## **Management's Responsibility**

---

To the Members of Ahousaht First Nation:

The accompanying consolidated financial statements of Ahousaht First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Ahousaht First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for the appointment of the Nation's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by Council on behalf of the Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with, both the Council and management to discuss their audit findings.

Executive Director

## Independent Auditors' Report

---

To the Members of Ahousaht First Nation:

We have audited the accompanying consolidated financial statements of Ahousaht First Nation, which comprise the consolidated statement of financial position as at March 31, 2017, and the consolidated statements of operations and accumulated surplus, change in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### *Basis for Qualified Opinion*

Financial information for Ahousaht Fishing Corporation, for the year ending March 31, 2017 and March 31, 2016 was not available at the audit report date. We were unable to determine whether adjustments to investments in Nation business entities, earnings from investments in Nation business entities, surplus (deficit) and accumulated surplus were necessary. Further, the financial statements of Ahousaht Fishing Corporation reported a payable to the First Nation in the prior year, which has not been recorded in the First Nation's consolidated financial statements. We are unable to determine if advances to the business entity and adjustments to accumulated surplus need to be recorded.

The First Nation has inadequate adherence to procedures for recording and relieving accounts payable. As a result, we were unable to obtain sufficient appropriate evidence regarding the classification of expenses to programs and objects.

### *Opinion*

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion paragraphs, the consolidated financial statements present fairly, in all material respects, the financial position of Ahousaht First Nation as at March 31, 2017 and the results of its operations, change in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

**1. Operations**

The Ahousaht First Nation (the "First Nation") is located in the province of British Columbia, and provides various services to its members. Ahousaht First Nation includes the Nation's members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

**2. Significant accounting policies**

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

***Reporting entity consolidated***

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, including First Nation business entities. Trusts administered on behalf of third parties by Ahousaht First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entity:

- Ahousaht Education Authority

All inter-entity balances have been eliminated on consolidation.

Ahousaht First Nation business entities, owned or controlled by the First Nation's Council but not dependent on the First Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Ahousaht Fishing Corporation

***Basis of presentation***

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

***Other Economic Interests***

The Ahousaht First Nation is a member of Ma-Mook Development Corporation. The Ma-Mook Development Corporation is an organization of five Nations, whose purpose is to control the Nations' interest in forestry operations. The First Nation does not have a share in the profit or loss of the organization. As a result, the financial statements have not been consolidated in the financial statements of Ahousaht First Nation.

***Tangible capital assets***

Tangible capital assets are initially recorded at cost. Contributed tangible assets are recorded at their fair value at the date of contribution.

All intangible assets and items inherited by the rights of the Nation, such as reserve land, forests, water and mineral resources are not recognized in the Nation's financial statements.

**Ahousaht First Nation**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2017*

---

**2. Significant accounting policies (Continued from previous page)**

***Amortization***

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives.

	<i>Method</i>	<i>Rate</i>
Automobile equipment	declining balance	30 %
Boats and docks	declining balance	15 %
Buildings	declining balance	4 to 5 %
Computer equipment	declining balance	30 %
Equipment	declining balance	20 %
Roads and landfill	declining balance	4 %
Subdivisions and roads	declining balance	4 %
Water and sewer systems	declining balance	5 %

***Funds held in Ottawa Trust Fund***

Funds held in trust on behalf of First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

***Asset classification***

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

***Measurement uncertainty***

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in surplus in the periods in which they become known.

***Net debt***

The First Nation's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the First Nation is determined by its financial assets less its liabilities. Net debt combined with non-financial assets comprise a second indicator of financial position, accumulated surplus.

**Ahousaht First Nation**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2017*

---

**2. Significant accounting policies (Continued from previous page)**

***Revenue recognition***

***Government Transfers***

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfer of non-depreciable assets are recognized in revenue when received or receivable.

***First Nation Capital and Revenue Trust Funds***

The First Nation recognizes revenues of the Capital and Revenue Trust Fund at the time funds are contributed to the accounts held in Ottawa. Interest revenue is recognized when earned.

***Canada Mortgage and Housing Corporation ("CMHC")***

CMHC revenue is recognized as it becomes receivable under the terms of the applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

***Housing rental income***

Rental revenue is recorded in the year it is earned. At the end of each year, management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.

