## **Management's Responsibility**

---

To the Members of Boston Bar First Nation:

The accompanying financial statements of Boston Bar First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Boston Bar First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by Council on behalf of the Members to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

# Independent Auditors' Report

---

To the Members of Boston Bar First Nation:

We have audited the accompanying financial statements of Boston Bar First Nation, which comprise the statement of financial position as at March 31, 2018, and the statements of operations and accumulated surplus, changes in net financial assets, cash flows and the related schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

## *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

## *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## *Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of Boston Bar First Nation as at March 31, 2018 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

**1. Operations**

Boston Bar First Nation (the "First Nation") is located in the province of British Columbia, and provides various services to its members. Boston Bar First Nation includes the First Nation's government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

**2. Significant accounting policies**

These financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

***Basis of presentation***

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

***Asset classification***

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

***Inventory***

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling costs.

Inventory held for resale is classified as a financial asset when all of the following criteria are met:

- Prior to March 31, 2018, the First Nation has committed to sell the asset;
- The asset is in a condition to be sold;
- The asset is publicly seen to be for sale;
- There is an active market for the asset;
- A plan exists for selling the asset; and
- A sale to a party external to the First Nation can reasonably be expected within one year.

***Tangible capital assets***

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

***Amortization***

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	<b>Rate</b>
Buildings, infrastructure and social housing	declining balance
Vehicles, machinery and equipment	2.5 %
	10-20 %

**Boston Bar First Nation**  
**Notes to the Financial Statements**  
*For the year ended March 31, 2018*

---

**2. Significant accounting policies** *(Continued from previous page)*

***Long-lived assets***

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

When the First Nation determines that a long-lived asset no longer has any long-term service potential to the First Nation, the excess of its net carrying amount over any residual value is recognized as an expense in the statement of operations. Write-downs are not reversed.

***Funds held in Ottawa Trust Fund***

Funds held in trust on behalf of the First Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus.

***Revenue recognition***

***Funding***

Revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

***Government transfers***

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

***Housing rental income***

Rental revenue is recorded in the month it is earned. At the end of each year, management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.

***Funds held in Ottawa Trust Fund***

The First Nation recognizes revenue at the time funds are contributed from the accounts held in Ottawa. Interest revenue is recognized when earned.

***Other revenue***

Other revenue is recognized as revenue when received or receivable if the amount can be reasonably estimated and collection is reasonably assured. Store sales, campsite fees, and property tax and land use fees are reported as revenue in the month to which the amounts relate and collection is reasonably assured. Interest revenue is recognized when earned.

**Boston Bar First Nation**  
**Notes to the Financial Statements**  
*For the year ended March 31, 2018*

---

**2. Significant accounting policies** *(Continued from previous page)*

***Measurement uncertainty***

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary. Provisions are made for slow moving and obsolete inventory. Amortization is based on the estimated useful lives of tangible capital assets.

***Segments***

The First Nation conducts its operations through eight reportable segments: Finance and Administration, Social Development, Capital Projects, Education, Forestry Management, Health, Social Housing, and Other. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements.

***Liability for contaminated site***

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. Management has determined that no such liability exists as at March 31, 2018.

***Net financial assets***

The First Nation's financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets of the First Nation are determined by its financial assets less its liabilities. Net financial assets combined with non-financial assets comprise a second indicator of financial position, accumulated surplus.

**4. Change in accounting policies**

Effective April 1, 2017, the First Nation adopted the recommendations relating to the following Sections, as set out in the CPA Canada Public Sector Accounting Handbook:

PS 2200 Related Party Disclosures

PS 3420 Inter-entity Transactions

PS 3210 Assets

PS 3320 Contingent Assets

PS 3380 Contractual Rights

Pursuant to the recommendations, the changes were applied prospectively, and prior periods have not been restated. There was no material impact on the financial statements of adopting the new Sections.

**5. Inventory**

Inventory consists of the following:

	<b>2018</b>	<b>2017</b>
Bear Essentials Gas Bar	30,227	23,301
Tuckkwiowhum Village	<u>27,722</u>	11,173
	<b>57,949</b>	34,474

**6. Restricted cash**

Under agreements with Canada Mortgage and Housing Corporation ("CMHC") the First Nation established a replacement reserve consisting of an annual allocation of \$12,400 (2017 - \$14,830), to ensure replacement of buildings financed by CMHC. At March 31, 2018, \$115,555 (2017 - \$110,553) has been set aside to fund this reserve and the reserve is fully funded (2017 - fully funded).

In accordance with terms of the agreements, CMHC reserve moneys must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by CMHC. Reserve withdrawals are credited first to interest and then to principal.

The change in replacement reserve funds consisted of the following:

	<b>2018</b>	<b>2017</b>
Opening balance	110,553	98,180
Annual contribution	12,400	14,830
Expenses	(7,398)	(1,223)

Balance, end of year	<b>366,605</b>	352,045
<b>Fund Total</b>	<b>414,731</b>	400,171

**9. Accounts payable and accruals**

Accounts payable and accruals include government remittances payable of \$6,939 (2017 - \$14,008).

**10. Economic dependence**

The First Nation receives a significant portion of its revenue from Indigenous Services Canada ("ISC") as a result of agreements entered into with the Government of Canada. These agreements are administered by ISC under the terms and conditions of the *Indian Act*. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these agreements.

2021	28,554
2022	28,969
2023	29,391
	<b>154,325</b>

The non-profit housing loans are secured by ministerial guarantee of Indigenous Services Canada.

**12. Contingencies**

The First Nation has entered into contribution agreements with various government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

**13. Accumulated surplus**

Accumulated surplus is comprised of the following:

	<b>2018</b>	2017
Operating surplus	<b>2,662,754</b>	2,396,336
Capital surplus	<b>8,122,505</b>	7,952,863

---

**14. First Nations Financial Transparency Act**

The First Nation is required to post its consolidated financial statements on a website and submit the consolidated financial statements to Indigenous Services Canada by July 29, 2018. As the audit report is dated after this date, the First Nation is in violation of this requirement. The possible effect of this violation has not yet been determined.

**15. Segments**

The First Nation receives revenues and incurs expenses from many different projects and sources. For management and reporting purposes, the revenues, expenses and surplus or deficit are organized by segments. Schedules 3 - 10 disclose the First Nation's revenues and expenses in the following segments:

*Finance and Administration*

Includes general operations, support, and financial management of the First Nation.

*Social Development*

Includes revenues and expenses related to the social assistance of the members of the First Nation.

*Capital Projects*

Includes revenue and expenditures related to capital projects.

*Education*

Includes revenues and expenses related to various levels of education programs and growth and revenue producing projects for the members of the First Nation.

*Forestry Management*

Includes revenue and expenses related to forestry projects.

*Health*

Includes activities related to the provision of health services within the First Nation.

*Social Housing*

Includes rent collection and maintenance related to the mortgaged and non-mortgaged homes owned by the First Nation.

*Other*

Includes funds held in trust by the Government of Canada on behalf of the First Nation and non-housing amortization expenses.

**16. Comparative figures**

Certain comparative figures have been reclassified to conform with current year's presentation. Specifically, expenses have been grouped in categories that better represent how the First Nation plans and monitors expenses.
