Management's Responsibility

To the Members of Old Massett Village Council:

The accompanying consolidated financial statements of Old Massett Village Council are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Old Massett Village Council's Chief and Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Chief and Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Chief and Council is also responsible for recommending the appointment of the Village Council's external auditors.

MNP LLP is appointed by the Chief and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and Council and management to discuss their audit findings.

Independent Auditors' Report

To the Members of Old Massett Village Council:

We have audited the accompanying consolidated financial statements of Old Massett Village Council, which comprise the consolidated statement of financial position as at March 31, 2017, and the consolidated statements of operations and accumulated surplus, changes in net financial assets, cash flows and the related schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Qualified Opinion

Old Massett Village Council derives a portion of its revenues from cash sales, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the organization and we were not able to determine whether any adjustments might be necessary to cash, revenue, accumulated surplus, assets and net assets.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis of Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of Old Massett Village Council as at March 31, 2017 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Old Massett Village Council
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

1. Operations

Old Massett Village Council (the "Village Council") is a First Nations village government located in Old Massett, Haida Gwaii, British Columbia. The Village Council is responsible for the well-being of its community and enacts legal policies and programs in the areas of Capital, Economic Development, Education, Membership, Health, and Social Assistance. The Village Council is also mandated to take actions to protect the well-being of members and the community, and to establish cultural programs and undertake initiatives in economic development.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada and are consistent with the accounting policies set out by the Indigenous and Northern Affairs Canada. Significant aspects of the accounting policies adopted by the Village Council are as follows:

Reporting entity

Old Massett Village Council reporting entity includes the First Nation government and all related entities which are accountable to the Village Council and are either owned or controlled by the Village Council.

The financial statements consolidate the financial activities of all entities and departments comprising the Village Council reporting entity, except for Village Council business entities.

The Village Council has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Kluu Laanas Community Development Corporation (inactive);
- Haida Ecological and Land Trust Society (inactive);
- Old Massett Economic Development Corporation; and
- Old Massett Economic Development Limited Partnership.

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Old Massett Village Council business entities, owned or controlled by the Village Council's Council but not dependent on the Village Council for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the Village Council. Thus, the Village Council's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include the commercial enterprises which meet the definition of a government business enterprise.

Investments in Village Council partnerships are accounted for using the proportionate consolidation method. The Village Council's pro-rata share of the assets, liabilities, revenue, and expenses of the Village Council partnership have been combined on a line-by-line basis with similar items of the Village Council.

Entities that are controlled, but not fully owned, which meet the definition of a governmental unit are included in the consolidated financial statements on a proportionate consolidation basis, whereby a government's pro rata share of each of the assets, liabilities, revenues and expenses that are subject to shared control, is combined on a line-by-line basis with similar items in the government's consolidated financial statements

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Old Massett Village Council
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

2. Significant accounting policies *(Continued from previous page)*

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Cash resources

Cash resources include cash and term deposit securities with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Portfolio investments

Portfolio investments for which significant influence does not exist are recorded at carrying value.

Investment in joint venture

The investment in joint venture is included in the consolidated financial statements on a modified equity basis.

Tangible capital assets

Tangible capital assets are initially recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset.

Contributed tangible capital assets are recorded at fair value at the date of contribution.

All intangibles and items inherited by right of the Village Council, such as reserve lands, forests, water, and mineral resources, are not recognized as assets in the Village Council's consolidated financial statements.

Historic works of art and treasures are not recorded as assets in these consolidated financial statements.

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	Method	Rate
Buildings	declining balance	5 %
Infrastructure	declining balance/ straight-line	4 to 5 %
Equipment	declining balance	20 %
Vehicles	straight-line	20 %
Water treatment plan	straight-line	5 %

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Village Council performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. The carrying amount of a long-lived asset is not recoverable if the carrying amount exceeds the sum of the undiscounted future cash flows from its use and disposal. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using prices for similar items. Any impairment is included in operations for the year.

Net financial assets

The Village Council's consolidated financial statements are presented so as to highlight net financial assets as the measurement of consolidated financial position. The consolidated net financial assets of the Village Council are determined by its consolidated financial assets less its liabilities. Consolidated net financial assets combined with non-financial assets comprise a second indicator of consolidated financial position, accumulated surplus.

Old Massett Village Council
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

2. Significant accounting policies *(Continued from previous page)*

Budgets

Budget information has been included when the information is available. These budgets have been prepared by department managers and approved by Chief and Council.

Revenue recognition

Government transfers

The Village Council recognizes a government transfer, including Indigenous and Northern Affairs Canada, First Nations Health Authority, and Province of British Columbia, as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Village Council recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Other revenue

Other revenue is recognized when services have been provided, all significant contractual obligations have been satisfied and collectability is reasonably assured.

Investment income reported on investments not subject to significant influence is recorded as revenue in the period earned.

Use of estimates

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets.

Liability for contaminated sites

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the Village Council is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2017.

At each financial reporting date, the Village Council reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The Village Council continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. As at March 31, 2017 no liability for contaminated sites exists.

