

INDEPENDENT AUDITORS' REPORT

To the members of Inuvik Native Band

Opinion

We have audited the accompanying consolidated financial statements of Inuvik Native Band, which comprise of the consolidated statement of financial position as at March 31, 2021, and the consolidated statements of operations and accumulated surplus, changes in net financial debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion, these financial statements present fairly, in all material respects, the consolidated financial position of Inuvik Native Band (the "Council") as at March 31, 2021, and the consolidated results of its operations and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Council in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Council or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Council's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Council to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Council to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INUVIK NATIVE BAND

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2021

The Inuvik Native Band (the "Council") is an aboriginal organization that represents the aboriginal people of Inuvik, Northwest Territories. The Council is registered with the Indigenous Services Canada (ISC) under the *Indian Act* and is not subject to any federal, territorial and local government taxes.

1. Significant Accounting Policies

(a) Basis of Accounting

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

(b) Reporting Entity

The consolidated financial statements includes the accounts of Inuvik Native Band and Gwich'in Investment Limited Partnership, which was accounted for using the modified equity method.

(c) Cash and Cash Equivalents

Cash includes cash and demand deposits. Cash equivalents includes highly liquid investments that can be readily converted into cash for a fixed amount and that matures less than three months from the date of acquisition.

(d) Revenue Recognition

Revenues are normally accounted for in the year in which the transactions or events occur that give rise to the revenue if the collection of the amount to be received is reasonably assured.

Government transfers are recognized as revenues in the year in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made.

Funds from external parties restricted by agreements are accounted for as deferred contributions until used for the purpose specified.

Interest revenue is recorded as it is earned. Revenue from administration fees and other sources is recognized when the services are provided or the goods are sold.

(e) Investments

The Council's investment has been accounted for on a modified equity basis. Under the modified equity basis, the business enterprise's accounting principles are not adjusted to conform to those of the Council and inter-organizational transactions and balances are not eliminated.

INUVIK NATIVE BAND

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2021

1. Significant Accounting Policies (Continued)

(f) Tangible Capital Assets

Purchased tangible capital assets are recorded at cost. Amortization expense is recorded over the estimated useful lives of the assets, using the following method and annual rates:

Computer equipment	30% declining balance
Office equipment	20% declining balance
Leasehold improvements	4% declining balance
Equipment	20% declining balance

(g) Use of Estimates and Judgments

The preparation of financial statements in conformity with Canadian public sector accounting requires management to make estimates and assumptions that affect the reported amounts of financial assets, financial liabilities, revenue and expenditure. Significant areas requiring the use of estimates include valuation of accounts receivable and accounts payable. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a on going basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised.

(h) Related Party Transactions

Monetary related party transactions and non-monetary related party transactions that have commercial substance are measured at the exchange amount when they are in the normal course of business, except when the transaction is an exchange of a product or property held for sale in the normal course of operations. Where the transaction is not in the normal course of operations, it is measured at the exchange amount when there is a substantive change in the ownership of the item transferred and there is independent evidence of the exchange amount. All other related party transactions are measured at the carrying amount.

(i) Allocation of Expenditure

Certain common expenditure have been allocated to programs based on estimate of services provided.

INUVIK NATIVE BAND

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2021

1. Significant Accounting Policies (Continued)

(j) Financial Instruments

Measurement

The Corporation initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions.

The Corporation subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value are recognized in net income.

Financial assets measured at amortized cost include cash, term deposits, accounts receivable, preferred shares of a private company and notes receivable. Financial liabilities measured at amortized cost accounts payable, amounts payable to related parties.

Impairment

Financial assets measured at cost are tested for impairment when there are indicators of impairment. The amount of the write-down is recognized in net income. The previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in net income.

Transaction Costs

The entity recognizes its transaction costs in net income in the period incurred. However, financial instruments that will not be subsequently measured at fair value are adjusted by the transaction costs that are directly attributable to their origination, issuance or assumption.

March 31, 2021

13. Credit Facilities

The Council has a demand operating credit with CIBC for an amount up to \$25,000 and corporate visa up to \$20,000 for business operation purposes. The demand operating credit bears interest at prime plus 1% per annum. They are secured by a General Security Agreement granting first security interest in all present and after acquired property. The balance of demand operating credit as at March 31, 2021 is \$nil (2020: \$nil).

14. Comparative Figures

Certain figures presented for comparative purposes have been reclassified to conform with current year's presentation.

15. Economic Dependence

The Council receives a major portion of its revenue from the Indigenous Services Canada and the Government of the Northwest Territories. The nature and extent of this revenue is of such significance that the Council is economically dependent on these sources of revenue.

16. Financial Instruments and Risk Management

The Council's financial instruments are exposed to certain risks, which include credit risk, market risk, interest rate risk and liquidity risk.

Credit Risk - Credit risk refers to the potential that the funding agencies or counter party to a financial instrument will fail to discharge its contractual obligations. The Council is exposed mainly to credit risk from funding agencies' refusal to contribute the full funding due to the Council's non-compliance to the contribution agreements. The Council manages credit risk by ensuring that it complies with the terms and conditions of the contribution agreements.

Interest Rate Risk - Interest rate risk is the risk that the fair value of or future cash flows from a financial instrument will fluctuate because of changes to market interest rates. The Council is exposed to interest rate risk due to the credit facilities which are based on bank prime interest rate. The Council manages interest rate risk through constant managing of cash flows before utilizing any demand operating credit.

Market Risk - Market risks is the risk that the fair value of financial instruments will fluctuate due to changes in market factors. Market risk includes fair value risk, interest rate risk and foreign currency risk. The Council is not exposed to these risks from its financial instruments.

Liquidity Risk - Liquidity risk is the risk that the Council will not be able to meet its financial obligations as they fall due. The Council manages liquidity risk through the management of its capital structure.

Unless otherwise noted, it is management's opinion that the Council is not exposed to other significant currency risks arising from these financial instruments.
