## **Management's Responsibility**

---

To the Members of T'Sideldel First Nation

The accompanying consolidated financial statements of T'Sideldel First Nation are the responsibility of management and have been approved by the Chief and Council.

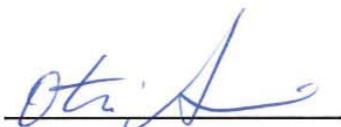

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The T'Sideldel First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by Chief and Council on behalf of the Members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

## Independent Auditor's Report

---

To the Members of T̄sideldel First Nation:

### Opinion

We have audited the consolidated financial statements of T̄sideldel First Nation (the "Nation"), which comprise the consolidated statement of financial position as at March 31, 2019, and the consolidated statements of operations and accumulated surplus, changes in net financial assets, cash flows and the related schedules for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Nation as at March 31, 2019, and the results of its consolidated operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Nation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Nation's financial reporting process.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Nation to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**1. Operations**

T̄sideldel First Nation (the "Nation") is located in the province of British Columbia, and provides various services to its members. T̄sideldel First Nation includes the members, government and all related entities that are accountable to the Nation and are either owned or controlled by the Nation.

**2. Significant accounting policies**

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

***Reporting entity consolidated***

The financial statements consolidate the financial activities of all entities and departments comprising the Nation reporting entity, except for Nation business entities. Trusts administered on behalf of third parties by T̄sideldel First Nation are excluded from the Nation reporting entity.

The Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Social Housing
- Redstone Gas Bar
- Crazy Horse Energy Drink
- T̄si'deldel Development Corporation

All inter-entity balances have been eliminated on consolidation.

T̄sideldel First Nation business entities, owned or controlled by the Nation's Council but not dependent on the Nation for their continuing operations, are included in the consolidated financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the Nation. Thus, the Nation's investment in this entity is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. The entity accounted for by the modified equity basis is:

- T̄si'deldel Limited Partnership.

***Basis of presentation***

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

***Net financial assets***

The Nation's consolidated financial statements are presented so as to highlight net financial assets as the measurement of consolidated financial position. The net financial assets of the Nation are determined by its financial assets less its liabilities. Net financial assets combined with non-financial assets comprise a second indicator of consolidated financial position, accumulated surplus.

***Asset classification***

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

***Cash resources***

Cash resources include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in cash as restricted cash (Note 4).

**Ts'ideldeł First Nation**  
**Notes to the Consolidated Financial Statements**

---

**2. Significant accounting policies** *(Continued from previous page)*

***Funds held in trust***

Funds held in trust on behalf of Nation members by the Government of Canada in the Ottawa Trust Fund are reported on the consolidated statement of financial position. Trust moneys consist of:

- Capital trust monies derived from non-renewable resource transactions on the sale of land or other Nation tangible capital assets; and
- Revenue trust monies generated primarily through land leasing transactions or interest earned on deposits held in trust.

***Tangible capital assets***

Tangible capital assets are initially recorded at cost. Contributed tangible capital assets are recorded at their fair value at the date of contribution.

All intangible assets and items inherited by the rights of the Nation, such as reserve land, forests, water and mineral resources are not recognized in the Nation's consolidated financial statements.

As amounts from prior years could not be reasonably estimated, the following tangible capital assets are recorded at a nominal value of \$1 - land, automotive equipment, community centre, Nation office building, fire hall, fire truck, kindergarten building, office equipment, pump house and shop equipment.