***Own source revenue***

Own source revenue is recognized when performance is completed, amounts are measurable and collection is reasonably assured.

***Long-lived assets***

Long-lived assets consist of tangible capital assets with finite useful lives. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when an asset's service potential is reduced. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using prices for similar items. Any impairment is included in surplus for the year.

The Nation does not perform impairment testing on its long-lived assets that are held for public administration and situated on its reserve land as it is not possible to determine their fair market value.

**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2017*

---

**2. Significant accounting policies (Continued from previous page)**

***Segments***

The First Nation conducts its business through a number of reportable segments as described in Note 17. These operating segments are established by senior management to facilitate the achievement of the First Nation's long term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 2 of the *Significant accounting policies*.

***Liability for contaminated site***

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2017.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

**Recent accounting pronouncements**

**Financial Instruments**

In June 2011, the Public Sector Accounting Board (PSAB) issued PS 3450 *Financial Instruments* to establish standards for recognition, measurement, presentation and disclosure of financial assets, financial liabilities and non financial derivatives. A related standard PS 1201, was issued to address changes to financial statement presentation related to financial instruments. In June 2015, the effective date of these standards was deferred to fiscal years beginning on or after April 1, 2019. Earlier adoption is permitted.

**Related Party Transactions**

In March 2015, as part of the CPA Canada Public Sector Accounting Handbook Revisions Release No. 42, the Public Sector Accounting Board (PSAB) issued a new standard, PS 2200 *Related Party Disclosures*.

This new Section defines related party and established disclosures required for related party transactions. Disclosure of information about related party transactions and the relationship underlying them is required when they have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, or could have, a material financial effect on the financial statements.

This section is effective for fiscal years beginning on or after April 1, 2017. The First Nation does not expect the adoption of these new standards to have a material impact on its financial statements.

**Inter Entity Transactions**

In March 2015, the Public Sector Accounting Board (PSAB) issued PS 3420 *Inter Entity Transactions*. The new Section establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective. The main features of the new Section are:

- Under a policy of cost allocation, revenues and expenses are recognized on a gross basis.
- Transactions are measured at the carrying amount, except in specific circumstances.
- A recipient may choose to recognize unallocated costs for the provision of goods and services and measure them at the carrying amount, fair value or other amount dictated by policy, accountability structure or budget practice.
- The transfer of an asset or liability for nominal or no consideration is measured by the provider at the carrying amount and by the recipient at the carrying amount or fair value.
- Inter entity transactions are considered in conjunction with PS 2200 *Related Party Disclosures*.

The standard is effective for fiscal years beginning on or after April 1, 2017. Earlier adoption is permitted. The First Nation has not yet determined the effect of these new standards on its consolidated financial statements.

**Assets, Contingent Assets and Contractual Rights**

In June 2015, new PS 3210 *Assets*, PS 3320 *Contingent Assets* and PS 3380 *Contractual Rights* were included in the CPA Canada Public Sector Accounting Handbook (PSA HB).

PS 3210 *Assets* provides additional guidance to clarify the definition of assets set out in PS 1000 *Financial Statement Concepts*.

PS 3320 *Contingent Assets* establishes disclosure standards on contingent assets. Under previous standards contingent assets could not be recognized.

PS 3380 *Contractual Rights* establishes disclosure standards on contractual rights, and does not include contractual rights to exchange assets where revenue does not arise. The main features of this Standard are as follows:

- Contractual rights are rights to economic resources arising from contracts or agreements that will result in both an asset and revenue in the future.

**Ahousaht First Nation**  
**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2017*

---

**2. Significant accounting policies (Continued from previous page)**

- Until a transaction or event occurs under a contract or agreement, an entity only has a contractual right to an economic resource. Once the entity has received an asset, it no longer has a contractual right.
- Contractual rights are distinct from contingent assets as there is no uncertainty related to the existence of the contractual right.

These standards are effective for fiscal years beginning on or after April 1, 2017. The First Nation does not expect the adoption of these new standards to have a material impact on its financial statements.

