMHC, operating surpluses may be retained in an Operating Reserve. The funds in this reserve may only be used for the ongoing operating costs of the program. Accordingly, future years' deficits may be recovered from the Operating Reserve fund.
- b) The Nation leases out several different types of fishing licenses. Surplus lease revenues are placed in a fund for purchasing additional licenses.
- c) In 2011 the Nation signed an Operation and Maintenance Contribution Agreement with the Village of Alert Bay regarding the sharing of the Nation's wastewater treatment plant operating costs. The Nation agreed to place any surplus funds, up to a maximum of \$50,000, into an operating reserve. Operating reserve funds are to be used in years when treatment plant operating costs exceed revenues.
- d) The Nation established the Kwagis Community Benefit Fund for the development of social, cultural and community interests. Each year, a contribution is made to the fund from Kwagis Power Limited Partnership. 'Namgis members may apply for an allocation of funds from the Fund in accordance with the procedures and criteria set out in the Kwagis Community Benefit Fund Policy.
- e) Beginning with the 2017 fiscal year, the Nation receives annual payments from Orca Sand and Gravel Limited Partnership equal to \$0.06 per tonne of sand and gravel sold by the Partnership. These funds are for the development of social, cultural, economic development and environmental interests of the Nation.

**Orca Sand & Gravel Limited Partnership**

On April 1, 2005 the First Nation and Polaris Minerals Corporation ("Polaris") formed the Orca Sand & Gravel Limited Partnership to develop a sand and gravel pit adjacent to the Cluxewe River. The First Nation has a 12% interest in the Partnership.

The First Nation formed 'Namgis Sand & Gravel Ltd. to hold its 12% interest in Orca Sand & Gravel Ltd., the Partnership's General Partner. Pursuant to a loan agreement entered into on April 1, 2005 and amended March 31, 2010 and May 25, 2017, 'Namgis Sand & Gravel Ltd. also acts as borrower regarding advances made by Quality Sand & Gravel Ltd. ("Quality"), a subsidiary of Polaris, to finance the First Nation's required contributions to the Partnership. As at March 31, 2024, Quality has advanced \$nil (2023 - \$327,388) to the First Nation (Note 11).

**Kwagis Power Limited Partnership**

On October 26, 2006 the First Nation and Brookfield Power Inc. ('Brookfield') formed the Kwagis Power Limited Partnership to design, develop, construct, maintain, own, operate and manage a 41.5MW run of river hydroelectric power generation facility within the Kokish River watershed near Beaver Cove, British Columbia. The First Nation has 25% interest in the Partnership. The fiscal year end of the Partnership is December 31.

The First Nation formed 'Namgis Power Corporation ("Namgis Power") to hold its 25% interest in Kwagis Power GP Inc., the Partnership's General Partner.

The liability of the First Nation for the Partnership's liabilities is limited to the amount of the First Nation's contribution of capital for its Limited Partnership Units, plus its share of the undistributed income of the Partnership. Following the full payment of the subscription price for its Limited Partnership units, the First Nation will not be liable for any further calls for assessments or further contributions to the Partnership.

On April 22, 2010 the Limited Partnership signed an Electricity Purchase Agreement with B.C. Hydro. The term is for forty years after the Commercial operation date of the hydro power generation facility. The hydroelectric power generation facility became operational April 9, 2014.

**Atli Resources Limited Partnership and Atli Resources Corporation**

In 2007 the First Nation set up Atli Resources Limited Partnership to carry out logging activities in the First Nation's Traditional Territory. The Nation formed Atli Resources Corporation to act as the Partnership's General Partner. The Partnership has a twenty year forest license to harvest timber, expiring July 2034. In addition, the Partnership owns a Woodlot license with an annual allowable cut of 1,864 cubic meters which expires in 2032.

Atli Resources Limited Partnership had assets of \$5,621,804 and liabilities of \$680,822 as at March 31, 2024 and revenues of \$8,786,912 and net income of \$476,604 for the year then ended.

March 31, 2024

---

**7. Long-term investments, continued**

Kuterra Limited Partnership

In 2012 the First Nation set up Kuterra Limited Partnership to construct and operate a land-based, closed containment recirculating aquaculture system (RAS) for Atlantic salmon. Kuterra Limited Partnership ceased operations effective February 1, 2020. At that date, the First Nation entered a lease with a third-party for the operation of the facility.