***Amortization***

Tangible capital assets are amortized over the expected useful life of the assets using the declining balance method. In the year of acquisition, amortization is taken at one-half of the following rates:

	<b>Rate</b>
Buildings	4 %
Infrastructure	4 %
Equipment	20-30 %

***Revenue recognition***

- i) Government Funding  
The Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.
- II) First Nation Capital and Revenue Trust Funds  
The Nation recognizes revenue of the Capital and Revenue trusts when earned.
- iii) Canada Mortgage and Housing Corporation ("CMHC")  
CMHC revenue is recognized as it becomes receivable under the terms of the applicable funding agreements. Funding received under the funding agreements that relate to a subsequent fiscal period are reflected as deferred revenue on the consolidated statement of financial position in the year of receipt.
- iv) Housing Rental Income  
Rental revenue is recorded in the year it is earned. At the end of each year, management evaluates whether rent revenue is collectible and records a bad debt expense and allowance for doubtful accounts for those amounts designated as unlikely to be collected.
- v) Other Revenue  
Other revenue is recognized when performance is achieved, amounts are reasonably estimated and collection is reasonably assured.
- vi) Investment Income  
Investment income is recognized by the Nation when the investment income is earned.

**2. Significant accounting policies** *(Continued from previous page)*

***Portfolio investments***

Portfolio investments include long-term investments in entities that are owned, but not controlled or influenced by the Nation reporting entity, and guaranteed investment certificates. Portfolio investments are recorded at cost, less any provision for other than temporary impairment.

***Inventory for resale***

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

***Prepaid expenses***

Prepaid expenses included in non-financial assets include payment for services that have not been provided as of year end.

***Measurement uncertainty (use of estimates)***

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable, and amounts due from related Nation entities and departments, are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of tangible capital assets. Liabilities for contaminated sites are estimated based on the best information available regarding potentially contaminated sites that the Nation is responsible for.

These estimates are reviewed periodically and, as adjustments become necessary, they are reported in the operations of the period in which they become known.

***Long-lived assets***

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. Impairment losses are recognized when an asset's service potential is reduced. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using prices for similar items. Any impairment is included in operations for the year.

The Nation does not perform impairment testing on its long-lived assets that are held for public administration and situated on its reserve land as it is not possible to determine their fair value.

***Segments***

The Nation conducts its business through seven reportable segments as described in Note 14. These operating segments are established by senior management to facilitate the achievement of the Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 2 *Significant accounting policies*.

**Notes to the Consolidated Financial Statements**  
*For the year ended March 31, 2019*

---

**2. Significant accounting policies** *(Continued from previous page)*

***Liability for contaminated site***

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2019.

At each financial reporting date, the Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made. As at March 31, 2019 no liability exists.

**3. Change in accounting policies**

***PS 3430 Restructuring Transactions***

Effective April 1, 2018, the First Nation adopted the recommendations relating to PS 3430 *Restructuring Transactions* as set out in the CPA Canada Public Sector Accounting Handbook. The main features of this standard are as follows:

- A restructuring transaction is defined as a transfer of an integrated set of assets and/or liabilities, together with related program or operating responsibilities that does not involve an exchange of consideration.
- Individual assets and liabilities transferred in a restructuring transaction are derecognized by the transferor at their carrying amount and recognized by the recipient at their carrying amount with applicable adjustments.

There was no material impact on the consolidated financial statements of adopting the new section.

	<hr/> <b>8,351,356</b>	<hr/> 8,048,659

**14. Segments**

The Nation receives revenue from many different projects and sources. For management and reporting purposes, the revenue, expenses, and surplus or deficits are organized by the following segments:

**Band Support**

Includes general operations, support, and financial management of T̄sideldel First Nation.

**Education**

Includes revenue and expenses related to primary, secondary and post secondary education of the members of T̄sideldel First Nation.

**Social Assistance**

Includes revenue and expenses relating to the delivery of social assistance to members of T̄sideldel First Nation.

**Capital**

Includes revenue and expenditures of capital projects.

**Social Housing**

Includes revenue and expenditures relating to the operation of T̄sideldel First Nation's social housing program.

**Economic Development**

Includes activities related to the growth of revenue producing projects within T̄sideldel First Nation.

**Health**

Includes activities related to the provision of health services for T̄sideldel First Nation.

**15. Economic dependence**

T̄sideldel First Nation receives a significant portion of its revenue from Indigenous Services Canada ("ISC") as a result of funding agreements entered into with the Government of Canada. These funding agreements are administered by ISC under the terms and conditions of the *Indian Act*. The ability of the Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.