Old Massett Village Council
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

2. Significant accounting policies *(Continued from previous page)*

Segments

The Village Council conducts its business through eight reportable segments: Administration, Capital and Maintenance Operations, Economic Development, Education, Enterprise Fund, Health, Housing, and Social Assistance. These operating segments are established by senior management to:

- help users of the consolidated financial statements identify the resources allocated to support the major activities of the Village Council;
- help users of the consolidated financial statements make more informed judgements about the Village Council and about its major activities;
- help users of the consolidated financial statements better understand the manner in which the organizations in the Village Council are organized and how the Village Council discharges its accountability obligations;
- enhance the transparency of financial reporting; and
- help users of the consolidated financial statements better understand the performance of the segments and the Village Council.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements.

3. Cash resources

The Village Council has available a \$500,000 revolving line of credit with interest charged at the Northern Savings Credit Union prime rate plus 1% per annum. At March 31, 2017, the outstanding line of credit balance was \$NIL (2016 - \$NIL).

4. Portfolio investments

Included in portfolio investments are externally restricted term deposits of \$22,917 (2016 - \$205,976). The restricted term deposit is for the park use permit. In the prior year, the restricted term deposits were for the park use permit as well as security for the Family Centre mortgage. The Family Centre mortgage has been paid off during the year and thus the term deposit is no longer restricted.

5. Funds held in trust

Capital and revenue trust monies are transferred to the Village Council on the authorization of INAC, with the consent of the Village Council's Council.

	393,597	607,097
Less: current portion	106,133	267,117
	287,464	339,980

Principal repayments on long-term debt in each of the next five years, assuming all term debt is subject to contractual terms of repayment, are estimated as follows:

2018	106,133
2019	245,249
2020	24,121
2021	12,842
2022	5,252
	<hr/>
	393,597

Interest on long-term debt amounted to \$22,936 (2016 - \$45,151).

11. Contingent liabilities

Member housing loans

The Village Council is contingently liable for member housing loans provided to individual members for loans made by various financial institutions for purposes of acquiring on reserve housing. In the event that members default on their obligations under these loans, the Village Council would be required to pay the outstanding loan balance to the lenders. In the event that the Village Council is unable to pay on any defaulted member loans, these loans are guaranteed by INAC. The Village Council's guarantee is itself secured by the related real properties.

The balance outstanding as at March 31, 2017 is \$238,639 (0340-09-92575 - GL Northern Savings Credit Union) (2016 - \$268,241).

Guarantor

The Village Council is a guarantor on a loan to Haida Gwaii Forest Product Joint Venture with an authorized borrowing limit of \$635,000. The balance outstanding as at March 31, 2017 is \$478,372 (2016 - \$591,599).

Contribution agreements

The Village Council has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the Village Council fails to comply with the terms and conditions of the agreements.

Old Massett Village Council
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

12. Commitments

The Village Council has entered into various lease agreements with estimated minimum annual payments as follows:

2018	16,432
2019	18,094
2020	5,611
	<hr/>
	40,137
	<hr/>

13. Economic dependence

The Village Council receives a majority of its revenue from Indigenous and Northern Affairs Canada ("INAC") and First Nations Health Authority ("FNHA") as a result of funding agreements entered into with the Government of Canada. These funding agreements are administered by INAC and FNHA under the terms and conditions of the *Indian Act*. The ability of the Village Council to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these funding agreements.

14. Supplemental cash flow information

During the year, interest was paid by cash for a total of \$22,936 and cash interest was received for a total of \$68,140.

15. Annual surplus

	2017	2016
Investment in tangible capital assets	16,533,530	16,182,293
Externally restricted portfolio investments	22,917	205,976
Internally restricted funds	80,000	80,000
Trust funds held by federal government - capital account	3,294	3,294
Investment in joint venture	1	1,414,792
Deferred revenue	434,341	308,151
Surplus available for operations	1,546,130	2,110,629
 Accumulated surplus	 18,620,213	 20,305,135

16. Segments

During the year, the Village Council had eight reportable segments listed below. These segments are differentiated by major activities.

Administration - This segment provides band support and administrative services for the operations of the Village Council, including various financial functions such as payroll, accounts receivable and accounts payable.

Capital and Maintenance Operations - This segment implements capital projects undertaken by the Village Council and maintains community infrastructure. Community infrastructure includes buildings, roads and bridges, fire protection, water and electrical systems and wastewater treatment.

Economic Development - This segment implements community economic development planning and capacity building initiatives pursued to benefit the Village Council's community by enhancing employment, income generation activities, use of land and resources, economic infrastructure and business opportunities.

Old Massett Village Council
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

16. Segments *(Continued from previous page)*

Education - This segment is responsible for managing and delivering K to grade 12 education programs and services both on and off reserve. This includes Haida language and culture, employment counselling services and the management of post-secondary student funding and support programs.

Enterprise Fund - This segment is comprised of business activities that are performed in the pursuit of economic and business development.

Health - This segment administers the delivery of the health programs and services.

Housing - This segment activities reflect housing rental units and repairs.

Social Assistance - This segment administers benefits and services to individuals and families living on reserve who are in need of support. Department services include income assistance, assisted living, family violence prevention and awareness, and national child benefit reinvestment.