Mama'omas Limited Partnership

Mama'omas Limited Partnership was established in 2012 to manage fishing licences that the Nation was given access to by the Department of Fisheries and Oceans through two different programs. Mama'omas Limited Partnership had assets of \$3,020,266 and liabilities of \$1,825,487 as at March 31, 2024 and revenues of \$472,621 and a net income of \$44,165 for the year then ended.

Danyas Forest Products Limited Partnership

The First Nation owns 49.5% of Danyas Forest Products Limited Partnership. The Partnership was established in 2016 to operate in the forest industry. The Partnership had assets of \$3,770,900 and liabilities of \$1,145,975 as at December 31, 2023 and revenues of \$7,111,934 and a net income of \$1,378,212 for the year then ended.

NBDC Real Estate Limited Partnership

NBDC Real Estate Limited Partnership was established in 2021 to invest and facilitate the Alert Bay Project, which supports the Nation's broader goals and aspirations which includes the acquisition of real estate in the province of BC. The Nation is the sole limited partner of the Partnership and NBDC Real Estate Inc. (wholly owned by 'Namgis Business Development Corporation) is the general partner. The Partnership had assets of \$1,705,885 and liabilities of \$791,057 as at March 31, 2024 and revenues of \$447,715 and expenses of \$407,498 for the year then ended.

North Island Driving School Society

North Island Driving School Society is a new business segment held by 'Namgis Business Development Corporation. The business segment was established in 2022 and commenced operations during the current year. Funds advanced to the driving school were used to establish curriculum, marketing and branding development, business set up and implementation support for the driving school.

March 31, 2024

---

## 11. Long-term debt, continued

The loan payable to Quality Sand & Gravel Ltd. is repayable from amounts distributable from Orca Sand & Gravel Limited Partnership (Note 7). The lender has no recourse against the Nation or 'Namgis Sand & Gravel Ltd. for repayment of the advances except as to the distributions from the Partnership to which the Nation is entitled. Pursuant to the loan agreement, should the Partnership terminate the sand and gravel project, the lender will forgive the entire amount owing by the Nation and 'Namgis Sand & Gravel Ltd.. It is the First Nation's intention to direct all future earnings distributions toward repayment of the loan until it is fully repaid. The five year repayment schedule is based on management's best estimate of distributable earnings during this period.

On May 25, 2017, the First Nation signed an "Amending Agreement" with Quality Sand & Gravel Ltd. amending the loan agreement dated April 1, 2005 and the First Amendment to Loan Agreement dated March 31, 2010. Pursuant to the amending agreement, interest accrued on the loan up to and including September 30, 2009 was forgiven and not payable. Interest is to be accrued on the loan as follows:

(i) No interest shall accrue on the loans until the date that is one year after the end of the first fiscal year in which the Lender has shipped four million metric tonnes of product from, collectively, the Orca Sand & Gravel Project and the Black Bear Project.

(ii) Commencing on the date that is one year after the end of the first fiscal year in which the Lender has shipped four million metric tonnes of product from, collectively, the Orca Sand & Gravel Project and the Black Bear Project, the loan and any accrued and unpaid interest will accrue interest at a rate per annum equal to six percent. Interest began to accrue on the loan January 1, 2020.

Under the agreement with Orca Sand & Gravel Ltd., the Nation receives \$0.06 per tonne of sand and gravel sold by Orca Sand & Gravel Limited Partnership as a Community Benefit payment plus a further \$0.06 per tonne as advances on future distributions. If the aggregate of these payments is less than \$500,000 in a calendar year, Orca advances the difference needed to bring the aggregate to \$500,000 (annual advances). Together, the advances are added to the loan. The accumulated total advances are not to exceed \$1,500,000 and Orca has no obligation to pay the Nation any additional amount once the accumulated total reaches that amount.

### Indigenous Claims Loans

'Namgis First Nation received two loans from the Government of Canada for negotiations of specific claims. These loans are payable on the earlier of March 31, 2024 or the date on which the Claim is settled. Should the loan become due and payable under the terms of the Promissory Notes while the Claim is still in negotiation, the loan repayment dates will be extended by five years, or a period deemed appropriate to coincide with the anticipated claim settlement date whichever is sooner. The loans are without interest unless the First Nation is in default or the Promissory Note matures. In such cases, interest will accrue from the date of default or maturity only in the event that the First Nation fails to repay any amount due and payable. In such cases, interest will be calculated at an annual rate equal to the then current rate established by the Minister of Finance in respect of borrowing for equivalent terms by Crown corporation, compounded semi-annually.