**4. Restricted cash**

Under the terms of the agreement with Canada Mortgage and Housing Corporation, the replacement reserve account is to be credited in the amount of \$7,275 annually. These funds, along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. The funds in the account may only be used as approved by CMHC. At year end, these replacement reserves were under funded by \$26,232 (2016 - under funded by \$316,991).

Under the terms of the agreement with Canada Mortgage and Housing Corporation, excess revenues over expenditures for the Post 1996 phases may be retained in an operating reserve. These funds, along with accumulated interest, must be held in a separate bank account and/or invested only in accounts or instruments insured by the Canada Deposit Insurance Corporation or as may otherwise be approved by CMHC from time to time. At year end, the operating reserve was under funded by \$48,387 (2016 - underfunded by \$49,582).

**10. Treaty note payable**

The Ahousaht First Nation received funds from the Nuu-chah-nulth Tribal Council pursuant to an agreement the Tribal Council had negotiated on its behalf with INAC and the provincial British Columbia Treaty Commission. Under the terms of that agreement, the Tribal Council received both loaned and contributed funds of \$4,917,699 (2016 - \$4,917,699), which it subsequently reloaned and contributed to the First Nation.

For the year ended March 31, 2017, the Ahousaht First Nation received no contribution funding and loans (2016 - no contribution funding and loans). The funds are to be used solely for the purpose of treaty negotiations. The loan proceeds are non-interest bearing and become due and payable upon the earlier of:

- a) the twelfth (12th) anniversary of the date on which the first loan advance with the Nuu-chah-nulth Tribal Council was made pursuant to instructions of the Commissioners;
- b) the seventh (7th) anniversary of the date of signing of an agreement in principle;
- c) the date on which a treaty is signed by the parties;
- d) the date on which the agreement is terminated or;
- e) the date on which the Nuu-chah-nulth Tribal Council commits an act of bankruptcy.

**14. Contingent liabilities**

The Nation has been named defendant in a lawsuit related to compensatory damages and contract breach. Management cannot determine whether the claim will be successful and cannot estimate the potential loss, if any.

The Nation may be contingently liable with respect to Ministerial guarantees for "On Reserve Housing Loans" to various financial institutions in the amount of \$76,829 (2016 - \$88,141). These loan guarantees are in addition to CMHC mortgages.

These consolidated financial statements are subject to review by the First Nation's funding agents. It is possible that adjustments could be made based on the results of their reviews.

**15. Economic dependence**

Ahousaht First Nation receives substantially all of its revenue from Indigenous and Northern Affairs Canada (INAC) as a result of agreements entered into with the Government of Canada. These agreements are administered by INAC under the terms and conditions of the Indian Act. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments.

INAC reported an unfavourable financial ratio for the March 31, 2014 financial statements. A Management Action Plan was developed and approved by INAC.

**16. Comparative figures**

Certain comparative figures have been reclassified to conform with current year's presentation.

**17. Segments**

The Nation receives revenues and incurs expenses from many different projects and sources. For management and reporting purposes, the revenues, expenses and surplus or deficits are organized by segments. Schedules 3 -15 disclose the details of the Nation's revenues and expenses by segment. The First Nation is organized into the following segments:

**Administration**

Includes general operations, support, and financial management of the Nation.

**Patient Travel**

Includes revenue and expenditures relating to patient travels.

**Cha-Chum-Hi-Yup-Tiichmis**

Includes activities related to the provision of health services within the Nation.

**Social Development**

Includes revenues and expenditures relating to the social assistance of the members of Ahousaht First Nation.

**Economic Ventures**

Includes activities related to the growth of revenue producing projects with the Nation.

**Operations & Maintenance**

Includes the maintenance of infrastructure owned by the Nation.

**Fisheries**

Includes revenues and expenditures related to conservation and stewardship of the Nation's fisheries.

**Ahousaht Capital**

Includes revenue and expenditures related to capital projects.

**Other**

Includes revenues and expenditures related to programs put on to support the Ahousaht First Nation community.

**Housing**

Includes revenue and expenditures related to Social Housing programs carried on by the Nation.

**Ahousaht Education Authority**

Includes revenue and expenditures related to Ahousaht Education Authority.