**'Namgis First Nation**

**Notes to Consolidated Financial Statements**

**March 31, 2024**

**12. Tangible Capital Assets**

Tangible capital assets are amortized over their estimated useful lives on the declining balance method, at the annual rates indicated below. One-half of the amortization rates are applied to assets acquired during the year. Assets are not amortized in the year of disposition.

		Cost				Accumulated amortization				Net book value

On June 1, 2007 the Nation signed a lease agreement with the Village of Alert Bay whereby the fire truck is leased to the Village of Alert Bay for a lease payment of \$1 per year. The term of the lease is fifty years or until the Nation sells or otherwise disposes of the fire truck.

Work-in-Progress are costs related to projects currently under planning, development, or construction that will result in a finished asset at a future date. Costs related to planning, development, or construction are capitalized until such time as the property is ready for use. These costs have not been amortized. Amortization of these assets will commence when each specific asset is put into service.

March 31, 2024

---

**13. Tangible Capital Assets - Revolving Housing Program**

Old Agreement Houses

Prior to March 31, 1988 under the 'Namgis Revolving Housing Program, the First Nation would build a house for a First Nation member, who would then assume title of the home and would owe the First Nation monies equal to the costs of construction. The First Nation member would then accumulate equity in the home by repaying the initial loan. Houses built using these agreements are called "Old Agreement Houses". These houses are not amortized.

Licence to Occupy Houses

Since April 1, 1988, First Nation members are required to sign a twenty-five year "Licence to Occupy" housing agreement, in which case title to the house remains with the First Nation until the costs of construction are repaid in full to the Revolving Housing Program. Houses built under these agreements are called "Licence to Occupy Houses".

Rentals

The Revolving Housing Program also provides rental accommodation to First Nation members. First Nation owned rental stock includes eight single family houses, two duplexes, two triplexes and four apartment buildings with thirteen apartment units. In addition, the First Nation has leased two houses and a duplex off reserve available as rental accommodation for First Nation members and non-members.

The net investment in the 'Namgis Revolving Housing Program represents expenditures, net of applicable amortization.

	Cost	2024Accumulated amortization	Net book value	2023 Net book value
	\$	\$	\$	\$
Houses	7,562,219	6,404,748	1,157,471	1,268,918
Major repair projects	525,509	-	525,509	535,980
Lot clearing	8,034	-	8,034	8,034
Yalis Apartments	464,458	456,585	7,873	8,747
Rental Houses	2,897,862	724,617	2,173,245	2,413,369
Duplexes	322,764	288,067	34,697	38,552
Triplexes	374,312	320,266	54,046	60,052
Smitty's Hill	82,242	-	82,242	82,242
	12,237,400	8,194,283	4,043,117	4,415,894

Capital assets of the Revolving Housing Program, other than Old Agreement Houses, are amortized over their estimated useful lives on the declining balance method, at an annual rate of 10%. One-half of the amortization rate is applied to assets acquired during the year.

**March 31, 2024**

---

**17. Prior period restatement**

The comparative figures have been retroactively restated to reflect adjustments to accounts payable, capital assets, excess revenues over expenditures, and accumulated surplus. Accounts payable was understated and accumulated surplus was overstated from unrecognized contract expenses payable in the prior year. Capital assets were understated from work in progress on the development of a health and wellness facility that was erroneously recognized as contract expenses in the prior year. The effects of these changes are shown below:

<b>For the year ended March 31</b>	As previously stated in 2023 Actual	Adjustments Increase (Decrease) Actual	<b>Restated 2024 Actual</b>

Consolidated Statement of Accumulated surplus			
Accumulated surplus	98,300,491	(566,491)	<b>97,734,000</b>

**18. Defined contribution plan**

The First Nation participates in individual defined contribution pension plans (the "Plans") for its eligible employees. Eligible employees were required to contribute 7% of their earnings less contributions made to the Canada Pension Plan. Additional voluntary contributions, up to annual contribution limits, are permitted. The First Nation contributes amounts equal to the employees' required contributions. The First Nation contributed \$208,640 to the Plans during the year (2023 - \$300,974).

**19. Contingent Liabilities**

- a) The First Nation is the plaintiff in a legal case. In the event that the litigation is unsuccessful, there is a possibility that costs could be awarded to the defendants. The outcome is unknown and, therefore, any possible liability is unknown and no liability has been recorded in these financial statements.
- b) The First Nation is the respondent in a claim brought forward by a former employee. Management is unable to determine the potential liability, if any, resulting from this claim. As a result, no liability has been recorded in the financial statements and any settlement will be reflected as a charge to expenditures in the year incurred.
